

1977 Specifications

EXTERIOR DIMENSIONS

- Overall length 204.3"
- Overall height 80.5"
- Overall width 78"
- Wheelbase 110"
- Front tread 52.2"
- Rear tread 53.3"
- Cab width 61.2"
- Cab height 62.2"
- Ground clearance 7"

INTERIOR DIMENSIONS

- Driving — Leg room 41.7"
Shoulder room 53.8"
- Living — Width 70"
Height, top lowered 52"
Height, top raised 73 1/2"

MECHANICAL/ENGINE

- Model: 20R
- Type: 4-cylinder in-line SOHC, hemi-head
- Bore and stroke: 3.49 x 3.50
- Compression ratio: 8.4 to 1
- Displacement: 2.2 liter (2189 cc)
- Net horsepower: 96 @ 4800 rpm (in Calif: 90 @ 4800 rpm)
- Net torque: 120 ft. lb. @ 2800 rpm
- EPA gas mileage (see inside)
- Fuel capacity: 16.1 gallons
- Oil capacity: 4.8 quarts
- Coolant capacity: 8.5 quarts
- Catalytic converter required in Calif.

TRANSMISSION

- 4-speed manual synchromesh

BRAKES

- Front: power disc (10.5")
- Rear: drum (10")
- System: tandem master cylinder with brake booster (9")

SUSPENSION (heavy duty)

- Front: coil spring
- Rear: leaf springs

STEERING

- Turning radius: 39.3"

ELECTRICAL SYSTEM

- Battery: 50 amp hours
- Alternator: 40 amps
- Ignition: transistorized

TIRES & WHEELS

- 7.50 x 14, 6-ply white sidewalls, heavy duty

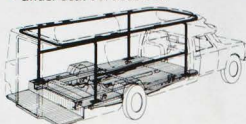

CAMPER STANDARD FEATURES

- Tough fiberglass body with reinforced steel frame
- 2-burner gas range with vent hood
- 5 gallon LP gas tank with gauge
- Stainless steel sink with drain
- 5 gallon water tank with city water fill capability

SEE EPA STATEMENT INSIDE

The Chinook is the most versatile vehicle you'll ever own. You can take it anyplace, anytime with all the convenience of a station wagon plus so much more. And, since it's permanently mounted on a Toyota chassis, the operating costs will be a fraction of what you might expect.

The Chinook is as easy to drive and park as a sedan. Yet, there's enough space inside to load up your family or friends, find an interesting place, and stay awhile!

The unique advantages of the Chinook lie in the unlimited possibilities it offers each day. Drive it to work. Take it shopping. Go camping. Take it to the

ballgame. Park it on the beach. Make a delivery. Get the idea? The possibilities are endless!

42 YEARS OF QUALITY.

Excellence in engineering and craftsmanship are the result of Chinook's forty-two years of experience in building recreation vehicles. Such features as lighting, upholstery, drapery fabrics, wall paneling, counter tops and spacious tinted safety glass windows have been designed with beauty and durability in mind.

POP THE TOP!

Half the fun of owning a Chinook is getting there. Once you're there, pop the top and live a lot! It raises and lowers in a matter of seconds and the durable vinyl bellows is designed for cross ventilation or air tight cool-weather comfort.

COMFORTABLE LIVING.

A two burner stove with overhead vent, stainless steel sink and a large icebox (or optional gas/electric refrigerator) are just some of the quality features on the

Chinook. A big double bed sleeps two adults, and the slide-out cabover bunk is just great for the kids. (Optional bunks will sleep two more adults)

TOYOTA ECONOMY.

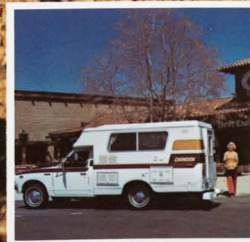

Where do you want to go? The Toyota chassis will get you there with more miles per gallon than a comparable sized station wagon.

So, the Chinook is everything you'd expect a leader in the field to be: Versatility and quality. Comfort and economy. The possibilities are endless when you experience the daily convenience of owning a 1977 Chinook.

Take it anyplace. Anytime.

Because it belongs anywhere you take it.

28 MPG* Highway, 20 MPG* City, 23 MPG* Combined. CALIFORNIA: 26 MPG* Highway, 16 MPG* City, 21 MPG* Combined.

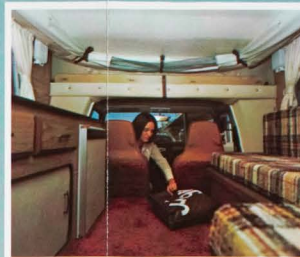

*Your actual mileage may vary depending upon the type of driving you do, your driving habits, how well you maintain your truck, optional equipment installed, and road and weather conditions.

Enjoy breakfast, lunch or dinner in complete comfort. The refrigerator, counter or storage area are within arms reach and the spacious safety glass tinted windows provide ideal viewing.

Inside there's easy access to all appliances including stainless steel sink, stove, lots of useable counter space and plenty of extra storage.

The permanently mounted, all-fiberglass body allows convenient pass-through from sizeable living area to driver compartment.

The removable dinette table provides plenty of leg room, and there's comfortable seating on thick foam upholstered cushions. There's even room for a "kibitzer".

Two adults are comfortably accommodated in the double bed, while the slide-out cab-over bunk is just right for children. (Optional bunks are available to sleep two additional adults)

Now, think of the possibilities!

Because it belongs anywhere you take it.
