

The NEW HOLDEN
COMMODORE

SERIES II

Executive
Acclaim
S and SS
Berlina

Australia's
legendary
family car
has come a
long way.

At Holden, Commodore's success has been a great source of pride and satisfaction. The result of on-going investment in design, quality manufacturing and safety leadership.

A car that continues to set the standard for the great Australian family car.

The new Commodore Series II offers a level of safety, quietness and technology at value you just can't match.

So sophisticated, with its brilliant ECOTEC V6 engine, it has the power you need.

So economical, its efficiency rivals many four cylinder cars according to the Australian Standard test.

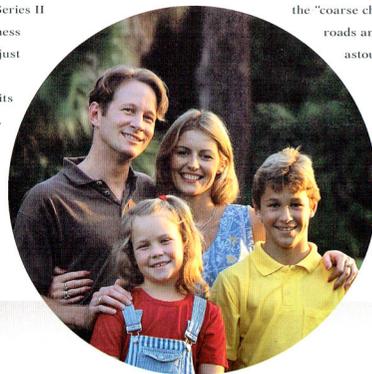

So refined, that out on

the "coarse chip" bitumen surface of our open roads and interstate highways, its quietness astounds.

So environmentally friendly, it already meets tough new national emission standards ahead of time.

So safe, it offers the availability of driver and front passenger airbags.

But ultimately it stands as a measure of our commitment to satisfying Australia's driving needs.

Another chapter in a proud design heritage.

Commodore has been acclaimed far and wide for its styling, safety and engineering excellence.

Affirming its place as Australia's favourite family sedan[†]

Our engineers have established the benchmark with an array of innovations and refinements.

Our unique Holden developed field pattern and tether design expands both airbags with a flatter surface creating a safer cushion.

Of course, the ECOTEC V6 engine is a story within itself. Dispelling the myth that more power and better fuel efficiency are at odds.

A lighter V6 with a progressive throttle response that achieves stunning levels of quietness, smoothness and emission control.

And while our engineers were the first to introduce a

driver's airbag in an Australian car, the Commodore was also the first Australian car to provide the front seat passenger with the option of their own airbag.*

We've never lost sight of the driver either, with superb brake modulation, brake pedal travel and the six speaker

sound system. The greatest name in Australian motoring history continues to provide legendary reliability, toughness, and low running costs. As well as this country's most exciting range of family sedans and wagons.

Commodore's blend of form, function and flair has been carefully refined too. With new stylish fabrics and superb new exterior colours. All distinguished by Holden's badging.

Commodore's renowned slantline Power Key adds a new dimension in personal security.

[†] Commodore was Australia's top selling sedan in 1995. Source: VFACTS Jan. 1996.

Holden's
ECOTEC V6.
The new
power.

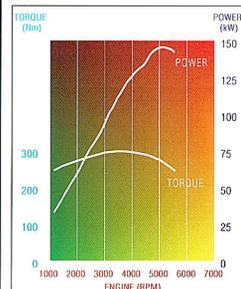

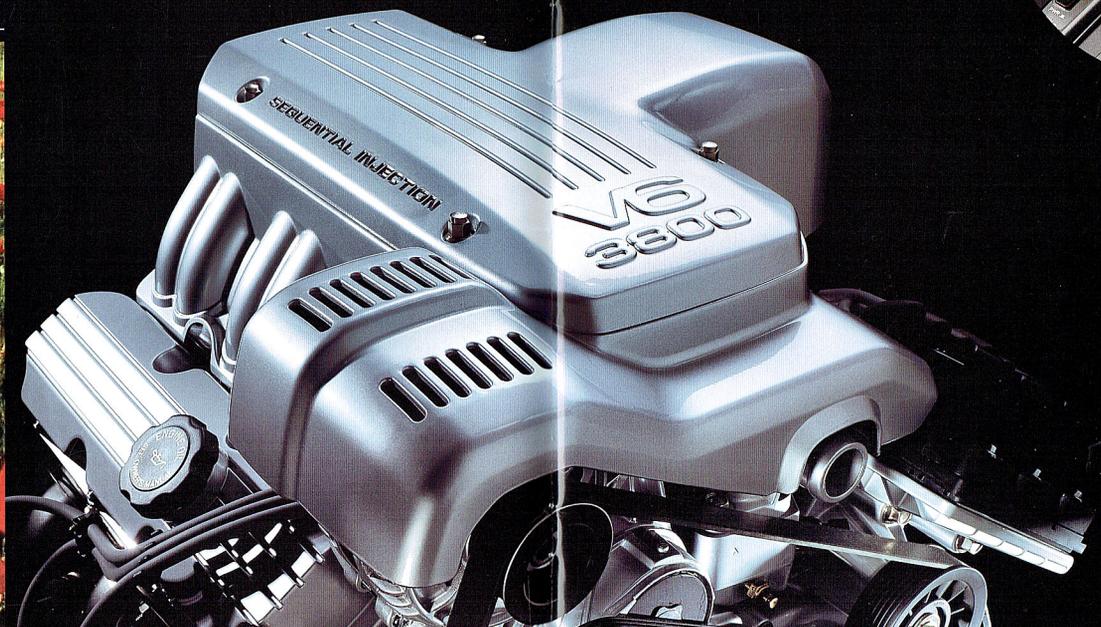

Look at the moulded engine cover of the Holden ECOTEC V6 and you'll know it's a very different engine.

This visionary V6 design cleverly achieves a balance of economy, power, performance and low emissions.

The introduction of the acclaimed Getrag 5 speed transmission matched to the ECOTEC V6 has resulted in further refinement and reliability. The driving enthusiast can expect more performance through the gears as a result of new ratios, as well as smoother, quicker gear shifts and all with whisper quiet operation. For the optional 88kW and 85kW V6s - with their higher torque outputs - Holden chose a specific 5-speed manual transmission which suits the heavier workloads. An Executive Commodore, in manual form, is now able to reach freeway speed of 100km/h in 8.2 seconds and an automatic in 8.7 seconds. With the progressive throttle

control and balanced control routines for the electronic 4-speed automatic transmission, you'll reach that speed more smoothly.

