

2009 LEXUS *ES*
the pursuit

THE PURSUIT OF PERFECTION.

the pursuit of perfection.

It's a phrase we use a lot. But what does it really mean?

The answer isn't only found in wood and leather, but in the pursuit of insight and ideas.

And how they get transformed into uncompromising luxury, world-class innovations and unexpected experiences.

This is the 2009 ES. And these are the pursuits that built it.

1. LUXURY
the pursuit of unparalleled comfort

2. INNOVATION
the pursuit of anticipating your every need

3. REFINEMENT
the pursuit of the details behind the details

The ES is available with front seats that can be individually controlled to provide heating or ventilation to the driver and passenger.

1.

the pursuit of unparalleled comfort

EVERY SURFACE AND EVERY INNOVATION: EXPERTLY DESIGNED to create an environment unlike any before. Consider the front seats. With an available internal heating and ventilation system, individual controls can be used to provide a desired level of heat when it's cold. And, when it's warm, available perforated leather trim allows fans mounted inside the cushions to surround you with steady streams of air. Of course, comfort has as much to do with ergonomics as it does temperature. Which is why both power front seats can be adjusted in 10 individual ways to conform to the occupant's ideal sitting position. Have a knack for encountering presumptuous valets? An available Lexus Memory System can instantly return the seat, steering wheel and side mirrors to their programmed positions. After all, unparalleled comfort should only come in one variety: yours.

EVERY AUTOMOBILE HAS A CERTAIN DEGREE OF LUXURY. THIS ONE HAPPENS TO HAVE 360.

It's not often a car company suggests, much less compels, you take a good long look at every aspect of a vehicle's interior. After all, foot wells and ceilings usually leave a lot to be desired. Not so in the case of the ES. An available panorama glass roof offers every passenger natural sunlight and fresh air. And for those times of the day when the sun is more of a nuisance

than an indulgence, an available driver-controlled power rear sunshade can be raised, helping shield the cabin from unwanted light.

We've also placed a series of LED lamps throughout the interior—yes, even the aforementioned foot wells—to fill the cabin with ambient lighting. And, to make certain you're continually surrounded by the finest elements,

we've even gone so far as to make the interior air more luxurious. An automatic dual-zone climate-control system not only adjusts to your and your front passenger's desired temperatures, it also has a smog-sensing, automatic recirculation function to help prevent smog-forming compounds from entering the cabin.

- Available panorama glass roof
- Available power rear sunshade
- Dual-zone automatic climate control
- LED interior lighting

IF IT FEELS LIKE IT WAS ASSEMBLED BY HAND,
THAT'S BECAUSE IN MANY WAYS IT WAS.

The wood paneling in every ES is selected by hand to ensure the grain, color and shade are consistent throughout the cabin.

IN THE AUTOMOTIVE WORLD,
AN ELEMENT OF HUMAN TOUCH HAS
long been a trademark of exceptional
craftsmanship, reserved only for the world's
most exclusive marques. Who are we to
disagree? The side panels and center console
inside an ES are crafted from a single piece
of wood and then chosen by hand to ensure

consistency in grain, color and shade. Of
course, this isn't the only area where you'll
find human involvement. The semi-aniline
leather trim available on the ES is among the
finest in the category. To be sure it looks
the part, every piece is individually inspected
for flaws and inconsistent textures before
it is ever fitted for the interior.

It's not your imagination that
the available semi-aniline leather
in the ES feels softer and more
natural than leather found in
many other luxury vehicles. It's
a result of using a dye-penetration
process rather than the more
common dye-coating process that
can leave leather feeling stiff.

SmartAccess¹²: Nobody likes fumbling with keys. And with the ES, you don't have to. By keeping the small key fob in your pocket or purse, the car will recognize your presence as you approach, enabling the door to be unlocked and the ignition to be started with just a touch. For a demonstration, please visit lexus.com/ES/smartaccess.

Available auto-dimming outside mirrors with tilt-down in reverse

Personalized illuminated entry system with exterior mirror-mounted puddle lamps

2.

