

CHRYSLER

2013 | 300

IT HAS A PEDIGREE UNLIKE ANY OTHER AND PUTS INTO PRACTICE EVERYTHING THAT MADE CHRYSLER A LEGEND. IT TAKES THE LEGACY OF THE MOST AWARDED NEW CAR EVER<sup>(1)</sup> INTO THE RING WITH EVERY INTENTION OF KEEPING THE TITLE, STARTING WITH BEST-IN-CLASS V6 AND V8 HORSEPOWER<sup>(2)</sup> AND AN 8-SPEED TRANSMISSION DELIVERING BEST-IN-CLASS

FUEL ECONOMY<sup>(2)</sup> OF UP TO 6.4 L/100 KM (44 MPG) HIGHWAY; WITH ITS CLASS-EXCLUSIVE SUSPENSION AND ALL-WHEEL-DRIVE SYSTEMS,<sup>(2)</sup> OVER 70 AVAILABLE SAFETY AND SECURITY FEATURES, AND A MULTITUDE OF ADVANCED TECHNOLOGIES, THIS IS THE LEGITIMATE LUXURY AND UNFLINCHING PERFORMANCE YOU NEED TO EXPERIENCE TO BELIEVE – THE CHRYSLER 300.

300C Luxury Series shown in Dark Frost/Light Frost

**DESIGNED TO BE DRIVEN.** The 300 interior provides exceptional comfort and style with premium cloth and Satin Chrome interior accents. The standard remote keyless entry with push-button start means you'll never have to fumble for keys again. For even greater luxury, opt for the ultrasoft Nappa leather-faced seating with heated front seats. You can add to the indulgence with available heated rear and ventilated front seats. Combined with real wood and satin chrome finishes, illuminated cup holders, and LED lighting throughout the cabin, the luxurious bounty surrounds you.

**ELECTRONIC VEHICLE INFORMATION CENTRE (EVIC).** This is a driver-interactive display in the instrument cluster. The system allows you to select and customize personal settings and view fuel economy, distance to empty, temperature, fluid levels, and tire pressure. For maximum driving safety, efficiency, and ease, cruise, audio, and available Adaptive Cruise Control<sup>(3)</sup> functions are conveniently located on the steering wheel.

**CLIMATE CONTROLLED.** A standard Humidity Sensor with Automatic Temperature Control enables an auto-defog capability, essentially eliminating the need for setting defog functions. The available Smart Remote Start system operates from as far as 60 metres. It starts the vehicle via the key fob, activating the climate controls as well as the available heated/ventilated seats and real wood and leather-wrapped full-circumference heated steering wheel, based on the outside temperature.

UP TO  
**6.4 / 300**  
L / 100 KM HWY\* HORSEPOWER  
44 MILES PER GALLON HWY  
3.6L PENTASTAR™ VVT V6

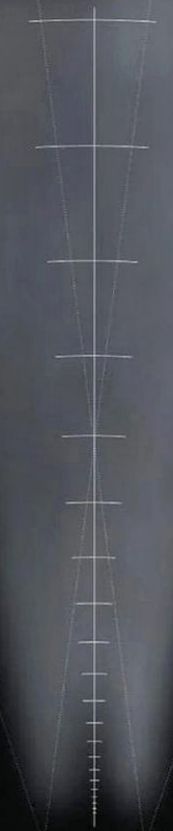

**EIGHT-SPEED TRANSMISSION.** With Best-in-Class standard V6 horsepower,<sup>(2)</sup> the 3.6-litre Pentastar Variable Valve Timing (VVT) V6 engine draws on advanced automotive engine technology to achieve outstanding power – an exceptional blend of high torque, fuel efficiency, and low emissions. The Chrysler 300 also features a standard eight-speed automatic transmission with electronic shift control, providing Best-in-Class fuel economy.<sup>(2)</sup> It delivers 292 horsepower and 260 lb-ft of torque.

The Chrysler 300S model now achieves an impressive 300 hp with the 3.6L Pentastar VVT V6 engine. Drivers can navigate gears

via an electronic shifter, or with the steering wheel-mounted paddle shifters, providing clutchless manual shifting. In addition, Sport mode may be engaged for more aggressive driving dynamics.

