

JEEP CHEROKEE

Limited

HEART OF THE CITY. SOUL OF JEEP

The Jeep® name has long stood for tough, dependable four-wheel drive vehicles. And for two very good reasons. Jeep innovation—continued advances in state-of-the-art design and engineering. And Jeep tradition—a history of over 45 years of four-wheel drive technology and off-road experience. During that time, Jeep has bridged the gap between the need for comfortable personal transportation and an outstanding capacity for work and off-road adventure.

A prime example is Jeep Cherokee. In fact, Cherokee first demonstrated its outstanding Jeep qualities by becoming the only vehicle ever to win all three major off-road magazines' "4x4 of the Year" awards in its year of introduction. Since then, Jeep Cherokee has continued to impress the world, setting the standard as the ultimate in four-wheel drive ruggedness and versatility.

Jeep is now expanding this standard with new levels of sophistication and European elegance. A vehicle as much at home against the city skyline as in the country backwoods.

It's the ultimate Cherokee: Jeep Cherokee Limited.

ULTIMATE EQUIPMENT STANDARD.

Inside and out, Cherokee Limited offers the highest levels of standard equipment available, plus these exclusive features: monochromatic paint treatment (available in Black, Grenadine® or Charcoal®), 15" x 7" gold cast aluminum wheels with P225/70HR15 Goodyear Eagle® GT+4 tires, color-keyed fender flares and front air dam, and special gold-accent striping and graphics.

Beneath this sophisticated character, you'll encounter the true soul of Jeep. Like the all-new 4.0 litre *Power-Tech Six* engine. With 173 horsepower and 220 ft. lbs. of torque, this advanced 6-cylinder engine is *the most powerful engine in its class*. Not surprising when you consider it's a production version of the *same* Jeep engine used in setting nine national and four international world speed records. And Cherokee Limited comes with this world-class powerplant as standard equipment.

*extra cost

Teamed to the *Power-Tech Six* is a standard 4-speed automatic transmission featuring electronic shift-control and 4th gear overdrive. And the driver-selectable dual mode switch permits you to go from fuel-efficient "Comfort" to quick-shifting "Power" anywhere, anytime, whatever your driving needs.

Wherever your destination. Whatever your driving situation. The ability to handle rough terrain or bad road conditions, with confidence and security—that's legendary Jeep four-wheel drive.

Standard on Cherokee Limited is Command-Trac® Jeep's part-time four-wheel drive system. This innovative transfer system allows easy on-the-fly shifting between two-wheel drive and go-anywhere four-wheel drive. Optional Selec-Trac® provides Cherokee Limited with *the only full-time four-wheel drive system in its class*. Just put the shifter in "4WD" and you're ready for any driving surface.

And Cherokee Limited is ready for the demands of the road with all the rugged durability and ride-control that

made Jeep Cherokee famous. Like Jeep's exclusive UniFrame integral body-frame construction for precise handling and increased overall strength. And the responsive Quadra-Link® suspension, along with front and rear stabilizer bars and dual-action shock absorbers, adds exceptional comfort and traction on and off road.

Also among the high level of standard features are Keyless Entry System, extra-capacity fuel tank, rear window wiper/washer, fog lamps and roof rack.

ULTIMATE INTERIOR COMFORTS.

Seeing is believing. Experiencing is proof. Especially in the case of Cherokee Limited, where high quality ultimately speaks for itself. Designed with you and your passengers in mind, Cherokee Limited offers a unique combination of luxury class interior comforts. Like soft, genuine leather wingback front bucket seats with rockers, recliners and adjustable headrests. Like deep-set 18-ounce carpeting throughout the passenger area. Like the leather-wrapped sport steering wheel and full console including armrest, storage box, ashtray and rear heat ducts. And deep-tinted glass on rear side and liftgate windows for added passenger privacy. There's a Premium Sound System that provides the balanced sound of an electronically tuned AM/FM stereo cassette radio with Dolby® and six Accusound speakers by Jensen®. Plus, air conditioning, cruise control and power everything, including: steering, brakes, 6-way power front seats, windows, door locks, dual electric mirrors, and power antenna.

More standard equipment unique to this exclusive vehicle's interior are: dark charcoal gray headliner, padded instrument panel, glove box and storage bin; special door trim with gray vinyl upper and black 14-ounce carpeted lower; "hockey stick" style armrests with bright upper and lower surrounds on front doors; upgraded cargo floor, wheelhouse, carpeted rear seatback and liftgate trim panel.

The ultimate in Jeep Cherokee styling, interior comforts and level of standard equipment—Cherokee Limited has it all. And, with the versatility and rugged refinement Jeep Cherokee has to offer, that covers a lot of ground in the world of personal transportation.
