

2007 Acura

**MDX**

Shown in Taupe Leather with available Technology and Entertainment Packages.

It began as a question: Could a premium SUV deliver brilliant performance while keeping all of its luxury and utility? The all-new Acura MDX, tuned on Germany's famed Nürburgring racetrack, is the stunningly successful answer.

THE SUV RULEBOOK HAS JUST BEEN THROWN OUT.

SOPHISTICATED DESIGN, ADVANCED ENGINEERING AND OUR LEGENDARY CRAFTSMANSHIP ARE READILY EVIDENT IN EVERY DETAIL OF THIS EXCEPTIONAL NEW VEHICLE.

Shown in Steel Blue Metallic with available Technology and Entertainment Packages.

Using their most advanced technologies in ingenious combination, Acura engineers have created a spacious, comfortable and versatile new MDX that can conquer challenging roads with breath-quickenning, eye-opening urgency.

IT JUST APPEARS TO BEND THE LAWS OF PHYSICS.

Shown in Nimbus Gray Metallic with available Technology Package.

*Make the road play by your rules.*

# ACTIVE

The system's dampers feature an electromagnet in the piston in combination with damping fluid that essentially changes viscosity when a magnetic field is introduced. So the firmness or compliance of the damper can be adjusted in milliseconds. The dampers are controlled by a computer that receives input from sensors measuring vertical and lateral g-forces, wheel stroke, wheel speed, vehicle yaw and more. The system is always active when the MDX is in motion, and two modes are selectable by the driver with the push of a button: Comfort and Sport.

In the Sport mode, the dampers become firmer to limit body motion and provide remarkable composure while the MDX accelerates, turns and stops with precise immediacy. Switch to the Comfort mode, and the dampers relax to enhance smoothness, compliance and the lessening of fatigue for long-range contentment—while still maintaining accurate, confident control.

## 4-wheel independent suspension

- 1 The MDX suspension, featuring monotube struts up front and a sophisticated multi-link design in back, is crafted largely of lightweight aluminum alloy. The Active Damper System front strut is shown here.

## Electromagnetic clutches

- 2 These ingenious devices positioned in the rear differential housing have the unique capability to transmit variable amounts of engine power to each rear wheel.

## Immense 4-wheel disc brakes

- 3 With front ventilated rotors measuring 13" in diameter, and a pair of 13.2" solid discs in back, you can count on the MDX to deliver powerful, fade-free stopping.

