FREESTAR

BUILT FOR THE ROAD AHEAD.

YOU MAKE THE MOMENTS.
WE GET YOU THERE.

Parties, picnics, parking lots. Restaurants, daily drives, drop-offs. In between the errands and the organized events, there's this little thing called life. And it's meant to be lived. Fortunately, Ford Freestar is here to help you make the most of every moment.

One minute, Freestar comfortably transports 7 passengers, supplying clever storage for everyone; the next, it's a cargo-hauling genius powered by an available 4.2L V6 engine, the largest you can find in a minivan. Spot the perfect chaise? Take it home — on the spot. Spy an interesting sky full of stars? Snuggle up in Freestar's innovative rear-facing Tailgate Bench Seat™. Then, take in the sights without missing a twinkle.

Life moves on. Experience it in Ford Freestar.

Freestar SE in Silver Birch Metallic with Available SE Appearance Package and Available 17" Aluminum Alloy Wheels

PAMPERING ZONE

SIT BACK AND UNWIND. WE'LL SURROUND YOU IN LUXURY.

Calm your senses. Brighten your outlook. Start each day behind the leather- and wood-trimmed steering wheel of a Freestar Limited. You'll sense the calm the minute you settle into its available leather-trimmed, 6-way power-adjustable, heated front seats. The gentle hug of the adjustable lumbar helps support you through every fun-filled curve. A cleanly designed instrument panel greets you with large, easy-to-read gauges and easy-to-reach controls – including convenient steering wheel-mounted speed controls and audio system adjustments. And to keep you on schedule, a stylish analog clock provides a tasteful centerpiece.

To create the most comfortable environment for everyone, Freestar Limited provides individual temperature settings for the driver and front passenger. 2nd-row climate controls also put rear-seat occupants in charge. Great sounds abound, compliments of a standard single-CD, or an available CD/cassette or 6-disc in-dash audio system, with automatic volume control and rear-seat adjustments. If your passengers need a little power, Freestar Limited responds with four 12V outlets: 2 in front, 1 in the 2nd row and 1 in the rear cargo area.

DVD PLAYER

ENDLESS ENTERTAINMENT

With Freestar's available Rear-Seat Entertainment System, you'll enjoy hours of peaceful conversation up front, while tranquility reigns in the rear. Your 2nd- and 3rd-row passengers can tune into the latest flick, load up the home movies, or play a video game on a factory-installed 7" color LCD screen that folds down from the ceiling for easy viewing. Audio is supplied via 2 wireless headsets. Silence is golden.

ALMOST EFFORTLESS

A quick touch, a brief glance, and Freestar responds. Via the keyless-entry pad, simply push a few buttons to access the vehicle. Select the appropriate memory seating position, activate the heated front seats and adjust the temperature settings. Gaze at the available message center for instant access to key vehicle information, including fuel economy and distance to empty. Peer into the convenient, available conversation mirror – you can actually see those seated behind you while you speak with them. Now you're living.

POWER UP THE REAR LIFTGATE

When your hands are full or the weather isn't cooperating, here's one feature you'll love. Simply press a button on the key fob or in the overhead console, and the available power liftgate opens or closes automatically. A gentle pull on the liftgate handle also activates the lift assist.

VERSATILE SEATING

AVAILABLE CAPTAIN'S CHAIRS

SLIDING 2ND-ROW SEATING

EASY ACCESS TO 3RD ROW

3RD-ROW TAILGATE BENCH SEAT™

HUGE CARGO AREA

AVAILABLE POWER-SLIDING DOORS

YOU PROVIDE THE PASSENGERS.
WE'LL SUPPLY THE ACCOMMODATIONS.

When you just want to get out and go — and share the fun with 6 of your closest friends, family members and acquaintances — you'll appreciate the ultimately flexible environment inside Freestar. Seating serves 7 with a 2nd-row bench or available captain's chairs, plus a standard, easy-to-fold 3rd-row Tailgate Bench Seat* that can convert to a rear-facing lounge or disappear into the floor in seconds. The 2nd- and 3rd-row seats flip and fold in a variety of configurations, or remove entirely, to fit just about anything. Finally, a minivan that's as spontaneous as you, and as adaptable as you can possibly imagine.

