DODGE

1989

Spirit

THE NEW DODGE SPIRIT.
IN THE NEW SPIRIT OF DODGE.

A new spirit drives Dodge these days. A rededication to providing the high-performance, high-quality automobiles you demand. And deserve. In that spirit, the new 1989 Dodge Spirit is born.

Get into the Spirit. Spirit LE. Or the hot turbocharged Spirit ES, shown here in Claret Red. The responsiveness is overwhelming. Touch the accelerator. Spirit accelerates. Instantly. Turn the sport steering wheel. Spirit turns. Tautly. Touch the brake pedal. Spirit brakes. Tightly. Immediate gratification.

With available 2.5-liter turbo performance, Spirit will change your impressions about midsize sedans in a hurry. Its sporty, expressive lines will move you, too.

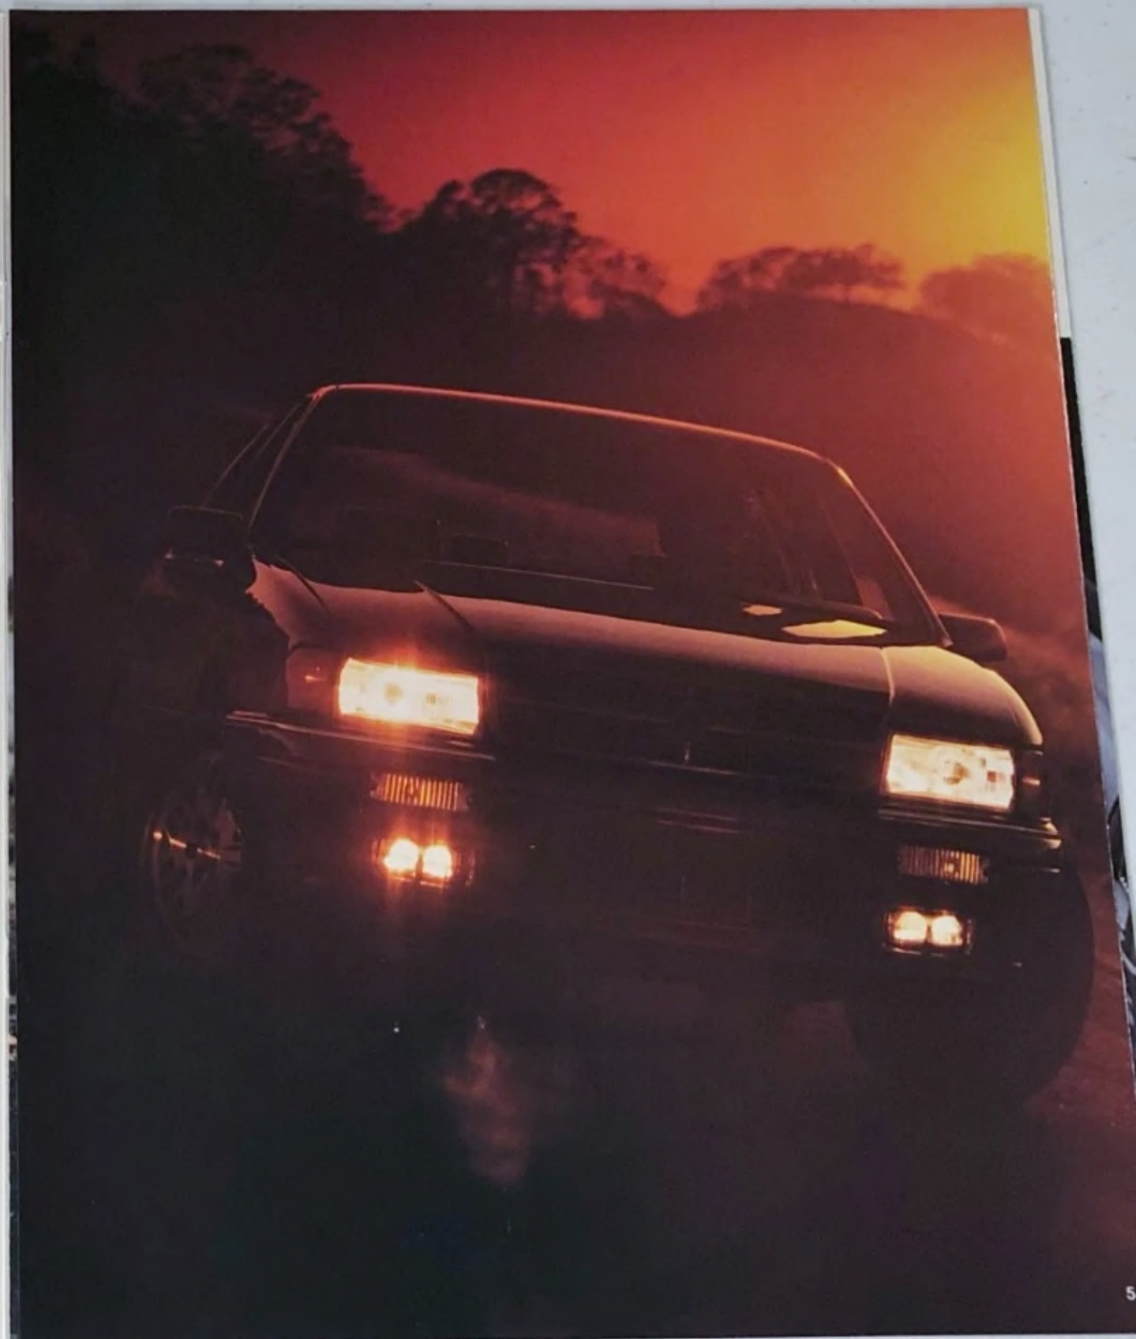
Technical advances and thoughtful engineering extras are everywhere. Extra-wide opening front and rear doors extend an open invitation to climb inside. Once you're there, new position-sensitive front struts smoothen your ride. The world's only fully adaptive electronically controlled automatic transaxle, available on Spirit ES with the optional V-6 engine, smoothens shifting. And front-wheel drive grips you to the pavement like a magnet to metal. Your driving ambition is realized.

