

McLaren

570 S Spider
Sports Series

Sports Series.

The Sports Series is McLaren's family of sports cars built from supercar DNA. Our passion for performance and commitment to innovation, honed over decades of successes on the racetrack and the road, have led us to create sports cars that deliver breathtaking performance together with surpassing levels of comfort and everyday usability.

The new 570S Spider joins the Sports Series line-up. Sharing the same 3.8-litre twin-turbocharged V8 engine and lightweight carbon fibre MonoCell II chassis as the GT and Coupé, with its retractable hardtop roof the Spider adds the exhilaration of open top driving to its sports car performance.

Exhilaration. Amplified.

Weather can change fast. So can the 570S Spider. When the sun shines, press a button and the retractable hardtop folds effortlessly into the precisely proportioned bodywork, even when you're driving at up to 40km/h.

Lighter, stronger and more resilient than a conventional soft-top structure, the precision-folding roof shells help retain the car's low centre of gravity for exceptional road handling. The hard top also creates a quieter interior. Conversations are clearer, music less muffled, driving more focused.

The smooth flowing Sports Series silhouette is never compromised by the Spider's folding roof. The confident design retains all the unrivalled rigidity and exhilarating sports car performance. With the roof up, you wouldn't know it was a convertible.

And with the roof down, air turbulence inside the cabin is kept to a minimum due to the glazed wind deflector at the rear. It automatically lowers to 80% of its full height to assist aerodynamic efficiency. You have the option to lower it completely - roof up or down - allowing you to fully appreciate the soul-stirring roar of the engine.

A new look to open-air driving.

The dihedral doors are an iconic design feature on every McLaren. As well as making it easier to get in and out, these intricate doors guide air into the side intakes to feed the radiators.

Behind the cockpit, two protective buttresses remain in position whether the roof is up or down. An extended rear spoiler adds extra downforce at higher speeds, keeping performance and handling at the same high level as the Coupé.

Despite the advanced mechanism that makes the roof completely disappear into the car, 52 litres of luggage space is available at the rear when the roof is up. Another 150 litres is at the front, making the Spider an ideal choice for that long weekend away.

The forged alloy wheels shown here have been specially designed for the Spider. Lightweight and extra strong, they're supplied with high-grip Pirelli P Zero™ Corsa tyres to deliver even faster cornering, improved traction and better braking.

But perhaps the first and last design element other drivers will notice is the McLaren speedmark. Both the high-intensity LED headlights and the slimline LED tail lights are fashioned in the shape of this distinctive McLaren symbol.

Designed around you.

An unintended benefit of the 570S Spider is that more people can appreciate the elegant interior when the roof is down. It features the finest hand-stitched leather, satin-chrome highlights and a 'floating' centre console. The advanced touchscreen displays crisp LCD graphics configured in line with adaptive driving modes.

As eye-catching as it is, the interior follows McLaren's design philosophy of 'Everything for a reason'. Controls are positioned for maximum ease of use and minimum distraction. This exquisite and uncluttered interior is designed for pure driving engagement.

A seven-inch touchscreen accesses the intuitive infotainment system. Tap and sweep to control your settings, from satellite navigation to climate control, from voice activation to optional rear-view camera.

For enhanced sound beyond the standard audio system, McLaren has collaborated with audio experts Bowers & Wilkins to produce a 12-speaker surround system optimised for the 570S Spider. This optional upgrade is driven by a 14-channel 1280W amplifier and produces crystal clear music that's true to life.

**Lighter. Stronger.
More responsive.**

One of the many McLaren technologies the Sports Series shares with its Formula 1™ cousins is its carbon fibre construction. The MonoCell II weighs just 75kg, yet its immense rigidity and strength means that – unlike most other convertibles – the 570S Spider requires no additional stiffening of the chassis.

The twin-turbocharged 3.8-litre engine delivers a smooth surge of torque over a broad powerband, encouraging you to use all of its 8500rpm. Combined with the lightweight construction, this gives the 570S Spider an outstanding power-to-weight ratio.

The 570S Spider stops as impressively as it accelerates. Carbon ceramic brakes fitted with 6-piston calipers at the front and four-pistons at the rear need only 32 metres to take the Spider from 100km/h to standstill.