5.7L HEMI® VVT V8 gives drivers an impressive fuel economy rating of up to 8.0 L/100 km (35 mpg) highway\* with its FuelSaver Multi-Displacement System (MDS) Technology that allows the engine to seamlessly switch from eight cylinders to four while cruising – creating the perfect formula of power, value, and responsibility. This powerhouse delivers a stunning 363 horsepower and 394 lb-ft of torque.

THE MOST TECHNOLOGICALLY ADVANCED VEHICLE IN ITS CLASS<sup>(1)</sup>  
OFFERS 70 ACTIVE AND PASSIVE SAFETY AND SECURITY FEATURES

**ADAPTIVE FORWARD LIGHTING.** This available system automatically adjusts headlamp direction for improved nighttime driving visibility. It computes your 300's speed and steering wheel angle to determine headlamp projection from straight ahead to 7° inward or 18° outward.

**ADAPTIVE CRUISE CONTROL (ACC).<sup>(5)</sup>** This available system uses a radar sensor mounted at the front of the 300 to detect objects in its path. If the lane ahead is clear, the cruise control speed you set will be maintained. When slower traffic is detected, ACC automatically adjusts your speed to maintain the preset distance between you and the vehicle in front of you.

**FORWARD COLLISION WARNING.<sup>(5)</sup>** This available feature is included with ACC and provides audible and visual warnings if the vehicle is approaching an object too fast, alerting the driver that action must be taken.

**PARKVIEW® REAR BACK-UP CAMERA.<sup>(4)</sup>** When driving in Reverse, ParkView provides a wide-angle view of the area immediately behind the vehicle on the Uconnect™ 8.4 multimedia centre screen. It also displays grid lines to assist when manoeuvring into tight spaces. Available.

**PARK-SENSE® FRONT AND REAR PARK ASSIST SYSTEM.<sup>(4)</sup>** When in Reverse or driving Forward at low speeds, sensors detect the presence of objects up to approximately 1.2 metres in front of the vehicle and 2.0 metres from the rear, and provide both audible and visual warnings in the Electronic Vehicle Information Centre (EVIC). Available.

**BLIND-SPOT MONITORING.<sup>(5)</sup>** This technology uses radar sensors to aid the driver when changing lanes or if being passed by unseen vehicles. The system notifies the driver of a vehicle in his/her blind spot via an illuminated icon on the sideview mirrors and selectable audible warning. Available.

**REAR CROSS-PATH DETECTION (RCP).<sup>(4)</sup>** When in Reverse, rear sensors warn the driver with an audible chime if cross-traffic approaches the vehicle. Included with Blind-Spot Monitoring.<sup>(5)</sup>

300CAWD shown in Luxury Brown Pearl

**MOST ADVANCED ALL-WHEEL DRIVE IN ITS CLASS.<sup>(2)</sup>**

Available on V6 and V8 models, this intelligent system is automatically engaged when wheel slip is detected. It will also automatically activate when the Auto/Stick™ is engaged, the Electronic Stability Control (ESC)<sup>(6)</sup> system is turned off, the windshield wipers are activated, or the outside temperature is below 3°C. The on-demand active transfer case provides a seamless transition between rear-wheel and all-wheel drive. It consistently delivers outstanding performance and handling, while maximizing fuel efficiency.

**ELECTRONIC STABILITY CONTROL (ESC).<sup>(6)</sup>**

ESC applies strategic braking and reduces engine power when overly sharp steering actions are detected. It also includes all-speed traction control and electronic Brake Assist for quicker braking in emergency situations. Standard.

**HILL START ASSIST.** This feature automatically applies the brakes for two seconds to allow the driver time to apply the throttle, preventing rollback on hills and inclines. Standard.

**AIR BAGS.<sup>(7)</sup>** Advanced multistage front, supplemental front-seat-side, driver knee, and supplemental side-curtain air bags for front and rear outboard occupants are all standard.

**INTELLIGENT BATTERY SENSOR (IBS).** This standard system continually measures the flow of current in to and out of the battery. It enables "intelligent load shedding," which systematically shuts off the vehicle's non-essential electrical systems if the battery is running low to help prevent depletion. When the system is active, an icon appears in the cluster display.

**REACTIVE FRONT HEAD RESTRAINTS.<sup>(8)</sup>** This technology helps provide first-rate peace of mind. The head restraint moves forward and upward in the event of a rear-end collision, decreasing the space between the head restraint and the occupant's head, helping to stave off neck injuries.

**TIRE PRESSURE MONITORING.** Standard pressure sensors in the tire valves allow for automatic detection and notification when any tire pressure is low.

