

2025 DODGE HORNET

00:20:25

HORNET R/T: **360 MILES** OF TOTAL **DRIVING RANGE**
UP TO 288 HP/**383 TOTAL LB-FT OF TORQUE**
0-60 LAUNCH IN 5.6 SECONDS

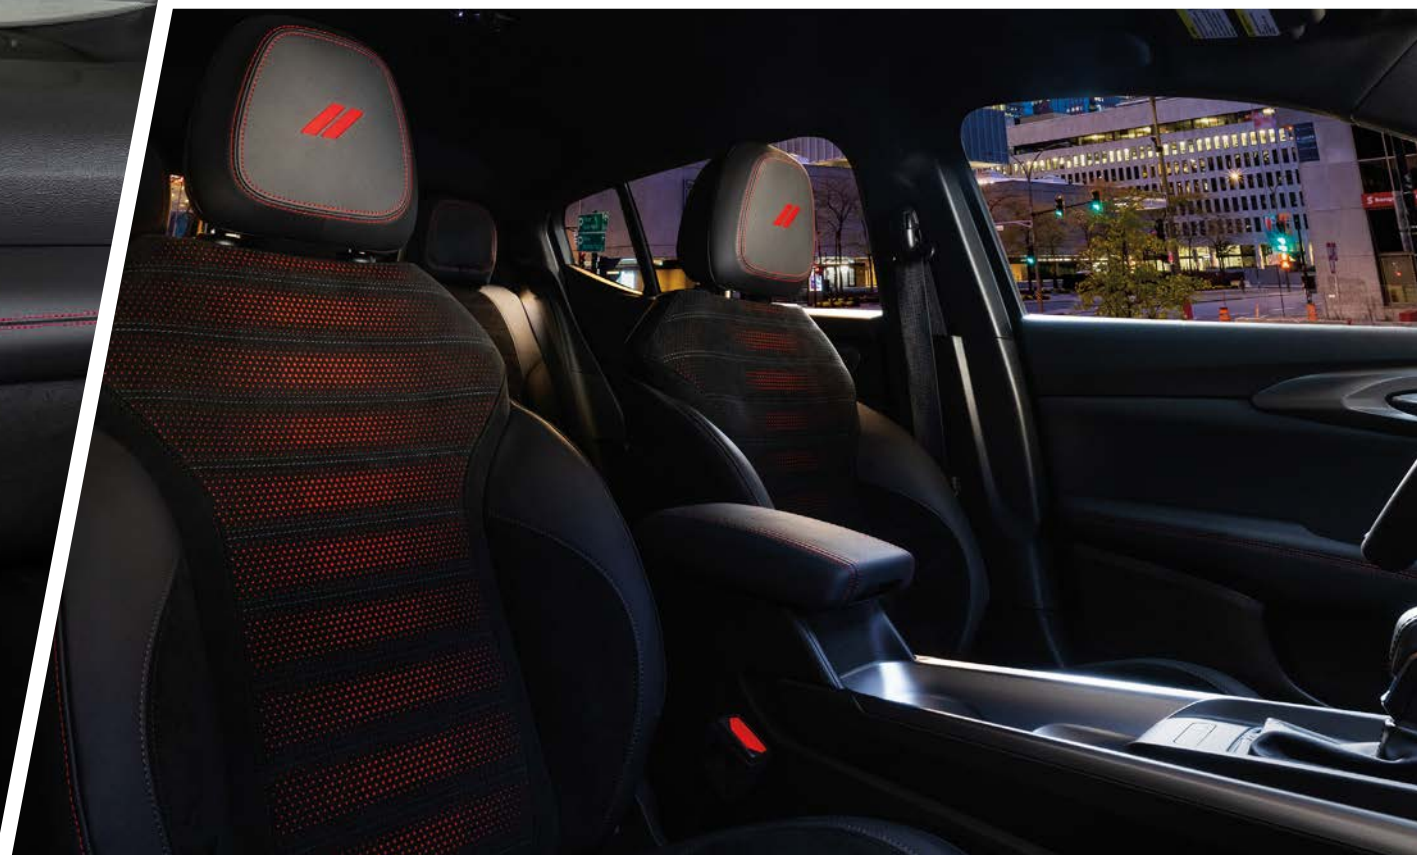

HORNET GT: 268 HP/**295 LB-FT OF TORQUE**
0-60 IN 6.5 SECONDS TURBOCHARGED ENGINE

MAKE AN EMPOWERED DECISION

Dodge Hornet brings what the others don't—the thrill of performance-focused driving to an otherwise boring segment. Built on a legacy of performance, Hornet delivers two available powertrains, gas and a plug-in hybrid electric vehicle. Both earn their street cred by throwing down staggering power and performance numbers. The grille, muscular stance and LED headlamps and taillamp are just as aggressive as the performance. Slide inside to find available paddle shifters on all models, comfortable seating and a rear cargo area that's ready for adventure.

