

LINCOLN
MKX

2009  LINCOLN

ACHIEVE A BRAND NEW VIEW.

A 2008 CONSUMERS' TOP RATED™ VEHICLE. That's what visitors to *Edmunds.com* declared Lincoln MKX. "The Lincoln MKX's expansive feature content drew accolades, including items like the heated and cooled front seats, panoramic Vista Roof,™ power liftgate, THX® sound system and Lincoln's innovative SYNC® system. The ride is also comfortable, with both rows of seats offering an excellent amount of space and comfort," says *Edmunds.com*.

DRAMATIC PRESENCE. INSPIRING VANTAGE POINT. LINCOLN MKX IS WORTH CELEBRATING. ESPECIALLY WITH THE AVAILABLE LIMITED EDITION PACKAGE – FEATURING ETCHED LINCOLN STARS IN THE HEADLAMP LENSES, 20" CHROME-CLAD ALUMINUM WHEELS AND "LIMITED EDITION" BADGING. FOR EVEN MORE DISTINCTION, CHOOSE THE MONOCHROME LIMITED EDITION PACKAGE, EXCLUSIVELY IN BLACK.

HEATED AND COOLED, LEATHER-TRIMMED COMMAND CENTER. AND WHAT A HUB IT IS. FIGURED MAPLE OR EBONY WOOD TRIM. BRITENICKEL ACCENTS. A UNIQUE SEAT-CONTOUR DESIGN THAT HELPS REDUCE PRESSURE POINTS AND FATIGUE. AND 10-WAY POWER, HEATED AND COOLED FRONT SEATS THAT ENSURE COMFORT IN ANY WEATHER.

INFORMATION IS POWER. YOU'VE GOT THE LINK. SIRIUS TRAVEL LINK.¹ SIMPLY STATE YOUR DESIRE. THE NEW VOICE-ACTIVATED NAVIGATION SYSTEM¹ DELIVERS ON YOUR COMMANDS. FINDING THE LOWEST-PRICED FUEL. ROUTING YOU AROUND DELAYS. EVEN HELPING YOU GET TO THE MOVIES ON TIME. DIGITAL PRECISION. INSPIRING LUXURY. LINCOLN MKX HAS IT ALL.

SIRIUS
TRAVEL LINK™

VOICE-ACTIVATED NAVIGATION WITH SIRIUS TRAVEL LINK.² Lincoln MKX is the first vehicle in its class³ to offer available SIRIUS Travel Link (shown at left). Included as part of the available new Navigation System, Travel Link is a powerful driving companion. With access to a host of data suites, it helps you command your day – and take full advantage of your nights. Get real-time traffic updates with speed, flow and incident information. See which nearby gas station has the lowest-priced fuel. Get current and forecasted weather, with radar images displayed right on the 6.5" color screen. Check

the scores and schedules of your favorite teams, as well as local movie listings and showtimes for the latest blockbuster. All of this, of course, is in addition to a voice-activated Navigation System that guides you where you want to go. Just say your destination while driving and it plots the course. In Route Guidance mode, upcoming street names are pronounced. A bird's-eye view includes major landmarks for additional reference. This multifunctional system even lets you watch DVDs in full THX® II Certified 5.1 Surround sound when Lincoln MKX is in "Park."

SIRIUS® SATELLITE RADIO.² Music matters. And with over 130 channels of crystal clear, digital-quality sound, SIRIUS Satellite Radio is your passport to an amazing range of music (all of it 100% commercial free), as well as news, sports, talk and entertainment. With seamless coast-to-coast coverage in the contiguous United States, SIRIUS lets you hear just what you want to hear – without all the annoying interruptions. SIRIUS Satellite Radio even includes a complimentary 6-month subscription to the SIRIUS service.

¹Available feature. ²Real-time traffic monitoring available in select markets. Some features are unavailable while driving. Service not available in Alaska or Hawaii. See your Lincoln Mercury Dealer or contact SIRIUS at 1-888-539-7474 for more information. ³Luxury Midsize 5-Passenger Crossover class.

YOUR MOBILE VIEWING ROOM. A PANORAMIC VISTA ROOF™¹ LETS YOU TAKE IT ALL IN. RECLINING REAR SEATBACKS AND EXPANSIVE LEG ROOM COVER ALL THE ANGLES. HEATED REAR SEATS¹ KEEP THE CHILL AWAY. POPCORN, ANYONE?

¹Available feature.

Lincoln MKX leather-trimmed seats in Camel with available Ultimate Package and available equipment.

OPEN UP TO ITS INVITING POSSIBILITIES. ONE OF MANY DELIGHTFUL VIEWS PROVIDED BY LINCOLN MKX, THE EXPANSIVE ALL-GLASS VISTA ROOF™ SUPPLIES A PANORAMA OF LIGHT AND BEAUTY FOR BOTH FRONT- AND REAR-SEAT PASSENGERS. THE SCENERY, OF COURSE, IS COMPLETELY UP TO YOU.