Comfortable seating for up to six? Rest easy. Spirit offers the most rear leg room of any midsize sedan.

The new Dodge Spirit. Here to embody the new spirit of Dodge. And to awaken the driving spirit in you.

SOME OF THE EQUIPMENT SHOWN OR DESCRIBED THROUGHOUT THIS CATALOG IS AVAILABLE AT EXTRA COST.

About this catalog. Since the time of printing, some of the information you'll find in this catalog may have been updated. Ask your dealer for details.



THINK FAST

SPIRIT ES. EXTRA SIZZLE. AND MORE POWER TO YOU. WITH STANDARD 2.5-LITER TURBO PERFORMANCE. OPTIONAL V-6 EXCITEMENT.* FRONT-WHEEL DRIVE. DRAMATIC AERODYNAMICS. GROUND EFFECTS ALL AROUND. PERFORMANCE TIRES† AND 15-INCH EURO CAST ALUMINUM ROAD WHEELS.† A GREAT RUN FOR YOUR MONEY. THE SPIRIT ES IS SHOWN HERE IN CLARET RED. POWERFUL PROOF THAT SEDAN DOESN'T HAVE TO MEAN SEDATE.

*See power train chart, page 15. †Set of four.

THINK WIDE OPEN

Spirit ES. It's got the inside on comfort and convenience. With spacious seating for five. And an offering of standard equipment so extensive it's bound to impress each one of them.

Up front, premium sport bucket seats with adjustable head restraints. And seven-position lumbar support for the driver. A leather-wrapped sport steering wheel puts the power in your hands.

Analog gauges—including a tachometer—and an easy-to-read message center give you plenty of inside information. There's even a trip computer.

Rear passengers soon discover that Spirit ES was designed with big intentions. It offers abundant rear leg room, the most in its class.

Split fold-down rear seats let you carry skis inside the car...with room left over for a skier in the back seat.

Trunk space? Think *real* big: 14.4 cubic feet to be exact.

Now think again...about the standard equipment you always want, but don't always get. It's all here: Deluxe AM stereo*/FM stereo radio with cassette tape player. Electric rear window defroster. Tilt steering column. Plus electronic speed control. Dual illuminated visor vanity mirrors. Tinted glass. And much more.

The ES cabin. First-class accommodations. And a smooth flight.

The Spirit ES interior is shown in Medium Quartz.

*Some AM stereo broadcasting may not be compatible with this radio.

