

OH  
WHAT  
A  
FEELING!  
**TOYOTA**

**1981 ACCESSORIES  
BY TOYOTA**

SPOIL YOURSELF  
WITH EXTRAS  
INSIDE.

Your Toyota already comes standard-equipped with plenty of features, but there are a lot more extras available to enhance your total Toyota driving pleasure. Select from this wide range of comfort features to suit your personal taste and needs.

**A. Air Conditioning Units** not only keep you cool in summer but comfortable year-round by dehumidifying interior air and defogging your windshield.

**B. Floor Mats** of rubber or plush double tuft velour pile with latex backing provide carpet protection and easy cleaning. In black, burgundy, blue and beige. Available for trucks in vinyl with cartoon character.

**C. Pushbutton AM/FM/MPX Stereo Radio with Cassette Stereo Tape Player** is music to the ears. The radio has exceptional FM

reception with 7 watts per channel output. Cassette unit has locking fast forward and rewind plus automatic replay.

**D. Electronic AM/FM/MPX Stereo Radio with Cassette Stereo Tape Player** (shown here with Graphic Equalizer) features electronic tuning, 4-way balance controls and LED digital frequency display. Auto-reverse cassette stereo tape deck has locking fast forward and rewind.

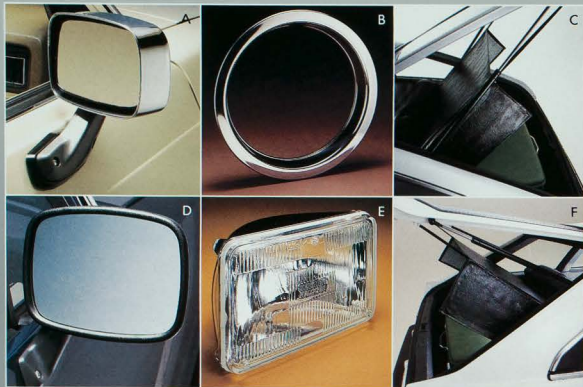

**E. Graphic Equalizer/Amplifier** tailors frequency response to individual taste. A fantastic addition to your sound system. Even at low volume this unit gives you rich tones with a power output of up to 10 watts per channel.

**F. Auto-reverse Cassette Stereo Tape Player** (top) features locking fast forward and rewind plus tape direction indicator. **Cassette Stereo Tape Player** (bottom), the popular choice. Offering excellent quality at an economical price, this unit features two-speaker sound with plenty of power output.

(Left) Graphic equalizer/amplifier, cassette deck, electronic tuner radio.

Shown with optional equipment. See Accessories chart for details.

## WHAT ALL THE BEST-DRESSED TOYOTAS ARE WEARING THIS YEAR.

It's *your* baby. So why not smarten up the basic good looks of your Toyota with some extra special touches that let your personality shine through? Like all Toyota parts, each accessory is backed by Toyota's long-standing reputation for excellence and quality control.

**A., D. Right Hand Mirrors** (A—for Corona, D—for Truck) insure greater visibility and have sleek, aerodynamic styling for that sporty look.

**B. Trim Rings** add style and a sporty look. Made of stainless steel, they have a patented retention system which holds them securely to your wheels. Available for 13" and 14" wheels.

**C., F. Cargo Covers** (C—for Celica, F—for Corolla) made of leather-like vinyl, provide privacy for weekend luggage or other belongings in Liftback storage areas. The cover can be mounted so that it lifts

and lowers with the door, or it can be attached to lower panel to stay closed.

**E. Tungsten Halogen Sealed Beams.** Standard European lighting equipment, now available for your Toyota, features higher candlepower for improved nighttime visibility.

**Urethane Bumper Painting Kit** (painted bumper, large photo). With this kit, all that's needed to give your bumpers a classy, color-coordinated look is the paint to match or complement your car's color.

**Touch-Up Paint Kit** (not pictured). A useful item for touching up little nicks and scratches to help prevent rust and corrosion. Available in colors to match most cars and trucks. Keeps your car in showroom condition.

