Genuine Volvo parts and accessories

Keep your Volvo a Volvo. Genuine Volvo Parts and Accessories are designed for ultimate reliability, durability and performance. Always quality assured and made to fit your truck's specifications. With our dealer network, vast inventory and efficient distribution system, you can trust that the right parts will be available when you need them. And, if they're installed in one of our workshops, you can rest assured that the work will be done by trained and skilled technicians using the correct tools. Plus, you'll enjoy a 2-year fitted parts warranty.

All to give you more uptime, value for your money and peace of mind over the long haul.

24499877

Core trim level

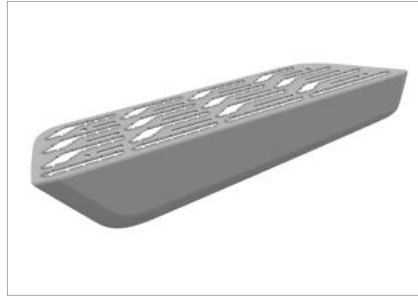

The Core trim option is ideal for carriers with multiple drivers moving in and out of a truck cab. Core is a practical and stylish choice with many exterior trim features that never require painting during repair or replacement.

23616841

Edge trim level

The bold styling in the Edge trim level begins with a gloss black grille and a Satin Chrome surround. The bumper and air intakes accent the look. Cab mirrors, hood mirrors, and chassis fairings carry the design through in matching body color paint.

Edge Black trim level

Stand out without saying a word. A VNL in Edge Black trim is striking. The design starts with a high-end gloss black finish on the grille, bumpers, and mirrors. Black trim completes the look on the chassis fairings and accents.

Fog lamps

All new VNL models feature specifically designed LED fog lamps to provide a low and wide swath of light ahead of the truck. These are illuminated with low beam headlamps. Replacement kits are available with and without cornering lamps.

Part number	Part description
24560142	Fog Lamp Kit for Auto Headlamp, without Corner Lamp, Wiring included
24560143	Fog Lamp Kit for Manual Headlamp, with Work Lamps and without Corner Lamp, wiring included
24560144	Fog Lamp Kit for Auto Headlamp, with Work Lamps and without Corner Lamp, wiring Included
24560141	Fog Lamp Kit for Manual Headlamp without Corner Lamp, wiring included

High-mounted inboard lamp kits

These lamp kits offer supplemental lighting around the truck for safer operation in dimly lit delivery areas. Kits include all materials needed for installation and are offered in day cab and sleeper model configurations.

Part number	Part description
24560163	High Mounted Inboard Lamp Kit, Fairing Mounted for VNL Day Cab, Wiring Included
24560164	High Mounted Inboard Lamp Kit, Fairing Mounted for VNL Sleeper, Wiring Included

Digital backup camera

This VNL introduces a suite of new, factory-installed backup camera features to assist the driver. A standalone backup camera can be selected, or it can be paired with various expanded camera connections to meet a customer's needs. Replacement kits are available for any configuration.

VNL model(s)	Part number	Part description

VNL 640, 660, 840 & 860	24611798	Ethernet Switch Hardware Kit, wiring included

Heated windshields

The VNL's windshield features a revolutionary 52 degree slope for improved aerodynamics. The heated option was developed for operation in colder climates to warm the perimeter above freezing, helping prevent ice and snow buildup where snow collects on the wiper blades.

Part number	Part description
24767991	Heated Windshield Kit with wiring without mounting bracket
24767952	Heated Windshield Kit with Rain Sensor mounting bracket and Lane Camera

24767991

Wiper blades

Volvo genuine replacement blades are specially designed to match the rounded shape of the industry's most aerodynamic windshield. These blades are vital for the rain sensing wiper system to function at optimum levels. Replacements are available in basic and arctic style.

Part number	Part description
78707568	Wiper Blade & Arm Assembly - Driver Side

78707569	Wiper Arm only Assembly - Driver Side
78707556	Wiper Arm only Assembly - Passenger Side

Winterguard

Two winter fronts are available for the new VNL. Both attach to the grille using 14 quarter-turn fasteners. The basic version provides a lighter weight material for moderate protection. The Extreme Cold version offers an insulated front with two flaps that can be opened and closed to moderate engine heating and cooling.

Part number	Part description
24200302	Winterfront Assembly - Basic
24200303	Winterfront Assembly - Extreme Cold

Tractor prep kit for camera on trailer

A factory installed multi-camera system can include the option for an analog trailer camera. This gives the driver the option to display a trailer camera image on the infotainment center screen in the truck. The kit saves installation time and provides a reliable setup.

Mudflaps

A variety of proprietary mudflap options are available for the VNL. Styles include anti-spray grooved, anti-spray bristled, and aerodynamic with ventilated slots. Mudflaps should be matched with the appropriate hangar style (straight or angled). Many of these mudflaps can be selected with the Volvo logo.

Tire pressure monitoring system

Low tire pressure can be a major contributor to decreased fuel efficiency. The tire pressure monitoring system helps the driver track tire pressure on both the truck and trailer. Sensors check tire pressure every 10 seconds and update data in the Driver Information Display every minute.

Part number	Part description
24610413	Tire Pressure Monitoring System Advanced Kit with VOAS or Hendrickson Suspension
24610414	Tire Pressure Monitoring System Advanced Kit with GRAS Suspension
24640608	Tire Pressure Monitoring System Advanced Kit with B-Ride Suspension

Infotainment Center upgrade (Audio High)

The nine-inch Infotainment Center is found on the wraparound dash. Apple and Android device compatible, it offers optional downloads for supported apps, ELD support, and an integrated driver's manual.

Part number	Part description
24563266	Infotainment Radio Upgrade Kit to add Touchscreen for vehicles with Amplifier
24560365	Infotainment Radio Upgrade Kit to add Touchscreen for vehicles without Amplifier

Base seat assembly

All five Volvo truck seat options are equipped with an advanced air suspension system, ensuring a smooth ride regardless of road conditions. This feature helps in minimizing vibrations and shocks transmitted to the driver and passenger seat. Replacement suspension assemblies are available for all new seat models.

Trim level	Part number	Part description
Core/Edge	24037014	Seat Suspension Assembly
Edge	24037152	Seat Suspension Assembly with Adjustable Shock
Ultimate	24037156	Seat Suspension Assembly with Adjustable Shock and Level Valve

Suspended seats

Each new VNL seat option is crafted from durable, high-quality materials. Replacement cushions for seat backs and bottoms are available for all models. For premium seat replacements (X4 or X5), make selections carefully to choose the proper replacement unit based on the ventilation feature.

Swivel seats

Passenger side swivel bases are available on four of the five seat models in the new VNL. The swivel option is not available with X1 (Instinct Cloth) seats. Swivel seats allow passengers easier access to the sleeper area and provide a comfortable seating option for drivers filling out paperwork while parked.
