

DRIVE WITH CONFIDENCE

ENSURE YOUR SAFETY WITH THE LATEST FMCSA ROLLOVER REGULATIONS

Prevost has strengthened its key safety features to meet and exceed the latest U.S. Federal Motor Carrier Safety Administration (FMCSA) rollover regulations for motorcoaches, setting the standard for luxury, safety, and durability. Designed to protect passengers during accidents and enhance the overall safety of your ride, our motorcoaches are built to withstand even the toughest challenges on the road.

SAFETY REFINED

- Enhanced roof strength & crush resistance
- Stronger structural integrity for passenger compartment
- Advanced window and door frame standards
- Mandatory seatbelt for all passengers
- Lateral strength enhancements
- Improved emergency egress systems
- Rigorous crashworthiness testing
- Enhanced stability with advanced technologies

WHY CHOOSE PREVOST?

Safety: We go beyond compliance to ensure the highest safety standards for your passengers.

Innovation: With cutting-edge safety technologies and rigorous testing, we're always ahead of the curve.

Reliability: Our motorcoaches are built to last, with top-tier engineering and craftsmanship that you can trust.

Comfort: Luxurious interiors designed for an exceptional travel experience—without compromising safety.
