

## Secure your future with Volvo Financial Services

Whether you're looking to buy or lease Volvo Trucks' groundbreaking VNR Electric, Volvo Financial Services offers flexible payment plans for purchase, standard lease, or all-inclusive leasing, with expanded bundles available for insurance and charging infrastructure.

### VFS PACKAGES INCLUDE:

- All-inclusive Fair Market Value (FMV) leasing with up to a 72-month term
- Standard retail financing up to 72 months

All options include interest-free bundling of the Volvo Gold Contract with your VNR Electric truck payment.

*Customer qualification and eligibility are subject to review and approval by VFS and are at VFS' sole discretion. Approvals will state transaction terms following VFS credit underwriting, as well as any other conditions deemed appropriate by VFS. These options are available only in the U.S. and on qualified units financed through VFS. VFS reserves the right to amend or cancel the programs at any time without notice.*

# CHARGING AHEAD

At Volvo Trucks we're committed to innovation. Innovations to improve productivity for our customers. Innovations to improve the world around us. Our innovation in electromobility allows us to do both. Today the VNR Electric puts us at the forefront of electric truck production in North America.

## Volvo Gold Contract

Every Volvo VNR Electric purchase or lease is accompanied by our most comprehensive, Gold Service Contract to ensure your vision for electromobility is covered for the future.

### Every Gold Service Contract Includes:

- Volvo Trucks' advanced uptime, telematics, and connectivity services
- Coverage for electrical control systems, powertrain, chassis, suspension, cab, steering systems, and more
- Battery performance protection
- Scheduled maintenance
- Preventative maintenance
- Unplanned repairs (excluding accident)
- 24/7 roadside assistance via Volvo Action Service
- Service from Volvo EV Certified Dealership network

See Gold Contract for full description of the provided coverage and exclusions.

### All-inclusive leasing from Volvo Financial Services (VFS)

Add electromobility to your fleet with up to 100% vehicle financing with approved credit. Our all-inclusive lease lets you put aside concerns about changing technology and harness the power of Volvo's experienced team, tools, and technicians in a single monthly payment.

### Benefits of leasing

Volvo Truck's industry-leading suite of connectivity, analytics, and uptime tools.

Simplify your billing, payment, and data analytics with complete integration.

Include taxes and service contract amounts with your single monthly payment for easier cost calculations.

Choose your level of commitment with full lifecycle financing options.

Fair Market Value (FMV) lease allows you to ease into electromobility with end of term options to either purchase, extend the lease term, or just walk away.

Manage all of your costs with additional insurance coverage and infrastructure financing.

### Infrastructure as a Service (IaaS)

Volvo takes the guesswork out of infrastructure upgrades with our flexible Infrastructure as a Service turnkey solutions. Available for all vehicle purchases or leases, IaaS allows you to choose your level of commitment and involvement in your infrastructure upgrades.

### Benefits of IaaS

Tap into the power of telematics with our suite of connectivity, analytics, and uptime tools.

Volvo takes care of all charging station design, installation, hardware, software, and construction so you can focus on your business.

Ease your mind knowing that all vehicle operations and maintenance costs are covered.

All-inclusive financing available for infrastructure financing, including up to a 60-month loan.