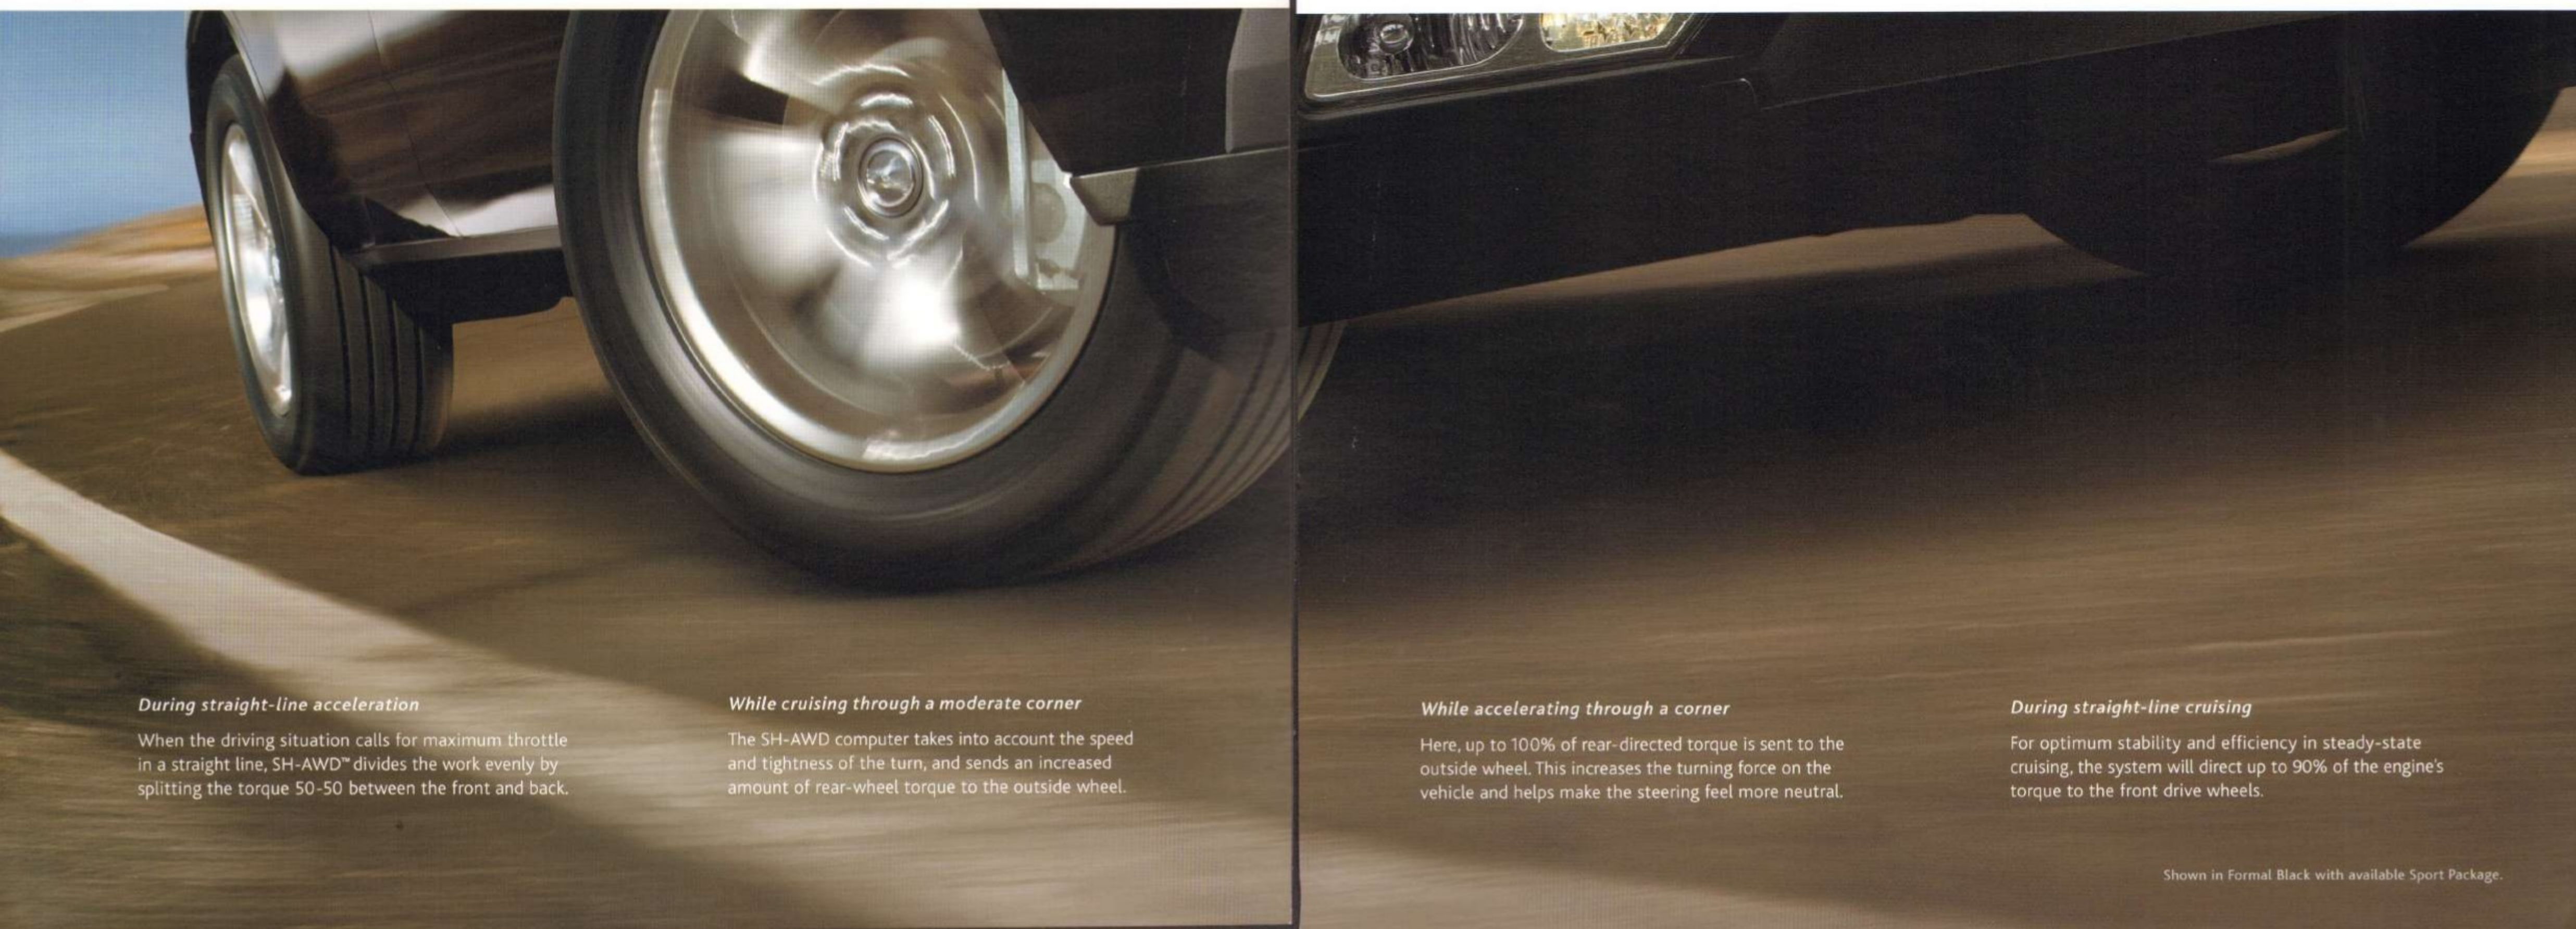

**.85g**

OF LATERAL FORCE

**SH-AWD**

PROACTIVE TECHNOLOGY

[ Super Handling All-Wheel Drive™ ] This innovative system can distribute engine torque from front to rear depending on the driving situation. It can also vary the rear-directed torque from side to side to enhance handling. In a tight turn, up to 100% of rear-wheel torque goes to the outside wheel to actually increase the turning force on the vehicle. Sensors measure road speed, g-forces and more to help ensure that power is going to just the right wheels to keep the MDX at the peak of traction, stability and performance.

## During straight-line acceleration

When the driving situation calls for maximum throttle in a straight line, SH-AWD™ divides the work evenly by splitting the torque 50-50 between the front and back.

## While cruising through a moderate corner

The SH-AWD computer takes into account the speed and tightness of the turn, and sends an increased amount of rear-wheel torque to the outside wheel.

## While accelerating through a corner

Here, up to 100% of rear-directed torque is sent to the outside wheel. This increases the turning force on the vehicle and helps make the steering feel more neutral.

## During straight-line cruising

For optimum stability and efficiency in steady-state cruising, the system will direct up to 90% of the engine's torque to the front drive wheels.

Shown in Formal Black with available Sport Package.

specs

#### *High-inertia intake manifold*

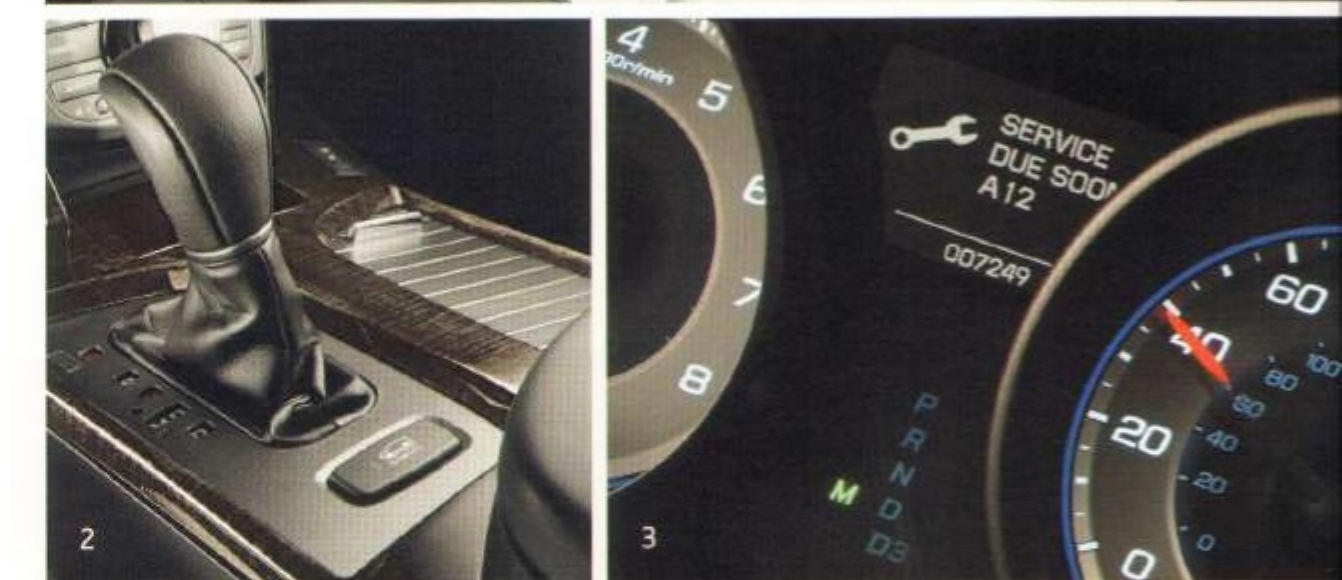

- 1 In this specially tuned manifold, sound waves are timed precisely to enhance cylinder charging at low engine speeds. At higher rpms, a valve in the manifold opens to cancel the effect, so intake inertia is undisturbed.

#### *5-speed Sequential SportShift automatic*

- 2 You can let this advanced transmission make the shifts by itself. Or take over by moving the shift lever into the left gate and nudging it forward or backward.

#### *Maintenance Minder™ system*

- 3 This advanced feature determines when service is needed based on how you drive your MDX, not just how far. And its display tells you which services are required.

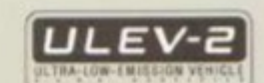

