MAZDA MAKES ZOOM-ZOOM EASY TO EXPERIENCE

Zoom-Zoom is the "emotion of motion." It's that exhilarating, connected-to-the-road feeling every driving enthusiast loves. Zoom-Zoom is an integral part of every Mazda we make. And, in this vehicle, it's enhanced by design features that include:

Factory Turbocharged & Intercooled, 1.8-Liter Engine
 The MAZDASPEED MX-5 Miata's factory turbocharged and intercooled, 16-valve powerplant delivers a whopping 25% more horsepower and 33% more torque than a regular MX-5 Miata. The end result is a better power-to-weight ratio than the BMW Z4 2.4. A smooth-shifting, close-ratio 6-speed manual gearbox plus a Bosch torque-sensing limited-slip differential are also standard.

MAZDASPEED-Tuned & Lowered Suspension
 Tenacious handling is a given thanks to the tuned and lowered double-wishbone suspension. Special components include stiffer springs, beefier front and rear stabilizer bars and Bilstein gas-charged shocks.

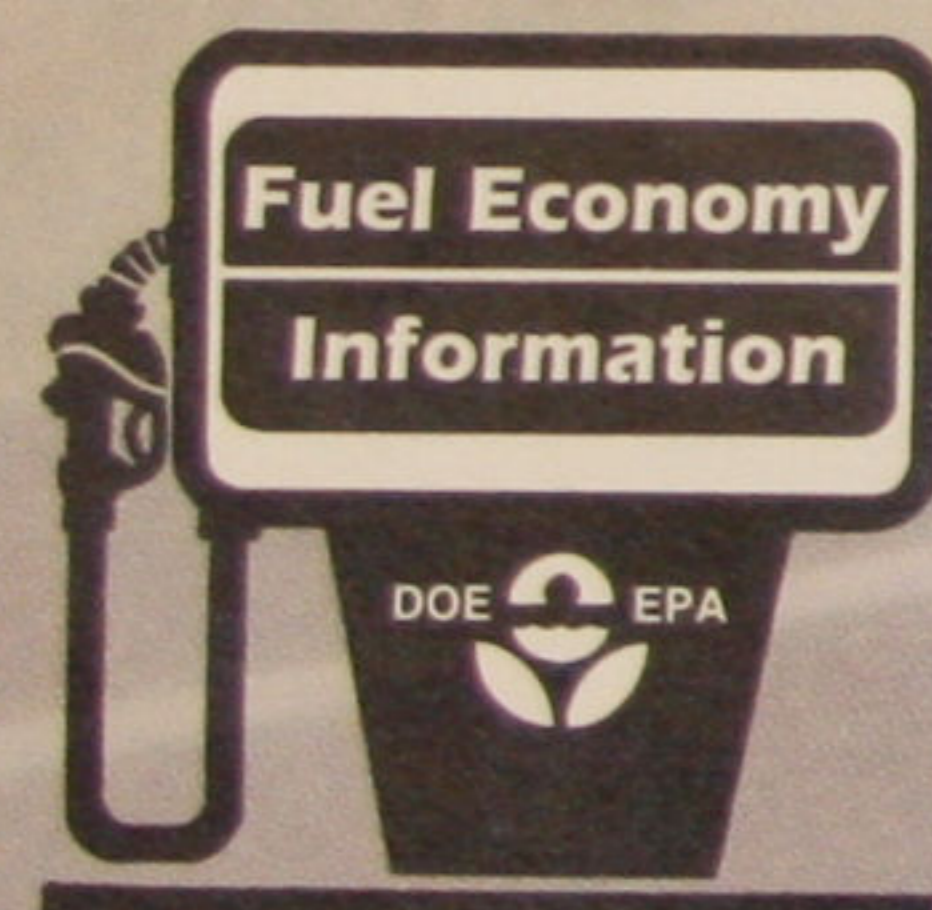

Racing Hart(TM) Alloy Wheels & High-Performance Toyo Tires
 Handsomely helping to keep the MAZDASPEED MX-5 Miata securely anchored to the asphalt are four 17-inch Racing Hart(TM) aluminum alloy wheels shod with W-speed-rated high-performance 205/40R17 Toyo Proxes R28 unidirectional tires.

CITY MPG

20

2004 MAZDA MIATA

4-CYLINDER (DOHC 16 VALVE)
 112 CUBIC INCH DISPLACEMENT.
 ELECTRONIC GASOLINE INJECTION.
 MANUAL 6-SPEED OD TRANSMISSION
 CATALYST EQUIPPED.

Estimated Annual Fuel Cost:
 \$1,092

HIGHWAY MPG

26

For Comparison Shopping,
 all vehicles classified as

TWO-SEATER

have been issued mileage ratings
 ranging from 9 to 61 mpg city
 and 13 to 68 mpg highway.

Actual Mileage will vary with options, driving conditions, driving habits and vehicle's condition. Results reported to EPA indicate that the majority of vehicles with these estimates will achieve between 17 and 23 mpg in the city, and between 22 and 30 mpg on the highway.