A VEHICLE THAT SENSES AND REACTS TO ITS OWNER. WHAT WAS ONCE considered fantasy is now one of the most considerate luxuries. An ingenious feature, SmartAccess¹² uses a key fob that projects an encrypted signal to communicate with the ES, all while remaining safely tucked away in your pocket or purse. Before you even reach the vehicle, lamps underneath the side mirrors illuminate, casting light on the ground to help you avoid puddles and other hazards. Simultaneously, the interior lights slowly turn on, and the driver's door unlocks the moment you touch the handle. Once you're inside, the ignition button illuminates, indicating it's ready to be pressed. Some may call it futuristic technology. We prefer to call it old-fashioned etiquette.

*the pursuit of
anticipating your every need*

THOUSANDS OF THE WORLD'S FINEST ENGINEERS,
AND THE PERSON WE LISTENED TO MOST WAS THE DRIVER.

DESIGNING A VEHICLE AROUND A DRIVER'S NEEDS ISN'T JUST COMMON sense, it's common courtesy. You are, after all, the one who will be spending the majority of the time within it. For that purpose, we've outfitted the ES with some of our most thoughtful innovations. Like an available backup camera³ that is activated by placing the ES in reverse, helping you to see obstacles that might not be visible through the rear window. As well as an available DVD Navigation System⁴ that responds to your voice as you drive (in three languages, no less). Use it to find the nearest ATM, the closest gas station or a local restaurant by cuisine. With a compatible Bluetooth[®]-enabled phone,⁵ you can even

find many locations by phone number. Once you decide on a destination, choose the shortest, fastest or an alternate route. And if your directions take you onto a freeway, the system can even tell you which lane you need to be in to help you exit safely.

In a hurry? Fortunately, the ES features an innovative engine system that gives you maximum power on demand while still providing improved mileage and reduced emissions. Known as dual Variable Valve Timing with intelligence, the system automatically monitors the engine's needs and adjusts the timing of the intake and exhaust valves accordingly, helping to ensure that power is there when you need it.

Available voice-activated DVD Navigation System⁴
Available backup camera³
Available Bluetooth[®] technology⁵
Dual Variable Valve Timing with intelligence (VVT-i)
Six-speed automatic transmission
Electronic Throttle Control System with intelligence (ETCS-i)

More than three years of development and over 1,000 man-hours of laboratory and on-road testing were spent tuning the system to the particular acoustics of the ES interior.

Proprietary midranges and tweeters use metal cone geometries and neodymium magnet structures to produce greater sound resolution, natural dynamics and more harmonic richness.

An 8-inch subwoofer, one of 14 strategically placed Mark Levinson^{®9} speakers in the ES cabin.

The system can play DVD video and audio discs, audio and DTS 5.1 CDs and MP3/Windows Media[®] Audio (WMA)-encoded CD-Rs via an in-dash, six-disc auto-changer. It also features an auxiliary port for connecting to an external iPod^{®11}/MP3/WMA media player. And available XM[®] or SIRIUS[®] Satellite Radio¹² to further enhance your choice of audio selections.

A 10-channel processor/amplifier makes 300 total watts of power available for all channels over the 20-20,000 Hz audible spectrum, at less than 0.1% THD.¹⁰ A 24-bit digital pathway from the head unit to the amplifier helps minimize sonic interference and eliminates unnecessary signal conversion steps.

The Automatic Sound Levelizer (ASL) intuitively varies the volume and tone within the ES to help maintain an even level of sound, regardless of driving speed and other external noises.

AUDIO SYSTEMS ARE KNOWN TO CREATE A "SWEET SPOT" OF SOUND. ON THE ES, IT'S CALLED THE INTERIOR.

THE PROPRIETARY SOFTWARE THAT POWERS THE AVAILABLE MARK LEVINSON PREMIUM SURROUND SOUND AUDIO SYSTEM^{®9} is the only surround sound technology designed and optimized specifically for the acoustics of automotive cabins. Offering fully discrete 5.1-channel playback in a 7.1-channel architecture, the system is able to create a "sweet spot" of sound that envelops the entire cabin. The result is a listening experience unrivaled by other vehicles in its class. For more information, please visit lexus.com/ES/levinson.

