FLEET & BUSINESS SOLUTIONS

FLEET BUYER'S GUIDE

RAM

INTRODUCING RAM PROFESSIONAL

Stellantis has created Ram Professional, a new commercial vehicle division that offers top-quality commercial products and customer support. It provides comprehensive professional services to help businesses thrive.

Ram Professional is the next generation in commercial-customer vehicle ecosystems and ensures not only best-in-class commercial products, but to serve its customers every step of the way from upfit and conversion needs to electrification and connected services.

Service support includes maintenance contracts, mechanical coverage and 24-hour roadside assistance. Electric Vehicles (EV) are covered with the Free2move Charge program, and businesses with rapidly changing needs benefit from custom mobility solutions, such as vehicle rentals, subscriptions and mobile parking services.

KNOW YOUR OPTIONS

Stellantis Fleet & Business Solutions is here to help you make the most of our fleet programs, processes and incentives. A call to our Fleet Information Center at 800-999-FLEET (3533) puts you in touch with representatives who will evaluate and recommend the best options available to you. Plus, by clicking on the links on this page, we're providing you direct access to the information, people and departments you need most.

THE STELLANTIS FLEET APP: A PRECIOUS RESOURCE

Detailed specifications of all our Fleet-ready vehicles and products are right at your fingertips. Buyer's Guides for Chrysler, Dodge, Jeep®, Ram and FIAT® Brands are served up in an intuitive, touchscreen-friendly format, downloadable at the App Store. An indispensable tool for the Fleet sales force and customers alike.

GIVE YOUR FLEET PREFERRED STATUS

Stellantis Fleet & Business Solutions offers its members access to world-class vehicle lineups across five capable and trusted brands (Chrysler, Dodge, Jeep®, Ram and FIAT®), as well as exclusive discounts, incentives and exceptional priority service. With Stellantis Fleet, you are always first in line.

2024MY shown.

To become a Fleet member, you must currently be operating 15 or more vehicles or be looking to purchase or lease a minimum of five vehicles. If eligible, you will be given access to our online form and subsequently receive your FAN, which unlocks exclusive discounts, programs and perks.

Once you have received your FAN, you will be eligible to enroll for a web ID. This ID gives you access to our customer hub where you can stay up to date on your vehicle orders and member news.

FLEET POWERTRAIN CARE 5-YEAR/100,000-MILE LIMITED WARRANTY EXTENSION⁽²⁾ (\$0 DEDUCTIBLE)

A Limited Warranty is provided to owners of 2017 through 2024 model year Chrysler, Dodge, Jeep, Ram and FIAT vehicles (excluding vehicles equipped with diesel engines) purchased specifically for Fleet Government Bid/Leases and Fleet Commercial/Lease orders only.

MOBILISIGHTS: DRIVING PROGRESS THROUGH DATA

Serving as the exclusive source of embedded telematic data from the FCA US LLC automotive brands and millions of connected cars, Mobilisights, the Stellantis data as a service company, works with partners to transform the way fleets operate.

KEY FACTS

- Six brands, +35 models and +100 data signals
- Near real-time data
- The raw data is accessible directly or through a Fleet Management Service Provider of the customer's choice

DRIVE YOUR FLEET MANAGEMENT TO THE NEXT LEVEL WITH HIGH-QUALITY DATA

- Fleet optimization (fuel management, vehicle location)
- Safety of your drivers and fleet (driver behavior, vehicle health monitoring)
- Electric Vehicle (EV) transition (EV charging management)
- Productivity (route optimization, maintenance management)

EXPLORE THE ADVANTAGES OF NATIVELY EMBEDDED TELEMATICS DATA

- Cost savings: Avoid hardware and installation costs
- Ease of operation: No downtime, immediate and zero-touch activation
- High data quality: Accurate, granular and reliable data that is validated end to end from vehicle to cloud and curated for processing
- Data protection: A secure end-to-end data stream protecting vehicle owners' privacy
- Flexible transfer methods: Single integration and API data format delivery with no API call limitations

THE FUTURE OF STELLANTIS FLEET

► ELECTRIFICATION

We are in full execution mode on our electrification journey, actively changing how the world moves.

Our course is set. By the end of the decade, we're aiming for 100 percent sales in Europe and 50 percent of sales in the United States to be Battery Electric Vehicles (BEV). Plus, we plan to offer more than 75 BEV models and reach global annual BEV sales of 5 million units by 2030.

► AUTONOMOUS DRIVING

Stellantis is developing Level 2 autonomous driving solutions for the road, and many of our vehicles are already equipped with innovative Advanced Driver Assistance Systems (ADAS).

Building on this, we are working with leading technology partners on further advances in automation to help bring safer and more sustainable mobility to our customers.

► STELLANTIS TECHNOLOGY

Stellantis is working to reimagine mobility as we know it today and set new benchmarks in our fast-evolving industry.

Shaping the future of mobility means offering innovative and sustainable products and solutions that meet the evolving needs of both customers and the planet.

Through a host of integrated technologies, we are working to satisfy all types of transportation requirements with vehicles that are both attractive and affordable to customers around the world, while at the same time helping to reduce CO2 emissions.

► INTELLIGENT VEHICLES

Software is driving an unprecedented transformation in the automotive industry, one that will progressively integrate flexible and customized mobility into our daily lives.

Stellantis has a comprehensive software strategy through which we are reinventing how vehicles are designed, engineered and operated. This enables us to transform the mobility solutions we offer, making them even more customer-centric and connected.

NAUTO: SAFER FLEETS AND ROADS WITH PROTECTED PRIVACY

Preproduction model shown. Actual production model may vary.

Nauto is an in-vehicle safety system that uses predictive AI to reduce collisions and coach drivers in real time.

NAUTO SAFETY SOLUTIONS HAVE PROVEN RESULTS

Nauto pioneered AI-powered safety solutions starting in 2015, helping prevent collisions, encouraging safe driving behaviors and reducing risks and claims ... with trustworthy, configurable privacy safeguards built in.

With Nauto, you can expect:

- Up to 80% reduction in distracted driving in 2 weeks⁽³⁾
- Up to 40% - 80% collision reduction⁽³⁾
- Payback in as little as 4.5 months⁽³⁾

Award-winning AI technology from Nauto detects and assesses real-time risks to help predict and prevent collisions in a wide range of conditions. Drivers receive audible alerts that allows extra response time.

Our advanced AI leverages a robust dataset of over 3 billion AI-processed miles to detect risks with up to 99 percent accuracy.

Nauto is there with your driver whenever they're on the road, no matter the conditions. Personalized safety scores enable self-coaching and identify top-performing (or at-risk) drivers.

Installed in minutes, the Nauto device respects the driver with multiple privacy options. The Nauto Connect App makes for easy collaboration and transparency between drivers and managers.

Trusted by over 800 fleets, Nauto has helped drivers avoid over 30,000 collisions in a few short years and promises even greater accuracy as its database collects more experiences.