300 SRT\* with optional Black Chrome Group

### 300 SRT

Powered by a 6.4-litre HEMI® V8 engine, this performance machine outputs a track-worthy 470 horsepower and 470 lb-ft of torque. It also features FuelSaver Multi-Displacement System (MDS) Technology for increased fuel efficiency up to 8.7 L/100 km (32 mpg) highway.\* Exterior design embellishments like 20-inch forged aluminum SRT design wheels, SRT badge, Black headlamp bezels, and the available Black Chrome Group with SRT Black chrome wheels and Gloss Black brick-pattern grille with chrome surround take this luxury performer to its own level. The lowered front fascia with air dams and lowered rear fascia with deck lid spoiler turn 300 SRT into the sport-driving enthusiast's elegant thoroughbred. This rear-wheel drive platform adds a three-mode adaptive damping suspension, high-performance steering, and leather-wrapped heated steering wheel with a flattened bottom and SRT logo, flanked by paddle shifters and palm rests. Class-exclusive SRT Performance Pages<sup>(2)</sup> on the interface allow drivers to monitor stats like 0-100 km/h, 400-metre (quarter-mile) times, braking response, and lateral G-force performance.<sup>(9)</sup> The interior trim includes real carbon-fibre accents and bolstered performance seats in Black or Red leather and perforated suede. Rev up the available Harman Kardon® 19-speaker sound system with 900-watt amplifier and this machine has just been equalized.

\*See page 19 for full details.

**beatsaudio**™. What Dr. Dre and Jimmy Iovine bring to the table is an attitude that comes through loud and clear. The Beats Audio™ sound system allows you to feel each beat as low as you want for the highs the musician brings to the studio and stage. This industry-exclusive system includes an additional 50 watts of power per channel, processed through an equalizer designed specifically for the 300's dynamics and acoustics. The 10 premium speakers with 552-watt amplifier and in-trunk subwoofer belt out serious sound, standard through every inch of the 300S cabin and available on 300C and 300C Luxury Series.

**uconnect**™ acts as the central hub for your most important media, allowing you to stay connected, informed, entertained, and focused on driving. Available voice command<sup>(10)</sup> allows you to use your voice to select AM/FM radio stations or SiriusXM™ Satellite Radio<sup>(11)</sup> channels, as well as make/receive calls and select destination entries with the available navigation.<sup>(12)</sup> You'll have multiple ways to access audio, including a USB port, iPod® control with voice command,<sup>(10)</sup> Bluetooth® streaming audio, and SiriusXM Satellite Radio,<sup>(11)</sup> which features song/artist alerts, game alerts, favourites, and replay (your first year of service is included). The available intuitive Garmin® navigation<sup>(12)</sup> can locate nearby restaurants, shopping, hospitals, or points of local interest, and provides easy-to-understand directions, including lane guidance. Top it all off with a system that is clever enough to synchronize with your phone's address book<sup>(13)</sup> — up to 1000 entries — every time you get into your vehicle and you'll see how easy it is to keep in touch with the people, music, and devices that matter most.

300 TOURING

POWERTRAIN & PERFORMANCE

- 3.6L Pentastar™ Variable Valve Timing (VVT) V6 engine with 8-speed automatic (27E/22E)
- Four-wheel independent comfort suspension
- 2.65 rear axle ratio
- 200 mm rear axle
- Electro-hydraulic power steering, rack-and-pinion
- 160-amp alternator
- 750-amp maintenance-free battery

INTERIOR AMENITIES

- Premium cloth seating
- Power 12-way driver seat including lumbar adjuster
- Uconnect™ 8.4 Multimedia Centre
- SiriusXM™ Satellite Radio<sup>(1)</sup> including one-year subscription
- Steering wheel-mounted cruise and audio controls
- Leather-wrapped steering wheel and shift knob
- Six speakers
- Auxiliary input jack
- Remote USB port
- Power windows, front one-touch up/down
- Tilt/telescopic steering column
- 60/40 split-folding rear seat
- Air conditioning with dual-zone automatic temperature control and air filtering
- Front and rear reading/courtesy lamps
- Acoustic windshield and front-door glass
- Solar-control glass
- Humidity sensor
- Sun visors with illuminated vanity mirrors
- Auto-dimming rearview mirror
- Passenger assist handles, rear illuminated
- Full-length floor console
- Illuminated front cup holders
- Analogue clock
- Remote fuel door release
- Power trunklid release