Customer service beyond expectations. It's the one pursuit that has nothing to do with the design of our vehicles and everything to do with our philosophy as a company. "Treat each customer as we would a guest in our home" is not just a promise we make. It's a promise we keep.

THE DEALERSHIP EXPERIENCE

If you visit one of our dealerships, make yourself at home. Help yourself to a beverage or some light fare. Been awhile since you've checked your stocks or e-mail? Most dealerships provide Internet access. Picking up your new Lexus? Rest assured that our associates will make the transition as seamless as possible. From setting your favorite radio stations to connecting and transferring your compatible cell phone's contacts to the available Bluetooth®* system on your vehicle. We'll even position and adjust the driver's seat to your exact specifications.

LEXUS MAGAZINE

Every three months, owners are mailed a complimentary issue of Lexus magazine, an award-winning journal of experiences, trends and human-interest pieces. While some stories are directly related to Lexus vehicles and innovations, the magazine primarily focuses on the more unique and lifestyle-oriented aspects of luxury. Readers will find interesting information and thought-provoking articles on cuisine, culture and travel destinations and will enjoy beautifully photographed articles by well-regarded editors and writers. In fact, current Lexus owners find the magazine so entertaining that the majority pass their personal copy along to family and friends for their enjoyment.

VIP TREATMENT

We've made arrangements with select partners across the country to provide first-class treatment to Lexus owners. At specific venues, for example, benefits include waived parking fees, complimentary valet service and convenient, designated spaces. At certain theaters and sporting arenas, Lexus owners can receive VIP access to Lexus clubs and lounges through their dealer. And, should you ever visit California's world-renowned Napa Valley, we've arranged for VIP treatment at some of the finest wineries. Specific benefits vary from exclusive reserve tastings and complimentary shipping to personal cellar tours and private picnics overlooking the valley.

HOTEL PARTNERSHIPS

We've also formed partnerships with nearly 30 of the country's premiere vacation destinations, including the Amangani in Jackson Hole, the Fairmont Orchid in Hawaii and Blackberry Farm in Tennessee. While the benefits vary, owners are typically given a complimentary room upgrade or a \$100 credit to be applied toward the hotel's most popular amenities.

For a complete list of our hotel partners and more information on the ownership benefits listed here, please visit owners.lexus.com.

The service you receive as a Cardmember* promises everything you expect from Lexus. With the Lexus Pursuits Visa Signature Card, you will enjoy no pre-set spending limit† and no annual fee. Also enjoy exclusive Visa Signature concierge benefits, including complimentary assistance with travel, hard-to-get tickets and even the perfect gift. Plus, you will receive preferred access to popular entertainment, dining and special events.

With Lexus Pursuits Points, you will earn Lexus rewards, which are part of one of the richest rewards programs available. Earn 5 points for every \$1 spent at your participating Lexus dealership and 1.5 points for every \$1 spent everywhere else. Points are redeemable toward Lexus service, parts, accessories—and even up to 10% off your next new Lexus vehicle purchase or lease at participating Lexus dealerships. With the optional Travel Rewards Program (yearly fee required) you may choose to redeem your points toward virtually all your travel needs.

To apply, call 888-777-5555 ext. 82246 or visit LexusPursuits.com/apply/vehicle09.

*On approved credit. Subject to Terms and Conditions in the Lexus Pursuits Visa Cardmember Agreement and Lexus Pursuits Rewards Program Terms and Conditions. Points redemption not available at dealerships in Hawaii.

†No pre-set spending limit does not mean unlimited spending.

The creditor and issuer of the Lexus Pursuits Visa is Lexus Financial Savings Bank.

*The Bluetooth® technology phones listed on lexus.com have been tested for compatibility with Lexus vehicles. Performance will vary based on phone software version, coverage and your wireless carrier. Phones are warranted by their manufacturer, not Lexus.