MULTI-TALENTED 2ND-ROW SEATS

Freestar's available 2nd-row captain's chairs offer more than just comfort. When you want more space or extra leg room, the seats glide forward and backward on tracks. Need greater access to the 3rd-row? Simply fold and tumble either 2nd-row seat forward and out of the way with a lone lever. It doesn't get any easier than that.

A 3RD-ROW BENCH YOU'LL FLIP OVER

Here's an intriguing notion: a 3rd-row bench that transforms into a rear-facing seat.* Simply open the tailgate, drop the seat backward, and it becomes the perfect spot for tailgating, catching a parade or stargazing.

*Rear-facing 3rd-row seat is not intended for passenger seating while vehicle is in motion.

INFINITE OPTIONS

Freestar Limited in Arizona Beige Metallic

SEATING FLEXIBILITY

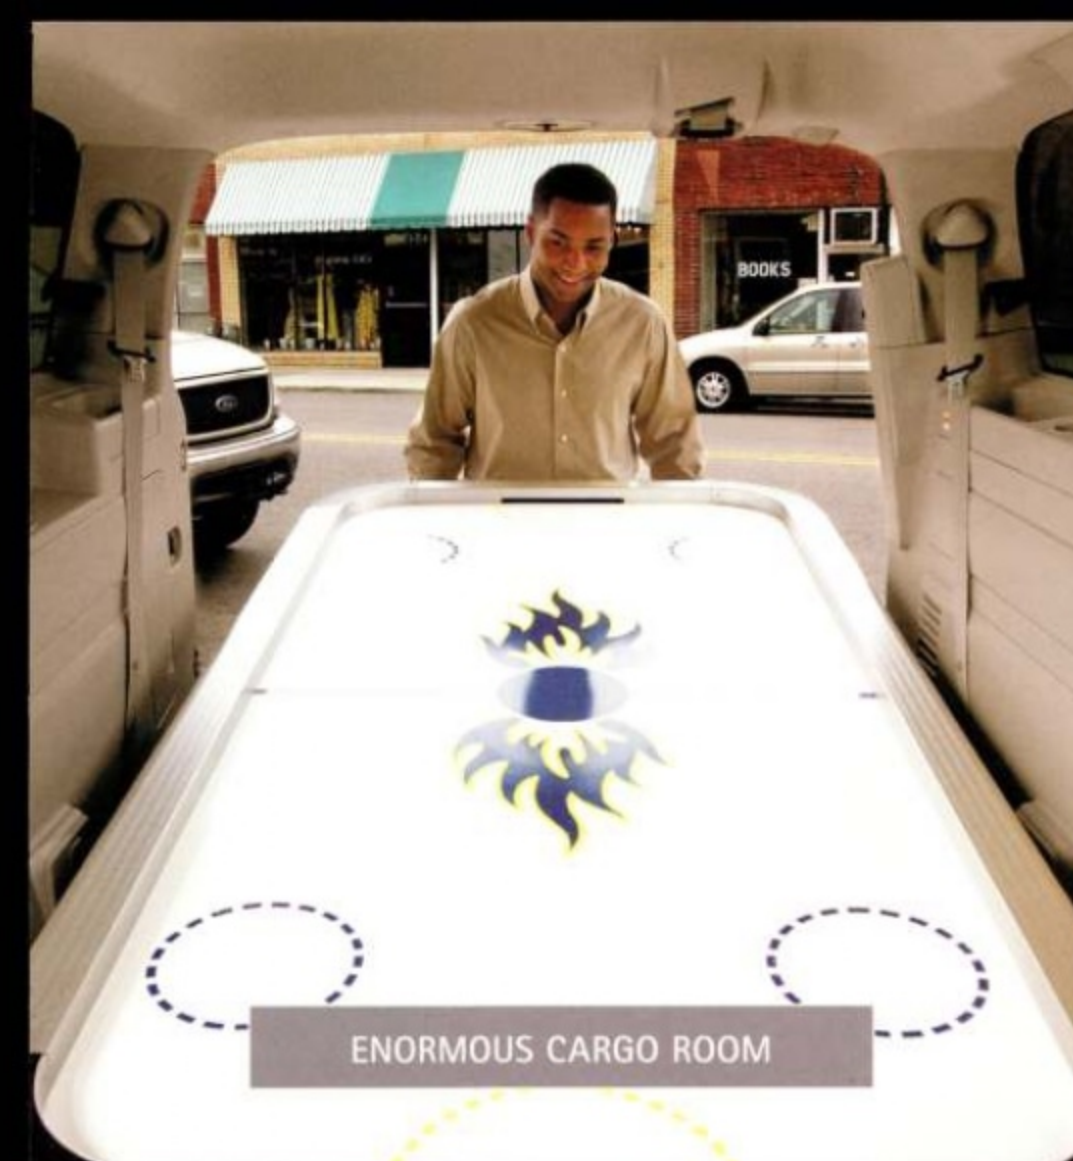

www.fordvehicles.com

CAVERNOUS SPACE

PICK THE WEEKEND. WE'LL HELP YOU PACK IT ALL IN.

When Friday rolls around, it seems like the "to do" and the "I want to do" lists get longer. Suddenly, there's so much to do, and so little time. Ball game, do-it-yourself project, weekend getaway. What's your pleasure?

Freestar is designed to provide the kind of space that life, well, just fills up. So to keep it useful, organized and flexible, Freestar supplies an abundance of room for passengers and cargo; innovative solutions for folding, storing and removing seats; as well as handy compartments and bins throughout. It's prepared to take on your cargo – and your clutter. So feel free to load it up. (Time to whittle down those lists.)

ENORMOUS CARGO ROOM

WIDE-OPEN EXPANSE

With the 3rd-row seat up, Freestar provides 31.4 cu. ft.* of cargo space. But if your needs grow, your space can grow up to a massive 70.2 cu. ft. – instantly. Simply fold the 3rd-row seat into the floor. It's easy: pull the numbered straps in sequence and the seat drops down. The 3rd-row head restraints can be dropped flush with the seatback, so you don't have to pull them out before folding.

THE CLUTTER-FREE ZONE

Freestar always keeps it clean. You choose: store in the door, stash in the dash, box up your music, or capture cargo in the well. Up front, handy bins in each front door hold magazines or maps, while an innovative in-dash storage compartment neatly conceals phones, PDAs and pens. To keep jewel cases from sliding underfoot, there's a convenient CD bin. And behind the 3rd-row seat is an extra-deep cargo "holding zone" that handles everything from bags of equipment to cases of drinks.