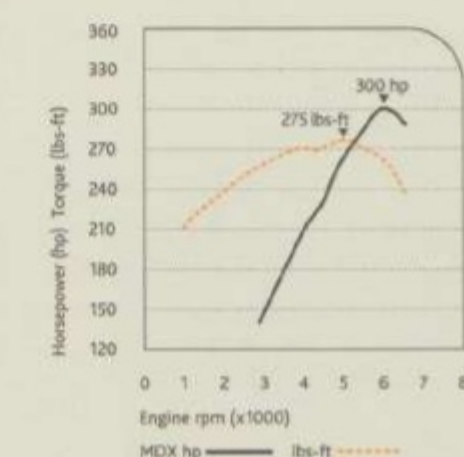

The MDX powerplant is the largest engine ever used in a production Acura. And it puts out the most horsepower and torque—275 lbs-ft—as well. But big numbers don't tell the whole story, as this engine is rich in leading-edge technological innovation. It includes the power-spreading VTEC® variable valve timing and lift system.

## 300<sup>HP</sup>

The MDX also uses unique high-silicon aluminum cylinder sleeves for high performance and exceptionally light weight. Other advances include a Drive-by-Wire™ throttle system for refined power delivery, and a variable-flow exhaust system that enhances power production at higher rpms. Perhaps most remarkable, the MDX makes its prodigious power while using fuel with impressive efficiency and earning certification as an Ultra-Low-Emission Vehicle (ULEV-2).<sup>1</sup>

*Big brains make for big power.*

**5.1 SURROUND**  
6 TRUE DISCRETE CHANNELS

**410 WATTS**  
ELS

**[technology you can feel]** The Acura/ELS Surround™ system included in the MDX Technology Package will immerse you in deep, richly detailed sound. Along with CDs and DVD-A discs, the system will let you play DTS 5.1 Music Discs. You can even download and burn your favorite music files onto recordable DVD discs at home and play them in your MDX—an astonishing audio experience that can last for hours.

Shown in Taupe Leather with available Technology and Entertainment Packages.

The MDX Technology Package presents a truly exceptional experience for the audiophile in you. The Acura/ELS Surround Premium 10-speaker Sound System has been tuned for the MDX acoustics by the Grammy®-winning producer and engineer Elliot Scheiner for stunning audio performance. It features a 410-watt amplifier and can play AM, FM and XM® Satellite Radio. Plus, it has a 6-disc CD/DVD-Audio changer that can play many formats.

*Hear your music like you've never heard it before.*

## DVD-A

With hundreds of times the audio resolution of a CD, the DVD-A disc provides astonishing levels of audio detail in the 5.1 surround-sound format. And this system also features Dolby® Pro Logic® II, which converts your standard stereo CD library into lush, rich-sounding simulated surround sound.