THINK AHEAD

SPIRIT LE. IT PUTS THE FUTURE WITHIN YOUR REACH. WITH A HIGH LEVEL OF ADVANCED STANDARD EQUIPMENT. AND A CONTEMPORARY PROFILE THAT SAYS A LOT ABOUT YOUR STANDARDS. LE SPORTS A 2.5-LITER SINGLE OVERHEAD CAM ENGINE. ELECTRONIC FUEL INJECTION. AN OPTIONAL TURBO, IF YOU'RE SO MOVED. SPORT SUSPENSION. STYLISH VENTURI WHEEL COVERS. AND ON AND ON. THE SPIRIT LE IS SHOWN HERE IN LIGHT TAUPE. THE FUTURE NEVER LOOKED SO GOOD.

THINK FIT

We thought long and hard in creating a fun-loving four-door that's as fit for the fast lane as it is for the family. The answer was worth waiting for. Spirit LE.

The car leaves no doubt where Dodge is going. Fast. A feisty 2.5-liter electronic fuel injection single overhead cam engine is standard. Five-speed manual transaxle, too. Available automatic transaxle is yours for the asking. So is our new 2.5-liter single overhead cam Turbo power plant with multiple point fuel injection. The *only* twin balance-shaft turbocharged four-cylinder engine built in the United States.

In fact, only the Porsche 944 Turbo shares this exotic technology. But at close to three times the cost of Spirit LE.

Like all Spirit models, LE is equipped with newly engineered position-sensitive gas-charged front struts. Extra-large antisway bars. Precision-feel power steering. And gas-charged shocks.

They work together to help you smooth life's ups and downs. And cut corners when you have to. While power-assisted front disc and self-adjusting rear drum brakes ensure that you stop as well as you go.

Just one look tells you LE is dressed to thrill. Its slippery shape, aero headlamps, sporty paint stripes, and wide, bright-trimmed bodyside moldings will floor you.

Inside, you and your copilot enjoy the premium front bucket seats. Behind you, three others are sitting pretty with head room and leg room that outdistance Spirit's competition. Or transport up to six with the optional 50/50 split bench front seat.

When your passenger list is lighter, consider the versatile split fold-down rear seat. Either way, make use of the console armrest that offers cup holders for rear seat travelers.

A six-function message center alerts you when doors or deck lid are ajar, a headlight, taillight or brake light is out, or when you're running low on windshield washer fluid.

Low pile premium carpeting is in abundance. So is the standard equipment that makes driving a pure pleasure. Illuminated visor vanity mirrors. Side window demisters. AM stereo*/FM stereo radio with four coaxial speakers and integral digital clock. Tinted glass. And for safekeeping, child-proof locks.

We thought of everything, didn't we?

Shown are a Spirit LE in Twilight Blue and Spirit ES interior in Medium Quartz.

*Some AM stereo broadcasting may not be compatible with this radio.

THINK SMART

The world has been waiting for a true driver's sedan. For a new spirit of responsive road performance.

Dodge has responded.

Our new Spirit will move you. Fast. Thanks in large part to some big Dodge advancements in automotive technology.

Like our new Ultradrive electronic four-speed automatic transaxle, available with a 3.0-liter V-6 engine on Spirit ES. A world-wide automotive first, it utilizes fully adaptive electronic transmission controls that

automatically compensate for changes in driving conditions and engine mileage. The result is smooth, responsive shifting. Mile after mile, year after year.

Expect better fuel economy, too. Faster and smoother acceleration. And a quieter ride.

A crisp-shifting, five-speed close-ratio transaxle is standard on every Spirit. It includes a newly designed clutch for better shifter feel and more efficient engagement.

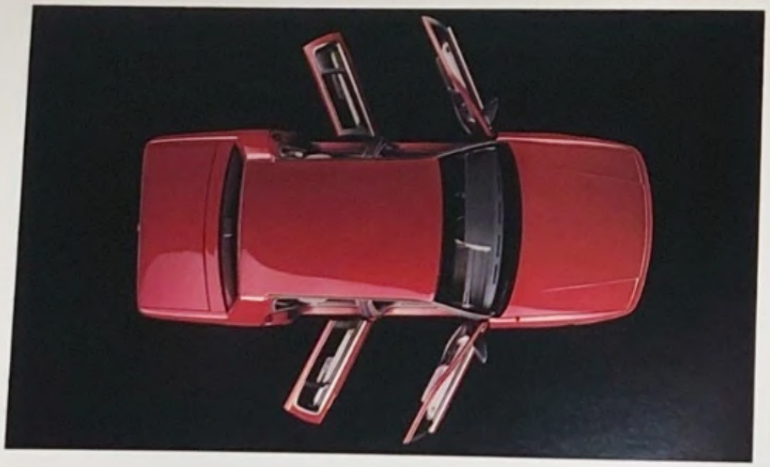
Then there's our new 2.5-liter single overhead cam turbo engine with multiple point electronic fuel injection. It's standard on Spirit ES and available on all other Spirit models. And it's the latest turbo technology from Chrysler Motors, a proven industry leader with nearly a million turbo-charged cars produced since 1984.