*The ECOTEC V6 Holden Commodore will rev smoothly to its "rolling" of 6000 rpm, bringing you 147kW of power at 5200 rpm and over 300Nm of torque at 3600 rpm. The manual transmission ECOTEC V6 delivers 10.5 litres per 100km on the city cycle and 6.8 litres per 100km on the highway cycle of the Australian Standard test. The automatic transmission ECOTEC V6 registers 11.5 litres per 100km on the city cycle and 7.2 litres per 100km on the highway cycle. That's economy that rivals many four cylinder cars.**

Holden engineers have designed a great engine matched to the intelligence and efficiency of the powerful engine management computer. Wasteful friction and engine mass have been reduced wherever possible.

Use of sequential fuel injection, mass air flow sensing, a high performance camshaft, and tuned inlet manifold runners help reduce fuel consumption and emissions yet maximise performance.

In addition, ECOTEC V6 has lighter heads, matched combustion ports and chambers, a lighter yet more rigid valve train assembly and lightweight, short skirt pistons.

And in the emission stakes it's already got the jump meeting

the tough, new ADR37/01 emission standard ahead of time.

Apart from the emission reducing advances within the engine itself, a catalytic converter has been fitted that is heat insulated to help it stay hot during

short stops. Thus reducing the high emissions normally caused during warm-ups.

* AS2877 test figures.

Commodore
Acclaim.
Safety comes
first.

The new Acclaim Series II remains the only Australian car to offer this range of safety features as standard.

Its full package of safety features, including the Supplemental Restraint System (SRS) of driver and front passenger airbags, still sets the benchmark for Australian motoring.

The Acclaim's driver and front passenger airbags are deployed simultaneously in the blink of an eye.

The new Acclaim Series II comes standard with a 4-speed automatic transmission that features smooth changes.

So when you consider the new Acclaim Series II standard package of driver and passenger airbags, a Bosch Anti-lock Braking System and Independent Rear Suspension on the sedan, plus electronic 4-speed automatic transmission and cruise control, it adds up to a reassuring

combination of safety and value.

But Acclaim's supremacy is also assured by its Total Safety Systems (TSS), comprising over 60 safety and security features.

From seatbelt webbing clamps which minimise body movement in an accident, to a wide-angle, left hand side,

rear vision mirror to help avoid any blind spots.

To complement the Bosch ABS brakes, brake modulation and brake pedal travel are calibrated for more brake control.

The slimline Power Key adds a dimension of security with a function which allows

you to open just the driver's door. One press of the electronic central locking button on the Power Key opens the driver's door lock, and a second press will open all door locks. In fact, the front passenger door no longer has a keyhole, to further deter thieves.

At the end of the day, the Commodore Acclaim Series II is simply a far safer haven for you and your family, at a price that won't destroy your bank account.

Commodore
Acclaim
wagon.
Safety on a
larger scale.

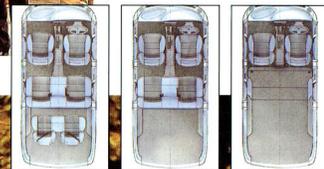

The beauty of the new Commodore Acclaim Series II wagon is easy to see. But Australia's most stylish wagon is also one of the safest Australian-built 5 or 7 seater wagons. A truly reassuring safety and value package. It was the first Australian wagon to introduce the standard feature of driver and passenger airbags.

With its coil spring rear suspension system, the Acclaim wagon has a supple ride when unladen, yet ensures confident steering control and handling fully loaded.

And, as with all Commodore Series II wagons, the rear interior lamp is now switchable so you're able to leave the tailgate open without fear of flattening the battery.

With its Holden Plus 2 accessory seat (# 3rd row seat for two children up to 8 years old and 40kg) plus folding second row seat, the Commodore Acclaim wagon offers an array of seating and storage configurations. The front passenger will also appreciate the lumbar support and vanity mirror. While padded headrests have been fitted to the rear window seats.

Complemented by the Bosch Anti-lock Braking System, cruise control and renowned electronic 4-speed automatic transmission, all standard.

For those who transport

quite a few troops around, you have the option of the Holden Plus 2 Seat[®] which has all the occupants facing forward to see what others are seeing on the trip.

Acclaim wagon is fully integrated with new fabric trim, vanity mirrors, upgraded audio, new wheel trims and body colour mirrors.

On the road, Commodore's

wide-track suspension provides stability, while a 5-link coil spring rear suspension irons out the bumps. Its 3.8 litre ECOTEC V6 engine gives you smooth, efficient power to transport a full crew and all their gear.

While its progressive throttle response provides more sensitive control for delicate parking situations.

So for safety, value, space and eye-catching wagon style, the new Acclaim Series II wagon is a safe bet.

Holden's
safety
record
is no
accident.

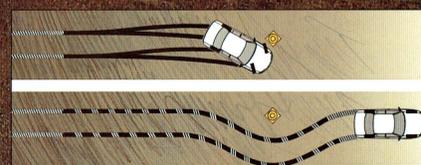

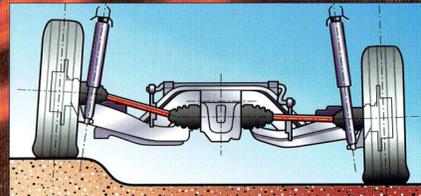

For Holden,
safety is more than
imported pieces of
technology.

It's a passion
and a science.
Something we've a
strong vision of.

A vision which has led to
the creation of one of the world's
most comprehensive test facilities,
including Australia's best equipped
safety test laboratory.

A vision to implement safety
research in Australia, contracting
university accident research teams
to investigate accidents all over
Australia, working towards
improved safety for all Australians.
A vision to create a Total Safety
System (TSS) and to design the
safest Australian family car:
the Holden Commodore Acclaim.

Holden is the only Australian
car maker to commit itself to offer-
ing the reassurance of Independent
Rear Suspension combined with
rear wheel drive.* A system that
maximises traction and handling.

And there is no better
example of our vision than our
airbags. Developed by Holden
engineers from the best technol-
ogy in the world and tailored to
provide the best safety perfor-
mance for Australian driving
conditions.