*Includes 3.9-cu.-ft. cargo well.

SELF-SEALING TIRES

Freestar Limited in Norse Blue Metallic

RELAX. WE'LL INSTILL PEACE OF MIND BACKED BY 5-STAR FRONT CRASH SAFETY.

When it comes to safety and security, Freestar has a solid reputation. It's been named a "Best Pick" by the Insurance Institute for Highway Safety. It also earned the government's highest frontal crash test safety rating – 5 Stars (2004-2005).

For ultimate peace of mind, Freestar's available Safety Canopy™ System provides one of the best protection packages available today. This comprehensive front-to-rear coverage includes side-curtain airbags, 1st-row seat-side airbags and a rollover sensor. In certain types of collisions, the rollover sensor directs the side-curtain airbags to deploy. These airbags stay inflated longer, enhancing head protection for outboard passengers. They also help to keep passengers inside the vehicle. Helping out the driver and front passenger in milliseconds is the Personal Safety System® – its inner workings include dual-stage airbags, safety belt pretensioners and no less than 12 safety sensors.

HELP IN SLIPPERY CONDITIONS

On ice, gravel or in rain, every driver wants one thing: to stay in control. AdvanceTrac® helps to accomplish it – automatically. This available electronic stability enhancement system constantly monitors driver input and vehicle responses through a network of advanced sensors. In certain situations, AdvanceTrac automatically makes braking and throttle adjustments to match the vehicle's direction to the driver's intention. In fact, the system can actually control each individual wheel to counteract excessive vehicle rotation and possible vehicle spinout. That's serious peace of mind, right when you need it most.

Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

AVAILABLE SAFETY CANOPY SYSTEM PROTECTS ALL 3 ROWS

WATCHING OUT FOR YOU

Freestar's core of strength is enhanced by a variety of systems to safeguard occupants, including 3-point safety belts in all seating positions. Stopping power is provided by standard 4-wheel disc brakes with ABS to reduce wheel lockup on almost any surface during hard braking.