The engine's low-inertia turbine and compressor all but eliminate "turbo lag." Acceleration is immediate. And smooth. Engine idle quality is dramatically improved, too, thanks to new engine acoustic components.

Precision-feel, 14:1 ratio power steering gives you a turn for the better. More responsive. More controlled. New position-sensitive front struts soften your ride by "damping" the suspension during rebound. The bigger the bump, the harder the struts work to soften the impact. You get a controlled balance between firm handling and a comfortable, quiet ride.

You'll be glad to know, too, that we've left no stone unturned in terms of corrosion resistance. Rust-resistant coated steel is used extensively throughout critical car body areas. And Spirit's standard stainless steel exhaust system dramatically increases the life of the unit.

Then there are what we call "uncommon courtesies." Such as



Spirit's innovative door design. Both front doors open to an extra-wide 67-degree angle, rear doors to 75 degrees—for a larger degree of convenience when entering or exiting the vehicle.

The trunk lid benefits from the same innovative thinking. It lifts especially easy, due to its unique torsion-bar counterbalance design. You'll also be surprised at how high the lid rises. Well out of the way of unsuspecting foreheads.

Loading the trunk is easier than you might expect because the low-liftover lid opening extends all the way down to the rear bumper. Spirit's 14.4 cubic feet of trunk space is a big relief, too.

That's the Spirit. Engineered to accelerate the future. And to make your heart race. To get the full picture, see the technology diagram on the next page.

DODGE SPIRIT TECHNICAL INFORMATION

A Aerodynamic Styling.
Dampens wind noise and helps improve fuel economy.* Flush windshield and backlight, semi-flush side windows, aerodynamic headlights, integrated bumpers, and outside rearview mirrors. Galvanized steel exterior body panels (except roof) provide maximum corrosion protection.

B Suspension.
Standard gas-charged position-sensitive front struts. Front suspension has increased rebound damping and coil spring isolator cushions. Beam axle rear trailing arm suspension with integral anti-sway bar offers smooth ride, agile handling.

C Responsive Engines.
A 2.5-liter Turbo engine is available in Spirit and Spirit LE and standard on Spirit ES. A 3.0-liter V-6 MPI engine† with overhead camshafts is available on Spirit ES. Spirit and Spirit LE have the 2.5-liter electronically fuel-injected twin balance-shaft four-cylinder engine with Phase II Quiet Idle feature.

D Transaxle Availability.
A 5-speed manual overdrive transaxle is available on all Spirit models. Overdrive fifth gear promotes quiet, high-efficiency cruising.* A three-speed automatic (with lockup torque converter for 2.5-liter engine only) is optional. Ultradrive electronically adaptive four-speed automatic overdrive transaxle is on Spirit ES with optional V-6 engine.

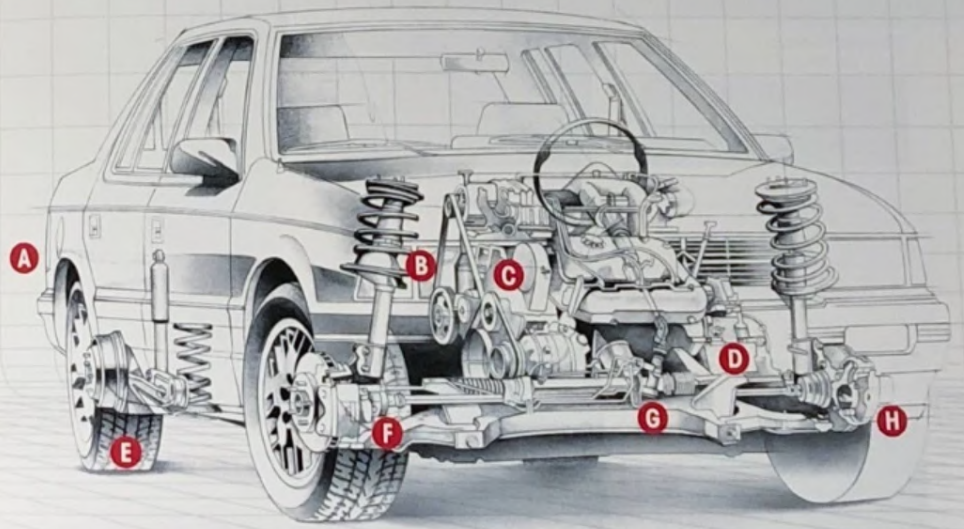
E All-Season Touring Tires (set of four).
P195/70R14 all-season touring tires with a new low-noise tread pattern. Standard on Spirit and Spirit LE. All-season P205/60R15 performance tires are standard on Spirit ES, optional on Spirit and Spirit LE for improved handling and responsiveness.

