

MONTEREY
2005

DISCOVER STYLE AND SPACE IN EQUAL EXPRESSION.

EXPERIENCE MERCURY MONTEREY IN MOTION.

To set the 2005 Monterey apart, we've provided much of what you didn't expect in your minivan. Like satin-aluminum-finish accents inside and out for a distinctly modern flair. Or available class-exclusive heated *and* cooled front seats. Of course, Monterey also provides all the minivan versatility you'd expect. Its 3rd-row seat* holds 3 comfortably, folds flat into the floor when not in use, and also becomes a rear-facing Tailgate Bench Seat™ for sporting events or fireworks displays. Available dual power-sliding doors and a power liftgate make entry, exit and loading effortless. In keeping with the Mercury philosophy of offering more than is expected, nothing is sacrificed in Monterey.

*3rd-row tailgate Bench Seat should be changed and used only when vehicle is stopped and in Park. Rear-facing 3rd-row seat is not intended for passenger seating while vehicle is in motion.

[right] Monterey Premier in Matador Red Metallic with standard Forward and Reverse Sensing Systems. [below] Satin-aluminum accents work with a palette of bold, monochromatic paint colors to give Monterey a sophisticated appearance.

DISCOVER SPIRITED PERFORMANCE

DRIVING DYNAMICS The largest engine in a minivan, Monterey's standard 4.2L V-6 supplies best-in-class torque — giving you the authority and confidence to accelerate, pass and climb hills with ease. You'll appreciate its 201 hp and 263 lb.-ft. of torque most when all 7 seats are occupied and the cargo storage well is full. Shifting is smooth and effortless, thanks to fast-acting hydraulics in the electronically controlled 4-speed automatic transmission. Monterey's MacPherson strut independent front suspension with liquid-filled bushings helps isolate road impacts to provide a smooth, comfortable ride. And thanks to a 26-gallon fuel tank, you'll have a generous driving range of over 500 highway miles.

[left] Monterey Premier in Silver Birch Metallic with available new liftgate spoiler.

4.2L V-6

THE NEW WAY AROUND Throughout Monterey, ingenuity abounds. Like class-exclusive 1st-row heated *and* cooled leather-trimmed seats with Preferred Suede® inserts, standard on Premier, that allow the driver and front passenger to warm or cool their seats with convenient, instrument-panel controls. Or the 3rd-row Tailgate Bench Seat™ that can become a rear-facing seat or fold into the floor when not in use. A cargo storage well offers convenient recessed storage when the seat is in the forward seating position.

[Interior] Preferred Suede® perforated inserts grace Monterey Premier's leather-trimmed seats (1st and 2nd rows, shown in Charcoal/Dove). Bright chrome trim surrounds the instrument cluster, while audio and speed control buttons enhance the steering wheel.

INGENUITY, FORE AND AFT Standard Forward and Reverse Sensing Systems, which alert you of the distance to objects in front of or behind the vehicle when parking, are just one example of the unexpected delights Monterey provides. Inside, there are even more. Standard 2nd-row captain's chairs give passengers their own seats, complete with armrests. Just fold and tumble them with the pull of a lever for easy access to Monterey's unique 3rd-row Tailgate Bench Seat.[™] If you're transporting personal goods instead of people, simply fold the 3rd-row seat into the rear cargo well for a completely flat loadfloor with almost 72 cu. ft. of cargo volume. Need more room? 2nd-row seats can be folded forward, or removed for 131.5 cu. ft. of space. Throughout the interior, you'll find innovative storage compartments perfect for today's on-the-go lifestyle. In Mercury Monterey, everything truly has a place.

[Two-tiered front-door storage]

[Conversation mirror]

[Cargo Management System]

[Fold-flat 3rd-row seat]

[Rear cargo net]

[131.5 cu. ft. of space available]

[In-dash storage compartment]

[Rear-seat climate controls]

[Concealed fold-away cupholders]

[DVD Entertainment System]

[Sliding-door storage]

[2nd-row captain's chairs]

[power liftgate] Press a button on the remote keyless-entry key fob or the overhead console, and Premier's standard power liftgate opens and closes on its own. Combined with the available dual power-sliding doors, Monterey makes your travels more enjoyable.

