INTRODUCTION

RAISING THE BAR FURTHER.

The next step on the road to the ultimate Supersports SUV.

Urus Performante combines the style and driving emotions of its predecessors and adds a sporty, bold approach to the segment. With its distinctive design, all-around enhanced dynamics, and revolutionary use of lightweight components, the Performante brings the whole Urus family to a new level.

Discover a fun-to-drive experience that defies all expectations.

01

DESIGN

[◀ INDEX](#)

EXTERIOR DESIGN

BRAND-NEW SOPHISTICATION.

A bold stance.

Everything about the Urus Performante follows a lightweight approach, including the exterior design, which employs lightweight carbon components extensively, such as the new front bonnet. While retaining the trademark characteristics of Lamborghini's designs, the Performante presents an instantly recognizable silhouette that is lower, wider, and incredibly bold. The sporty soul of this SUV is expressed through lines and proportions that closely reflect those of a super sports car.

DESIGN AERODYNAMICS.

In keeping with the model's sporty soul, the design of Urus Performante was created with aerodynamics in mind. Specific design elements were introduced to allow the car to deliver on its promise of the ultimate fun-to-drive experience: the new air curtains and rear spoiler improve the airflow on the vehicle's side and allow the Performante to generate more downforce, while the bonnet air vents allow for best engine compartment cooling.

EXTERIOR PAINT OPTIONS

MAKE IT YOURS.

Several body color options exist to exalt the bold spirit of Urus Performante and make this extraordinary SUV truly yours. You can express yourself to the fullest by picking between a vast array of choices provided by the Standard, Option, and Ad Personam offers.

Choose from more than 70 colors distributed between the categories of Pearl Colors, Matt Colors, Ad Personam Color Families, and Ad Personam Color Palette.

RIMS RANGE

NEW RIMS OFFER.

The rims personalization offer for Urus Performante has been updated to bring a further unique touch to the car, both in terms of design and color options.

The new offer for the 22" rims include:

Standard: Helianthus Silver

Optional: Helianthus Shiny Black |

Sirenis Lightweight Bronze for Optional

Ad Personam: Helianthus Titanium

The new offer for the 23" rims includes:

Optional: Pelope Shiny Black Diamond-Finished |

Pelope Bronze Diamond-Finished

Ad Personam: Pelope Shiny Black.

BRAKE CALIPERS

PERSONALIZE YOUR BRAKES.

Urus Performante is equipped with carbon-ceramic brakes that deliver the best braking performance in the SUV segment.

While the Standard offer for brake calipers is Silver, further personalization choices are available in the Optional offer (Yellow, Black, Red, Green, and Orange).

INTERIOR DESIGN

FEEL LIKE A PILOT.

The interior design of Urus Performante immediately speaks of the car's thirst for adventure.

Once again, we encounter the expert, calculated use of lightweight and technical materials such as carbon fiber and Alcantara, which is lighter than leather and provides more grip around the steering wheel. The dark tones of the cabin bring a feel of practicality and sophistication and contribute to the "Feel Like a Pilot" concept that drives the whole interior design of the Performante - efficient, elegant, and contemporary, the cockpit delivers an experience in and of itself.

Torre 1983

02

PERFORMANCE

ENGINE

REDEFINING PERFORMANCE.

The impressive performance delivered by Urus Performante is also the result of the improvements undergone by its powertrain.

At the heart of this super SUV is a 4.0-liter V8 twin-turbocharged engine that delivers a maximum power output of 666 CV and features a maximum torque of 850 Nm. The entire powertrain underwent a complete revision and can now boast a more responsive throttle pedal and optimized shifting strategy.

TRANSMISSION AND CHASSIS

A REVOLUTIONARY CHASSIS SYSTEM.

Urus Performante features a brand-new active chassis system and torque vectoring calibration for improved agility and lightness.

An additional improvement is brought by stiffer coil suspension for more direct and precise feedback. In addition, the new Torsen central differential optimizes the torque to the rear wheels during acceleration, guaranteeing improved performance and fun-to-drive while always maintaining optimal traction. Thanks to these revisions, the Performante truly delivers an unparalleled driving experience.

EXHAUST

A MUSICAL EXPERIENCE.

The titanium exhaust of Urus Performante is all about sound.

This revolutionary exhaust system contributes to delivering the most engaging driving experience, making the engine sound more perceivable in the cabin for maximum enjoyment.

PERFORMANCE AERODYNAMICS

ENHANCED AERODYNAMIC PERFORMANCE.

Urus Performante is the next step in the evolution of the super SUV.

Aerodynamic performances alone underwent significant improvement compared to Urus S:

+38% downforce

10% improvement in aerodynamic efficiency

2% drag reduction

Improved engine compartment cooling

The car's innovative aerodynamic features, such as the new rear spoiler, air curtains, and bonnet outlets, all contribute to achieving these extraordinary results.

LIGHTWEIGHT APPROACH

AN EVOLUTION IN WEIGHT REDUCTION.

The 360° lightweight approach applied to Urus Performante is what makes this SUV so incredibly advanced.