ALL-GLASS VISTA ROOF. Towering skyscrapers. A galaxy of stars. Or the first pillowy snowflakes of winter. With the available panoramic, all-glass Vista Roof, these views and more are possible on every drive in Lincoln MKX. A large forward panel provides an expansive opening that's larger than the average moonroof. When opened, a wind diffuser raises automatically to limit wind noise. A fixed rear panel gives passengers an outside view as well, while dual power sunshades keep the cabin cool and protect passengers and interior fabrics from the sun's ultraviolet (UV) rays.

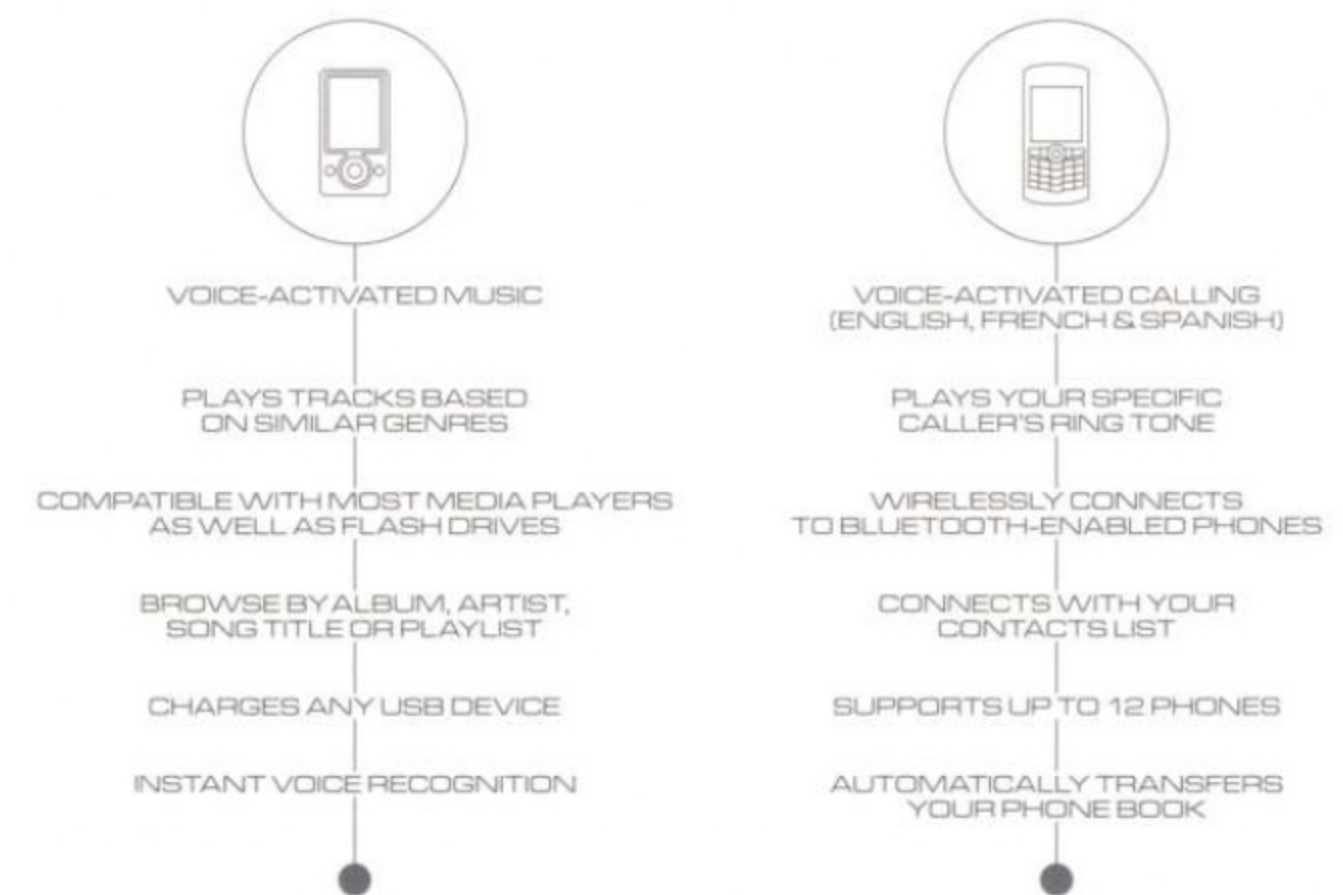

DUAL INVISION® DVD HEADRESTS. This Lincoln Licensed Accessory (shown below) also offers some incredible views. Two 7" color TFT LCD widescreen monitors, incorporated into the driver and front-passenger head restraints, will entertain rear-seat passengers. Featuring fully integrated top-slot-loading players, two dual-channel infrared headphones and a remote control, the system allows your passengers to watch a different movie on each screen, or the same movie on both.

W I R E D F O R E X P R E S S I O N .
 WITH A 14-SPEAKER THX® II CERTIFIED AUDIO SYSTEM,
 AND SOFTWARE TO OPERATE YOUR MP3 PLAYER BY VOICE,
 AND CONTROL YOUR MOBILE PHONE WITHOUT TOUCHING IT.
 MORE WAYS LINCOLN MKX LETS YOU FULLY EXPRESS YOURSELF.