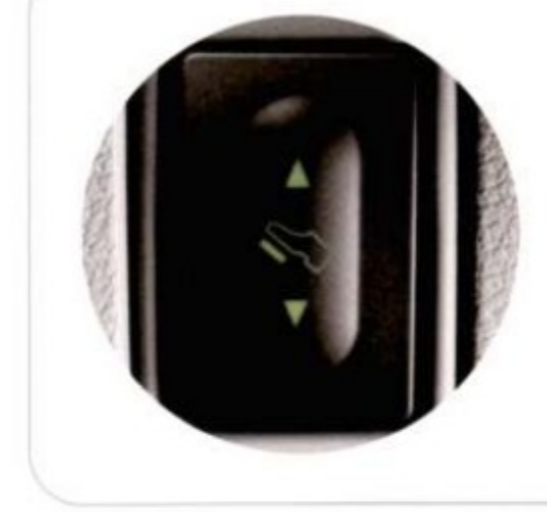

For added security at night, these lamps in the sideview mirrors illuminate the ground around the vehicle whenever you press a button on the remote key fob or lift a door handle. Standard on Monterey Luxury and Premier.

SECURITY APPROACH LAMPS

Stay informed of important vehicle and trip functions, such as distance-to-empty, outside temperature display, compass readings and more.

MESSAGE CENTER

Instead of moving your driver's seat closer to the steering wheel, move the brake and accelerator pedals closer to you. Pedals can be adjusted up to 3" for improved driver comfort. Standard, including memory, on Luxury and Premier.

POWER-ADJUSTABLE PEDALS

Above the driver's satin-aluminum-finish door handle, you'll find this convenient keypad. To lock or unlock the doors without fumbling for keys, just enter your personalized code. Standard on Luxury and Premier.

KEYLESS-ENTRY KEYPAD

A BEST PICK IN SAFETY For 2 years in a row, Mercury Monterey has received the highest government frontal-crash safety rating (2004-2005). In addition, Monterey has earned Best Pick* honors 2 years in a row (2004-2005) from the Insurance Institute for Highway Safety (IIHS), its highest award. Mercury's safest minivan ever, Monterey has exceptional safety performance built on innovative safety systems. For starters, every Monterey is equipped with the Personal Safety System™, which optimizes key safety features in certain frontal collisions. While advanced sensors measure certain occupant conditions (such as whether or not front safety belts are buckled), as well as the severity of the impact, the system automatically tightens the tension of the front safety belts and determines whether to deploy the dual-stage front airbags, and at which energy level. This all happens in milliseconds.

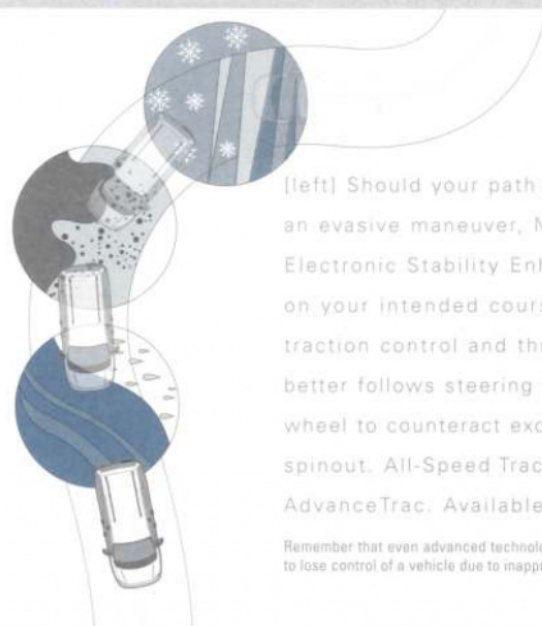

For 2nd- and 3rd-row passengers, Monterey's Safety Canopy™ System (standard on Luxury and Premier) features side-curtain airbags, 1st-row side-impact airbags and a class-exclusive rollover sensor. In certain types of side-impact collisions, side-curtain airbags deploy from the headliner for all 3 rows and stay inflated longer – enhancing head protection for outboard passengers and helping keep them in the vehicle. Among the best protection packages available, the Safety Canopy System helps make Monterey a safe vehicle for you and your passengers.

