

The Kia K4

Movement that inspires

Move different.

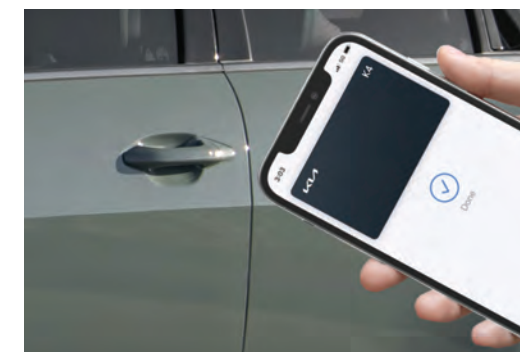

The all-new K4 moves the compact sedan in a new direction, challenging old ideas and establishing new standards for design, technology and spaciousness. Discover the feeling of different in a vehicle that's a cut above.

International model shown.

Surround View Monitor (SVM)^{1,2} displays a 360° view of your surroundings to help enhance awareness when manoeuvring your vehicle in certain situations.

Digital Key 2¹ lets you use your smartphone as a secure key, allowing you to lock and unlock the doors and start the engine without the need for a keyfob.

Built with connectivity in mind.

K4 comes with standard front and rear USB charging ports, and wireless Apple CarPlay® and Android Auto™. Plus 3 free years of Kia Connect, a world of smartphone-based support services that enhance your security, comfort and confidence every time you get behind the wheel.

¹ Available feature. See features page or visit kia.ca for full details. International model shown.

Dual 12.3" TFT screens¹ and a 5" dedicated climate screen¹ flow together to form a panoramic command centre.

Spacious comfort throughout.

K4's generous proportions are matched on the inside with roomy seating and impressive head and leg room. The same spaciousness extends to the trunk, capable of handling up to 413L of luggage and cargo - a capacity that rivals many larger sedans.

Dual-zone automatic climate control¹ with auto defog and a 5" dedicated climate control display.

Power sunroof¹ for that wide-open, blue sky feeling.

¹ Available feature. See features page or visit kia.ca for full details. International model shown.

A powerful design statement.

Kia's unique "Opposites United" design language rises to a new level as evidenced in K4's bold proportions, fastback styling cues and wide, confident stance. All together, a powerful design statement.

The look of the tiger - reborn

The all-new K4 introduces the latest iteration of Kia's famed tiger-nose grille, adding a distinctive, smooth-flowing face to a sedan with cut-above design and features.

Sporty and athletic attitude, with attention to every detail

K4's sporty attitude is made clear on the outside with its long hood, sloping fastback roofline, muscular flanks and attention to small details like the hidden rear door handles. The look continues inside with available GT-Line sport seats and a sport steering wheel with paddle shifters.

Safety and technology that's clearly a cut above.

The Kia K4 comes with standard safety and technology features that are usually reserved for larger, more expensive vehicles. These include Advanced Driver Assistance Systems (ADAS) such as Smart Cruise Control with Stop & Go capability; safety features like rear side airbags; wireless over-the-air (OTA) vehicle system updates; and much more.

Forward Collision-Avoidance Assist (FCA 1.5)²

is designed to alert you of a potential collision with a vehicle, pedestrian or cyclist and can apply the brakes to reduce or avoid impact. FCA 2.0¹ adds a Junction Crossing function that detects potential intersection collisions and Evasive Steering Assist to help steer you around collision situations.

Lane Following Assist²

uses a camera at the front windshield to detect lane markers on the road to help keep you in the centre of your lane.

Blind-Spot Collision-Avoidance Assist^{1,2}

uses radar to detect vehicles in your blind spot and may apply braking power when an approaching vehicle is detected within a certain distance, next to or behind your vehicle.

Rear Cross-Traffic Avoidance Assist^{1,2}

uses rear facing sensors to monitor left and right rear sides, and warn or even actively apply the brakes if there's traffic approaching from either side.

¹ Available feature. See features page or visit kia.ca for full details. International model shown.