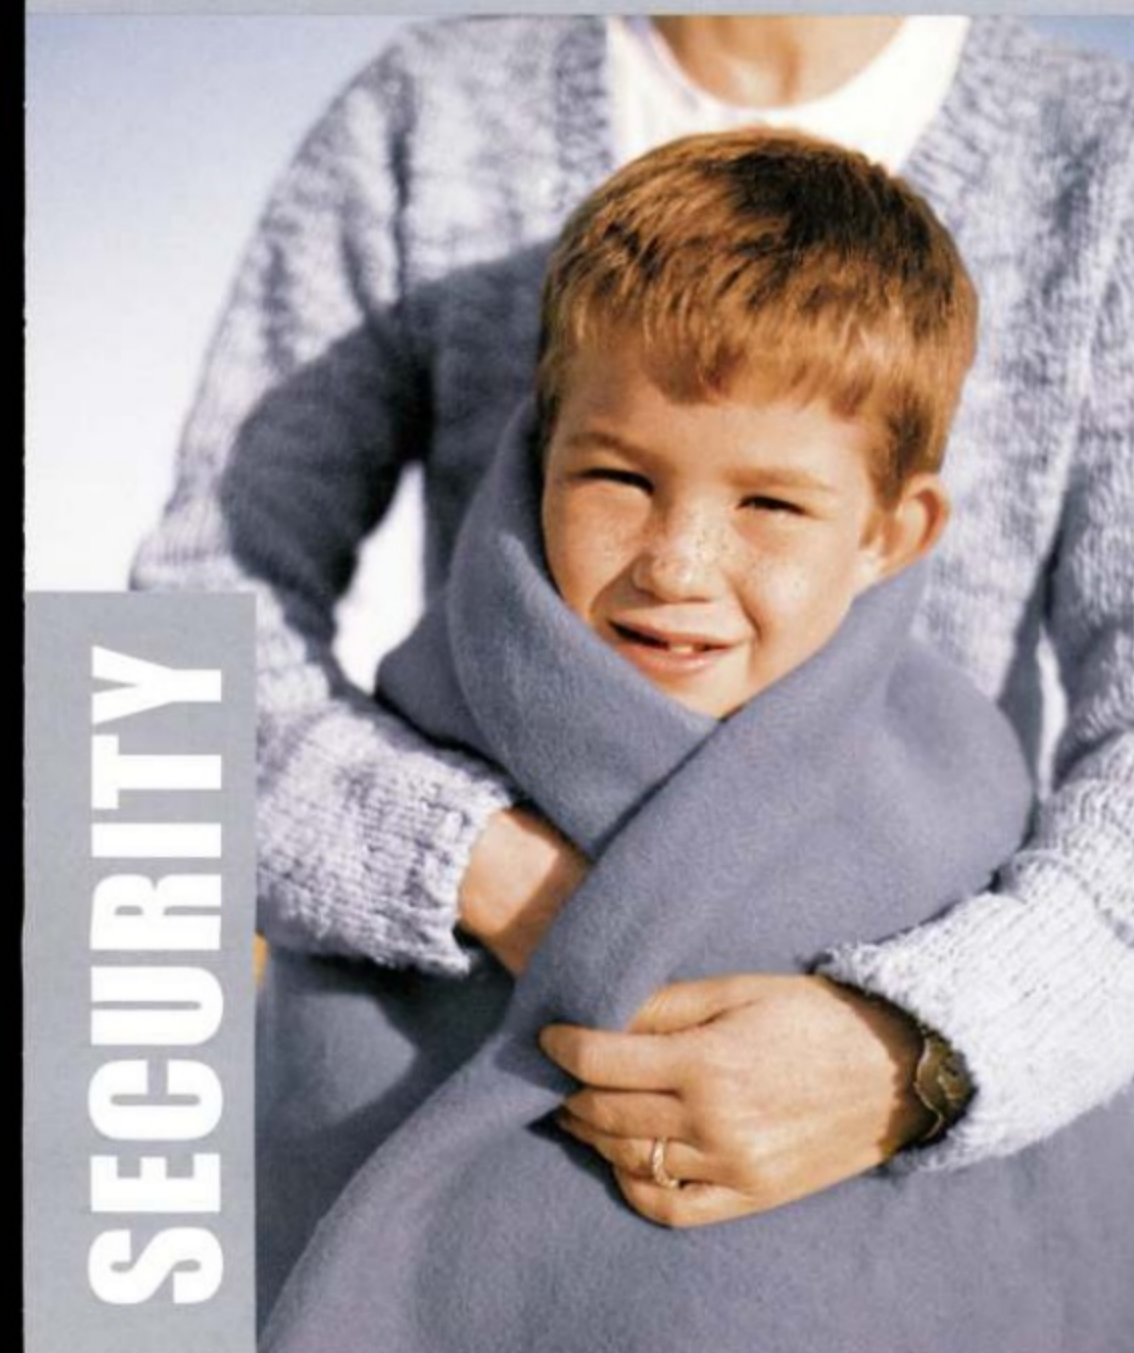

CLEAR INTENTIONS

Available integrated turn signals in the sideview mirrors better alert traffic behind you of a lane-change maneuver. They also flash when a sliding door is open, warning traffic that a passenger may be exiting.

STEER CLEAR OF TIRE DAMAGE

Don't let a flat ruin your trip. Available self-sealing tires quickly "heal" most small punctures so you're not stranded.

SECURITY

COMPREHENSIVE PROTECTION

www.fordvehicles.com

TOW UP TO 3500 LBS.

Freestar Limited in Spruce Green Metallic

POWER

YOU CHOOSE THE PATH.
WE'LL PROVIDE THE CONFIDENCE.

It's about getting where you want to go without hesitation. Passing with certainty. Merging with traffic in complete confidence. That's what you'll feel behind the wheel of Freestar. Two powerful engine choices and a silky automatic transaxle are there to power you through with impressive strength and surprising refinement. And because Freestar's shocks have been tuned for comfort and minimal body roll, you're in for a smooth, enjoyable ride.

BEST-IN-CLASS TORQUE

It doesn't get any better than this. Freestar's available 4.2L V6 engine is the largest engine offered in a minivan, boasting best-in-class torque: 263 lb.-ft. @ 3650 rpm. That's the kind of power surge you'll appreciate, especially when you want to break away from the pack.

SMOOTH FINISH

Thanks to the latest in fast transaxle hydraulics, Freestar provides quick, smooth shifts. That adds up to a quality ride, strong performance and optimized fuel economy.

MAXIMUM PULL

Towing a boat to the lake? Hauling furniture to the cottage? Freestar has the wherewithal to get the job done. The available Class II Trailer Tow Package boosts Freestar's towing capacity to 3500 lbs. and includes: trailer tow wiring; High-Speed/Ambient Temperature Package to prevent overheating; wide P235 tires for greater road contact and improved stability; plus a long-life, heavy-duty battery.

