

2006 RAV4

Handle Anything.

**THE ALL-NEW RAV4. 15% LARGER OUTSIDE, YET 21% LARGER INSIDE.
IT'LL HANDLE ANYTHING. INCLUDING BRAINTEASERS.**

We realize those numbers don't seem to add up. But with the all-new 2006 Toyota RAV4, that's only the beginning. The challenge to create an SUV that handles anything led us to a uniquely capable vehicle. It offers a more powerful engine, yet achieves a better fuel efficiency rating. It has a significantly larger body, yet has improved agility and road responsiveness. It's much more utilitarian, yet it presents sleek, progressive styling. But don't let all this confuse you. You'll see that what seems to be a string of contradictions is actually a series of ingenious solutions.

 **TOYOTA** | *moving forward* ▶

ITS VERSATILITY IS MATCHED ONLY BY ITS HOSPITALITY.

RAV4 Limited V6 shown in Classic Silver Metallic.

KEY STANDARD FEATURES

- ▶ 17-in. 6-spoke aluminum alloy wheels
- ▶ Chrome grille
- ▶ Fog lamps⁵
- ▶ Color-keyed spare tire cover
- ▶ Dual zone automatic air conditioning with air filtration, micro dust/pollen removal capability
- ▶ 8-way power driver's seat
- ▶ AM/FM 6-disc in-dash CD changer, MP3/WMA capability, auxiliary audio jack and six speakers

AVAILABLE FEATURES

- ▶ Leather-trimmed seats^{1,2}
- ▶ Driver and front passenger heated seats³
- ▶ Power tilt/slide moonroof with sunshade⁶
- ▶ JBL® AM/FM 6-disc in-dash CD changer, MP3/WMA playback capability and nine speakers (includes subwoofer)⁶
- ▶ Rear-seat DVD entertainment system⁷

1. Available on Limited.
 2. Not available with 50/50 Split & Stow 3rd Row™ seats.
 3. Requires leather-trimmed seats.
 4. See Combinations section footnote 19 for more information on Toyota's Supplemental Restraint Systems (SRS).
 5. Standard on Limited and Sport.
 6. Available on Limited and Sport.
 7. Available on V6 Limited.

RAV4 V6 Limited interior shown in Ash with available leather-trimmed seats,^{1,2} driver and front passenger heated seats,³ driver and front passenger front seat-mounted side airbags and front- and second-row roll-sensing side curtain airbags (RSCA),⁴ floor mats, JBL® AM/FM 6-disc in-dash CD changer, MP3/WMA playback capability and nine speakers.

RAV4 LIMITED

HANDLE ANYTHING AND LOOK GOOD DOING IT.

RAV4 Sport interior shown in Dark Charcoal with available floor mats, JBL® AM/FM 6-disc in-dash CD changer, MP3/WMA playback capability and nine speakers (includes subwoofer and steering wheel audio controls).

Along with a multitude of dynamic styling features, the RAV4 Sport is equipped with a taut, sport-tuned suspension that gives it moves to match its aggressive looks.

KEY STANDARD FEATURES

- ▶ Fender flares
- ▶ Fog lamps¹
- ▶ Black roof rails and cross bars²
- ▶ Blackout sport-trim headlamps
- ▶ Sport-tuned suspension
- ▶ 18-in. 5-spoke alloy wheels
- ▶ Unique sport fabric trim

1. Standard on Sport and Limited.

2. Standard on Sport and Limited, available on Base.

RAV4 SPORT

EVEN OUR BASE MODEL DEFIES LOGIC.

RAV4 shown in Pacific Blue Metallic with available roof rails and cross bars.

With standard features like these, you could say every grade of RAV4 is loaded.

KEY STANDARD FEATURES

- ▶ Air conditioning with air filtration
- ▶ AM/FM CD player, MP3/WMA playback capability and six speakers
- ▶ Auxiliary audio jack
- ▶ Power windows and door locks
- ▶ Rear privacy glass
- ▶ Remote keyless entry system
- ▶ Cruise control with brake deceleration feature
- ▶ Amber-illuminated tri-dial Optitron gauges
- ▶ Tilt/telescopic steering wheel
- ▶ Electric power steering (EPS)
- ▶ 60/40 split, reclining, fold-flat second-row seats with slide-forward capability
- ▶ Two front and one cargo area 12V auxiliary power outlets
- ▶ 16-in. steel wheel and wheel covers¹
- ▶ 17-in. 5-spoke styled steel wheel (V6 models)²

1. Standard on 4-cylinder models, not available with 50/50 Split & Stow 3rd Row™ seats.
 2. Standard on V6, available on 4-cylinder.

