# THE TOYOTA TOUCH

The Toyota Touch is our commitment to your total satisfaction. And a simple way of saying we want your experiences with Toyota products and personnel to be the very best.

The Toyota Touch originates with quality, in the design and production of each and every new vehicle. From drawing board to final delivery—hard work, attention to detail and intense personal pride are the rules, rather than the exceptions.

The Toyota Touch is further evidenced at each dealership, where salespeople are known for their courtesy and integrity. Where Parts and

Service personnel are among the most capable and conscientious you'll find. Their many years of experience. backed by ongoing programs of product support and technical training, give them the in-depth knowledge to give you superior service.

Considering the quality that's behind every vehicle we sell, it's no wonder the Toyota Van has been rated the most trouble-free compact van sold in America.\*