All Sports Series models are equally at home in the city as on a dynamic Alpine roadway. And if the desire takes you, the car is well equipped for the thrill of the track too. The Active Dynamics Panel lets you select the optimum setting for any road or track condition. Choose Normal, Sport or Track and the car responds accordingly – from a (relatively) sedate drive in town to an adrenalin-fuelled lap.

Lighter. Stronger.
More responsive.

the engine is not visible from outside the car.

09

A close-up, low-angle shot of a McLaren 570S Spider's wheel and suspension. The wheel features a multi-spoke design with a central hubcap bearing the McLaren logo. The suspension arms and other mechanical parts are visible, showing a high-performance, metallic finish. The background is a clear blue sky.

Making it yours.

Every McLaren is special, but you might want to make your 570S Spider unique. That is why we offer a huge range of customisation options, from the comprehensive list of optional equipment, performance and aesthetic upgrades, all the way to bespoke modifications from our McLaren Special Operations (MSO) division. We want to help you to build a car that reflects your tastes, desires and personality – a McLaren that's perfect for you.

Technical highlights.

Power and performance

Power	570PS (562bhp) (419kW) @ 7,500rpm
Torque	600Nm (443lb-ft) @ 5,000 - 6,500rpm
Top speed	328km/h (204mph)
0 - 100km/h (0-62mph)	3.2s
0 - 200km/h (0-124mph)	9.6s
0 - 60mph	3.1s
0 - 100mph	6.4s
0 - 400m (1/4 mile)	11.0s

Braking

100 - 0km/h (62-0mph)	32m (105ft)
200 - 0km/h (124-0mph)	130m (426ft)

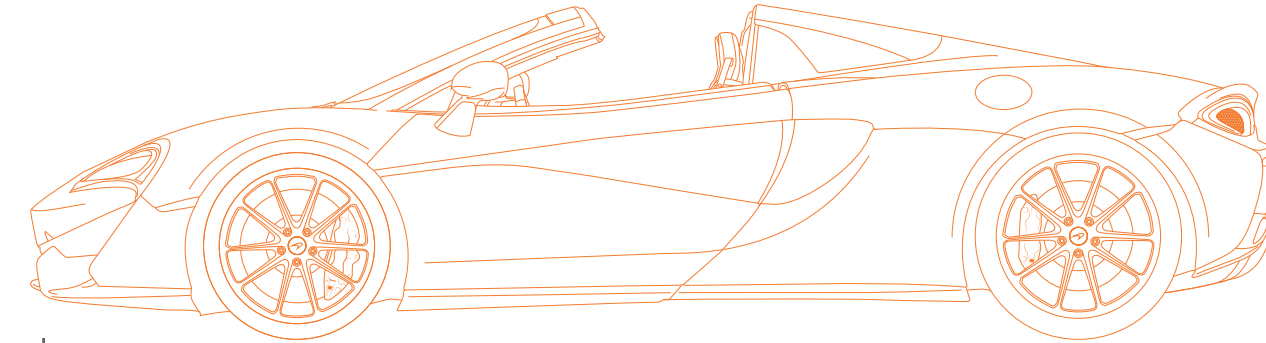

Weight, dimension and capacity

Kerb weight	1,503kg (3,314lbs)
Dry weight (lightest)	1,359kg (2,996lbs)
Weight distribution (F/R%)	42/58
Length	4,530mm
Width (without mirrors)	1,930mm
Width (with mirrors)	2,095mm
Height	1,202mm
Height with door open	1,988mm
Front overhang	1,074mm
Rear overhang	786mm
Wheel base	2,670mm
Front track	1,673mm
Rear track	1,618mm
Ground clearance	93mm
Ramp angle (lift)	8.3° (10.4°)
Break over angle	5.5°
Departure angle	16.8°
Front luggage capacity	150 litres
Rear luggage capacity	52 litres

Efficiency

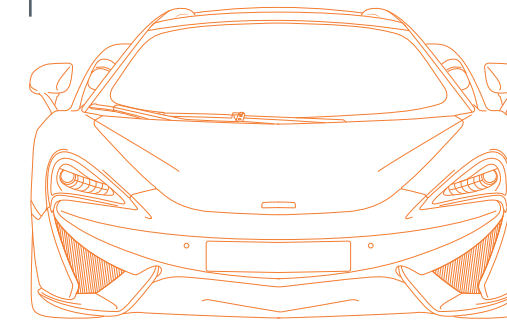

CO ₂	249g/km (EU)
Fuel consumption (combined)*	10.7 litres/100km (22mpg)
Fuel consumption (urban)*	16.5 litres/100km (14.2mpg)
Fuel consumption (extra-urban)*	7.4 litres/100km (31.8mpg)

*EU test figures only.