### Premium standard audio system

The MDX audio system comes standard with a 253-watt amplifier, eight speakers including subwoofer, an auxiliary input jack and a 6-disc in-dash CD changer that can play MP3 and Windows Media® Audio (WMA) files.

### XM Satellite Radio

Enjoy over 170 digital-quality channels from coast to coast, including 69 commercial-free music channels. And the first 3 months of service are compliments of Acura.²

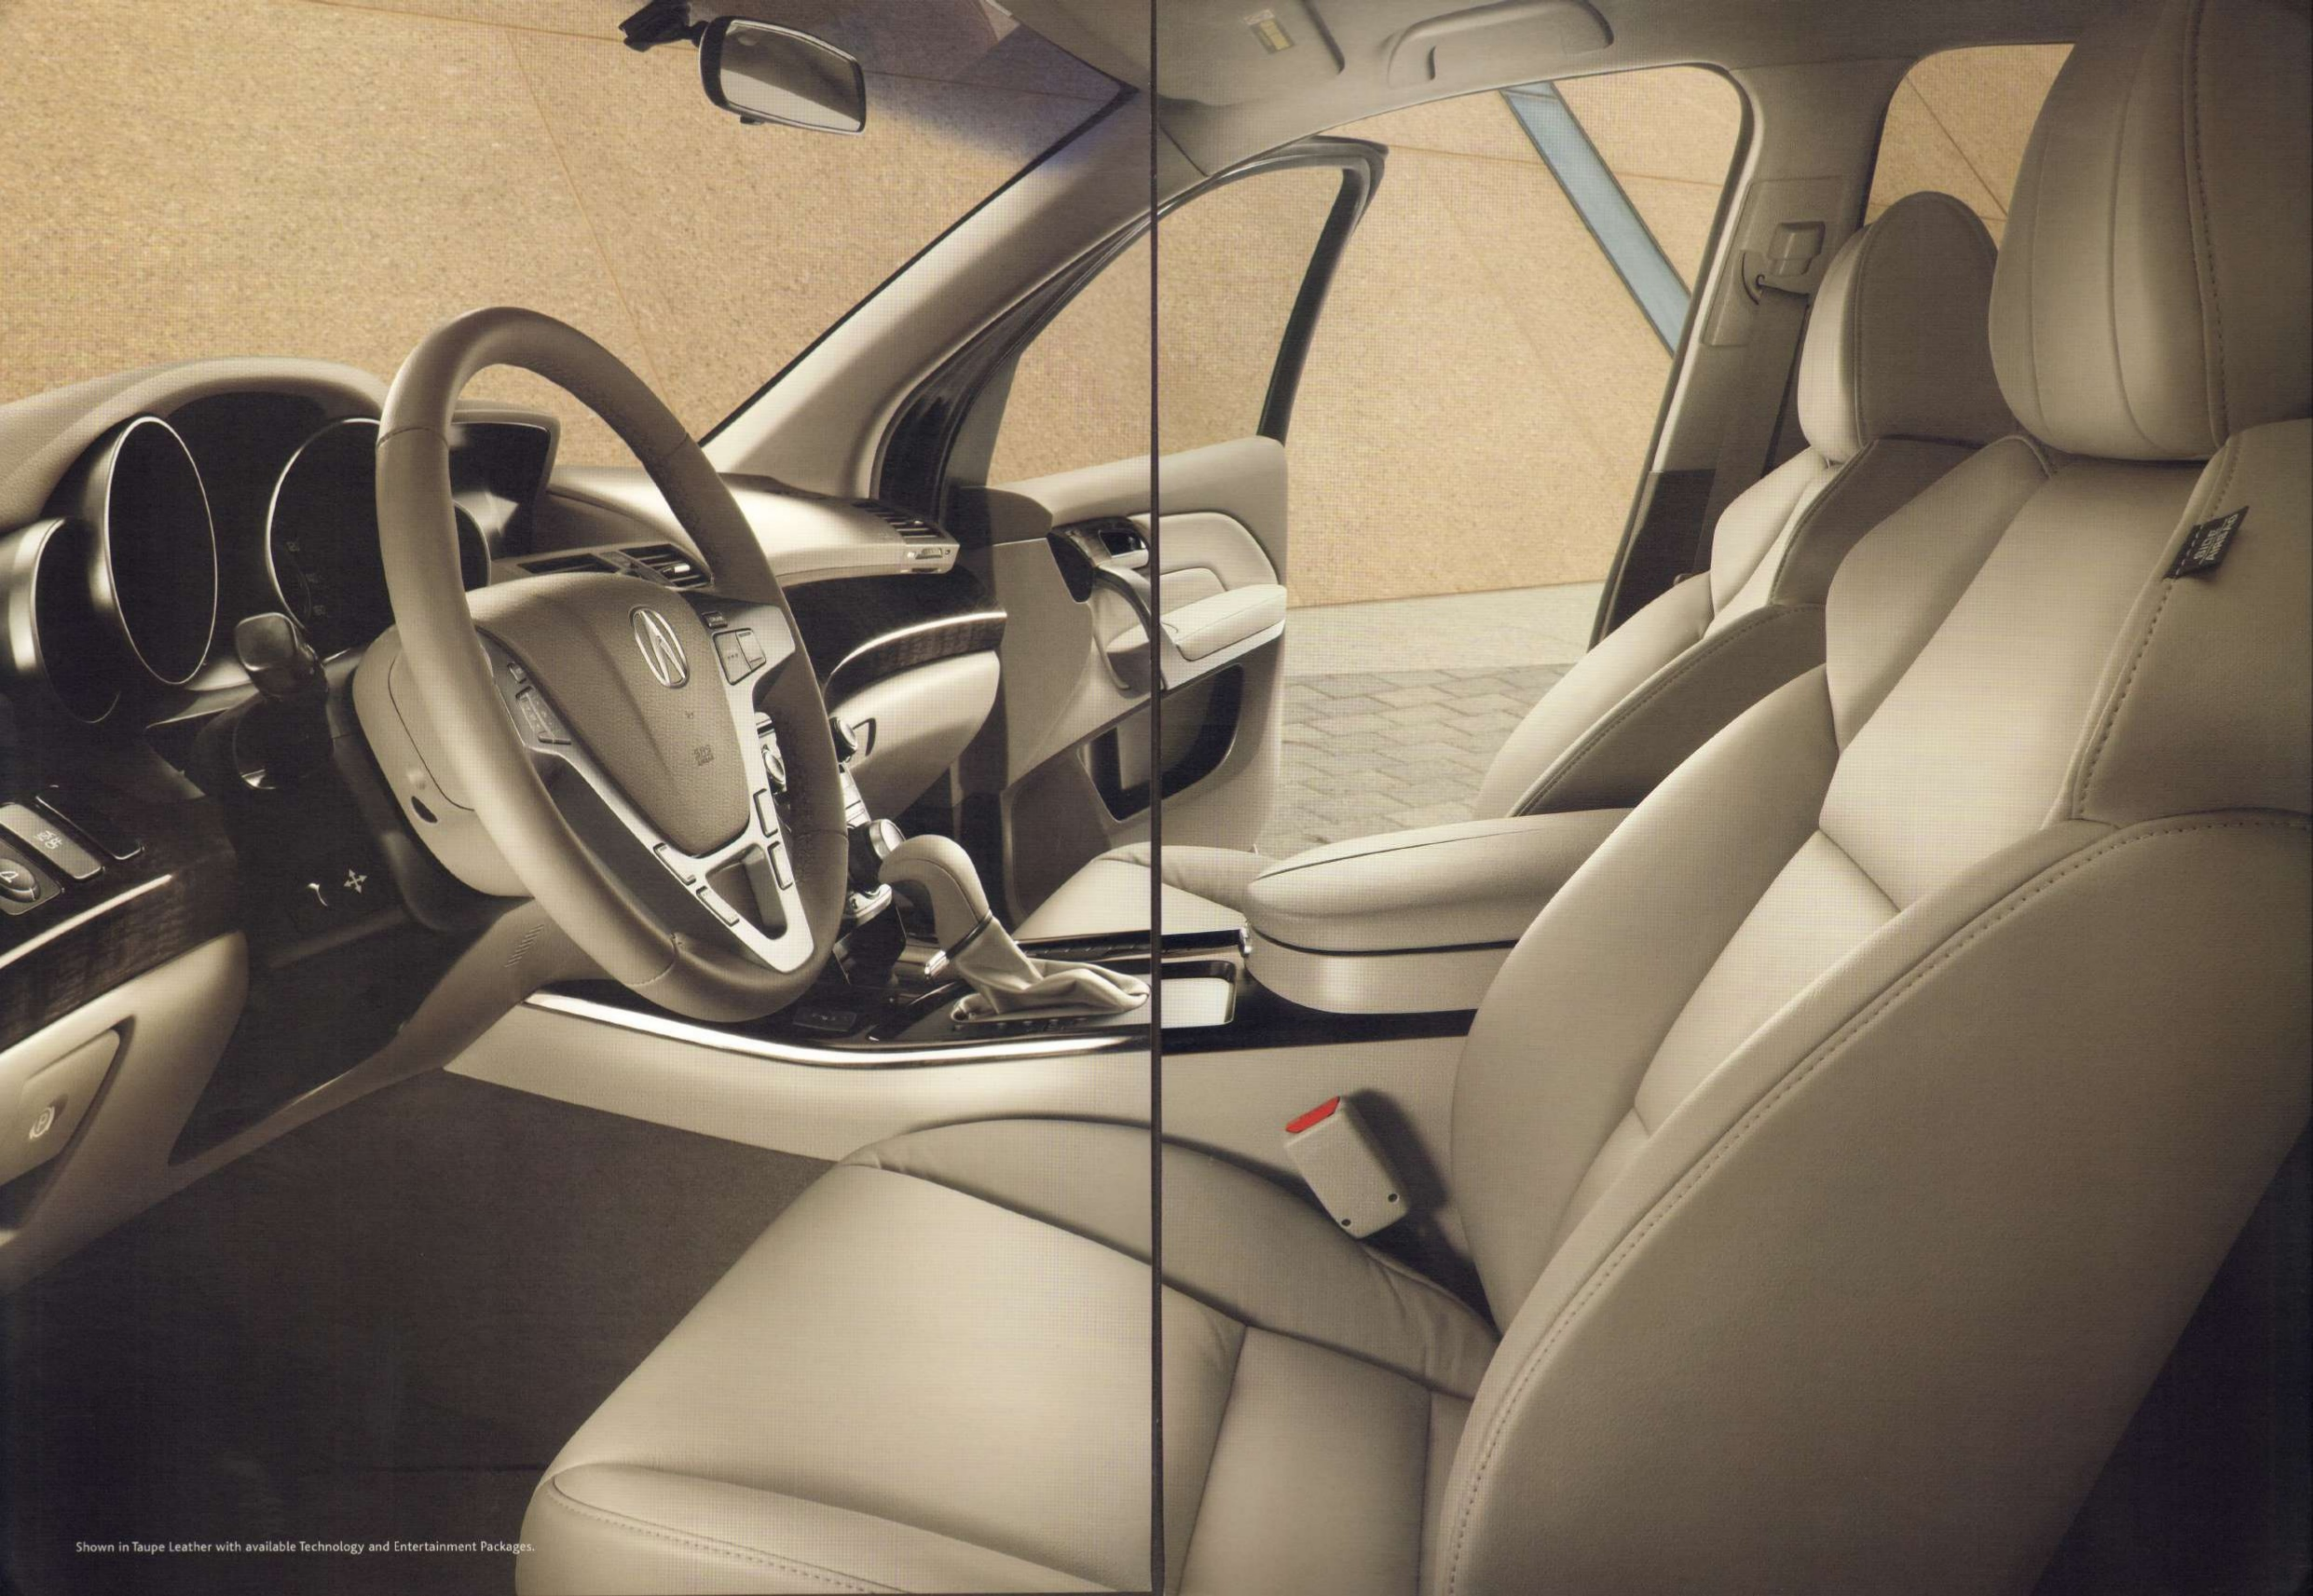

### HandsFreeLink wireless telephone interface

Link your compatible Bluetooth®-enabled mobile phone to HandsFreeLink®, and you can make and receive calls while your hands remain on the steering wheel.³

Shown in Taupe Leather with available Technology and Entertainment Packages.

Shown in Taupe Leather with available Technology and Entertainment Packages.

The MDX offers the latest generation of experience-enhancing technology – so far ahead that it's actually easy to use and enjoy. And its full complement of amenities makes it the perfect venue for entertaining up to seven.

WE'RE ADVANCING THE SCIENCE OF LUXURY.

When you choose the MDX Technology Package, you can drive the contiguous 48 states like you're covering familiar territory. The Acura Navigation System\* uses Global Positioning System satellites to pinpoint your location. And a huge DVD database contains all the map info to get you where you want to go, with a moving map display and voice prompts.

## GPS

*Always drive like you've been there before.*

The system contains data on more than 7,000,000 points of interest like ATMs, filling stations and restaurants. It can even give you Zagat Survey® reviews and ratings on covered restaurants. And when you shift into reverse, the system's rearview camera displays an image of what's directly behind you.