RAV4 interior shown in Taupe with available floor mats, AM/FM 6-disc in-dash CD changer, MP3/WMA playback capability and six speakers.

RAV4 BASE

TWO MORE PASSENGERS OR 40% MORE CARGO SPACE. WIN-WIN.

The increase in cargo space is just the beginning. We've added available 50/50 Split & Stow 3rd Row™ seats^{2,3} and so many other versatile features you'll have to work hard to make use of them all.

Available tonneau cover and multi-purpose cargo net with support poles.^{4,5,6}

Multi-function center console with upper/lower storage.

Second-row 60/40 split, reclining, fold-flat seats with slide-forward capability.

Dual glove boxes.

Second-row 60/40 seats shown in flat position.

Rear deck storage with deck cover removed.^{4,6}

Second-row seats' one-touch fold-flat lever.⁴

1. See Combinations section footnote 19 for more information on Toyota's Supplemental Restraint Systems (SRS).
 2. Available on Base and Limited, not available on Sport.
 3. See Combinations section footnotes 10, 11, 12 for more information on Toyota's 50/50 Split & Stow 3rd Row™ seats.
 4. Not available with 50/50 Split & Stow 3rd Row™ seats.
 5. Standard on Limited, available on Base and Sport.
 6. Cargo and load capacity limited by weight and distribution.

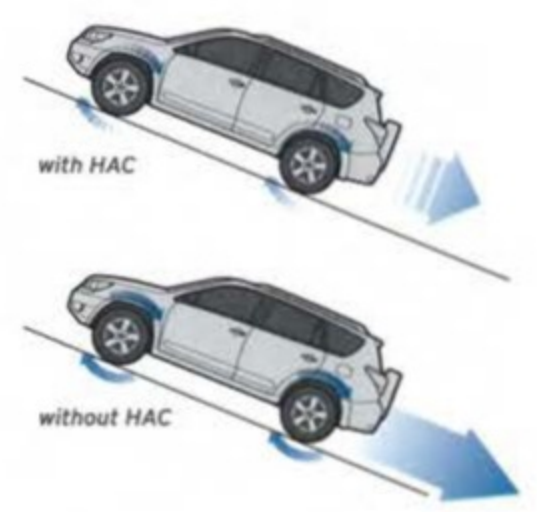

RAV4 VERSATILITY

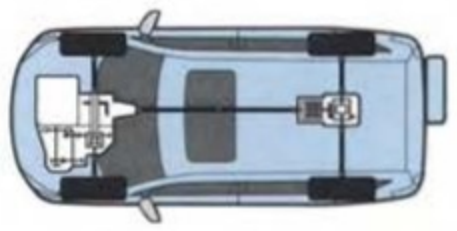

RAV4 Limited interior shown in Ash with available driver and front passenger front seat-mounted side airbags and front- and second-row roll-sensing side curtain airbags (RSCA) and 50/50 Split & Stow 3rd Row™ seats.

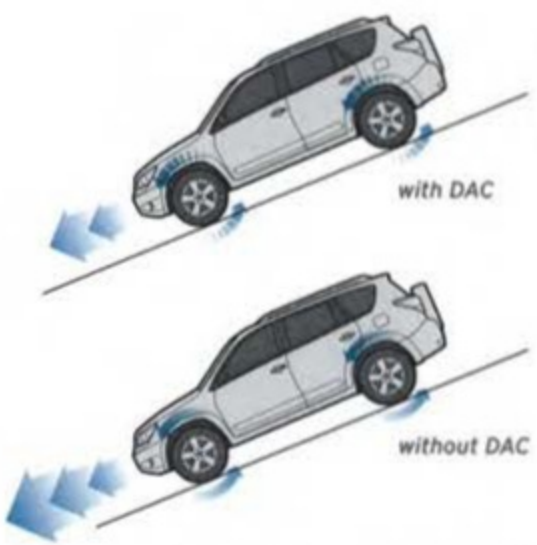

"OFF THE PAVEMENT" IS NO LONGER "OUT OF THE QUESTION."

