

06 MERCURY MONTEREY

MERCURY | NEW DOORS OPENED

Technologically speaking, it's loaded.

With every passing day, technology plays an ever-increasing role in our lives. In Mercury Monterey, technological advancements are used to make every drive more enjoyable for you and your passengers. **Standard Forward and Reverse Sensing Systems**, which alert you to the distance of objects in front of or behind the vehicle when parking, are just one of the unexpected delights that Monterey provides.

In its upright position, Monterey's **3rd-row Tailgate Bench Seat™** can hold 3 passengers comfortably. But that's far from the end of its uses. At family outings or sporting events, it quickly and easily tips backward to create a comfortable, rear-facing tailgating seat.*

Rear-seat passengers can enjoy a movie with the available **Rear-Seat DVD Entertainment System**. Mounted in the ceiling, its flip-down 7" LCD screen is large enough for even 3rd-row guests to enjoy the show. A convenient infrared remote controls the player, while 2 sets of wireless headphones allow passengers to listen in private and not disturb others. Up front, driver and passenger can enjoy the technology behind Monterey's **class-exclusive available heated and cooled leather-trimmed seats**. It's a feature you'll wonder how you lived without, whether you're taking the family on an outing or hauling cargo in Monterey's **131.6 cu. ft. of cargo space**.

FORWARD AND REVERSE SENSING

DVD ENTERTAINMENT SYSTEM

HEATED AND COOLED SEATS

131.6 CU. FT. OF CARGO SPACE

Monterey's standard **Safety Canopy™ System** features **side-curtain airbags for all 3 rows, front-seat side airbags and a rollover sensor**. In certain types of side-impact collisions, the side-curtain airbags deploy from the headliner and stay inflated longer – enhancing head protection for all outboard passengers. For the driver and front-seat passenger, Monterey's standard **Personal Safety System®** customizes the deployment level of the dual-stage front airbags based on several criteria. These details help the system deploy the front airbags in just the right manner, at just the right time. If an accident is unavoidable, know that Monterey has received the **government's highest 5-Star frontal crash test safety rating** and earned **"Best Pick"™** honors from the Insurance Institute for Highway Safety – 2 years in a row (2004-2005).

*3rd-row Tailgate Bench Seat should be changed and used only when vehicle is stopped and in Park. Rear-facing 3rd-row seat is not intended for passenger seating when vehicle is in motion. **Based on 40-mph frontal offset crash test.

Easy movement into and out of Mercury Monterey is made possible by **standard dual power-sliding doors**. Once inside, you'll discover a spacious interior with **innovative storage bins, compartments, nets and wells** perfect for your on-the-go lifestyle. To keep small items close at hand yet out of the way, an in-dash storage compartment in the top of the instrument panel is the perfect spot for cell phones and PDAs. In back, Monterey's deep cargo storage well helps keep items upright when the 3rd-row seat is in the forward seating position. An available Cargo Management System brings further sophistication to that area. When extra storage is needed, the 3rd-row seat folds neatly into the storage well to open up almost 72 cu. ft. of cargo volume for larger items. For really big toys, like a pair of jet skis or a boat, **Monterey can tow up to 3500 lbs.** when equipped with the available Class II Trailer Tow Prep Package.