THX II CERTIFIED 5.1 SURROUND AUDIO SYSTEM. Where can you appreciate true multi-channel THX audio? In the 2009 Lincoln MKX, of course. Included as part of the available voice-activated Navigation System, the THX II Certified 5.1 Surround Audio System features 14 speakers that deliver rich, vibrant sound. A sophisticated digital signal processor provides spectral balance, wide dynamic range and superior acoustic performance. Rich, deep bass emanates from the 8" rear subwoofer. Power – 600 watts of it – is supplied by 12 amplifier channels. And acoustical depth pulses from the

patented THX Configurable Speaker Array™ (CSA) located in the center of the instrument panel. "The audio quality is phenomenal, even given the large cabin space of this car," says *CNET.com*. "Clarity and separation are superb, and there are no aberrations such as rattle or hum. We played a variety of musical styles, from punk at loud volumes to electronic on low. The system didn't disappoint, making every note come through clearly, even with the volume way down." A THX II Certified Audio System is available on Lincoln MKX models not equipped with the Navigation System.

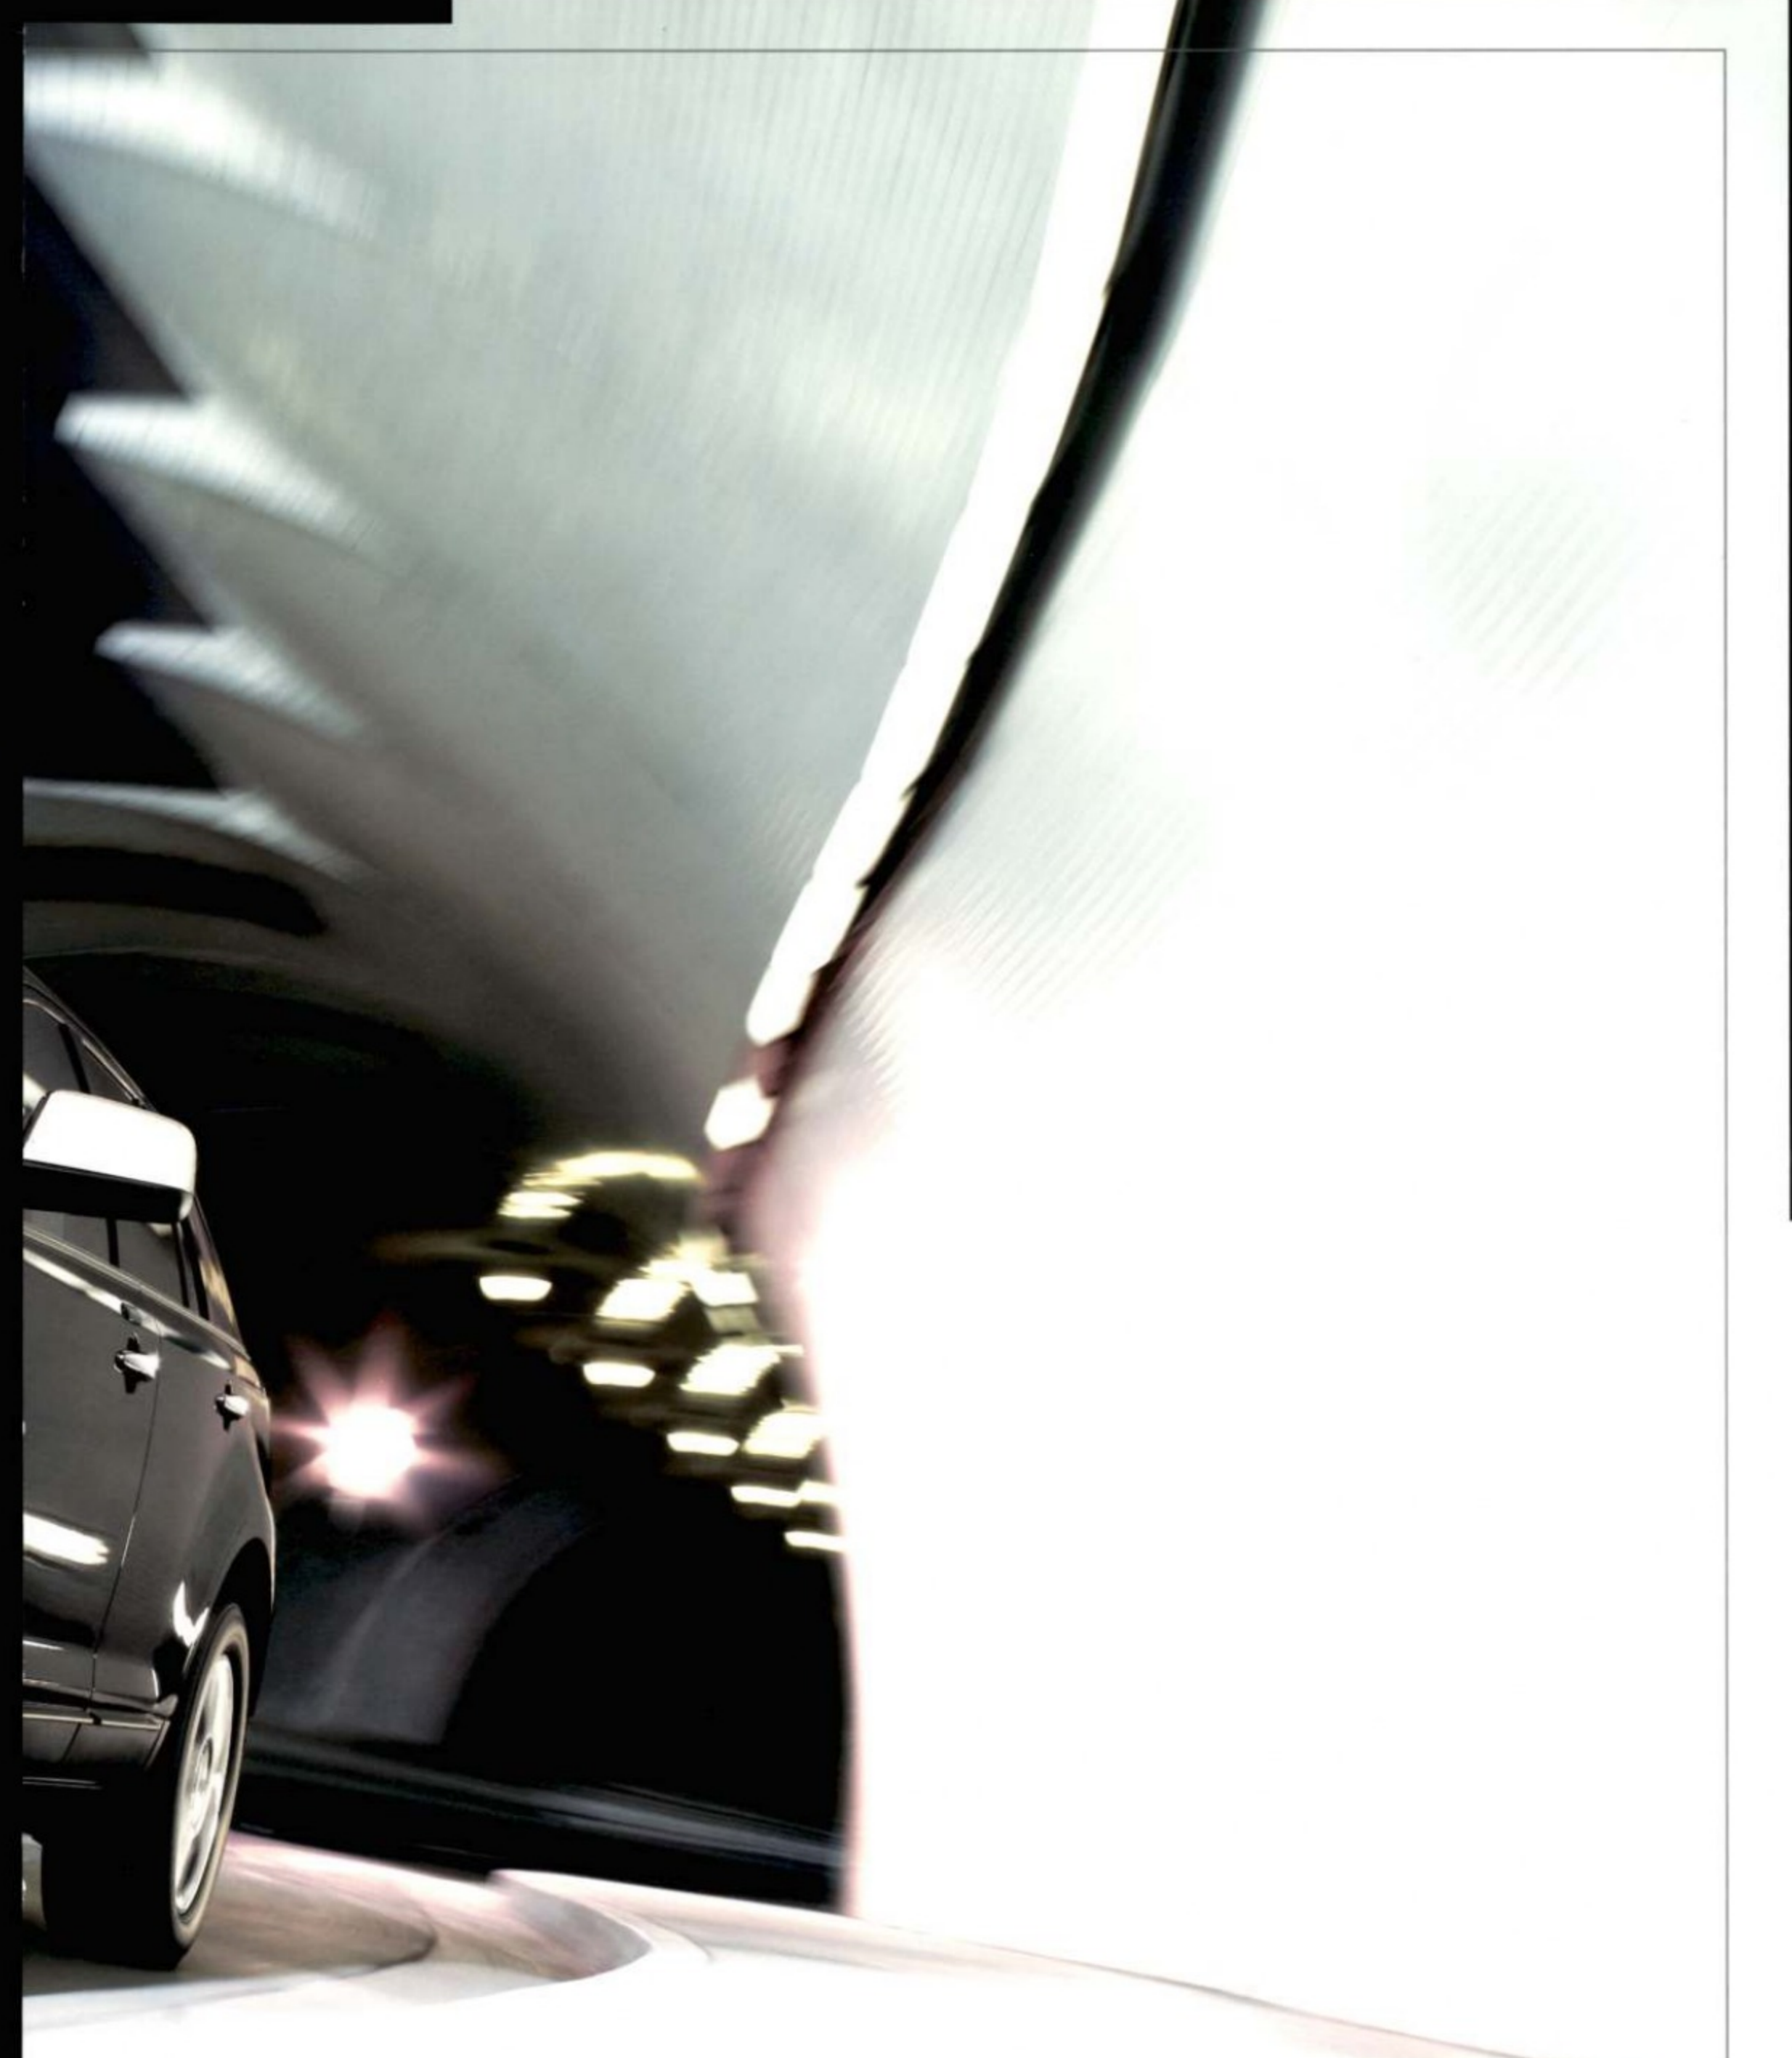

LINCOLN SYNC®. Once your Bluetooth®-enabled mobile phone is paired and your MP3 player or flash drive is connected to SYNC's USB port, you'll have seamless integration and voice control of your in-vehicle communications and entertainment system. Tell SYNC to call Carl. Ask it to play a specific artist or track. No problem. You talk. SYNC listens.* All without taking your hands off the steering wheel. Developed in concert with Microsoft®, be sure to visit SyncMyRide.com for the latest information about exciting new features.

*Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Microsoft is a registered trademark of Microsoft Corporation. The Bluetooth word mark is a registered trademark owned by the Bluetooth SIG, Inc.

Producing a lively 265 hp and 250 lb.-ft. of torque, the 3.5L Duratec V-6 engine in Lincoln MKX delivers excellent launch and acceleration. Along with an EPA-estimated 24 mpg¹ on the highway. A 6-speed automatic transmission, which actually adapts to your driving style to tailor shifts accordingly, gets much of the credit. For more capability in all weather conditions, an available Intelligent All-Wheel-Drive (AWD) system makes any drive more exhilarating. This on-demand AWD system constantly monitors driver and vehicle inputs, predicts traction, and delivers the appropriate amount of torque to all four wheels. Together with standard AdvanceTrac[®] with RSC[®] (Roll Stability Control[™]), it can transfer torque both front to rear and side to side, keeping Lincoln MKX moving even if only one wheel has traction.

