With its ideal proportions, sophisticated satin-aluminum accents and great road presence, the 2007 Mercury Mariner makes other small SUVs look positively dull in comparison. But those standout looks are just one reason that Mariner has caught your eye. Power rack-and-pinion steering and an Anti-lock Brake System (ABS) provide precise control, while a 4-wheel, fully independent suspension, available V-6 engine and available Intelligent 4WD give Mariner the flexibility to excel in the curves and corners. **Exhilarating acceleration and agile performance** are simply the icing on the cake.

Inside, with distinctive finishes of chrome, satin-aluminum and woodgrain, Mariner's styling is further elevated. As is its functionality, with standard power sideview mirrors, windows and door locks, and **audio systems that are both MP3 and SIRIUS Satellite Radio<sup>5</sup> capable.** In addition, innovative safety features, like our standard Personal Safety System® and available Safety Canopy™ System, bring a feeling of serenity and security to your every drive.