performance interior **technology** amenities safety specs

### *AcuraLink™ real-time traffic*

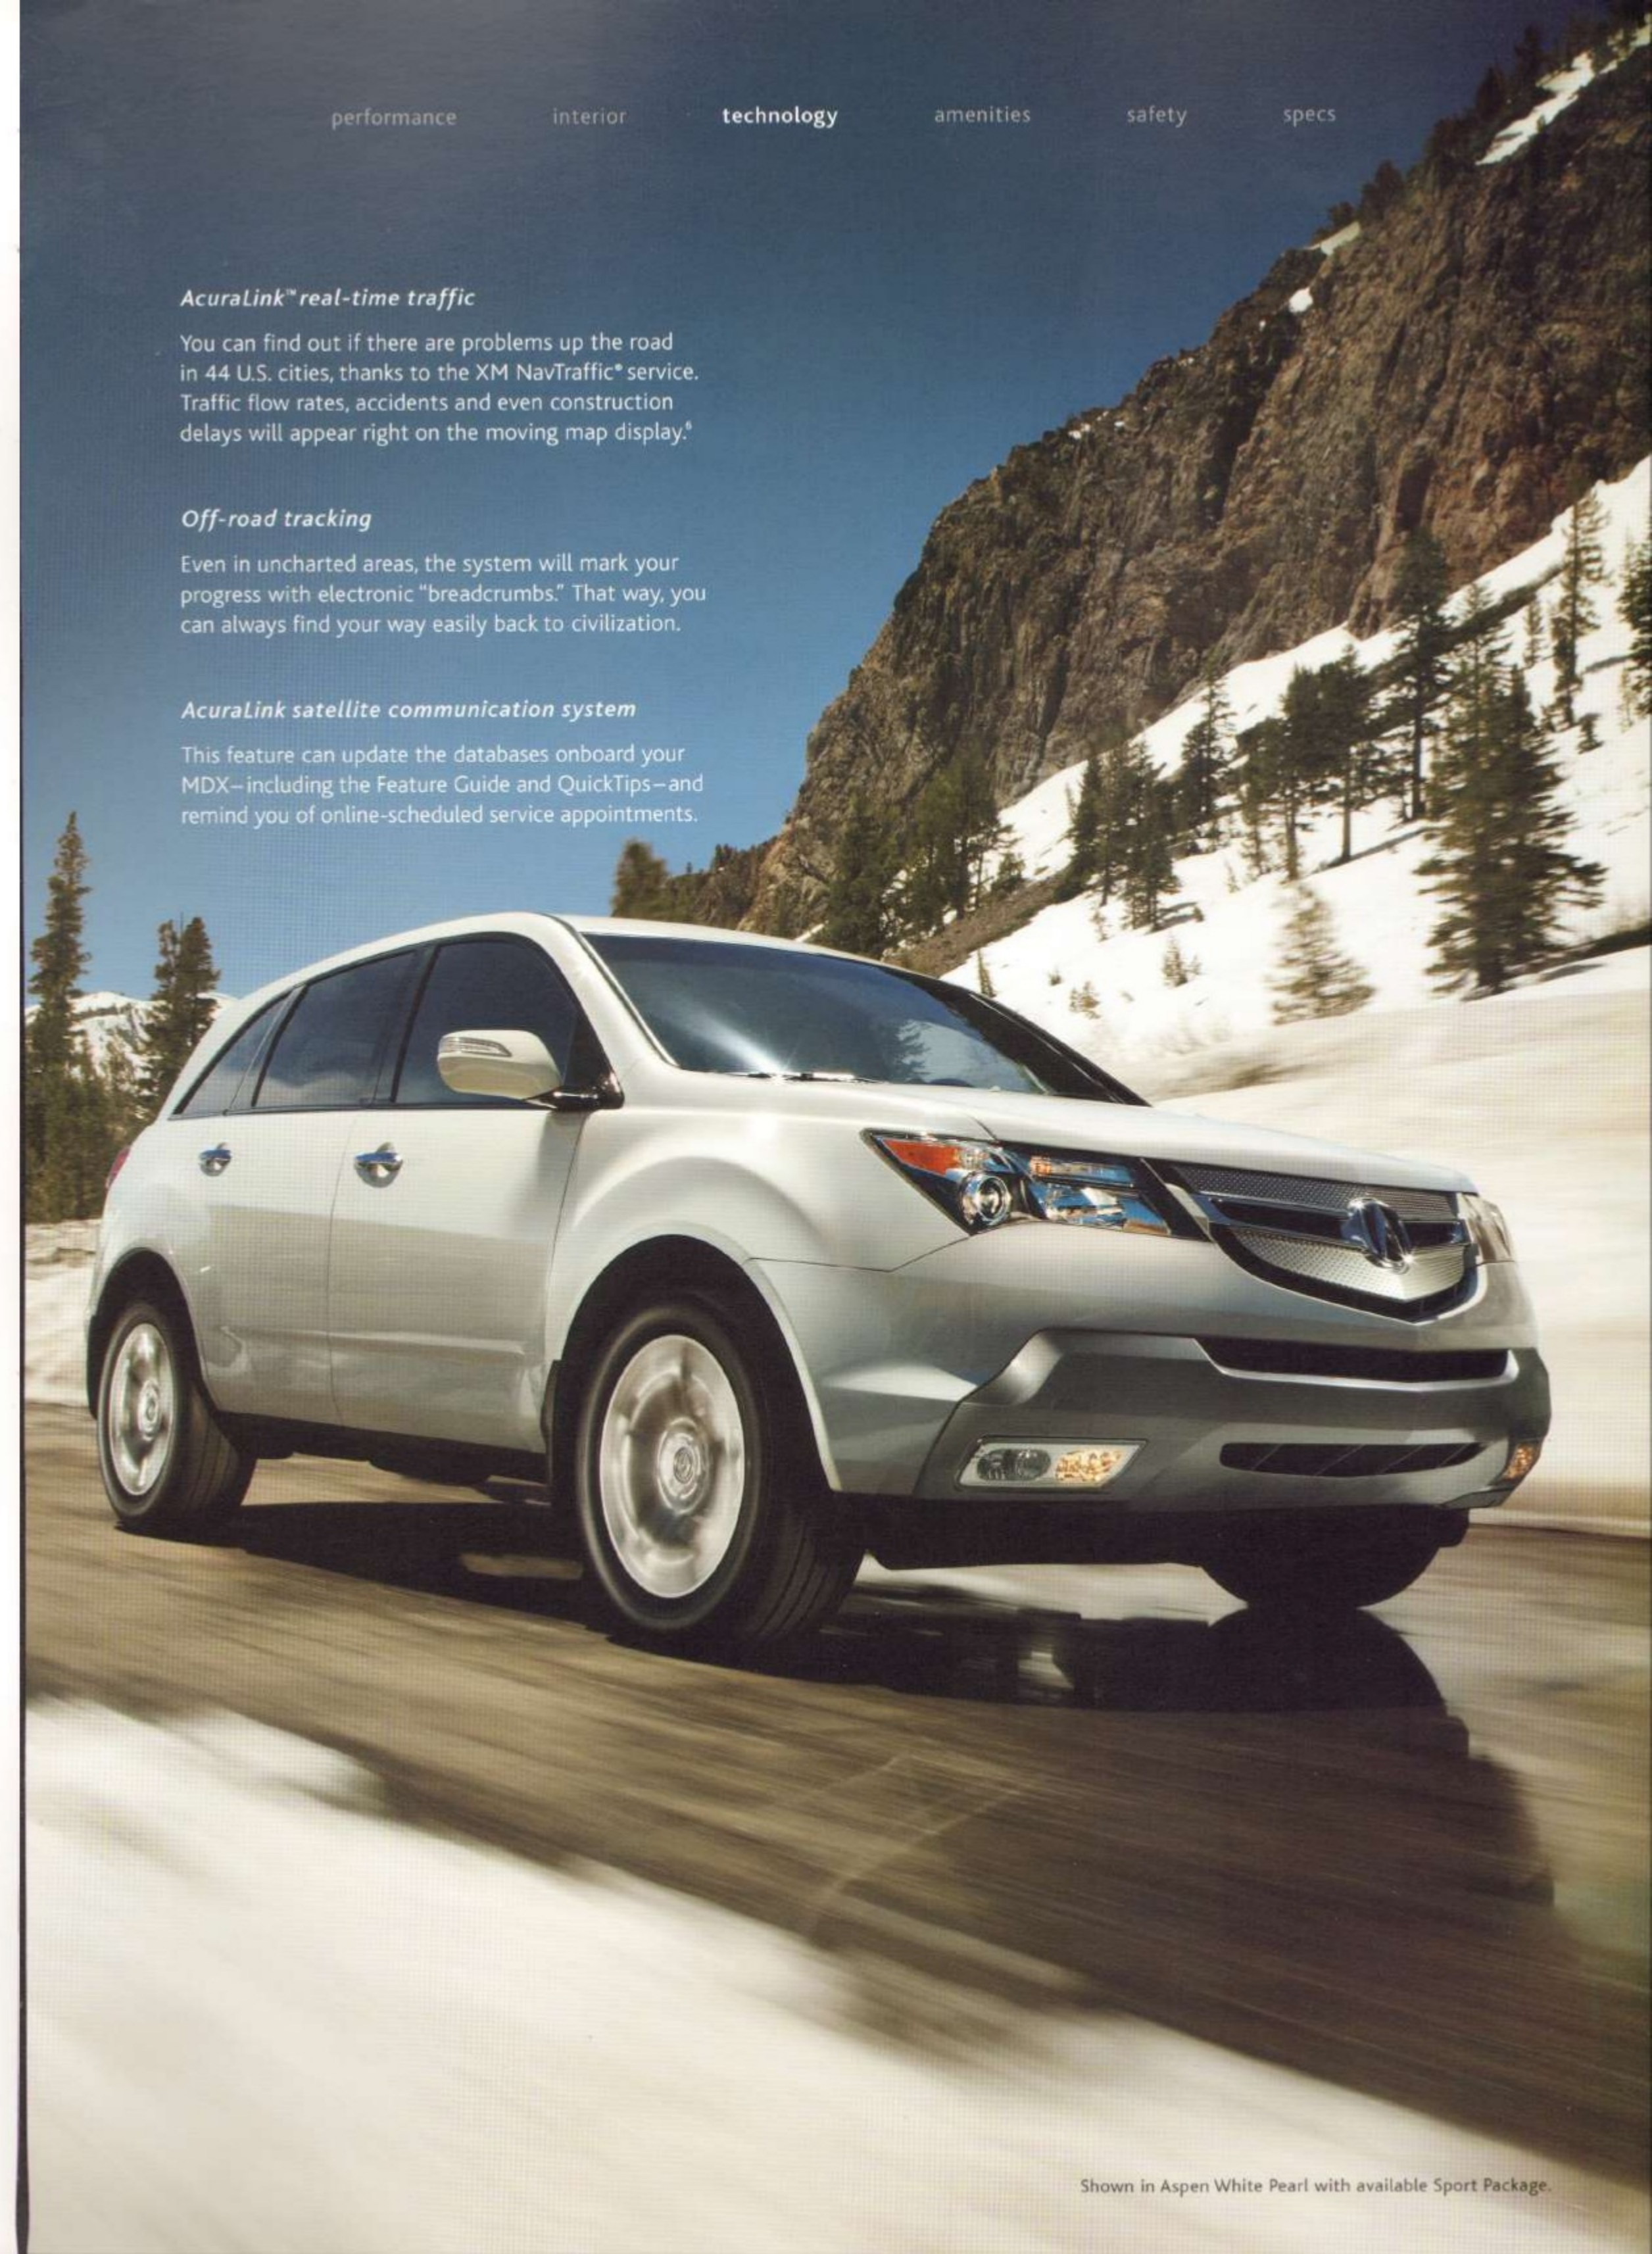

You can find out if there are problems up the road in 44 U.S. cities, thanks to the XM NavTraffic® service. Traffic flow rates, accidents and even construction delays will appear right on the moving map display.\*

### *Off-road tracking*

Even in uncharted areas, the system will mark your progress with electronic "breadcrumbs." That way, you can always find your way easily back to civilization.

### *AcuraLink satellite communication system*

This feature can update the databases onboard your MDX—including the Feature Guide and QuickTips—and remind you of online-scheduled service appointments.

Shown in Aspen White Pearl with available Sport Package.

While the 2007 MDX has only one driver's seat, every lucky passenger will be amply entertained. And with the MDX Entertainment Package, the 2nd- and 3rd-row seats become even more engaging with the Rear Entertainment System (RES). It can play DVDs, tap into the sound system, and link up with your video-game console.