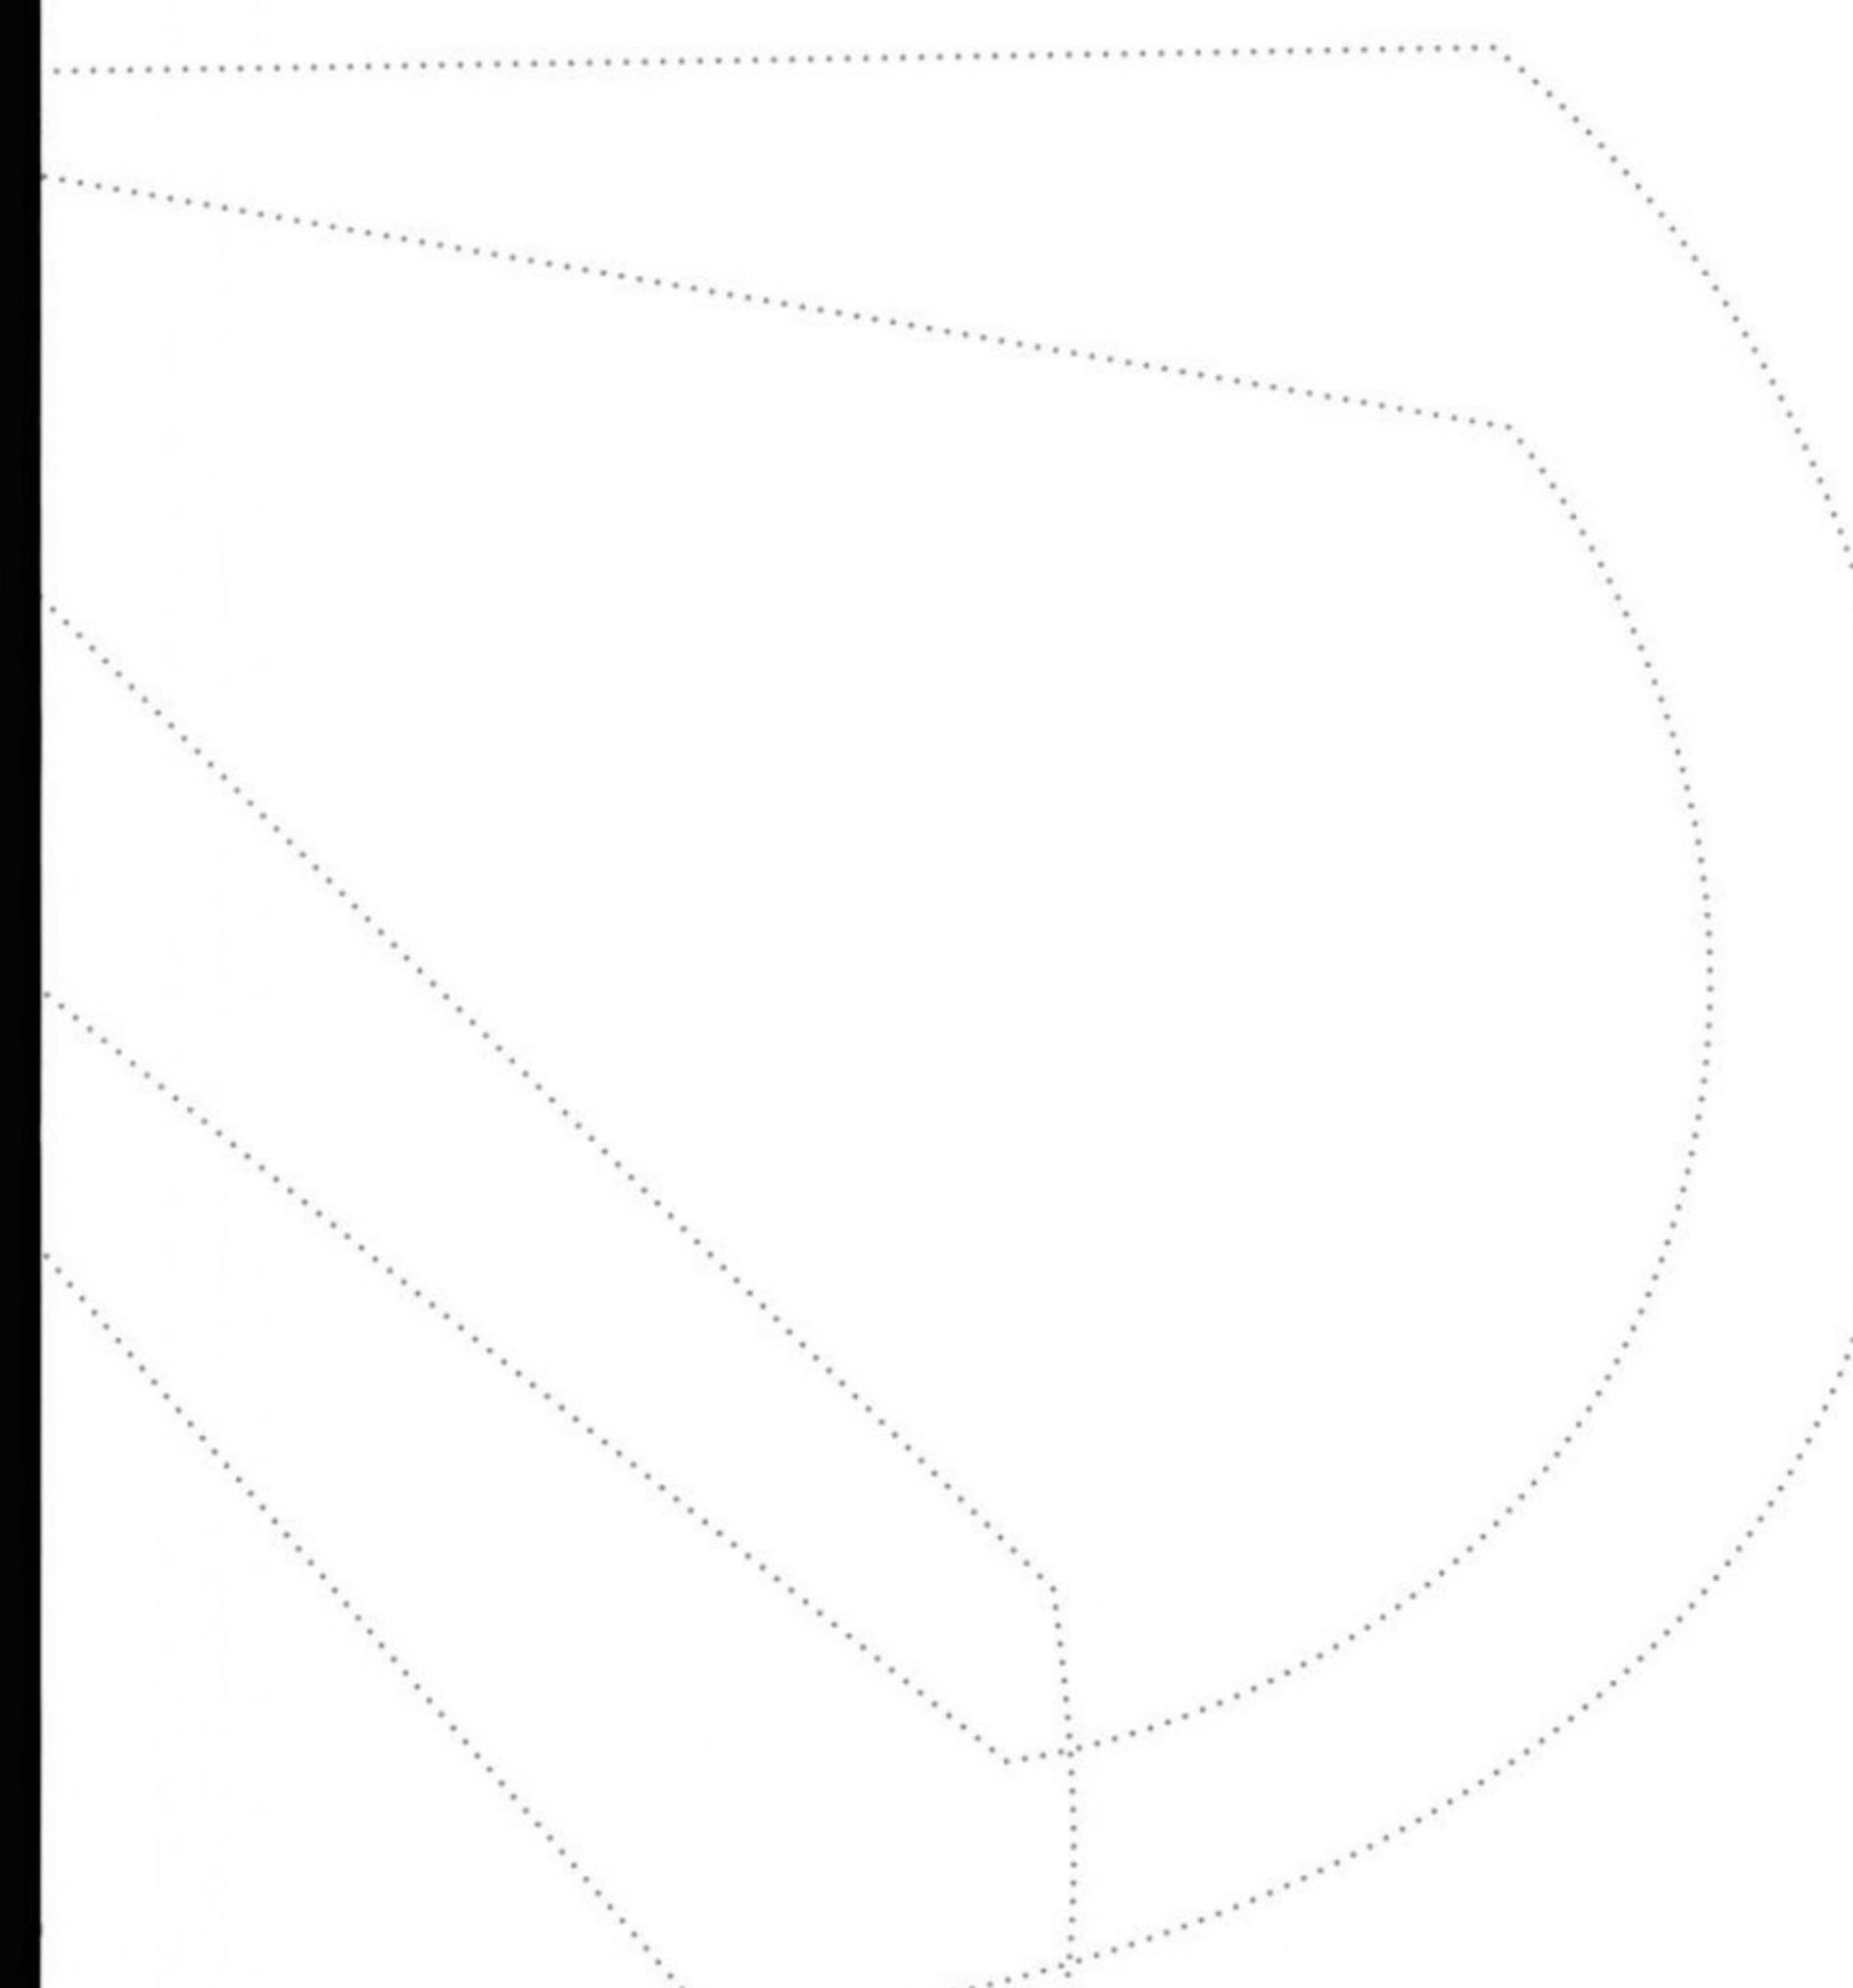

A solid foundation contributes greatly to the smooth handling characteristics of Lincoln MKX's luxury-tuned, fully independent front and rear suspension. The MacPherson-strut front suspension, mounted to an isolated subframe, employs hydrobushings to reduce unwanted steering wheel vibration. The shock absorbers for the independent rear suspension are mounted outboard and behind the wheel center to help maximize rider comfort and increase driver control. To slow any of Lincoln MKX's three wheel choices – including the available 20" chrome-clad aluminum wheels – a 4-wheel disc Anti-lock Brake System (ABS) is standard.

¹EPA-estimated 24 mpg hwy. (FWD).

TURN THE CORNER TO ADVANCED ILLUMINATION. ADAPTIVE HEADLAMPS¹ PIVOT WITH EACH TURN OF THE STEERING WHEEL, INCREASING YOUR VISIBILITY DOWN THE ROAD. ON THE REAR POWER LIFTGATE, AN ELEGANT LED LIGHTING PANEL AND LINCOLN STAR LET OTHERS QUICKLY KNOW WHO THEY'RE FOLLOWING.

ADAPTIVE HEADLAMPS. It's late at night. You're visiting a city for the first time. The road twists and turns. There are no familiar landmarks to lead the way. As you navigate sweeping curves, your headlamps – your main source of light – pivot with each turn of the steering wheel to increase your down-the-road visibility. That's exactly what will happen with the available adaptive headlamps on the 2009 Lincoln MKX.

Based on steering wheel angle and vehicle speed, motorized halogen low-beam projector headlamps turn in the same direction that Lincoln MKX is turning. The results are quite illuminating. When compared to conventional headlamps, this simple swivel action makes up to 36 more feet of the roadway visible around a curve.