Collision sensing technology
distinguishes between minor and
serious accidents, to ensure that
the airbags aren't triggered in
a minor collision. While a rigid
passenger safety cell and a side
intrusion beam in each door
provide strong protection.

The extra power and torque
of the ECOTEC V6 3.8 litre engine
makes sure overtaking in the
new Commodore Series II is swift
and safe. The Bosch ABS brakes*
help keep you safely in control
even under full braking.

And, of course, safety isn't
just an issue for those travelling in
the front, with a centre lap sash
seat belt a standard feature in all
Commodore Series II sedans.

Safety can even be found in
the form of Holden's commitment
to rear wheel drive for our big
cars. Offering the advantages
of superior ride, control and
handling due to a natural weight
transfer to the rear and better,
safer traction under acceleration.

So, as you can see, when
it comes to making cars, we take
the safe approach.

*Holden have dedicated much of their
engineering expertise to making Independent
Rear Suspension available on its sedans as
an integral feature of their primary safety
platform. A system which offers another level
of safety by improving control and traction.*

*Anti-lock Braking (ABS) assists the
driver (bottom track) in an emergency
situation by maintaining steering control,
even under full braking.*

**Not available on wagon models.
*Optional on Executive and
Commodore S models.*

Live in peace,
quiet,
and harmony.

The new Commodore Series II with its ECOTEC V6 engine has quietly raised the standards by dramatically lowering interior noise levels. Ultimately lowering driver and passenger fatigue, whether around town or over long distances.

Which also means even greater enjoyment of your new Commodore Series II's soft, luxurious seat and door trim fabrics.

Beneath your feet, fine quality carpet with tri-laminate backing insulates you from the outside world.

Allowing you to soak up the pleasures of a six-speaker sound system.

Or talk on a mobile phone, which can be easily installed utilising the special in-built power socket.

The driver's seat is deeply contoured for body-hugging

support and adjusts for height and lumbar support.

In front of you, the four spoke steering wheel and smooth-flowing wrap around instrument panel epitomise the ergonomic engineering.

So, as you can see, everything's at your fingertips.

Enjoy rapid relief from extreme heat with a powerful air conditioning system, optional on Executive and Acclaim, standard on Sand SS.

A security system designed to buffer and deter even the most determined thief.

Berlina has one of the country's most effective and environmentally friendly climate control systems, featuring liquid crystal display allowing you to set your ideal temperature. Twin rear ducts are standard.

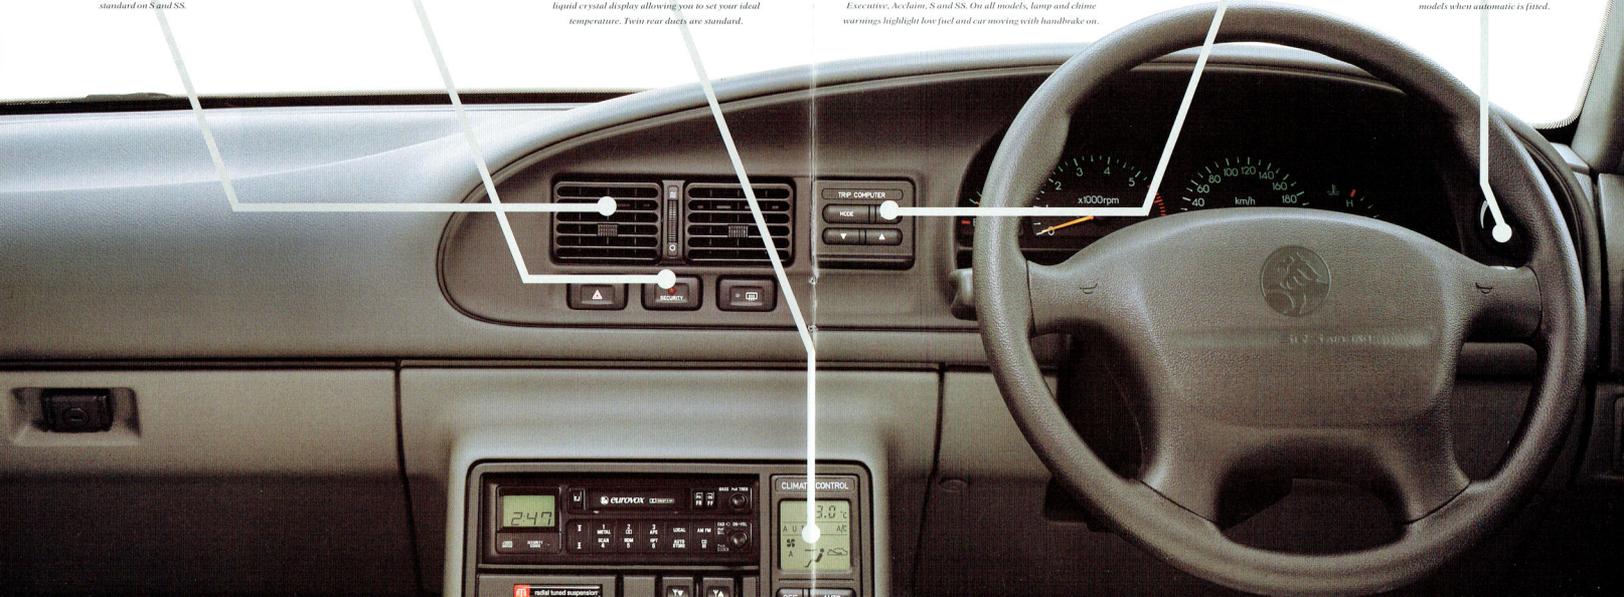

The Speed Alert system gives visual and audible warning if the car exceeds your pre-set speed limits and is standard on Executive, Acclaim, Sand SS. On all models, bump and chime warnings highlight low fuel and car moving with handbrake on.

Berlina's comprehensive trip computer calculates nine types of information from average speed to distance to empty.

Set the cruise control, sit back and enjoy the open road. It's optional on Executive, and standard on all other models when automatic is fitted.

Commodore
Berlina.
The smooth
step up to
luxury.