New-Vehicle Limited Warranty

We want your Ford Freestar ownership experience to be the best it can be. So under this warranty, your new vehicle comes with 3-year/36,000-mile Bumper-to-Bumper Coverage, 5-year/50,000-mile Safety Restraint Coverage, and 5-year/unlimited-mile Corrosion (Perforation) Coverage – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

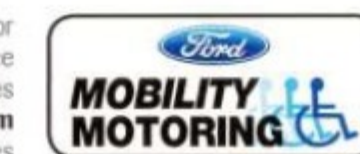

Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at www.fordcredit.com.

Choose the insurance program that's designed for your vehicle – Ford Motor Company Insurance Services. Our program helps you receive the rates and service you deserve. Call 1-877-367-3847 or visit us at www.fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company.

For a purchase or lease, the Ford Extended Service Plan (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for an ESP backed by Ford Motor Company and honored at all Ford dealerships.

Having a physical disability doesn't mean life can't be rewarding. In fact, for many thousands of Ford Motor Company customers, Ford Mobility Motoring has meant their lives can also be easier and more fulfilling. To request an information kit, learn about the Ford Mobility Motoring Process, and hear what customers say about the freedom and independence that adapted vehicles provide them, visit www.mobilitymotoringprogram.com.

2006 FORD FREESTAR

“Ford designers have equipped the Freestar with a shapely dash and steering wheel, and attractive materials... a bit of a European flair with chrome-trimmed gauges and a very clean, uncluttered overall look.”

Edmunds.com

RELIABILITY YOU CAN COUNT ON: FORD FREESTAR.

EXCEPTIONAL SAFETY

- Insurance Institute for Highway Safety “Best Pick”*
- Government’s highest 5-Star frontal crash test safety rating*
- Personal Safety System® helps protect in milliseconds