SAFETY & SECURITY

- Electronic Stability Control<sup>(6)</sup> with Hill Start Assist and All-Speed Traction Control
- Rain Brake Support, Ready Alert Braking
- Tire Pressure Monitoring system
- Four-wheel disc antilock brakes
- Keyless Enter™ in Go™ with remote proximity entry
- Reactive front head restraints<sup>(8)</sup>
- Advanced multistage front air bags<sup>(7)</sup>
- Supplemental front-seat side air bags<sup>(7)</sup>
- Supplemental side-curtain front/rear air bags<sup>(7)</sup>
- Driver's inflatable knee-blocker air bag<sup>(7)</sup>
- Sentry Key™ antitheft engine immobilizer
- Speed-sensitive power locks
- Lower anchor and tether for child seats
- Engine block heater

EXTERIOR FEATURES

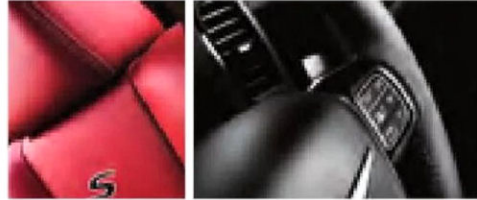

- P215/65R17 BSW All-Season tires
- 17-inch Tech Silver aluminum wheels
- Dual rear exhaust with bright tips
- Automatic, halogen projector headlamps
- Fog lamps
- Power heated, manual foldaway mirrors
- Chrome headlamp bezels
- Body-colour exterior mirrors and door handles
- Compact spare tire

## CHRYSLER 300 FEATURES AND OPTIONS

### 300 SRT®

#### POWERTRAIN & PERFORMANCE

- 6.4L HEMI® V8 with MDS and 5-speed automatic (21X)
- High-performance, adaptive damping suspension
- Performance-tuned steering
- Brembo® four-piston calipers and performance brakes
- 3.06 rear axle ratio
- 226 mm rear axle
- Three-mode Electronic Stability Control<sup>(6)</sup>
- Knock-back mitigation
- Sport mode 3
- Four-wheel independent high-performance suspension

#### DIFFERENCES/UPGRADES VS. 300C LUXURY SERIES

- Nappa leather-faced seats with perforated suede inserts
- Leather-wrapped steering wheel and shift knob
- Bright pedals
- Real carbon-fibre interior accents
- Uconnect™ 8.4N with navigation<sup>(12)</sup> and SRT Performance Pages
- Park-Sense® Rear Park Assist System<sup>(4)</sup>
- Body-colour, power, multi-function, manual folding mirrors
- Adaptive Auto High Beam Headlamp Control
- Automatic headlamp levelling system
- Rain-sensing windshield wipers
- Black headlamp bezels
- Bright surround/gloss Black grille
- Body-colour fascia, door handles, exterior mirrors, and spoiler
- 20-inch aluminum SRT design wheels
- P245/45ZR20 all-season performance tires
- 220-amp alternator
- Severe-duty engine cooling
- 300-km speedometer
- Engine oil cooler
- Tire service kit (replaces compact spare)

#### OPTIONS

**DISCLAIMERS:** <sup>1</sup>Based on major automotive awards won in its introductory model year. <sup>2</sup>Based on 2012 Ward's Large/Regular Car segmentation. <sup>3</sup>This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of their surroundings and be prepared to use brakes to avoid collisions. <sup>4</sup>Always check entire surroundings before manoeuvring your vehicle. <sup>5</sup>Always check visually for vehicles prior to changing lanes. <sup>6</sup>No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice, and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. <sup>7</sup>The advanced front air bags in this vehicle are certified to the federal regulations for advanced air bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. <sup>8</sup>Always sit properly with the head restraint properly adjusted. Never place anything in front of the head restraint. <sup>9</sup>Drive responsibly. Always obey the rules of the road. <sup>10</sup>Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth-compatible phone. <sup>11</sup>Requires SiriusXM<sup>™</sup> Radio subscriptions governed by SIRIUS terms and conditions available at [siriusxm.ca](http://siriusxm.ca). <sup>12</sup>Never program while driving. Mapping may not be detailed in all areas or reflect current road regulations. <sup>13</sup>Phone must support Bluetooth Phone Book Access Profile (PBAP). <sup>14</sup>Not compatible with all garage door openers.