From the rear, other drivers will clearly see Lincoln MKX at night because of the full-width illumination of its rear lighting panel. Flanking the prominent Lincoln Star that centers the standard power liftgate, 16 Light-Emitting Diodes (LEDs) glow whenever the headlamps are turned on.

¹Available feature.

WHEN IT COMES TO SAFETY, LINCOLN MKX IS ALWAYS ON DUTY. WITH SOPHISTICATED SENSORS. SIX STANDARD AIRBAGS. AN EXCLUSIVE ELECTRONIC STABILITY CONTROL SYSTEM. AND A TOP IIHS SAFETY RATING. LINCOLN MKX STANDS READY.

SIX AIRBAGS. Standard on every 2009 Lincoln MKX, an array of six airbags enhances protection for outboard passengers. Driver and front-passenger coverage includes dual-stage front airbags and front-seat side airbags, while all outboard passengers benefit from the side-curtain airbags in the Safety Canopy® System. In certain types of side impacts, they deploy from the headliner to cover both rows of seating. Additional protection comes from side-intrusion door beams, energy-absorbing door-trim panels, and bumper-to-bumper flow-through rails that help Lincoln MKX manage energy and enhance its performance in the event of various types of collisions.

ADVANCETRAC® WITH RSC® Also standard is AdvanceTrac with class-exclusive RSC (Roll Stability Control™), the industry's only electronic stability control system with two gyroscopic sensors – one of which is a unique vehicle-roll motion sensor that