## RES

The RES features a bright 9-inch screen and a built-in control panel that pops out to become a remote. A pair of wireless headphones is standard, and each offers Personal Surround to provide a fully satisfying audio experience. And while the front-seat occupants are enjoying the MDX sound system, those in back can listen independently to movie audio, CDs, the AM or FM radio bands and even the digital clarity and vast diversity of XM Satellite Radio.

*Plenty of good times to go around.*

**[ plug and play ]** If it's video games that keep the pack in back enthralled, the RES is ready to roll. Because along with a set of input jacks, the system also comes with a 115-volt power outlet to supply energy for a game console. So the games can go on the road without the clunky converter.

### *Auto-leveling High-Intensity Discharge headlights*

- 1 Every MDX comes with night-piercing HID headlights. And the Sport Package adds an automatic-leveling feature to help account for varying load situations.

### *LED taillights, brakelights and side markers*

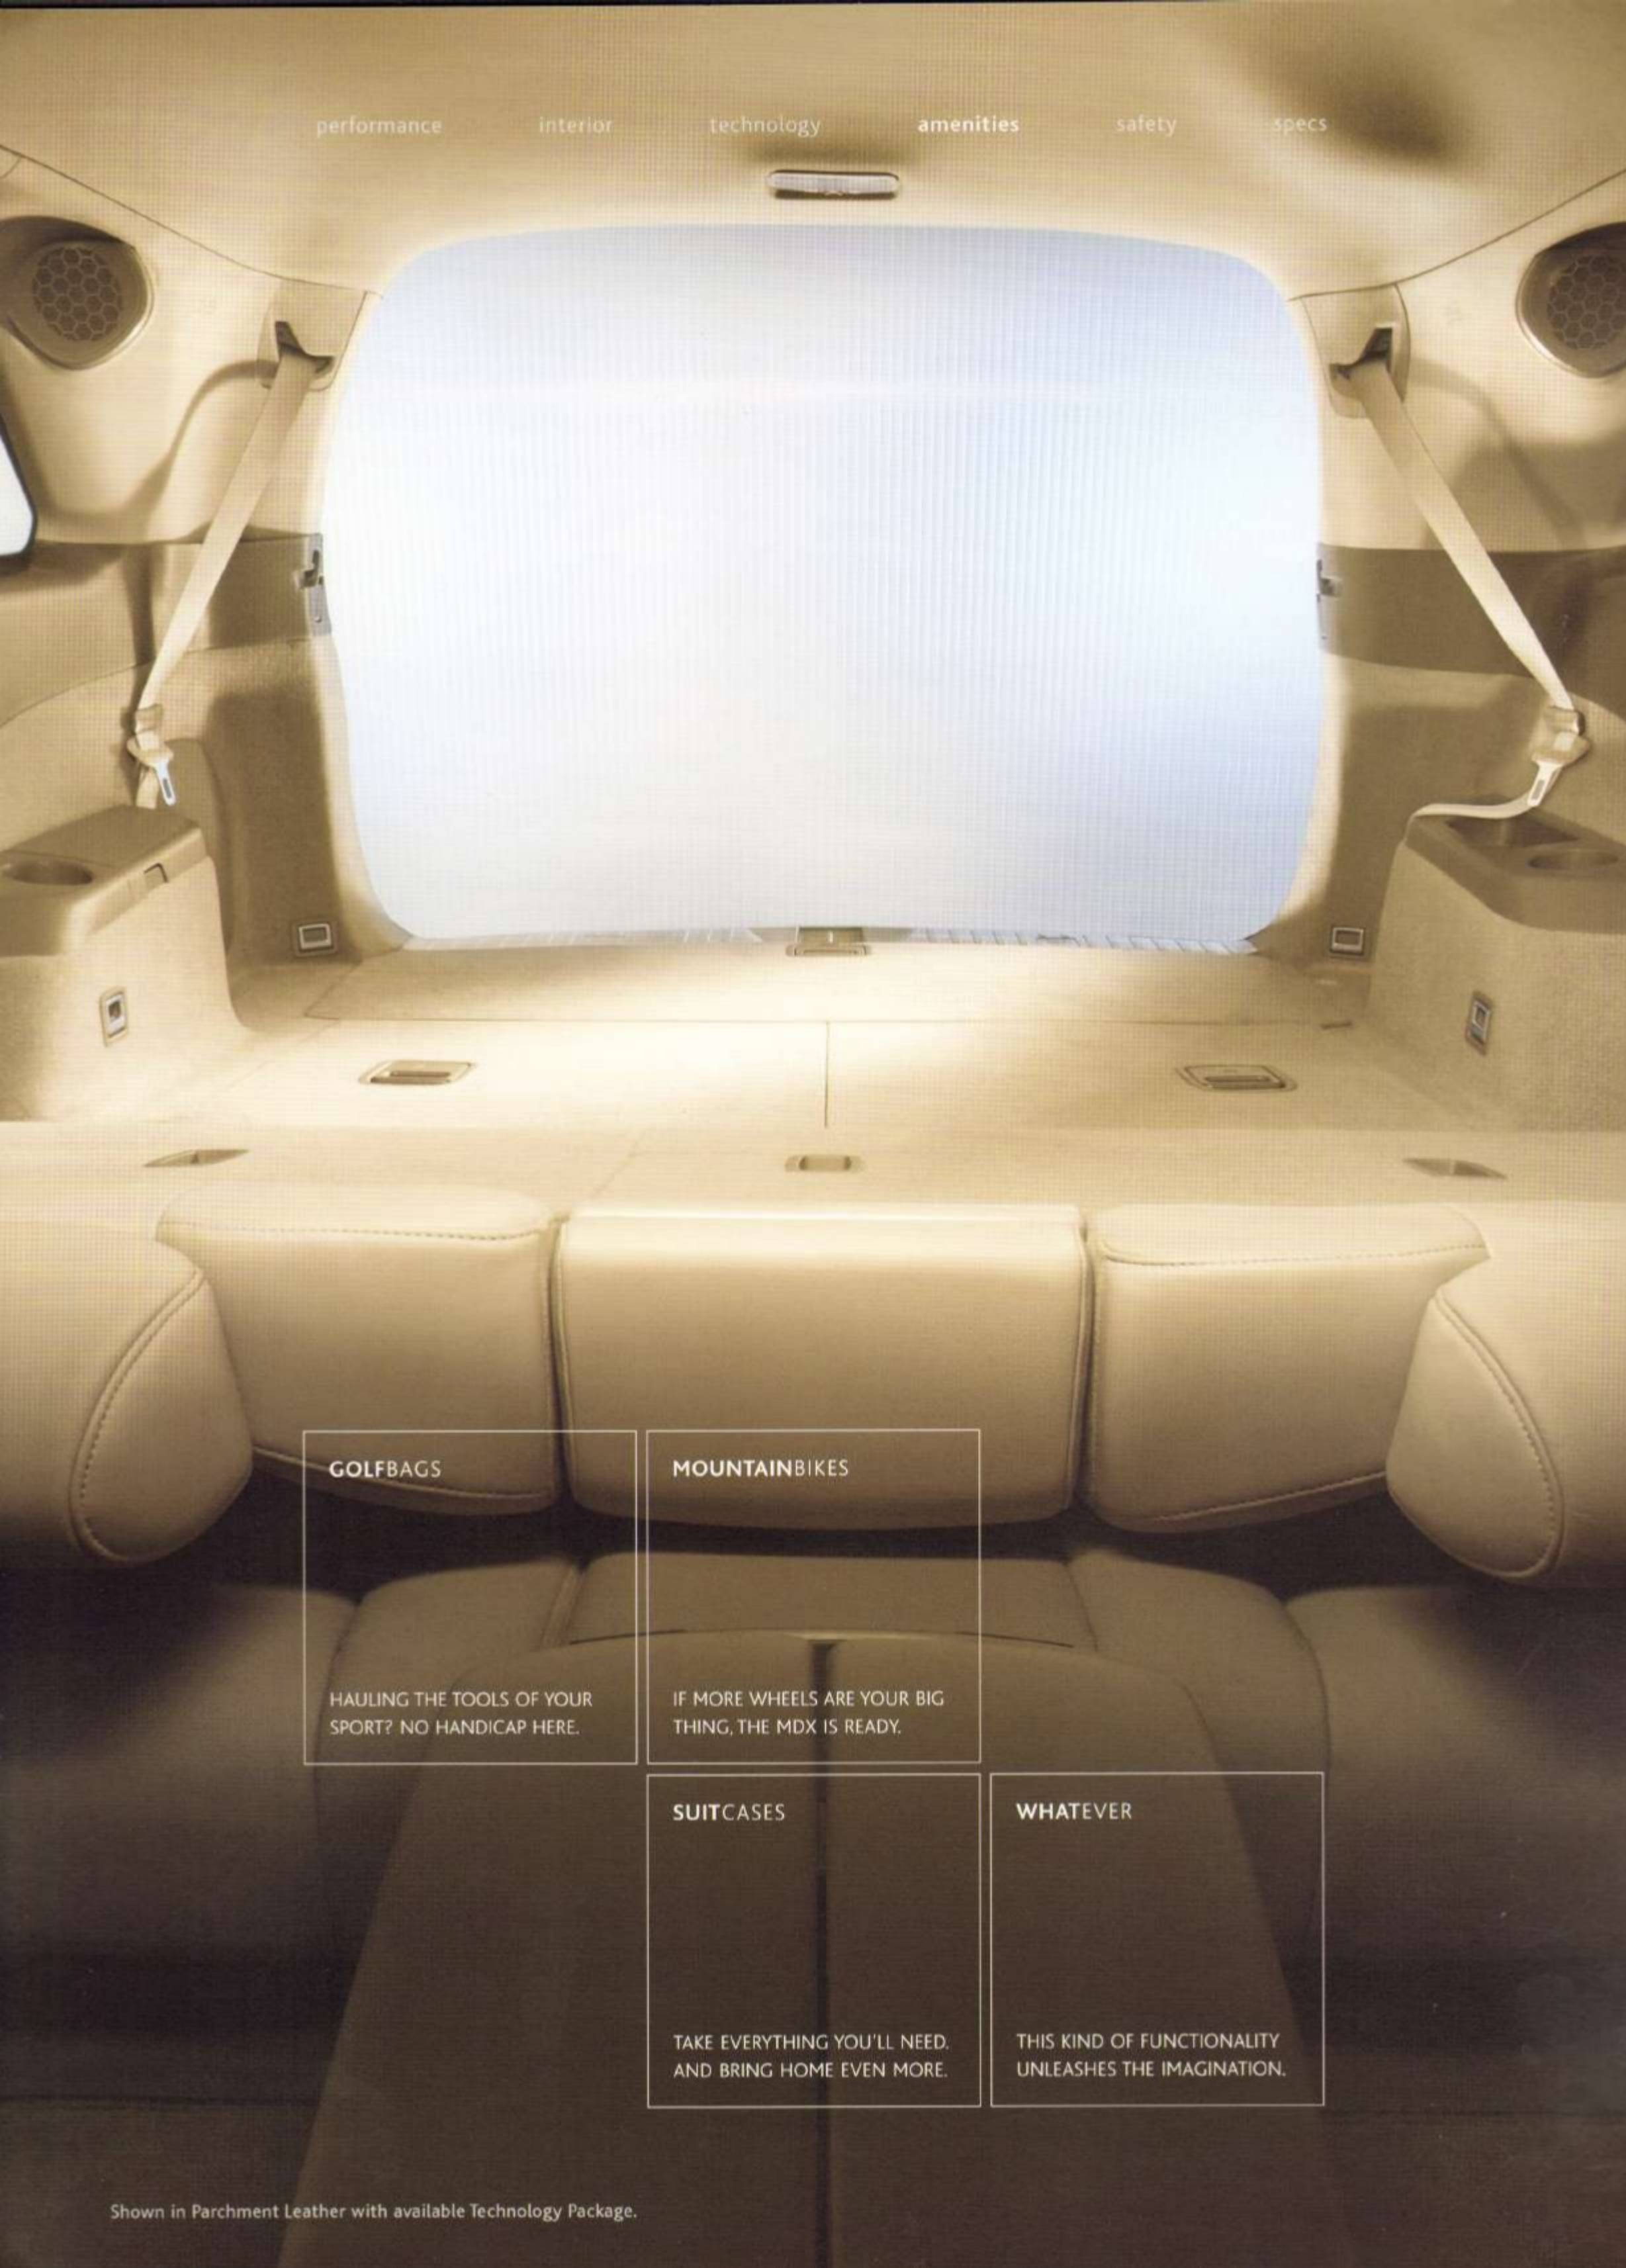

- 2 LEDs illuminate quicker, last longer and look sharper than conventional incandescent lightbulbs. The turn indicators in the side mirrors use LEDs as well.

### *Driver recognition system*

- 3 Each folding-key integrated remote is linked to the 2-driver recognition system. So your seat and side-mirror adjustments, radio choices and more await your entry.

performance interior technology amenities safety specs

#### GOLFBAGS

HAULING THE TOOLS OF YOUR SPORT? NO HANDICAP HERE.

#### MOUNTAINBIKES

IF MORE WHEELS ARE YOUR BIG THING, THE MDX IS READY.

#### SUITCASES

TAKE EVERYTHING YOU'LL NEED. AND BRING HOME EVEN MORE.

#### WHATEVER

THIS KIND OF FUNCTIONALITY UNLEASHES THE IMAGINATION.

**[ cubic capability ]** While the MDX puts an unmistakable emphasis on sport, its utility side can shine just as brightly. The 2nd- and 3rd-row seats are split for optimum versatility in people- and cargo-hauling. And with both rows folded, the maximum cargo capacity is a spacious 79.4 cubic feet.

Even if one passenger prefers a Sunbelt climate, another likes the cool mountain air and you enjoy something in between, the MDX can accommodate all in total comfort. The sophisticated tri-zone front/rear synchronized automatic climate control system sets up three independent climate zones within the vehicle.

## TRI-ZONE

Fully automatic, set-it-and-forget-it ease is a given, of course. This very advanced system also provides powerful window-fogging control. Thanks to an integral humidity sensor, it will shift into fog prevention mode to help keep the glass clear in virtually any environment. And the proactivity level is upped even more on Technology Package-equipped vehicles. The GPS system marks the sun's position, and temperatures are adjusted accordingly for its added warmth.

*Create the perfect climate for everyone.*

#### Rear control panel

- 1 In addition to controls up front for the driver and front passenger, 2nd-row passengers can dial in their preferred climate settings on the console-mounted panel.

