

2007 RANGER

XL, SPORT, STX, XLT, FX4 OFF-ROAD, FX4 LEVEL II

MAXIMUM RANGE

Hardworking, sharp-dressed, and always up for adventure, Ranger's versatility gives you the edge. FX4 OFF-ROAD takes on the backcountry, while STX and SPORT stand out in a crowd. A class-exclusive 7-ft. cargo box* helps you handle bulky loads, plus excellent fuel economy means fewer trips to the pump. New for 2007, SIRIUS Satellite Radio** is available, and we've added the Personal Safety System® for extra confidence on the road. It's time to discover Canada in the Built Ford Tough truck that's Canada's best-selling compact pickup.† Ranger's ready to roam. Are you?

With its 2.3L DOHC I-4 that pumps out 143 hp and 154 lb.-ft. of torque, Ranger XL FEL has claimed the EnerGuide Award†† for 5 years running. By any measure, Ranger's efficiency and power put you ahead.

Left: FX4 LEVEL II in Redfire/Dark Shadow Grey. Centre: SPORT 4x4 in Screaming Yellow. Right: XLT 4x4 in Vista Blue. All shown with optional equipment. Professional drivers on a closed course.