For a little extra you can enjoy a lot of extra luxuries in the new Holden Commodore Berlina Series II. Smooth-flowing, distinctive styling sets it apart. Subtle bodyside mouldings emphasise its classic European styling. While an elegant grille design and sleek alloy wheels put Berlina in a class of its own.

The rich new wavylock trim on the deeply contoured seats is punctuated by integrated design touches throughout.

Power windows are standard and feature a childsafe override switch.

Appearances do not deceive. Inside, new Berlina Series II is not only beautifully appointed and whisper quiet, it's also reassuring with a driver's airbag and ABS brakes fitted as standard equipment.

Fill your spacious environment with a symphony of sounds from the superb six

speaker sound system featuring extra circuitry to bring you concert hall sound definition when fitted with a boot mounted 10 stack CD player.*

Create the perfect cabin environment with an ozone-friendly climate control system that knows Australian conditions like only a Holden would.

*Available as a dealer fitted option.

To help you relax and enjoy the open road, you'll find Berlina's cruise control at your fingertips. As well as Berlina's central body computer looking after you with thoughtful touches. The headlights can be programmed to stay on long enough to light your way to safety. And it even senses road

speed to vary the intermittent wiper speed while also remembering your preferred aerial height.

Holden's intelligent security system does more than just lock doors, it also disables the engine.

To add to your driving pleasure, an electronic 4-speed

automatic transmission and progressive throttle response redefine the concept of 'smooth'.

It's all part of the added luxury and style that Holden Commodore Berlina owners have been enjoying for years.

Isn't it time you joined them?

Commodore
Executive.
Every inch
a driver's
car.

From the moment you sit behind the wheel of the Commodore Executive Series II, you'll agree it's a driver's car through and through. With an array of standard features, appointments and intelligent driver assistance functions which make travelling in Australia's harsh conditions thoroughly pleasurable.

with height and rear adjustment, plus redesigned front seats which include vertical seat adjustment, lumbar support and improved under thigh support.

Switches critical to the driver's performance are conveniently located on stalks, either side of the steering column.

On the bitumen, it's stunningly quiet. Making the interior the perfect place to

enjoy the upgraded 6 speaker stereo system.

As a driver's car, the Commodore shows its prowess with a wide-track front suspension and impressive brake pedal response. And the option of driver and passenger airbags is always there. Commodore Executive Series II: Every inch a driver's domain.

The rear seats on the Executive wagon can be split-folded 60/40 to accommodate passengers and long loads.

Press the unlock button once on the hermetically sealed slimline Power Key and only the driver's door opens. Hold it down for longer and unlock all the doors.

Before you lies a comprehensive instrument panel including a tachometer. Plus a number of ergonomic features such as a four spoke, soft feel steering wheel

Commodore's unique Speed Alert, with four driver pre-set speeds, is the envy of drivers with other makes of car.

Visual and audible warning chimes inform you that you are either exceeding your pre-set speed limit, low on fuel or your handbrake is on.

Commodore
S and SS.
Adrenalin
comes in two
handy sizes.

If you enjoy driving, you want a car that fires your senses. Gutsy power and torque, and the reassuring smoothness of the ECOTEC V6, means that the new Holden Commodore S Series II delivers a whole lot more. While the new SS Series II will definitely raise your heart rate a beat or two.

more grunt, the optional 185kW version packs a mean punch. Purists will revel in the tight 5-speed manual transmission built to perform under demanding V8 workloads, or there's an electronic 4-speed automatic. And to ensure you feel surefooted, the Bosch 5.0 ABS brakes and Independent Rear Suspension are standard on the SS as are the low profile 225/50 VR 16" tyres on wide alloy wheels.

The hot looks aren't restricted to the outside. Inside, the SS Series II is all style, with its sports trim on the specially designed seats, its finer carpets and, of course, its new lush leather gearshift and handbrake handle covers. The stereo in the S and SS Series II features a six speaker sound system. Air conditioning is standard in both models.

The Commodore S Series II is no slouch, able to sprint to 100km/h in 8.2 seconds with its Getrag manual gearbox, while the optional electronic 4-speed automatic is just 0.5 seconds behind.

Beneath its 7.00 x 15" five-spoke alloy wheels lies 4-wheel

power discs with the option of ABS.

To add more muscle, simply add another 'S'. The new Commodore SS Series II comes with a choice of two 5 litre V8s, developed from Holden's famous racing heritage. The standard V8 now delivers a whopping 168kW and 395Nm of torque. Or for

The SS comes standard with driver's airbag and has the option of a passenger airbag. The Commodore S can also be fitted with both driver and passenger airbags should you so desire. So for maximum show and go, check out the new Commodore S and SS Series II.

Holden's sports engineers have matched the SS's new sports suspension, with its firmer spring rate, reduced ride height and gas pressure rear shock absorbers, with low profile 225/50 VR 16 tyres, riding on new wide alloy wheels.

Holden's 5 litre V8 has been enhanced by a new 'cold air intake system' which enables greater peak power and torque. Now, more than ever, the SS Series II is the consummate driver's car.

The more you drive with Holden LPG, the more you'll save.

Running with Holden LPG can slash a fuel bill by 45%. Using the Holden Commodore Executive ECOTEC V6 auto sedan as an example, that's a saving of over \$16 per tank of LPG or about 3.5 cents per kilometre, depending on the price of petrol and LPG in your area.[†]

- Advanced technology that allows easier starting, hot or cold, on LPG.
- Factory calibration of the Powertrain Control Module delivers performance levels similar to petrol. In fact, it's difficult to notice any difference.
- The safety and reliability of specially formed steel fuel lines.
- An easy-to-attach LPG filler nozzle, located behind the petrol door.

Series II ECOTEC V6 auto sedan is fitted with factory backed LPG, full new car warranty still applies. So talk to your dealer now, and take off in the Commodore Series II ECOTEC V6 auto sedan fitted with Holden LPG.

[†]Calculated using AS2877 city cycle, and national average capital city cost of LPG (290c) and petrol (890c) February 1996 - Informed Sources Pty. Ltd.

An accurate, integrated fuel gauge that automatically shows the level of petrol or LPG, depending on the fuel being used.

It's also re-assuring to know that Holden engineers carried out barrier testing and safety checks during the extensive development stage.

