

THE ALL-NEW 2017 LINCOLN CONTINENTAL

Coming Fall 2016. Pre-production model shown.

The all-new Lincoln Continental embodies a timeless definition of beauty, balancing strength and elegance, power and control. From the Advanced Electronic Door Handles designed into its streamlined silhouette, to the patented 30-way power multicontour front seats with Active Motion^{®1} within its impressively quiet interior, Continental enhances each drive with its thoughtful innovations. Revel[®] audio systems¹ – exclusive to Lincoln – immerse you in a lifelike listening experience. SYNC[®] 3, our next generation of voice-activated technology, helps keep you connected with its easy-to-use new design and new features.² Beneath its sculpted hood breathes your choice of 3 engines, including a refined 3.0-liter GTDI V6¹ with twin turbochargers. Travel on your own terms – in the all-new Lincoln Continental.

Coming Fall 2016. Pre-production model shown. ¹Available feature. ²Driving while distracted can result in loss of vehicle control. Only use SYNC/other devices, even with voice commands, when it is safe to do so.

Experience your journey elegantly and seamlessly.

YOUR DRIVE – ENGAGING.

Lincoln Continental offers you a choice of 3 smooth engines, including a standard 3.7-liter Ti-VCT V6 with twin independent variable camshaft timing. The 2.7-liter GTDI V6¹ features twin turbochargers that help it generate an immediate surge of on-demand power. And at the top of the lineup, the 3.0-liter GTDI V6¹ uses vanes inside its air inlets to get air spinning before it even enters the twin turbochargers. For the pinnacle Continental driving experience, equip yours with Dynamic Torque Vectoring¹ and Intelligent all-wheel drive (AWD).¹ Adaptive steering and Lincoln Drive Control featuring continuously controlled damping (CCD) also play significant roles in the remarkably connected feeling you'll have as you take the wheel of your all-new Continental.

YOUR EXPERIENCE – ELEVATED.

As you glide toward your destination, Continental treats you to a blissful ride courtesy of noise-minimizing technologies such as the acoustic-laminate glass in all of its doors, a SoundScreen[®] acoustic windshield and Active Noise Control. Adaptive HID or premium LED¹ headlamps brilliantly illuminate your path. Once activated, Adaptive Cruise Control with Stop and Go^{1,2} can automatically adjust your vehicle's speed to maintain a preset gap from the vehicle in front of you. The system can be used at both high and low speeds, and can even follow the vehicle ahead of you to a complete stop. Engage the 360-Degree Camera^{1,2} upon your arrival for a bird's-eye view of your surroundings and slip gracefully into your parking space.

Coming Fall 2016. Pre-production model shown. ¹Available feature. ²Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle.

YOUR CABIN – FIRST CLASS.

Because you've earned it. From the warmth of its authentic wood accents to the simplicity of its elegant controls, every aspect of the beautifully crafted Continental interior is designed with you in mind. Enjoy the personalized embrace of a patented comfort-carrier design that flexes around you in the 30-way power multicontour front seats with Active Motion.^{®1} Power-adjustable head restraints and thigh extenders enable you to thoroughly customize the fit of these heated and cooled seats, while the massage functionality can help reduce muscle fatigue in your upper legs and lower back. Delight your passengers with heated and cooled rear outboard seats¹ featuring power recline and lumbar support, sunblinds¹ that stow away neatly inside the rear doors, and a moonroof¹ for wide-open skyward views.

Coming Fall 2016. Pre-production model shown.
¹Available feature.