*Based on 40-mph frontal offset crash test.

FOR WHEN YOU NEED IT MOST From its reinforced structure to its available self-sealing tires, Monterey is designed to protect — with over 40 standard and available safety and security features. Standard power 4-wheel disc brakes with dual-piston front calipers provide exceptional braking performance, while the Anti-lock Brake System (ABS) offers enhanced control during hard braking or on slippery surfaces. Electronic Brake Force Distribution (EBD), included with AdvanceTrac® Electronic Stability Enhancement System, automatically balances brake force proportioning for various vehicle load conditions. In addition, the Tire Pressure Monitoring System alerts you to low tire inflation.

[left] Should your path get slippery or you need to make an evasive maneuver, Monterey's available AdvanceTrac Electronic Stability Enhancement System helps you stay on your intended course. AdvanceTrac adjusts braking, traction control and throttle to ensure vehicle direction better follows steering input. The system can control each wheel to counteract excessive vehicle rotation and possible spinout. All-Speed Traction Control is also included with AdvanceTrac. Available on Luxury and Premier.

Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

RESOURCES AND SERVICES

Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Lincoln Mercury Dealer for details or check us out at fordcredit.com.

Mercury Personal Consultant

To ensure we're offering our customers the best service possible, we proudly offer the Mercury Personal Consultant. Just visit our Web site at mercuryvehicles.com/pc and one of our manufacturer's representatives will help with anything from price quotes to product features to arranging a test drive at your local Lincoln Mercury Dealer—at no cost or obligation.

Ford Extended Service Plan

For a purchase or lease, the Ford Extended Service Plan (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your Lincoln Mercury Dealer for an ESP backed by Ford Motor Company and honored at all Ford and Lincoln Mercury dealerships.

Ford Motor Company Insurance Services

Choose the insurance program that's designed for your vehicle — Ford Motor Company Insurance Services. Our program helps you receive the rates and service you deserve. Call 1-877-367-3847 or visit us at fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company.

Comparisons based on 2005 competitive models, publicly available information and Ford certification data at time of printing. Following the publication of this brochure, certain changes in standard equipment, options, prices and the like, or product delays may have occurred which would not be included in these pages. Your Lincoln Mercury Dealer is your best source for up-to-date information. Lincoln Mercury reserves the right to change product specifications at any time without incurring obligations. Options shown or described in this brochure are available at extra cost and may be offered only in combination with other options or subject to additional ordering requirements or limitations.

For a personal demonstration of Monterey or other 2005 Mercury vehicles, visit your Lincoln Mercury Dealer today. Ask about the Mercury Commitment, a comprehensive benefits package for all new Mercury owners.

MONTEREY STANDARD FEATURES

POWERTRAIN/FUNCTIONALITY

- 100,000-mile tune-up interval[†]
- 4-wheel power disc brakes with Anti-lock Brake System (ABS)
- 4.2L SPI V-6 engine
- Electronic automatic 4-speed transmission with overdrive
- Front and rear stabilizer bars
- Front independent MacPherson strut suspension with rear torsion beam
- Front-wheel drive
- Large-diameter compact spare tire

EXTERIOR

- Fog lamps with satin-aluminum-finish bezels
- Front and rear 2-speed variable-intermittent windshield wipers
- P235/60R16 all-season tires
- Satin-aluminum-finish door and liftgate handles
- Satin-aluminum-finish grille