This ensures that Australian Design Rules are still satisfied with Holden LPG fitted.

The expert view is you're getting some of the best LPG

technology in the world, and it's fully factory backed.

When it comes to LPG technology, Holden's system is amongst the best in the world. Holden is leading the way with high-quality installation, reliability, durability and, of course, safety.

Some of the advantages include:

- An upgraded rear suspension to maintain a high standard of ride and handling.
- An LPG system which is integrated into Holden's world class anti-theft system.
- Australia-wide availability of replacement parts through all Holden dealers.

When your Commodore

An integrated fuel selection switch conveniently positioned in the dash that lets you change easily from petrol to LPG.

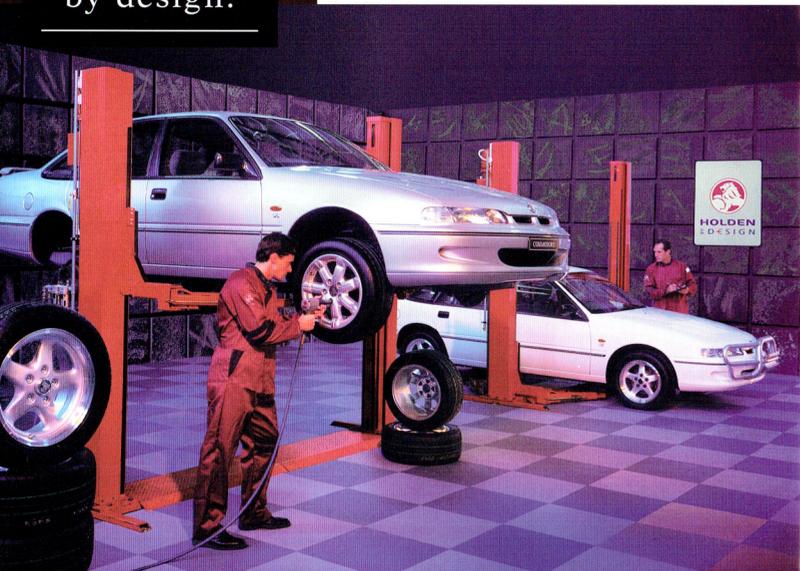

A specially designed LPG tank, fitted so that loss of boot space is kept to a minimum.

Your car
your design.
Holden
by design.

At Holden, we understand that everyone expects something different from their car. That's why you can now have the flexibility to design your very own Commodore Series II to suit your individual tastes and needs.

With Holden By Design, you can add exclusive options and accessories all fitted in the factory environment and with full factory guarantees.

You're able to choose from alloy wheels, a country roo bar, a third seat and cargo barrier for wagons, even a Holden approved LPG system. And that's just the beginning. Holden is continually adding new products to the ever-growing Holden By Design range.

And to assure you that your new car is a one off, it's fitted with an identification nameplate under the bonnet to verify its authenticity, as well as carrying customised insignia on the exterior.

A Holden By Design vehicle also has off-road benefits like a higher resale price should the time for change arise and, of course, there's the pride of owning, not just a Holden, but a Holden that's uniquely yours.

Turn Plastic into Steel. The GM Card from Holden.

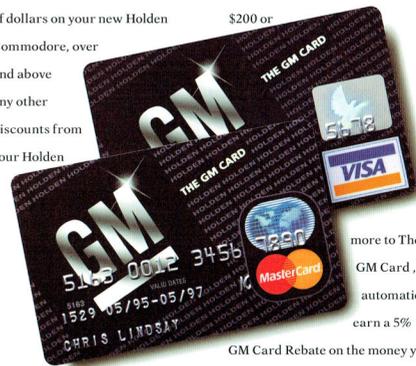

All around Australia, people are discovering that the GM Card from Holden is a credit card unlike any other.

A credit card like no other: The GM Card from Holden. Every time you make a credit purchase with your GM Card, 5% (that's \$1 for every \$20) is credited as a GM Card Rebate towards your future purchase of any eligible new Holden.*

That could translate into savings of hundreds, even thousands of dollars on your new Holden Commodore, over and above any other discounts from your Holden

Issued by Westpac, The GM Card is available as your choice of either Visa or MasterCard. Switch to the GM Card now and there's no annual fee for the first year, and you get up to 55 days interest free on purchases made with the card.***

Plus, if you choose to transfer your existing credit card balance of \$200 or

more to The GM Card, you automatically earn a 5%

GM Card Rebate on the money you've already spent.*

Dealer and, if you wish, you can transfer your accumulated Rebate to any eligible member of your immediate family to put towards the purchase of their very own new Holden.

If you're buying a Holden with a fleet discount, you can choose to either use that discount or your GM Card Rebate, whichever is of the greater benefit to you.**

To apply for The GM Card from Holden, call the GM Card Customer Centre anytime on 131 200, or pick up an application from any Holden Dealer or Westpac Branch.

*Subject to The GM Card Rebate Program Rules.

**Fleet discount and GM Card Rebate may not be combined.

***At the end of the first year an annual fee will apply in line with standard Westpac credit card fees (currently \$18 p.a.).

Give your
Commodore®
the personal
touch.

No other Australian built car says as much about you as new Holden Commodore. It says you have style, a desire for real space and comfort and a concern for safer motoring.

But if you really want to stamp your personality on a new Commodore, there's also a great range of Holden approved accessories, designed just for you. No matter which accessories you choose, they will reflect your individual flair and driving needs. Each accessory has been designed to complement your new Commodore and is engineered by Holden to meet the necessary Australian Design Rules.

And, of course, Holden approved accessories are covered by Holden's 2 year or 50,000km Warranty when installed by your Holden Dealer. Ask your Holden Dealer for a Commodore Accessories brochure for a full listing of Holden accessories.

SMART FINANCE.

A Holden Financial Services,[†] finance package can be tailored just for you. Ask your Holden Dealer about the flexible SmartBuy program.

It offers low monthly payments and three choices at the end of the contract: Pay out the final balloon payment, re-finance this amount or simply return your Holden to Holden Financial Services. Conditions apply.