Hill Start Assist Control (HAC)^{3,4}
 When starting off on a steep or slippery incline, a vehicle may roll back when the driver switches from brake pedal to accelerator. HAC helps ensure a smooth start by applying the brakes for 2-3 seconds. To employ, the driver must depress the brake with sufficient force and wait for a beep, indicating the system is engaged.

Electronic On-Demand 4WD²
 Electronic On-Demand 4WD controls the distribution of torque between the front and rear wheels, allowing the vehicle to switch seamlessly from front-wheel drive to 4WD mode, enhancing traction, stability and fuel economy.

Downhill Assist Control (DAC)^{3,4}
 DAC sets a target speed of approximately 4-6 mph on steep declines. The system applies the brakes, helping eliminate wheel-locking for a more controlled descent. To employ, put the vehicle in low gear or reverse and press the DAC switch.

RAV4 Sport V6 shown in Flint Mica.

The all-new RAV4 is bigger and performs better – even when traction is less than ideal. How does it do it? These features might provide some explanation.

- ▶ 2.4-liter VVT-i 4-cylinder engine with 166 horsepower
- ▶ Available 3.5-liter Dual VVT-i V6¹ engine with 269 horsepower
- ▶ Suspension:
 - Front: MacPherson strut suspension with stabilizer bar and hydraulic shock absorbers
 - Rear: Double-wishbone coil-spring rear suspension with stabilizer bar and hydraulic shock absorbers
- ▶ Electric power steering (EPS)
- ▶ Available Electronic On-Demand 4WD with manual 4-wheel lock switch²
- ▶ Available Hill Start Assist Control (HAC)^{3,4}
- ▶ Available Downhill Assist Control (DAC)^{3,4}

1. V6 available early February 2006.
 2. 4-wheel drive (4WD) models only. Automatically disengages at speeds above 25 mph.
 3. See Combinations section footnote 3 for more information on Toyota's Hill Start Assist Control (HAC) and Downhill Assist Control (DAC).
 4. Standard on models equipped with V6 engine or 4-cylinder model equipped with 50/50 Split & Stow 3rd Row™ seats.

When it comes to safety, the RAV4 is equipped with a full complement of features:

- ▶ Driver and front passenger Advanced Airbag System¹
- ▶ Star Safety System™:
 - Vehicle Stability Control (VSC)²
 - Traction Control (TRAC)³
 - Anti-lock Brake System (ABS)
 - Electronic Brake-force Distribution (EBD)
 - Brake Assist⁴
- ▶ Side-impact energy-absorbing structures
- ▶ Rear floor reinforcement
- ▶ Head-impact protection structure
- ▶ Impact-absorbing body design to lessen pedestrian injury

Available driver and front passenger front seat-mounted side airbags and front- and second-row roll-sensing side curtain airbags (RSCA).¹

WE EVEN THOUGHT OF THE UNTHINKABLE.

Anti-lock Brake System (ABS)
ABS pulses brakes rapidly during hard braking to help keep the wheels from locking up.

Vehicle Stability Control (VSC)²
Sudden changes in road conditions can cause over- or under-steer when turning. To help improve stability in these situations, the all-new RAV4's VSC system automatically regulates engine output and brake-force distribution to the wheels. In addition, the system simultaneously provides electric power steering (EPS) assist torque to help the driver steer in the direction that provides greatest stability.

Traction Control (TRAC)³
TRAC can determine if a wheel loses traction, then limit engine output to the spinning wheel, apply the brakes to it and transfer torque to the wheel that's still on solid ground.

1. See Combinations section footnote 19 for more information on Toyota's Supplemental Restraint Systems (SRS).
2. See Combinations section footnote 15 for more information on Toyota's Vehicle Stability Control (VSC).
3. Automatic limited-slip differential standard on 2WD models.
4. See Combinations section footnote 18 for more information on Toyota's Brake Assist.

Toyota RAV4s are designed to meet most off-road driving requirements. Abusive use may result in bodily harm or damage. Toyota encourages responsible operation to protect you, your vehicle and the environment. Seatbelts should be worn at all times. Please do not allow passengers to ride in the cargo area. Towing hitch receivers/ball mount kits are not intended to provide crash protection.