#### Power tailgate

- 2 A first for Acura, this Entertainment Package feature lets you open and close the tailgate with the mere push of a button—from the driver's seat or your entry remote.

#### Heated outboard 2nd-row seats

- 3 The ability of the two outboard 2nd-row passengers to heat their seats is also an Entertainment Package plus—and a luxury unique among Acura vehicles.

# ACE

## Safety Through Innovation

Acura has long believed in the value of technology to enhance safety. A strong case in point is the Advanced Compatibility Engineering™ (ACE™) body structure. This advanced front-end design helps disperse the force of a frontal impact and thereby reduce intrusion into the passenger cabin.

In addition to dispersing and absorbing crash energy over a larger area to enhance cabin preservation, this altruistic design also helps reduce override as well as the impact forces acting upon the other vehicle.

### Energy-absorbing front and rear crumple zones

The front and rear body structures of the MDX have been carefully designed to help absorb impact energy in a controlled manner and help prevent cabin intrusion.

### Front seat-belt pretensioners and load limiters

The front belts have pretensioners to help remove slack in a sufficient collision, as well as load limiters to help limit the force of the belts on occupants.

### Dual-stage, dual-threshold front airbags

The front airbags on the MDX are designed to deploy at one of two rates and thresholds, depending upon the severity of impact and whether seat belts are in use.\*

### Front passenger side airbags with OPDS

If a small-statured front passenger is out of position and leaning into the side airbag's path, the Occupant Position Detection System is designed to prevent deployment.

### Sophisticated airbag systems

- 1 In the event of sufficient frontal or side impacts, the MDX is equipped with six high-tech airbags designed to help reduce the chance of injury.

### Active head restraints

- 2 To help prevent whiplash, the front head restraints are designed to move upward and forward to restrain head motion in a sufficient rear impact.

### Tire Pressure Monitoring System

- 3 Not only will the TPMS alert you if a tire's pressure has become critically low, but it will also tell you what each tire's pressure is at any time.\*

### Side curtain airbags

These help provide added protection for all three rows of seats by covering the side windows in a sufficient lateral impact, and will deploy in a rollover scenario as well.

### Advanced braking systems

On top of ABS, the MDX has Electronic Brake Distribution (EBD) to allocate braking power. And Brake Assist helps apply maximum braking in some emergency situations.

### Cooperative Vehicle Stability Assist™ (VSA®)

In addition to braking individual wheels and reducing engine power, this system will vary power distribution to the wheels to help prevent oversteer and understeer.

### Leading-edge lighting

The MDX illuminates with Daytime Running Lights (DRL) to help enhance your visibility to others. And side-mirror LED turn indicators help convey your intentions.

\*Always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in the rear seat. Front airbags inflate and deflate in a fraction of a second.