HNL Fleet Services* is jointly owned by Holden and Holden Financial Services[†]. It offers a wide range of sophisticated fleet leasing, fleet management and financial services to approved fleets and customers. Consult your Holden Dealer or contact HNL Fleet Services direct, toll free on 1800 226 772.

[†] Holden Financial Services is a registered business name of General Motors Acceptance Corporation Australia.
^{*} HNL Fleet Services is a registered business name of Holden National Leasing Ltd. ACN 008 589 502.

HOLDEN
Financial Services

SOME OF THE BEST WARRANTIES IN THE COUNTRY.

2 Year or 50,000km New Vehicle Warranty.

Like all Holden's passenger and commercial vehicles, every Holden Commodore is covered by a 2 year or 50,000km Warranty, whichever comes first. So peace of mind is standard with every new Holden Commodore.

3 Year or 100,000km Powertrain Warranty.

To give you even more protection and added security, your new Commodore will also be covered by a 3 year or 100,000km (whichever comes first) Powertrain Warranty on the engine, transmission, clutch, axles and safety restraints.

3 Year/24 Hour Holden Roadside Service.

Holden Roadside Service covers you in your driveway or on the road, as far as you can drive, all day, all night, on weekends, in fact, the whole year through.*

You are covered for 3 years complimentary service, so in case of an emergency, you simply phone our Holden 24 hour toll free number 1800 817 100.

It's all part of Holden's commitment to offering you the best motor vehicles and customer

care in Australia.
^{*}Emergency Roadside Service may not always be available in remote areas.

Many other fleet companies have the use or support of a dealer network. But Holden has put their money where their mouth is by investing in their own fleet leasing company.

By dealing direct, HNL Fleet Services is best placed to offer the most flexible fleet financing deals available for new Commodore and other Holden products.

HNL Fleet Services can even build a new Commodore to your specifications (to approved fleets only).

What's more, your fleet can be delivered through any one of over 350 Holden dealerships nationwide.

Unlike other fleet companies, you get to choose.

Most importantly, wherever you do choose to go, all service and maintenance work is charged to HNL Fleet Services at pre-negotiated rates.

They would gladly welcome a chance to submit a proposition for your consideration.

So if you'd like to deal direct and cut out the middleman, consult your Holden Dealer or contact HNL Fleet Services toll free on 1800 226 772.

HOLDEN
Financial Services

At HSV, through various aesthetic and engineering modifications, Commodore's world class design is enhanced to build some rather special vehicles, as their name suggests.

It's an organisation dedicated to producing, in very limited numbers, a range of Holdens with an indelible sporting character.

When it comes to properly maintaining your Holden, you have the technical expertise and convenience of Holden service at your nearest Holden Dealer.

At participating Holden Dealers, they offer the assurance of dealer fixed prices on all scheduled services, so you can plan your routine maintenance costs.

And with extensively trained technicians, they stand behind their workmanship with a 6 month/10,000km Warranty.

Naturally, when fitted by a dealer, there's also a Holden Parts Warranty of

2 years or 50,000km. With Holden, you're always in safe hands.

COMMODORE HAS THE PERFECT FINISH.

The technology of Holden's \$150 million paint system includes automatic application to ensure consistent depth and finish. A polyester basecoat and acrylic clearcoat make Commodore glisten with an extraordinary lustre. And now two new colours have been added to the already extensive range. For more information on the Commodore colour range, see your Holden Dealer.

COMMODORE SERIES II SPECIFICATIONS.

	ECOTEC V6	V8	185kW V8
Engine:	V configuration. OHV design with cross flow cylinder heads. Multipoint fuel injection. Engine Control Module, or Powertrain Control Module (with auto trans). Computer diagnostics. 91 octane petrol (ULP).		
	High energy, distributorless, ignition & triple coils. Sequential fuel injection.	Breakerless high energy electronic ignition system.	Grouped fuel injection.
	'Hot wire' air mass metering.	Cold air intake. High flow air cleaner.	
	Twin knock-control sensors. Two-speed cooling fan. Low friction technology. Cross-bolted main bearings.		Knock sensor. Extractor & low restriction dual exhaust.

A word about this catalogue. We have tried to make this catalogue as comprehensive and factual as possible. However, since the time of printing some of the information you'll find here may have been updated. Also, some of the equipment shown or described through this catalogue may have been changed and/or is available at extra cost. And the right is reserved to make changes at any time without notice, in prices, colours, materials, equipment and models. Your Holden Dealer has details, and before ordering, you should ask them to bring you up to date. No Holden Dealer or other person is authorised or permitted to give or make any statement, assertion or undertaking in relation to the quality, performance characteristics, descriptions or fitness for any purpose of any Holden product which is at variance with any written statement, assertion or undertaking on any of these subjects given or made by General Motors-Holden's Automotive Ltd. A.C.N. 006 893 232 or General Motors-Holden's Sales Pty. Ltd. A.C.N. 004 668 831 in its published sales literature, and neither company accepts any liability for any such unauthorised action. General Motors-Holden's Automotive Ltd. and General Motors-Holden's Sales Pty. Ltd. have franchised dealers in many parts of Australia for the sale of service parts and the provision of service to owners of Holden's products. Every endeavour is made to ensure that such dealers carry adequate stocks of service parts, but neither General Motors-Holden's Automotive Ltd. nor General Motors-Holden's Sales Pty. Ltd. makes any promise other than that contained in the New Vehicle Warranty given by General Motors-Holden's Automotive Ltd. that such parts or service facilities will be available at any specific location or at any particular time. *Fuel consumption figures based on AS2877 tests. These figures are provided to assist you in comparing the fuel consumption of Commodore with other vehicles. The actual fuel consumption will depend, however, on many factors, including your driving habits, the prevailing conditions and your vehicle's equipment, condition and use. When you make a Holden yours, personalise it with accessories to suit your every need. You'll find a diverse range of specialised accessories for every model in our range.

The engineers at Holden have designed and approved the accessories to ensure each one follows the individual function and form of each particular vehicle.

They have developed accessories for more enjoyable motoring in Australian conditions, such as sun shades to combat relentless UV rays, and touring equipment for exploring the great outdoors.