// Dodge Hornet GT shown in Acapulco Gold and Dodge Hornet R/T shown in Hot Tamale.

VIP SEATING ONLY

TAKE CONTROL - The teched-out interior has driver comfort, convenience and command at its core. The interior design and interface wrap around the driver to provide a performance cockpit driving experience. Available SPORT Mode is activated via the SPORT button and provides greater throttle response and modified transmission shift points for an enhanced driving experience and greater steering feel.

Center stack buttons are in easy reach as are intuitively placed steering wheel buttons and available paddle shifters. For a bigger shot of performance adrenaline, pull both paddle shifter simultaneously up to 30 additional horsepower will be applied on the next throttle pedal application for a 10-15 second interval. The feature can be used multiple times after a 10-15 second cool down period.

// Dodge Hornet R/T with Black perforated Alcantara® seats and Red backing included with Track Pack + Blacktop Bundle.

The all-Black interior features Red accent stitching, comfortable seating for five and 60/40 split-folding rear seats that allow transporting longer gear with ease. For maximum utility space and ease, fold down the rear seats and load through the rear hatch.

[1] All SiriusXM services require a subscription, sold separately by SiriusXM after the trial period. Your SiriusXM service will automatically stop at the end of your trial unless you decide to subscribe. If you decide to continue service after the trial, the subscription plan chosen will automatically renew and be charged according to your chosen payment method at then-current rates. Fees and taxes apply. See the SiriusXM Customer Agreement and Privacy Policy at www.siriusxm.com for full terms and how to cancel, which includes online methods or calling 1-866-635-2349. Available in the 48 contiguous United States, D.C. and Puerto Rico (with coverage limits and capable receiver). Visit www.siriusxm.com/FAQS for most current service area information. Availability of some services and features is subject to device capabilities and location restrictions. All fees, content and features are subject to change. [2] Requires compatible iPhone. See dealer for phone compatibility. Data plan rates apply. Vehicle user interface is a product of Apple. Apple CarPlay is a trademark of Apple Inc. iPhone is a trademark of Apple Inc., registered in the US and other countries. Apple terms of use and privacy statements apply. [3] To wirelessly use Android Auto on your car display, you need a compatible Android smartphone with an active data plan. You can check which smartphones are compatible at g.co/androidauto/requirements. Android Auto is a trademark of Google LLC. [4] All vehicles properly equipped to receive connected services come with a three-month trial of Assistance Package or Assistance + Navigation Package (if equipped), up to five years of Vehicle Performance Package, up to 10 years of Safety and Security Package effective from the date of purchase or lease of a new vehicle. Enrollment in trial is required to receive services. Upon expiration of trial period, purchase of a subscription is required to continue or renew services. Services are available on equipped vehicles purchased within the United States, Canada and Puerto Rico. Services can only be used where cellular coverage is available. See the applicable Terms of Service for complete terms and conditions, including service limitations. [5] Always check entire surroundings visually before proceeding. [6] Always look before proceeding. An electronic drive aid is not a substitute for conscientious driving. Always be aware of your surroundings. [7] Always check visually for vehicles prior to changing lanes. [8] This system is an alert system for the front of the vehicle. It is not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. [9] This system is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. [10] This system is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and maintain control of the vehicle. [11] Traffic Sign Recognition is not a substitute for safe and attentive driving. Factors including weather and condition of the traffic sign can impact recognition and display of the sign. Always check traffic signs visually while driving. [12] Check state and local laws regarding the use of remote start systems. [13] HAS requires the driver to keep his or her hands on the steering wheel at all times. This system is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and maintain control of the vehicle. [14] This system is a driver convenience system, not a substitute for active driver involvement.
