

Volvo Trucks. Driving Progress

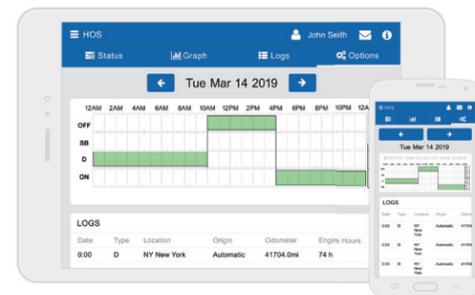

# GEOTAB DRIVE ELD

FOR VOLVO TRUCKS

# Seamless Integration

Volvo Trucks is proud to offer Geotab Drive as a factory-installed option on all new Volvo models with Volvo Power. This world class electronic logging platform works with Volvo's industry-leading, on-board telematics to support fleets and simplify record keeping for drivers. Geotab Drive can also be activated on any 2015 or newer model with Volvo Power.

## Easy input

Drivers use Geotab Drive to record HOS status and complete vehicle inspections from their tablet or smartphone. The intuitive app guides them through the process step-by-step. Managers can stay up-to-date on fleet compliance with real-time access to driver logs, remaining hours available, and even violation alerts.

## A simple solution for ELD

Geotab Drive for Volvo Trucks streamlines Hours of Service (HOS), Driver Vehicle Inspection Reporting (DVIR) and driver identification. This can save time and money for fleets, regardless of size or application. The system's automated reporting helps meet compliance regulations, increase productivity, and improve driver safety.

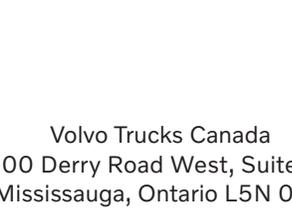

## Key Features of Geotab Drive for Volvo Trucks

- FMCSA Compliant
- No additional hardware needed
- User-friendly dashboard
- Hours of Service reporting
- Automatic duty status changes
- Driver identification
- End-to-end vehicle inspection workflow
- Alerts for violations and drivers not logged in
- Android and iOS compatible

**GEOTAB**<sup>®</sup>  
management by measurement