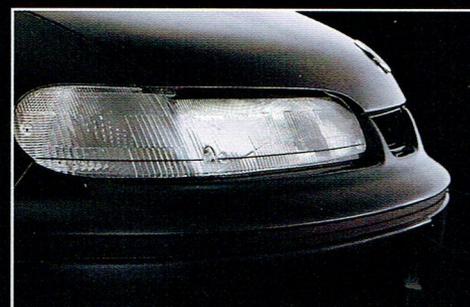

There's also a range of protective

accessories, to keep the exterior in top condition, as well as comfort and luxury items to really indulge yourself.

Only genuine Holden accessories are covered by a 2 year or 50,000km warranty when fitted by your Holden Dealer.

And only Holden Dealers stock the approved accessory range. In fact, they cater for your vehicle's every need, including servicing, fitting, replacement parts, even car care products.

For more information about the total range of accessories to suit your needs, see your nearest Holden Dealer or call 1 800 035 464.

HOLDEN

There's nothing quite like a Holden.

Save on a new car for you or someone in your family.

Apply for The GM Card from Holden and carry the world's fastest growing credit card.

Your GM Card can be a MasterCard or a Visa Card; best of all, every time you make a credit purchase, you'll earn a 5% GM Card Rebate that turns into a guaranteed saving on a new car*.

Save on a new Holden[®] for yourself, or give the saving to your spouse, a child or almost anyone else in your immediate family.[‡]

As well as a guaranteed new car saving, The GM Card also gives you:

- A competitive interest rate of 16.9% pa.[†]
- Up to 55 days interest free on purchases.
- GM Card 24 Hour Customer Service.
- No annual fee in your first year.**
- A 5% Rebate toward your new Holden on balances transferred from other cards.^{††}
- Accelerated Rebate at GM Card Partners.

Any queries? Just call

131 200

The GM Card from Holden.

Accelerated savings opportunities with The GM Card.

Now there's something even better than earning a 5% GM Card Rebate on every purchase! When you use your GM Card for credit purchases at participating GM Card Partners, you'll earn Bonus Rebate **on top of the 5% GM Card Rebate.**

Our first Partner is BP, where you'll earn an extra 1% Bonus Rebate on all GM Card credit purchases of fuel, oil, food, car wash - in fact everything you can buy at BP! Add this to your 5% GM Card Rebate, and you'll accelerate your Rebate to 6% at all BP outlets.

Over the coming months we'll be introducing more Partners where GM Cardholders can enjoy accelerated Rebate opportunities.

- Regardless of where you shop, you earn your **5% GM Card Rebate on all credit purchases.**
- **Accelerate your Rebate** by shopping at participating GM Card Partners.
- **No limit** to the amount of Bonus Rebate you can redeem toward a new Holden.

Unbeatable savings on top of your Holden dealer's best price!

When the time comes to purchase your new Holden, your Bonus Rebate is automatically added to your "Core" GM Card Rebate (up to a maximum of \$3,000) - so you can save even more!

Remember, your total GM Card Rebate is **on top of the best deal you negotiate with your Holden dealer**, so you can be sure it's a genuine saving.

* You may accrue as much Rebate as you can, however, a total of \$3,000 in the form of GM Card "Core" Rebate (plus any additional "Bonus" Rebate accumulated via the Partner Program) accrued over a maximum of 5 years may be applied per eligible vehicle purchased. All Rebate held for more than 5 years is retired and replaced by new Rebate amounts as they are earned on a month-by-month basis. Rebate subject to GM Card Rebate Program Rules.

Eligible Holden vehicles are Barina, Nova, Apollo, Commodore, Calais, Statesman, Caprice, Calibra, Jackaroo, Ute, Rodeo, Frontera or any HSV model sold at retail and delivered and registered within Australia. Vehicle sales for which a fleet allowance is paid are not eligible for GM Card Rebate.

‡ Eligible family members are parents, grandparents, spouse or de facto spouse (including spouse or de facto spouse of the same gender), siblings, children, grandchildren, aunts, uncles, nieces and nephews.

† The interest rate as of 1 October 1995 was 16.9% pa.

** At the end of the first year an annual fee will apply in line with standard Westpac credit card fees (currently \$18 pa.)

†† Balance transfers are subject to the credit limit available on your GM Card account, and interest will be charged from the time the balance is transferred to the account. The minimum amount which can be transferred is \$200.

DECLARATIONS AND CONDITIONS

Protection of your Privacy Acknowledgment and consent that credit information may be given to a credit reporting agency.

1) I understand that the Privacy Act 1988 allows Westpac Banking Corporation ARBN 007 457 141 ("Westpac") to give a credit reporting agency certain personal information including information contained in this application, which I authorise Westpac to do.

This information includes: • My identification • The fact that I have applied for the credit and the amount • Payments which become overdue more than 60 days and for which collection action has commenced • Advice that payments are no longer overdue • In specified circumstances, that in the opinion of Westpac I have committed a serious credit infringement • That the credit provided to me by Westpac has been discharged.

To enable Westpac to assess my application for commercial or personal credit, I authorise Westpac: • To obtain from a credit reporting agency a credit report containing personal information about me • To obtain a report containing information about my commercial activities or commercial credit worthiness from a business which provides information about a person's commercial credit worthiness • To obtain a report from a credit reporting agency and other information in relation to my commercial credit activities.

2) I authorise Westpac to give to and obtain from: (i) credit providers named in this credit application; (ii) credit providers that may be named in a credit report issued by a credit reporting agency; (iii) an authorised person including my agent, accountant or solicitor, information about my credit arrangements (including information about my credit worthiness, credit history, credit capacity, credit standing). I understand this information may be used to assess my application for credit, and/or my credit worthiness, to assist me to avoid defaulting on my credit obligations and to notify other credit providers of a default by me.

3) I authorise Westpac to give and receive a banker's opinion for purposes connected with my business, trade or profession. In accordance with the Privacy Act 1988 I authorise Westpac to disclose the following information to the holder of an additional card on my account: • account

balance • amount of available credit • minimum payment due • information relating to transactions on the account.