For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

06 COMBINATIONS

Fabric/Leather

Wheel

Warranties

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, front-wheel drive, rear-wheel drive, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Emissions: Coverages vary under Federal and California regulations. Refer to applicable *Owner's Warranty Information* booklet for details.

Accessories: For accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle's in-service date, which is the same coverage as the Toyota New Vehicle

Limited Warranty. For accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage, with the exception of car covers. Car covers are warranted for 12 months from the date of purchase and do not assume any coverage under the Toyota New Vehicle Limited Warranty.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

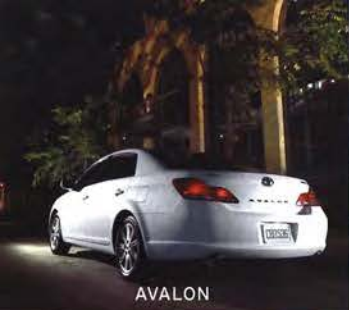

For complete details about Toyota's warranties, please visit www.toyota.com, refer to the applicable *Owner's Warranty Information* booklet or see your Toyota dealer.

- Vehicle shown with available equipment.
- 4-wheel drive (4WD) models only. Automatically disengages at speeds above 25 mph.
- Hill Start Assist Control (HAC) is designed to help prevent backward rolling on steep ascents. Downhill Assist Control (DAC) is designed to help the driver maintain vehicle control and speed on steep, downhill descents. Neither system is a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can all affect whether DAC and HAC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details.
- Standard on models equipped with V6 engine or 4-cylinder model equipped with 50/50 Split & Stow 3rd Row™ seats.
- Standard on 4-cylinder models, not available with 50/50 Split & Stow 3rd Row™ seats.
- Standard on V6 models, available on 4-cylinder.
- Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your *Owner's Manual*. The maximum you can tow depends on the total weight of any cargo, occupants and optional equipment.
- Requires JBL™ audio.
- V6 Limited models.
- Second-row seat adds a walk-in system on passenger side.
- Requires 17-in. styled steel wheels with P225/65R17 tires or 17-in. aluminum alloy wheels with P225/65R17 tires.
- Not available with tonneau cover and multi-purpose cargo net with support poles. Deletes rear deck cover and cargo area second-row seats' one-touch fold-flat lever.
- Not available with 50/50 Split & Stow 3rd Row™ seats.
- Requires leather-trimmed seats.
- Toyota Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details.

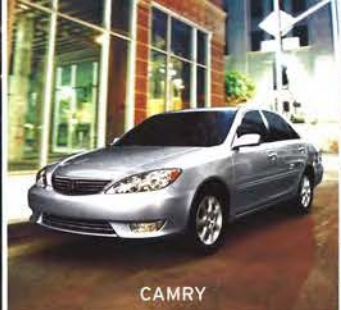

- Toyota's Direct Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the Monitor. See your *Owner's Manual* for details.
- Water-repellent deck board not available with fabric-trimmed 50/50 Split & Stow 3rd Row™ seats on Base and Limited models.
- Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.
- The Toyota driver, front passenger, front seat-mounted side airbags and side curtain airbags are Supplemental Restraint Systems (SRS). The driver and front passenger airbags are designed to deploy in severe (usually frontal) collisions where the magnitude and duration of the forward deceleration of the vehicle exceed the design threshold. The side airbags and side curtain airbags are designed to deploy in certain types of severe side-impact collisions. The front and rear side curtain airbags are also Roll-Sensing Curtain Airbags (RSCA) and are designed to deploy at a severe tilt degree, roll or lateral G-force. In all other accidents, the airbags will not deploy. To decrease the risk of injury from a deploying airbag, always wear seatbelts, sit upright in the middle of the seat as far back as possible from the airbag modules and do not lean against the door. Do not put objects in front of an airbag or around the seatback. Do not use rearward-facing child seats in any front passenger seat. The force of a deploying SRS airbag may cause serious injury or death. Please see your *Owner's Manual* for further instructions. Vehicle complies with "advanced airbag" requirements of FMVSS 208.
- V6 available early February 2006.
- Cargo and load capacity limited by weight and distribution.
- 2006 EPA-estimated ratings. Actual mileage may vary.
- Not available on Limited.
- Not available on Base.
- Not available on Sport.
- Extra-cost color.