OPTION PACKAGES*

NAVIGATION SYSTEM/MARK LEVINSON PREMIUM AUDIO SYSTEM PACKAGE

Voice-activated DVD Navigation System⁴ with backup camera³ and Bluetooth[®] technology⁵

Mark Levinson 14-speaker 300-watt @ less than 0.1% THD, 20-20,000 Hz¹⁰ Premium Surround Sound Audio System⁹ with 7.1 architecture and in-dash, single-feed, six-disc DVD/CD auto-changer featuring DVD-audio and DVD-video playback

PREMIUM PLUS PACKAGE

- Leather-trimmed interior
- Heated and ventilated front seats
- Driver's-seat power cushion extender
- Lexus Memory System to control power driver's and front passenger's seats (except lumbar), outside mirrors and steering wheel
- Remote keyless entry-linked memory
- Electrochromic (auto-dimming) outside mirrors with tilt-down in reverse
- Rain-sensing intermittent windshield wipers with mist cycle

ULTRA LUXURY PACKAGE

- Semi-aniline leather-trimmed interior
- Wood- and leather-trimmed steering wheel and shift knob
- Heated and ventilated front seats
- Driver's-seat power cushion extender
- Lexus Memory System to control power driver's and front passenger's seats (except lumbar), outside mirrors and steering wheel
- Rear-seat side airbags (SRS)¹³
- Remote keyless entry-linked memory
- Panorama glass roof
- Power rear sunshade
- High-Intensity Discharge (HID) headlamps
- Dual-swivel Adaptive Front Lighting System (AFS)
- Electrochromic (auto-dimming) outside mirrors with tilt-down in reverse
- Rain-sensing intermittent windshield wipers with mist cycle
- 17 x 7.0-in 10-spoke Graphite-polished alloy wheels¹⁴
- Full-size spare tire with 17-in alloy wheel¹⁴

OPTIONS AND ACCESSORIES*

Voice-activated DVD Navigation System⁴ with backup camera³ and Bluetooth[®] technology⁵

- Intuitive Parking Assist
- Pre-Collision System (PCS)⁷ and Dynamic Radar Cruise Control⁶
- Rear-seat side airbags (SRS)¹³ (requires Premium Plus Package)
- Power rear sunshade
- Heated and ventilated front seats
- Wood- and leather-trimmed steering wheel and shift knob
- High-Intensity Discharge (HID) headlamps and Dual-swivel Adaptive Front Lighting System (AFS)
- Audio Bluetooth[®] technology⁵
- Voice-activated DVD Navigation System⁴ with backup camera³ and Bluetooth[®] technology⁵
- 17-in E-Sport alloy wheels¹⁴
- Full-size spare tire with 17-in alloy wheel¹⁴
- Rear spoiler
- Body-side molding
- XM Satellite Radio capability¹²
- SIRIUS Satellite Radio capability¹²
- Interface kit for iPod¹¹
- All-weather floor mats
- Trunk mat
- Rear bumper appliqué
- Cargo net
- Car cover
- Wheel locks

*Please see inside back cover for more information regarding options/packages.

GENERAL

TYPE Five-passenger luxury sedan
CONSTRUCTION Welded-steel unibody
CURB WEIGHT 3,580 lb (1,624 kg)

ENGINE

TYPE 60° V6, aluminum block and heads
DISPLACEMENT 3.5 liters (211 cubic inches)
VALVETRAIN Four cam, four valves per cylinder, with dual Variable Valve Timing with intelligence (VVT-i)
COMPRESSION RATIO 10.8:1
HORSEPOWER AT RPM 272 hp @ 6,200¹⁵
TORQUE AT RPM 254 lb-ft @ 4,700¹⁵
EMISSION RATING Certified Ultra-Low Emission Vehicle (ULEV II)

PERFORMANCE

0-60 MPH ACCELERATION 6.8 seconds^{15,16}
1/4-MILE ACCELERATION 15.0 seconds^{15,16}
TOP TRACK SPEED (Electronically Limited) 137 mph^{15,16}
EPA FUEL ECONOMY ESTIMATES (city/highway) 19/27 mpg¹⁷
AERODYNAMIC DRAG COEFFICIENT 0.28
TURNING CIRCLE 36.7 ft

