# GREAT DIFFERENTIATORS

The Alfa Romeo Tonale ushers in an exciting new chapter for a legendary brand whose milestones date back for more than a century. Named for one of Italy's highest mountain passes, the Tonale features sculpted lines and performance-enhancing materials that make the most of every S-turn. As the very first plug-in hybrid offered by Alfa Romeo, Tonale introduces a superior level of craftsmanship and distinction to the premium compact SUV segment, highlighted by iconic design details that could only belong to Alfa Romeo.

The signature V Scudetto grille and 20-inch five-hole wheels serve as dynamic reminders of the brand's racing legacy, while innovative, adaptive LED trilobo headlights and head-turning taillights announce its modern evolution.

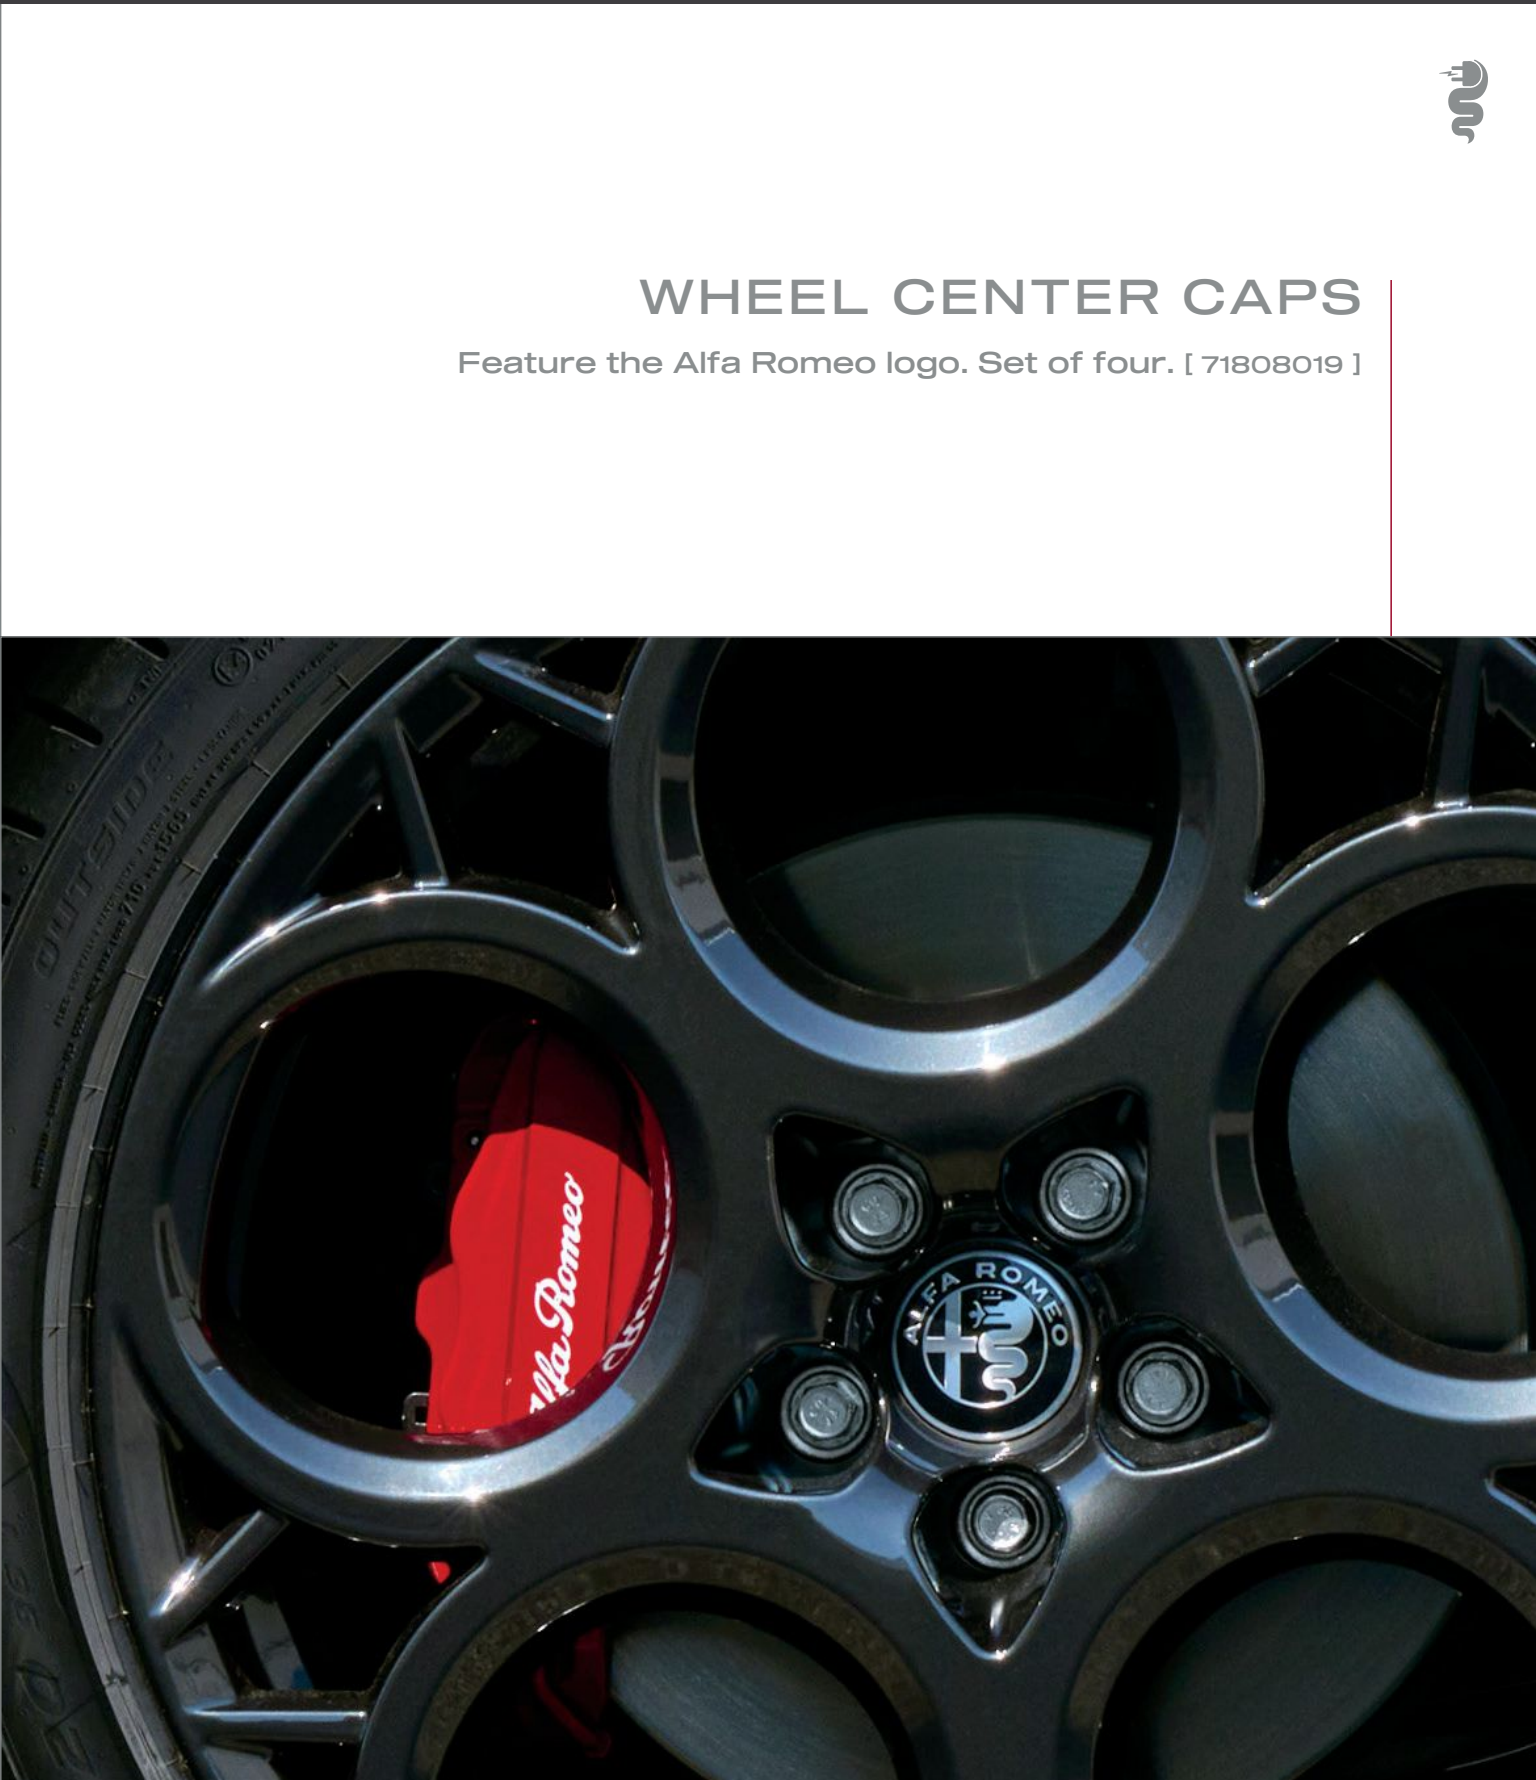

Driving the Tonale automatically puts you in rare territory – and its customization options make it even more personal. Choose from this wide selection of original, approved Alfa Romeo accessories, merchandise and charging options, and elevate your individual style.
