

The 2026 Kia EV9

Movement that inspires

The groundbreaking, all-electric SUV.

EV9 erases the line between EVs and SUVs. It's an award-winning, all-electric vehicle with 3 rows of exceptional comfort; a back roads-capable SUV with available multi-terrain all-wheel drive; and a versatile family getaway vehicle that can tow up to 5,000 lb. (2,267 kg) when properly equipped.

Add a variety of unique front-end lighting signatures with EV9's Digital Pattern Lighting Grille, available as a Downloaded Feature via the Kia Connect Store.*

EV9 now features an NACS charge port, giving you access to thousands of additional fast-charge stations across Canada and the United States.

The smart power liftgate opens automatically —providing easy cargo access and up to 2,314 litres (81.7 cu. ft.) of cargo space when the 2nd and 3rd row seats are folded.

Remote Smart Parking Assist 2 (RSPA2) is another Downloaded Feature available via the Kia Connect Store. Delivered as a wireless download, it lets you park your EV9 safely from outside the vehicle, using only your key fob or smartphone^{1,2,*}

* Available feature. Visit kia.ca for full details.

EV9 is equipped with an expansive digital display combining two 12.3" touchscreens and a 5" climate control display. This can be complemented with an available 12" heads-up display (HUD)* that projects key driving information on the windshield, so the driver stays focused on the road³.

Column-type electronic shift lever with an integrated start button.

Blind view monitor displays the blind spot in the direction your turn signal is indicating.*

Reclining relaxation seats make long journeys more enjoyable for 2nd row passengers.*

Front passenger walk-in switches allow the driver and rear occupants to control the front passenger seat for more space in the front or 2nd row.

Digital Key turns your smartphone into a secure key that unlocks the doors and starts the vehicle. A Share Key function lets you share access with others on their phones².

* Available feature. Visit kia.ca for full details.

New EV9 GT.

The ultimate electric SUV.

The new EV9 GT is the ultimate expression of electric SUV performance, delivering 501 hp and 545 lb.-ft. of torque for a truly spirited driving experience. It also sports an electronic limited slip differential (e-LSD) for enhanced cornering stability and optimized off-road traction. This exclusive vehicle is available by dealer order only, so don't delay. Order yours today.

EV9 GT's standout interior treatment includes performance-inspired lime green accents; a unique, 2-tier LED ambient lighting scheme; and an exclusive GT steering wheel designed for enhanced driving comfort and control.*

The front end includes an exclusive GT digital lighting grille pattern and active air-flap pattern.*

Exclusive 21-inch GT alloy wheels show off lime-coloured brake calipers and ride on high-performance Continental tires.*

Experience next-level driving with steering wheel-mounted controls for e-Shift - a paddle-style manual shift simulator - and dynamic GT Mode, which automatically optimizes power delivery and suspension damping to unlock the GT's full performance potential.*

Front and 2nd-row sport suede bucket seats combine luxurious comfort with the added support that enthusiastic driving calls for.*

* Available feature. Visit kia.ca for full details.
