New color additions for the all new Volvo VNL

Volvo Trucks is proud to introduce new paint colors for the Volvo VNL launch. Every new VNL seen in promotional videos, advertising, social media, and sales materials features one of our four new color options: Prairie Grasslands, Desert Mirage, Coastal Mist, or Skyline Steel.

Final colors may vary from the samples shown below (metallic effect not represented in this display piece). Request a “spray out” paint sample from the factory for the most accurate representation of color.