## ENGINE

**Engine Type** Aluminum-alloy V-6  
**Displacement (liters)** 3.7  
**Horsepower @ rpm (SAE net, Rev 8/04)\*** 300 @ 6000  
**Torque (lbs-ft @ rpm)\*** 275 @ 5000  
**Valvetrain** 24-valve, SOHC VTEC\*  
**Compression Ratio** 11.0:1  
**Redline (rpm)** 6500

## EXTERIOR FEATURES

- Power moonroof with tilt, auto-open/close, auto-reverse and key-off operation
- Heated outside mirrors with reverse-gear tilt-down and integrated directional signals
- 18-inch aluminum-alloy wheels
- Auto-on/off headlights
- Body-colored tailgate spoiler
- Rear privacy glass
- Speed-sensing, variable intermittent windshield wipers
- Intermittent rear-window wiper
- Integrated dual-outlet exhaust

## COMFORT + CONVENIENCE

- Tri-zone, front/rear synchronized automatic climate control system with humidity control and air filtration
- Cruise control
- Power windows with driver and front passenger's auto-up/down, auto-reverse and key-off operation
- Remote- and driver's door lock-operated windows-open function
- Remote entry system with Acura personalized settings for driver's seat, steering column, outside mirrors, climate control, select audio settings and more
- Steering wheel-mounted controls (cruise control, audio, phone, multi-information display and available voice recognition)
- HandsFreeLink® wireless telephone interface<sup>1</sup>
- HomeLink®
- Electronic tilt and telescoping steering column
- Simulated Koa wood-grained trim
- Overhead map lights (front and rear)
- Ambient cabin lighting
- Driver and front passenger's footwell lighting
- Door-mounted courtesy lights
- Leather-wrapped steering wheel and gearshift knob
- Beverage holders (10 locations)
- Front- and rear-door storage compartments
- Aluminum threshold garnish
- Carpeted floor mats
- Driver's and front passenger's illuminated vanity mirrors
- 12-volt power outlets (front, center console and cargo area)
- Passenger lower center-console compartment

## SEATING + INTERIOR

- Sport seats with leather-trimmed interior
- Driver's 10-way power seat with power-adjustable lumbar support
- Front passenger's 10-way power seat
- Heated front seats
- Front center console with dual-access armrest
- Reclining 2nd-row seats
- 60/40 split folding 2nd-row seat
- 50/50 split folding 3rd-row seat
- 2nd-row fold-down armrest

## TECHNOLOGY PACKAGE

- Acura Navigation System with Voice Recognition™, rearview camera and Zagat Survey® reviews and ratings
- Acura/ELS Surround™ Premium 10-speaker Sound System with 6-disc in-dash CD, DVD-Audio, MP3, WMA and DTS® changer, Dolby® Pro Logic® II and AM/FM tuner
- HandsFreeLink wireless telephone interface with phone-book exchange<sup>2</sup>
- AcuraLink™ satellite communication system with real-time traffic<sup>3</sup>
- GPS-linked, solar-sensing, tri-zone automatic climate control system
- Interface dial

## SPORT PACKAGE (INCLUDES TECHNOLOGY PACKAGE)

- Active Damper System sport suspension
- Premium perforated leather-trimmed interior
- Exclusive alloy-wheel design
- Auto-leveling Xenon High-Intensity Discharge (HID) headlights
- Textured interior trim

## AUDIO

- Acura Premium Sound System with AM/FM tuner, 6-disc in-dash CD, MP3, WMA changer and 8 speakers, including 8-inch subwoofer
- XM® Satellite Radio<sup>4</sup>
- Speed-sensitive volume control (SVC)
- MP3/auxiliary input jack
- Rear spoiler-integrated radio antenna

## INSTRUMENTATION

- LED backlit gauges with progressive illumination
- Multi-Information Display
- Maintenance Minder™ system
- Trip computer
- Exterior temperature indicator
- Illuminated ignition, power-window and door-lock switches, steering wheel controls and overhead controls

## SAFETY FEATURES

- Dual-stage, dual-threshold front airbags (SRS)
- Front side airbags with passenger-side Occupant Position Detection System (OPDS)
- Side curtain airbags with rollover sensor
- 3-point height-adjustable seat belts with load limiters and pretensioners (front)
- 3-point seat belts (2nd/3rd row)
- 4-wheel anti-lock braking system (ABS) with Electronic Brake Distribution (EBD) and Brake Assist
- Cooperative Vehicle Stability Assist™ (VSA®) with traction control
- Trailer Stability Assist
- Xenon High-Intensity Discharge (HID) headlights
- Fog lights
- Daytime Running Lights (DRL)
- Tire Pressure Monitoring System (TPMS) with location and pressure indicators<sup>5</sup>
- Active front head restraints
- LATCH (Lower Anchors and Tethers for Children) child-seat mounting system (2nd-row seats)
- Child-seat tether anchors (2nd/3rd row)
- Advanced Compatibility Engineering™ (ACE™) body structure
- Impact-absorbing crumple zones (front and rear)
- Theft-deterrent system with electronic immobilizer
- Rear-window defroster with timer
- Side-impact door beams
- LED mirror-integrated directional signals, taillights, brakelights and Center High Mount Stop Light
- Day/night rearview mirror

## ACCESSORIES

- When it comes to personalizing your MDX, choose genuine Acura accessories that are crafted to the same strict levels of quality as the rest of your vehicle. See your Acura dealer for a complete list of accessories.
- Towing Package (hitch, receiver, ball, wiring harness)
  - 19-inch alloy wheels
  - Rear back-up sensors
  - Steering wheel with simulated wood-grained trim
  - Acura Protection Package (all-season mats, cargo tray, wheel locks)
  - Roof rack (see dealer for attachments)
  - Running boards
  - Side steps

## ENTERTAINMENT PACKAGE (AVAILABLE WITH TECHNOLOGY OR SPORT PACKAGE)

- Acura DVD Rear Entertainment System
- Heated 2nd-row seats (outboard positions)
- Remote-linked power-operated tailgate
- 115-volt power outlet (front center console)

## OWNER BENEFITS

Shown in Aberdeen Green Metallic with available Sport and Entertainment Packages.

**[Warranty]** All Acura vehicles and the accessories installed by the dealer at the time of vehicle purchase have a 4-year/50,000-mile limited warranty. Acura vehicles are also covered by a 6-year/70,000-mile limited powertrain warranty. In addition, outer body rust-through is covered on all Acura vehicles by a 5-year/unlimited-mile limited warranty.<sup>12</sup>

**[Acura-Trained Service Personnel]** Your local Acura dealer is an excellent source for genuine Acura parts and factory-trained technicians. They have the experience, training and specialized tools needed to keep your Acura up to factory standards of performance and reliability.

**[Acura Care]** Additional peace of mind can be had with the Acura Care<sup>®</sup> program—comprehensive vehicle and travel protection beyond the initial warranty period. See your Acura dealer for all the features and benefits available with this program.

**[1-800-to-Acura]** Operators are available 24 hours a day to help get answers to your Acura questions.

**[Honda Financial Services<sup>®</sup>]** Whether you're buying or leasing, Honda Financial Services can assist you with the process. See your dealer for details.

**[Total Luxury Care<sup>®</sup>—Owner Benefits]** Acura's total commitment to your satisfaction doesn't end with delivery of a world-class vehicle. It only begins there. Every Acura comes with Total Luxury Care<sup>®</sup> (TLC<sup>®</sup>), an array of services designed to help you enjoy your automobile for years to come.

**[24-Hour Roadside Assistance]** As part of your TLC benefits, 24-hour roadside assistance is available to you everywhere in the continental U.S. and Canada, day or night, every day of the year. Just call the toll-free number and rest assured that assistance is promptly on the way.

**[Trip-Interruption Benefits]** If a problem that is covered by your warranty interrupts your trip more than 100 miles from home, Acura will provide you with reimbursement for meals, lodging or car-rental expenses. Please see your Acura dealer for all the program details.

**[Acura Concierge—Travel Service]** In an emergency or just to help you plan a trip, Acura Concierge service can help you with many logistical details. It will even relay up to three urgent messages on your behalf if you cannot do so.

**[acura.com]** Visit the official Acura Web site for the latest specifications, MSRPs, photographs, special offers and more. You can "design" your own Acura and personalize it with genuine accessories. You can also apply for financing, check on specific dealer inventories and even request a price quote from an Internet-certified Acura dealer.

*A delight to the eye, a pleasure to the touch.*

The MDX finish presents a deep, lustrous look crafted to last for years to come. And to the supple comfort of standard leather trim in the meticulously appointed MDX cabin, the Sport Package adds the even greater softness of natural, full-grain perforated leather seat inserts.