F Front-Wheel Drive.
All Spirit models offer proven front-wheel drive, where the weight of the engine over the driving wheels provides better stability and traction on wet and slippery surfaces.

G Power-Assisted Rack and Pinion Steering.
Standard on every Spirit. When you turn the steering wheel, the teeth of the rack mesh with the gear on the pinion, providing precise turning response, low turning effort and good returnability.

H Power-Assisted Brakes.
Spirit standard power-assisted front discs are vented for rapid heat dissipation, rear drums are self-adjusting and vacuum-boosted. Master cylinder has two separate circuits for added safety.

*See your dealer for mileage figures.
†See page 15 for further engine information.



Optional Packages

Your best value in ordering available equipment is Spirit's wide selection of optional packages. Significant savings can be realized on these packaged items compared to the cost of purchasing items separately.

Basic Equipment Discount Package
(Available on Spirit only.)

Includes armrest mounted on standard console (available with bucket seats only; includes dual cup holders for rear seat passengers), two additional rear-mounted coaxial speakers.

Popular Equipment Discount Package
(Available on Spirit only.)

Includes air conditioning with manual temperature control and bi-level ventilation, Basic Equipment Discount Package, electric rear window defroster (required on all passenger cars registered in New York state), tinted glass in all windows.

Deluxe Convenience Discount Package
(Available on Spirit only.)

Includes electronic speed control, color-keyed front and rear carpeted floor mats, ignition switch light with time delay, and six position tilt steering column.

Premium Equipment Discount Package
(Available on Spirit only.)

Includes split fold-down rear seatback; Light Package with cigar lighter light, under-instrument-panel-mounted courtesy light, roof-mounted map light, ignition switch light with time delay and underhood light; premium body sound insulation; graphic message center with warning lights for headlight out, low windshield washer fluid, stoplight out, taillight out, trunk lid ajar, door ajar.

Power Equipment Discount Package
(Available on Spirit, Spirit LE, and Spirit ES. Air conditioning required. Popular Equipment Discount Package required on Spirit.)

Includes dual heated power remote control black mirrors, power door locks, power windows.

Certain models, packages, and options are subject to specific restrictions, requirements, or late availability. See your dealer for the latest ordering information.

Available Options

Many options can be ordered separately to meet your driving needs. They include:

Power Door Locks
(Available on all models.)

Located in front door armrests within easy reach of driver and front seat passenger. Automatically lock and unlock doors for added convenience. And safety.

Electric Rear Window Defroster
(Available as option on Spirit only. Standard on Spirit LE and ES.)

Conveniently controlled from the instrument panel, the unit works quickly to clear the rear window of ice, snow, and fog (required on all passenger vehicles registered in New York state).

Chrysler Infinity II Sound System
(Available on Spirit LE and ES.)

Includes AM stereo*/FM stereo radio, electronically tuned; with Dynamic Noise Reduction†; electronic cassette tape player with automatic reverse, true fast-forward and rewind, automatic metal tape sensor, tape program music search, Dolby B‡ Noise Reduction and five-band electronic graphic equalizer, joystick balance/fader speaker control; Infinity vehicle-equalized eight-speaker system, integral digital clock.

Spirit, shown in Diamond Blue.

Sun Roof
(Available on all models. Popular Equipment Discount Package required on Spirit.)

Bring the outdoors in with this removable tinted glass sun roof. Raise the rear edge to adjust ventilation to your own comfort level. Interior color sunshade included.

*Some AM stereo broadcasting may not be compatible with this radio. †Dynamic Noise Reduction is a trademark of National Semiconductor Corporation. ‡Dolby B is a trademark of Dolby Laboratories.