DRIVETRAIN

DRIVE WHEELS Front-wheel drive
TRANSMISSION Six-speed sequential-shift automatic Electronically Controlled Transmission with intelligence (ECT-i)
FINAL DRIVE RATIO 3.685:1

CHASSIS

VEHICLE STABILITY CONTROL (VSC)¹⁸ Electronic system that monitors and helps control the loss of traction in a turn by using yaw-rate, deceleration, vehicle-speed and steering-wheel-angle sensors. Modulates engine power and applies individual brakes as necessary. Integrates Anti-lock Braking System (ABS), Brake Assist¹⁹ and Traction Control (TRAC)

SUSPENSION
Front: Independent, MacPherson struts with coil springs and gas-pressurized shock absorbers
Rear: Independent, dual-link MacPherson struts with coil springs and gas-pressurized shock absorbers

STEERING Engine-speed-sensing, progressive power-assisted rack-and-pinion. 3.2 turns, lock to lock

BRAKES Four-wheel power-assisted discs, with four-sensor, four-channel Anti-lock Braking System (ABS), Electronic Brakeforce Distribution (EBD) and Brake Assist¹⁹ 11.7-in ventilated front, 11.1-in solid rear discs

WHEELS AND TIRES 17 x 7.0-in seven-spoke alloy wheels with 215/55R17 all-season tires.¹⁴ Available full-size spare tire¹⁴ on alloy wheel
Optional wheels and tires: 17 x 7.0-in 10-spoke Graphite-polished alloy wheels with 215/55R17 all-season tires¹⁴

STANDARD LUXURY FEATURES

LUXURY AND CONVENIENCE

SmartAccess^{1,2} with push-button Start/Stop

Dual-zone automatic climate control with interior air filter, smog sensor and automatic recirculation mode

Power tilt-and-telescopic steering column

Power tilt-and-slide moonroof with one-touch open/close and sliding sunshade

Power windows with one-touch auto open/close feature

Exterior glass with UV reduction

Remote-linked window and moonroof opening

Retained accessory power for moonroof and windows

Electrochromic (auto-dimming) inside rearview mirror with compass

Power door locks

Cruise control

Center console with storage bin and accessory power outlet

Adjustable illuminated entry system

HomeLink[®] universal transceiver to operate compatible garage, gate, home lighting and home security systems

SEATING AND TRIM

10-way driver's and front passenger's (including lumbar) power seats

Height-adjustable headrests for all seats

Medium brown walnut interior trim

Carpeted floor mats

AUDIO AND NAVIGATION

Lexus eight-speaker Premium Sound System with Automatic Sound Levelizer (ASL) and in-dash, single-feed, six-disc CD auto-changer

In-glass antenna with FM-diversity system

Auxiliary iPod[™]/MP3/WMA port

INSTRUMENTATION AND CONTROLS

Steering-wheel-mounted audio and display controls

Liquid-crystal multi-information console display

Electroluminescent instrumentation

Automatic on/off projector-beam headlamps with auto-off delay

Illuminated interior electronic trunk-lid and fuel-filler door releases

Outside temperature gauge

Dual cupholders, front and rear

STANDARD SAFETY AND SECURITY FEATURES

ACTIVE SAFETY

Vehicle Stability Control (VSC)¹⁸

Traction Control (TRAC)

Four-wheel power-assisted disc brakes with front ventilated discs

Four-sensor, four-channel Anti-lock Braking System (ABS)

Brake Assist¹⁹

Electronic Brakeforce Distribution (EBD)

Direct Tire Pressure Monitor System²⁰

PASSIVE SAFETY

Driver's and front passenger's advanced airbag system (SRS)¹³ with front passenger's twin-chamber airbag (SRS)¹³

