This document will be updated periodically and is to be used for reference. Please refer to Parts LinQ and IMPACT for the most updated information.

Maintenance and collision parts

The all-new Volvo VNL series

The completely reimaged Volvo VNL sets new industry standards in heavy-duty trucking. Featuring the next generation of enhancements to improve total customer value, driver productivity, safety, and sustainability, this truck will also be the platform for all upcoming technologies. The VNL is conveniently packaged into four exterior and interior trim levels—Core, Edge, Edge Black and Ultimate—with six cab configurations, each designed to fit your customers' preference, brand identity, and operational use.

Ready to learn more about the all-new VNL?
Search for 500950: The All-New Volvo VNL Curriculum in Navigator.

Prepare for your all-new VNL customers

Our Distribution Centers are ready to support your part inventory needs, and we're excited to grow this business together. The charts on the following pages are a reference for the commonly used parts on the all-new VNL and are aligned with the Volvo Gold Contract Coverage Certificate. The list includes parts across multiple categories: Accessories, Batteries, Cab & Body, Chemicals, Engine Cooling, Exhaust, Filters, Glass, Hoses & Belts, HVAC, Lighting, Mirrors, Sensors, Suspension, and Wheel End.

Below is a list of model-specific VINs for your reference.

VNL 300: 4V4BC9EH4SN687934
VNL 440: 4V4BC9EHXSN692572
VNL 640: 4V4BC9EHXSN692703
VNL 660: 4V4BC9EH5SN690969
VNL 840: 4V4BC9EJ8SN693657
VNL 860: 4V4BC9EH5SN687750

NOTE: This part list is an introductory list and subject to change as part numbers are updated and replaced. The all-new VNL is highly customizable and therefore the combination of variants that make up each trim level is too lengthy to list on this document. Always rely on the VIN-specific part list in IMPACT to identify the most current part number for the customer. Also, not all part numbers are stored in the distribution centers (e.g. chemicals), and other parts may not have current inventory until future demand increases (e.g. various grille colors).

If you have questions about parts for the VNL, contact Parts Sales and Marketing at aftermarket@volvo.com.