(Right) Painted bumper, halogen beams, right hand mirror and trim rings on Corolla Deluxe Sport Coupe.

Shown with optional equipment. See Accessories chart for details.

## MORE EXTERIOR DASH AND FLASH.

Here are more additions to spice up your new Toyota. The glow of chrome and the sophistication of black accessories accentuate your Toyota's good looks, and they're hard working. Whether you're going for a sportier look or just plain convenience, you'll find these options a practical investment.

**A. Adjustable Roof Rack** for carrying additional cargo. Can be quickly mounted and just as easily removed when not in use. The rack has adjustable rails and tie-downs for various size loads. For Sedans, Coupes and Liftbacks as well as Wagons. And for those winter vacations, Toyota now offers a Ski Rack (not pictured) that can be attached to this roof rack.

**B. Deck Rack**, a handy item for adding extra cargo space,

has contemporary styling with adjustable tie-downs for various size loads. Made of dual nickel chrome and polished aluminum, this rack resists rust in all kinds of weather.

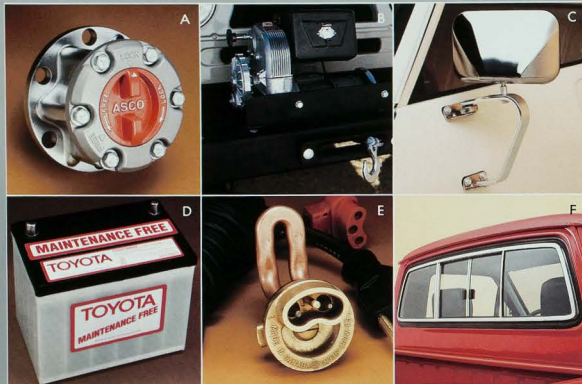

**C. Fixed Basket Style Roof Rack**, also for added cargo carrying capacity, has classic fixed-stanchion styling. Made of stainless steel and chrome-plated materials to resist rust.

**D., E., F. Sporty Shade Kits** (D—for Corolla Liftback; E—for Celica ST Sport Coupe; F—for Corolla Sport Coupe) add style, class and have practical advantages to boot. These kits provide shade so you can minimize use of your air conditioner, reduce glare and retard carpet and upholstery fading. Hidden support bars hold up the shade for convenient window cleaning. Shade kits have a durable black semi-gloss finish.

Shown with optional equipment. See Accessories chart for details.

## HARDWORKING ADDITIONS FOR ON AND OFF-ROAD.

Toyota offers a great selection of hard-working, tough equipment that can make off-road going a little easier. Several of these accessories are also available for all Toyota cars and trucks.

**A. Locking Front Hubs** let you free-wheel on the highway to save wear on the transfer case and to help increase gas mileage for your Land Cruiser Hardtop.

**B. Winch** (for Land Cruiser Hardtop only). Electric steel cable power winch can clear obstacles from the trail or help pull some fellow off-roader out of a soft spot. Good to have when the going gets *really* tough.

**C. Deluxe Truck Mirror** provides wide-area visibility. Constructed of heavy-duty stainless steel. Mirror arm swings away when not in use.

**D. Maintenance-Free Battery** has improved cold cranking performance which provides more power for all-

weather start-ups and doesn't require the addition of water for up to a full 6 years under normal driving conditions.

**E. Block Heater** is designed to fit all Toyotas. This 110-volt electric plug-in heater keeps engine coolant about 55° F higher than outside temperature. Easier start-ups and shorter idling time reduce battery drain and fuel waste.

**F. Sliding Rear Window** provides easy rear access and ventilation for off-road and highway driving.

**Oval Tube-Style Rear Bumper** (large photo, right). Monocoque aluminum design uses aerospace technology for lightweight tow capabilities. Drop hitch available for 4x4 and 4x2.

**Box-Type Rear Step Bumper** (large photo, left) adds style and tow capabilities to your off-roader or 4x2 truck. Rugged and made to last, it comes in chrome or durable silver gray paint.

(Right) Box-type rear step bumper and oval tube-style rear bumper.

Shown with optional equipment. See Accessories chart for details.