Front seat-mounted side airbags (SRS)¹³

Driver's and front passenger's knee airbags (SRS)¹³

Front and rear side curtain airbags (SRS)¹³

Highly rigid body structure with front and rear crumple zones

Side-impact door beams

Reinforcements in pillars and doorsills

Impact-dissipating upper interior trim

Collapsible steering column

Daytime running lights

Integrated foglamps

Water-repellent front-door glass

Variable intermittent windshield wipers with mist cycle

Power-adjustable outside mirrors with defoggers and puddle lamps

Three-point seatbelts for all seating positions, pre-tensioners with force limiters for front and outboard rear seats

Automatic Locking Retractor/Emergency Locking Retractor (ALR/ELR) seatbelts for all passenger seating positions. Emergency Locking Retractor (ELR) only for driver's seat

Height-adjustable front shoulder belt anchors

Child Restraint Seat (CRS) tether anchor brackets for all rear seating positions

SECURITY

Vehicle theft-deterrent and engine-immobilizer system²

Emergency interior trunk release

First aid kit

Tool kit

THE PAGES OF THIS BROCHURE TELL A STORY. Not just of the 2009 ES, but also of one of the many ways we are working to reduce our environmental impact. The paper used, referred to in the printing industry as "Lexus Pursuit 30," is composed of 30% post-consumer waste²¹—the most we've ever used and 20% more than traditional brochures. It's also manufactured with 100% renewable energy and has garnered just about every environmentally responsible acronym you can imagine. Including FSC, SFI and PEFC certifications, and ECF and PH-neutral designations. The printing facility that was used also has a long list of environmental achievements, including certification as the only one in the United States to be virtually VOC-free.

WARRANTY

Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage Corrosion Perforation Warranty. All warranties with zero deductible. See the ES *Warranty and Services Guide* at your Lexus dealer for details.

1. The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **2.** The engine immobilizer is a state-of-the-art anti-theft system. The key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key, it can be costly to replace. If you lose a key, your Lexus dealer can help, or you can find a qualified independent locksmith to perform high-security key services at www.aloa.org. **3.** The backup camera, available only with the Navigation System, does not provide comprehensive view of the rear area of the vehicle. You should also look around the outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy. **4.** The Navigation System is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Road system changes may affect the accuracy of the information provided. Rely on your common sense to decide whether to follow a specified route. Detailed coverage not available in every city or roadway. Periodic updates available at an additional cost. Please see your *Navigation System Owner's Manual* for further details. **5.** The Bluetooth[®] technology phones listed on lexus.com have been tested for compatibility with Lexus vehicles. Performance will vary based on phone software version, coverage and your wireless carrier. Phones are warranted by their manufacturer, not Lexus. **6.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. Please see your *Owner's Manual* for important instructions and cautions. **7.** The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. It is not a collision-avoidance system and is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. Please see your *Owner's Manual* for further information. **8.** Comfort sensors include relays and receivers. **9.** Mark Levinson is a registered trademark of Harman International Industries, Inc. **10.** Continuous average power, all channels driven, at less than 0.1% THD; 20–20,000 Hz. **11.** iPod is a registered trademark of Apple Inc. **12.** Satellite Radio requires an XM or SIRIUS compatible receiver and monthly service fee. Please see your Lexus dealer for further details. Reception of the satellite signal may vary depending on location. All fees and programming subject to change. Subscriptions subject to the terms and conditions available at www.xmradio.com or www.sirius.com. Available only in the 48 contiguous United States. **13.** All the airbag ("AB") systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing childseat in any front passenger seat. The force of an inflating AB may cause serious injury or death. Please see your *Owner's Manual* for further information/warnings. **14.** 17-in performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 20,000 miles, depending on driving conditions. **15.** Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. **16.** Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. **17.** 2009 EPA-estimated mileage. Actual mileage will vary. **18.** Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. **19.** Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. **20.** The Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. Please see your *Owner's Manual* for details. **21.** Cover stock is composed of 10% post-consumer waste.

*Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of printing, are subject to change without notice, are for mainland U.S.A. vehicles only. Some vehicles shown with available equipment. See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