directly measures the roll rate 100 times every second. Working in conjunction with the Anti-lock Brake System (ABS), traction control and yaw control, AdvanceTrac with RSC uses the roll rate and other information to automatically determine when and how it will apply individual brakes and modify engine power to help keep all four wheels firmly planted.

SOS POST-CRASH ALERT SYSTEM. Additional peace of mind comes from the new SOS Post-Crash Alert System,¹ designed to make Lincoln MKX easier to see and hear after an accident in which any airbag has deployed or safety belt pretensioner has activated. If either of these occurs, an alert automatically sounds the horn and flashes the hazard lights so you and your passengers may be more easily located.

TOP SAFETY PICK. Lincoln MKX is an Insurance Institute for Highway Safety (IIHS) "Top Safety Pick" two years in a row (2007–2008). Rigorous IIHS criteria include a 40-mph frontal offset crash test assessing structural design; a side-impact crash test simulating what it's like to be struck by an SUV or pickup; and a rear crash-protection test focusing on whiplash prevention. In all three categories, Lincoln MKX earned the highest rating.

Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.
¹SOS hardware may become damaged or the battery may lose power in a crash, which could prevent operation. Not all crashes will activate an airbag or safety belt pretensioner.

LINCOLN MKX STANDARD LUXURY FEATURES

ENGINE

3.5L DOHC 24-valve Duratec aluminum V-6
 265 hp @ 6250 rpm/250 lb.-ft. of torque @ 4500 rpm