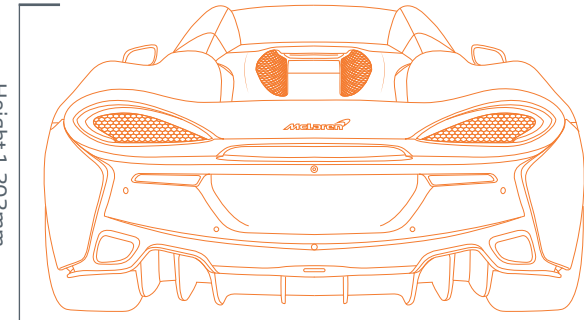

Length 4,530mm

Width (with mirrors) 2,095mm

Height 1,202mm

Ultimate assurance.

All McLaren cars are born from uncompromised design and engineering innovation to be at the forefront of technology. We strive to ensure that our vehicles continue to uphold this philosophy long after you take delivery.

Three-year unlimited mileage warranty

The McLaren Sports Series benefits from a three-year ownership package, including manufacturer warranty and roadside assistance as standard.

Extended warranty

For additional peace of mind, the vehicle warranty has the option to be extended up to 12 years*, giving you full reassurance that your car will be taken care of beyond the initial warranty period.

Servicing and maintenance

Every McLaren Retailer is as meticulous in the servicing and maintenance of your McLaren, as we are in its initial construction. We recommend service intervals of 12 months or 10,000 miles (15,000 km) for all Sports Series models.

You can rest assured that our Approved Service Representatives will deliver an uncompromised experience throughout your ownership. When you visit one of the McLaren Approved Service Representatives, you can be confident that your car will be serviced using only McLaren Genuine Parts and that the work will be carried out by our factory trained technicians, to ensure that your Sports Series is cared for in the best possible way.

Welcome to our home.

McLaren offers customers the chance to tour the company's unique headquarters in Woking, England - with the opportunity to see inside both the McLaren Technology Centre (MTC) and the McLaren Production Centre (MPC).

The MTC was opened in 2004 as a home for the entire McLaren Technology Group. It houses our engineering staff alongside the McLaren Formula 1™ racing team, and features an advanced wind tunnel. The MPC, where we hand-craft each road-going McLaren, is a car manufacturing facility unlike any other in the world. To arrange a tour as our guest, please contact your local McLaren Retailer.

Experiences.

McLaren ownership goes beyond the satisfaction of possessing one of the world's best cars - we also offer unparalleled driving and lifestyle experiences across the globe. Take time to develop a skill, be it improving your lap times on the world's most iconic racing circuits or experiencing the thrill of performance driving on ice. Or simply enjoy the luxury of our VIP hospitality at world-class Motorsport events, where you can meet fellow enthusiasts in exclusive environments and share in their passion for sports cars. If you prefer something more leisurely and relaxed, you could try one of our scenic driving tours.

To find out more, please visit: cars.mclaren.com/experiences or speak to your local Retailer.

Further information.

Your next steps

To find out more about the new McLaren 570S Spider, please consult your local McLaren Retailer or visit cars.mclaren.com

Configure your Spider

Design your own McLaren 570S Spider using our online configurator at configurator.mclaren.com/model/spider570s. Choose from the full range of body colours, wheels, exterior and interior trim, and more. Then save, download or post online the summary of your chosen vehicle.

Your McLaren Retailer

At McLaren Automotive, we take great care selecting our retail partners. As well as representing our incredibly high standards to McLaren customers, our network of dedicated McLaren Retailers is committed to delivering an ownership experience that is second to none. With over 80 McLaren Retailers around the world, to locate your nearest, please visit retailers.mclaren.com.

Thank you to all our partners.