Standard Safety Features

· Antitheft trunk lock · Backup lights · Brake fluid pressure loss warning light (also serves as parking brake indicator) · Childproof inside rear door locks · Combination lap/shoulder belts for the driver, right front passenger, and outside rear passengers; lap belts for all others · Double ball-joint rearview mirror mount · Dual diagonal braking system with separate brake fluid reservoirs in the master cylinder · Dual throttle return springs · Electric windshield washers and wipers · Energy-absorbing front seatbacks · Energy-absorbing instrument panel and sun visors · Energy-absorbing steering column and/or steering wheel · Fade-resistant front vented disc brakes · Front seat head restraints · Glare reduction on instrument panel, steering wheel, and windshield wipers, windshield header and roof · Hazard warning flasher system · Headlight and wiper circuit breakers with automatic reset · Ignition and steering column lock · Impact-actuated fuel supply shutdown relay · Inside and outside rearview mirrors · Interlocking door latches · Key left in ignition warning · Non-override door locks (except driver's door) · Provisions for rear child seat tether · Recessed inside door release handles · Reinforced windshield header and roof · Resilient window crank knobs · Safety glass · Safety-Rim wheels · Seat belt reminder system · Side door beams · Side marker lights and/or reflectors · Supplemental center high-mounted stoplight · Turn signals with lane-change feature and flashing front side marker lights.

Due to printing limitations, the colors shown will vary slightly from actual hues. See your Dodge dealer for accurate color chips. Clear Coat finish is standard on every 1989 passenger car built by Chrysler Motors.

Consider Leasing.

Many of today's new car prospects are wisely considering leasing as an alternative to buying. Leasing a new Dodge Spirit usually involves a small security deposit and a first month's lease payment. Monthly payments are usually less than financing a new car purchase. Ask your dealer for details.

Chrysler Credit Financing

Chrysler Credit offers a variety of finance programs that will help make your new Dodge Spirit even more affordable. These special finance and leasing programs are designed to meet the needs of today's automotive buyer. They include Gold Key Lease, America's Choice Payment Plan, College Graduate Plans, Retail Financing, and more. Ask your salesperson for details.

Chrysler Purchase Assistance Program for the Physically Challenged.

Cash reimbursements of up to $500 are available for qualified adaptive driving devices on 1989 Chrysler Motors cars and trucks. For further information, contact your dealer or the PHYSICALLY CHALLENGED RESOURCE CENTER at 1-800-255-9877.

All product illustrations and specifications are based upon current information at the time of publication approval. Although descriptions are believed correct, accuracy cannot be guaranteed. Chrysler Motors reserves the right to make changes from time to time, without notice or obligation, in prices, specifications, colors and materials, and to change or discontinue models. See your dealer for the latest information.

mopar CHRYSLER MOTORS GENUINE PARTS

MOPAR parts are engineered by Chrysler Motors for use in your new Dodge Spirit. When replacement is necessary, be sure to specify MOPAR parts. Used by professional mechanics all over the world.

Form No. 81-205-9009 11/88 (250M) Litho in U.S.A.

"There is a new spirit at Dodge. A rededication of the teamwork necessary to fulfill a commitment made 75 years ago to the American automotive buying public. A rededication to providing the excellence and total performance automobiles you demand. High quality automobiles that surpass contemporary standards and satisfy even future needs right now.

Building on the remarkable achievements of the past, Dodge is constantly redefining automotive concepts with exciting new approaches in transportation. This spirit is also reflected in the complete confidence we have in the products we sell. Our unprecedented 7/70 Limited Warranty is testimony that our ultimate goal is to satisfy you with our products, our attitudes, and our service.

If you are a person who enjoys the driving experience, there is a whole new spirit of excitement awaiting you behind the wheel of a 1989 Dodge automobile."

Lee A. Iacocca

7/70 Power Train Limited Warranty
Upon expiration of the basic 12-month or 12,000-mile limited warranty, coverage is extended on power train components to seven years or 70,000 miles. A deductible applies. See your dealer for a copy of the warranty.

7/100 Anticorrosion Limited Warranty
Your dealer will repair or replace at no charge outer body sheet metal panels found to have developed perforation (rust-through) in normal use up to seven years or 100,000 miles. See your dealer for a copy of the warranty.

Optional Service Contract
Chrysler Service Contracts provide you with additional peace of mind protection for your new vehicle. Chrysler Motors offers a variety of plans to meet your needs. Plan coverage begins after your vehicle's basic warranty expires. A deductible applies. Allowances for car rental and towing are also included.