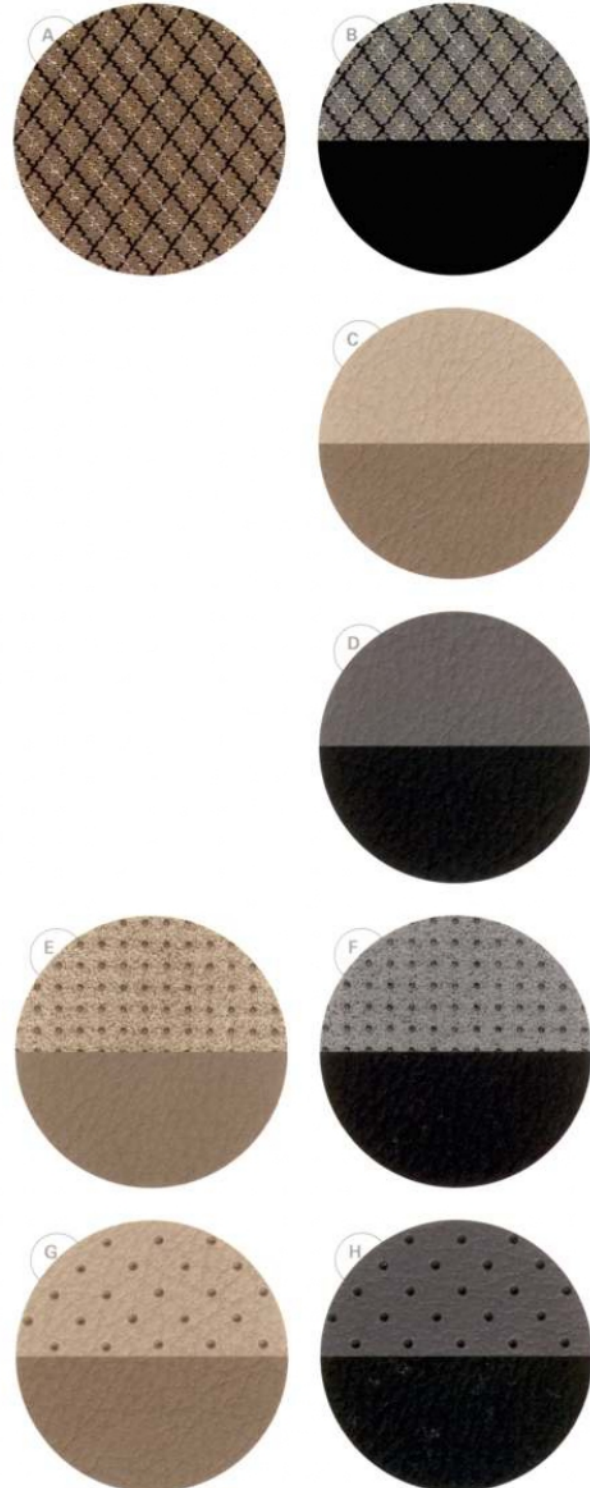

INTERIOR

- Full overhead console with conversation mirror, coin holder, dual sunglasses holder, garage door opener holder, reading/dome lights, provision for rear audio controls and provision for power-sliding door switches
- Light/Visibility Group — Front/rear dome lights, 2nd-row reading lights, 1st-row foot lights, B-pillar lights, front-door courtesy lights and 1st-row map lights
- Message center with outside temperature display, compass, and warning lights
- Power door locks with child-safety locks on rear sliding doors
- Power windows with one-touch-down driver's-side feature and 3rd-row flip-open windows
- Power points (3)
- Tilt steering column with steering-wheel-mounted speed control with tap-up/tap-down feature

SAFETY/SECURITY

- Autolock system locks doors automatically when driving
- 5-mph energy-absorbing bumpers
- Forward and Reverse Sensing Systems
- Lower anchors and tether anchors for children (LATCH) with 2 rear outboard lower and 3 rear upper tether anchors
- Remote keyless-entry system
- Personal Safety SystemSM with dual-stage driver and right-front-passenger airbags¹⁾, crash severity sensing system, front outboard safety belt usage sensors, front-passenger-seat occupant classification sensor, driver's-seat position sensor, front outboard safety belt pretensioners and safety belt energy-management retractors
- Safety belts — 3-point for all seating positions, 1st- and 2nd-row height adjustable
- "Safety Cell" unitized body construction
- SecuriLockSM passive anti-theft system
- Side-impact door beams
- Warning lights for low fuel level, fuel cap off, low oil pressure, low washer fluid, brake system, ABS, charging system, high-beam indicator and tire pressure loss

¹⁾Side-impact during conditions with engine fluid and filter changes.
²⁾Always wear your safety belt and secure children in the rear seat.