Carbon-fiber elements have been employed extensively in order to reduce weight by an impressive -47kg compared to its predecessor, consequently allowing the car to deliver unparalleled driving dynamics and performance. The redesigned carbon-fiber front bonnet, the full carbon-fiber roof, and the carbon-fiber wheel arches make the Performante the model to employ the most carbon-fiber components within its category.

ENHANCED DYNAMICS

A WHOLE NEW WORLD.

Urus Performante takes its whole segment to a whole new, unprecedented level thanks to a series of driving dynamics updates and improvements resulting from specifically designed dedicated features. From the active chassis system to the Torsen central differential, all the way to the power increase and Pirelli Trofeo R tires, the Performante is truly one of a kind. .

03

DRIVING EXPERIENCE

DRIVING MODES

ENHANCED DRIVING PLEASURE.

The Lamborghini ANIMA selector is renowned for its role in delivering the ultimate driving experience. In the Performante, ANIMA goes one step further.

Lamborghini aficionados will already be familiar with three of the four driving modes available: Strada (for urban driving), Sport (for agility and enhanced responsiveness), and Corsa (for precision and maximum performance). But it's the fourth driving mode that truly expresses the character of the Urus Performante: Rally is a driving mode designed for maximum fun-to-drive on dirt tracks, guaranteed to bring out the adventurous spirit of this super SUV.

CONNECTED SERVICES

CONNECTED SERVICES

Lamborghini Connect is an exclusive technology suite designed to bring customer experience to a whole new level. (*)

The Connected Services available for Urus Performante are:

Connected Navigation Services

Precise real-time travel, route, and destination updates.

- Online Smart Routing
- First/Last Mile Navigation
- Traffic Light Information
- Local Hazard Information
- Wechat POI Integration
- Online POI Search
- Over-the-Air Map Update
- Real-Time Traffic Information
- 3D City View
- Satellite Map
- Google POI Search
- Google Voice Search

Peace of Mind

The maximum convenience in managing the status and condition of your car. Your Urus right at your fingertips whenever and wherever you need it.

- Vehicle Status Report
- Remote Lock/Unlock
- Remote Horn and Light
- Car Finder
- Remote Trip Statistics

Safety and Security

Advanced assistance services for monitoring the car and ensuring the safety of the people onboard.

- Era-Glonass
- Anti-Theft Alarm Notification
- Valet Alert
- Curfew Alert
- Speed Alert
- Geofencing Alert
- Private Emergency Call
- Online Roadside Assistance
- Stolen Vehicle Locator
- Lamborghini Connect Vehicle Tracking System

Entertainment

Cutting-edge features that make the travel experience even more enjoyable and engaging.

- Hybrid Radio
- Online Radio
- Song Recognition
- Smartphone Interface
- Natural Language Interaction
- Wi-Fi Hotspot

TECHNICAL SPECIFICATIONS

TECHNICAL SPECIFICATIONS

ENGINE	
engine	eight-cylinder V, 90°, Twin Turbo
displacement	3,996 cm ³ (243,85 cu in)
bore x stroke	86 x 86 mm (3,39 X 3,39 in)
compression ratio	9,7 : 1
max. power (kW/CV)	490/666 kW/CV at 6.000 rpm
max. torque	850 Nm at 2.300 - 4.500 rpm (626,93 lb.-ft.)
weight-to-power ratio	3,23 kg/CV
emission class	EURO 6 - LEV 3
TRANSMISSION	
transmission type	4WD with integrated front differential, central differential (Torsen) and active torque vectoring rear differential
gearbox	8-speed automatic gearbox, characteristic depending on TAMBURO drive mode
PERFORMANCE	
top speed	306 km/h (190.1 mph)
acceleration 0-100 km/h (0-62 mph)	3,3 s
acceleration 0-200 km/h (0-124 mph)	11,5 s
braking 100-0 km/h (62-0 mph)	32,9 m
BODY AND CHASSIS	
chassis	hybrid in aluminum and steel
body	outer skin made from aluminum and composite material
top roof	aluminum or carbon fiber
WHEELS	
front rims	10Jx22" ET20
rear rims	11,5Jx22" ET14
front tires	285/40 ZR22
rear tires	325/35 ZR22

TECHNICAL SPECIFICATIONS

STEERING AND SUSPENSION	
control system	electronic stability control
suspension type	multi-link front and rear
springs & dampers	steel springs and dampers, electromechanical active roll stabilization, electronic damper control
steering system	electromechanical power steering, steering gear with different servotronic characteristics and Lamborghini Rear-wheel Steering (LRS), managed by the Tamburo drive modes
BRAKES	
Carbon ceramic brakes (front)	
type	CCB
diameter	440 mm (17.32 in)
thickness	40 mm (1.57 in)
BRAKES	
Carbon ceramic brakes (rear)	
type	CCB
diameter	370 mm (14.57 in)
thickness	30 mm (1.18 in)
DIMENSIONS	
length	5.137 mm (202.24 in)
width (excluding mirrors)	2.026 mm (79,76 in)
width (including mirrors)	2.181 mm (85,87 in)
height	1.618 mm (63,70 in)
wheelbase	3.006 mm (118,34 in)
track front	1.695 mm (66,73 in)
dry weight	2157 kg (4.755.37 lbs)
weight distribution	% 58/42