4) I have checked the information given to Westpac in this application and declare it is true, complete and correct. If this application is granted I agree to abide by the conditions of use accompanying the card and understand that any cash advance prior to issue of the card will be subject to the conditions of use. I also agree to abide by The GM Card Rebate Program Rules. I state that the credit card account will not be held in trust and is held in the name of a person. Please provide details if you or the additional cardholder are known by any other name.

5) I acknowledge that Westpac will provide to Holden transaction details on my card account appropriate for the calculation of GM Card Rebate amounts and the mailing of my GM Card Rebate Statement and other related matters.

6) Other Authorisations

• **For the purpose of administering the GM Card Program, including the calculation and redemption of GM Card Rebate and related matters, and for marketing as set out below, I consent and agree to the disclosure of - information contained in sections 1, 3 & 5 of this Application - information about transactions on my GM Card account and - the amount of GM Card Rebate, by and between Westpac, other Program Partners, Holden, Holden Dealers, their respective agents and contractors and any Additional Cardholder and specifically authorise each of those persons to seek access to that information.**

• **I also acknowledge and agree that the information disclosed may be used in a direct marketing database by Holden, Program Partners, Westpac and their respective agents and contractors, for the purposes of communicating with me/us in the future. "Holden" means General Motors-Holden's Automotive Limited (ACN 006 893 232) and its related bodies corporate as defined under the Corporations Law. Other terms have the meaning given to them in the GM Card Rebate Program Rules.**

HOLDEN SMARTBUY

If you're smart,
buying a new Holden
is easy.

With SMARTBUY, the range of choices you have can make your dream of a new Holden a reality.

SMARTBUY allows you to structure your loan repayments with a larger final payment, which is the estimated future value of your vehicle at the end of the contract.

At the end of the contract, you have three choices: to pay out the final repayment, re-finance* this amount, or simply return your Holden to us along with a disposal fee of \$350 (plus excess charges which may apply).

SMARTBUY is a flexible finance plan too, which can be tailored to your needs. Terms can range from 12 to 48 months. And for those who use the vehicle for business purposes, a maintenance component can be built in.

Perhaps the most appealing aspects of SMARTBUY are the options you have at the end of the contract.

Firstly, you have the option to keep your Holden, simply by making the final payment. This figure is determined up front, giving you time to plan where the money is coming from.

To make the final payment, you can always sell your Holden privately (after arranging to discharge your mortgage with Holden Financial Services[#]) and any amount above this is yours.

Secondly, if you qualify, you can re-finance the final payment with Holden Financial Services.

Repayment terms can be handled on a flexible basis.

Finally, you can opt to return your vehicle to Holden Financial Services. To take this option, simply notify us 30 days prior to the final payment due date and pay a \$350 disposal fee (plus any charges for excess wear and use, and/or excess kilometres if necessary). Then walk away or talk to us about finance for your next new Holden.

Holden Financial Services.

Holden Financial Services is a registered business name of General Motors Acceptance Corporation Australia. Every year, millions of motorists around the world enjoy the security and convenience of GMAC, established in 1919 as a wholly owned subsidiary of General Motors Corporation.

With our fast loan approvals, you can literally walk into your Holden Dealer and drive out. And being a truly national organisation, you'll find the same courteous and caring attention wherever you are.

OKAY, NOW IT'S QUESTION TIME.

Q. What happens at the end of my SMARTBUY contract if I choose to return my Holden?

A. When you return your Holden at the end of the agreed term, your Holden Dealer will inspect the car's condition for excess wear and use. You will be charged for any such excess. If you've exceeded the allowed number of kilometres, you'll be charged a separate excess kilometre amount.

A. Yes you can, however it's worth remembering the structure of SMARTBUY with the larger final payment. This means that the amount you may owe during the term of the contract may be greater than the trade-in offer. That's why it's important to choose a term which best suits your driving cycle.

Q. What if my Holden's value is less than my SMARTBUY final payment?

A. The most attractive aspect of SMARTBUY is the vehicle return option you have at contract maturity. Give Holden Financial Services 30 days' written notice, pay a \$350 disposal fee, plus any excess charges (if applicable). You then walk away with no further obligations.

For more information call the Sales Manager at your nearest Holden Dealer or freecall the SMARTBUY hotline on 1 800 64 2000.

*Subject to credit approval. # Holden Financial Services is a registered business name of General Motors Acceptance Corporation Australia. A.R.B.N. 007 480 382.

**IF YOU'RE SMART, BUYING A
NEW HOLDEN IS EASY.**

To see just how smart Holden SMARTBUY really is, fill out the table below with the help of your preferred Holden Dealer and compare it to other finance plans. With such low monthly repayments, suddenly your new Holden is much closer than you thought.

Finance Plan	Model and cash price	Monthly repayments over 2 Years	Monthly repayments over 3 Years	Monthly repayments over 4 Years	Guaranteed buyback price
Holden SMARTBUY					
Other:					

END OF CONTRACT OPTIONS.

The most appealing aspects of SMARTBUY are the options you have at the end of your contract. Compare these options against other finance plans.

Holden SMARTBUY	Other:
1. Hand back the keys. Simply notify us 30 days prior to the final payment due date and pay a disposal fee.	
2. Keep your Holden by simply making the final payment. This figure is determined up front to give you time to plan where the money is coming from.	
3. Trade-in and Trade-up. Simply rearrange a new SMARTBUY contract and you'll be able to own a new Holden every few years. The buyback figure ensures there will never be any hassles over your trade-in price.

This colour chart illustrates the available exterior colours and interior trims of the Holden Commodore, Calais and Ute range of vehicles. As these are printed colours and not actual samples, variations between those illustrated and actual paint and fabric colours may occur. As such, we recommend that these illustrated colours be accepted as indicative only. Metallic, Frost and Mica paints may be an extra cost item and certain colours may not be available from time to time or on certain models. It is important that your Holden Sales Consultant confirms with you such variations by reference to the latest Holden Order Procedure. Availability of colours was correct at time of printing, however, General Motors-Holden's Automotive Ltd. A.C.N. 006 893 232 reserve the right to make changes at any time and without notice.

*NOTE: Mica and Frost colours are designed to vary the colour appearance as light is reflected through the surface clearcoat.
