TOYOTA

2026 Tacoma

Make every day a play day.

Expand your playground with Tacoma's extraordinary combination of power, capability and advanced technology.

See numbered disclaimer footnotes in Info and Disclosures section.

Embrace every obstacle.

Tacoma is built to take on whatever's in front of you. With a range of purpose-built suspension options, and available trail-conquering features like a multi-link rear suspension, Stabilizer Disconnect Mechanism (SDM) and Crawl Control (CRAWL), it never met a challenge it didn't like.

i-FORCE MAX Hybrid Powertrain

Tacoma's available i-FORCE MAX hybrid powertrain introduces a prodigious level of torque to your world. The 2.4-liter turbocharged engine, combined with a 48-hp electric motor, delivers up to a commanding 326 maximum horsepower and an astounding 465 lb.-ft. of low-end torque.

i-FORCE Gas Engine

Meet every challenge, every day. With up to 278 horsepower and up to 317 lb.-ft. of ultra-responsive torque, Tacoma's i-FORCE 2.4-liter turbocharged engine is ready to deliver day in, day out. And when adventure calls, enjoy the confidence of knowing your Tacoma is built to get you there and back.

6-Speed Manual Transmission

Tacoma puts control of the i-FORCE 2.4-liter turbocharged engine in the palm of your hands. With Tacoma's available 6-speed intelligent Manual Transmission (iMT2) with automatic rev-matching and anti-stall technology, those challenging rock-crawling sections become a little less challenging.

Multi-Link Rear Suspension With Coil Springs

Whatever the journey ahead, Tacoma's available multi-link rear suspension with coil springs keeps you in command by enhancing traction and delivering maximum suspension articulation. Whether you're traversing rocky landscapes or pounding the pavement, you can unleash the full potential of your Tacoma with confidence.

Stabilizer Disconnect Mechanism

Unleash Tacoma's full off-road capability and get farther down the trail with the available Stabilizer Disconnect Mechanism (SDM). With the push of a button, you can increase suspension articulation across the whole truck to dominate the off-road like never before.

Multi-Terrain Select and Crawl Control

Operable in both 4WD high and low ranges, Tacoma's available Multi-Terrain Select helps maintain control on challenging trails by adjusting engine throttle and traction control to suit the conditions, while Tacoma's available Crawl Control (CRAWL) [4] system acts as a low-speed, off-road cruise control, automatically modulating the throttle and brakes in one of five selectable speeds.

Electronically Locking Rear Differential

When you're traversing uneven terrain, Tacoma's available electronically controlled locking rear differential provides increased grip in low-traction conditions. By distributing engine power evenly, it allows the rear wheels to move at the same speed, pushing you up, over and through the obstacle.

Underbody Protection

Sometimes the trail bites back, so all Tacoma trucks come standard with underbody protection. Trailhunter takes it one step further, with frame-mounted rock rails as well as enhanced skid plates protecting the engine, transfer case, rear differential and fuel tank.

DESIGN

Built for the bold.

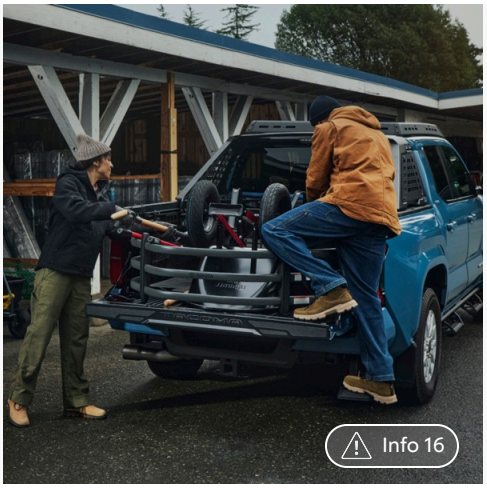
Ruggedly refined, both inside and out. Tacoma is the perfect blend of capability and style.

Built with brains and brawn.

Utility

Bed Utility

Available in either 5-ft. or 6-ft. configurations, Tacoma's aluminum-reinforced bed is composed of an ultra-durable Sheet-Molded Composite (SMC) surface that is strong, resilient and lightweight. There's also a slew of useful available features, like an onboard air compressor, a 2400W AC power supply, [14] exterior LED scene lighting, and more.



TNGA-F Chassis

Adopting the same advanced and robust chassis of the full-size Tundra and Sequoia, Tacoma trucks are placed on the Toyota New Global Architecture-F (TNGA-F) platform that combines high-strength steel with lightweight aluminum and laser welds, for enhanced rigidity and less weight throughout the chassis.

Prewired Auxiliary Switches

Tacoma TRD Pro and Trailhunter models offer a fourth prewired auxiliary toggle switch integrated into the dashboard to provide the perfect platform to install Genuine Toyota Accessories and other approved accessory products. [15]

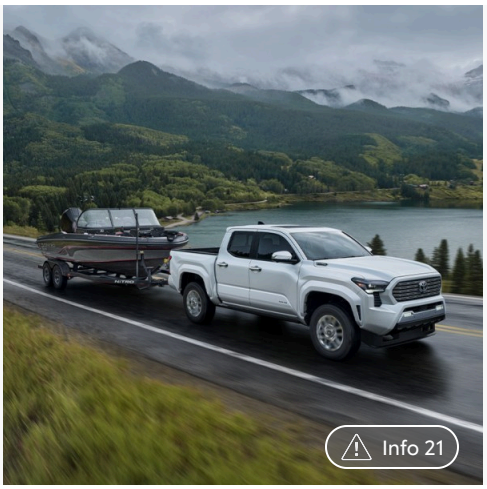
2400-Watt Power Supply

Keep your gear running and the good times rolling, wherever you are. All hybrid Tacoma trucks come standard with a 2400W onboard AC inverter [14] that sends power to both the bed and inside the cabin.

Technology

Advanced Towing Technology

Tacoma allows you to tow with confidence, thanks to available advanced technology like Trailer Backup Guide with Straight Path Assist, an integrated brake controller, and Blind Spot Monitor (BSM) that extends the area of detection when it identifies a trailer is being towed.



3D Multi-Terrain Monitor

To help you get a better view of your immediate surroundings and even the ground below, Tacoma's available next-generation Multi-Terrain Monitor (MTM) lets you toggle between front-, rear- and side-camera views to check for potential obstacles.

14-In. Audio Multimedia Display

Tacoma's impressive available 14-in. multimedia touchscreen display runs on Toyota's latest audio multimedia system, which supports satellite navigation, [18] SiriusXM®, [19] wireless Apple CarPlay® compatibility [20] and more.

12.3-In. Digital Gauge Cluster

Quickly see all the information you need with Tacoma's available 12.3-in. digital gauge cluster with selectable gauges. This customizable full-color display allows access to safety features, navigation, audio controls, off-road features, towing functions and more.

The Real Deal

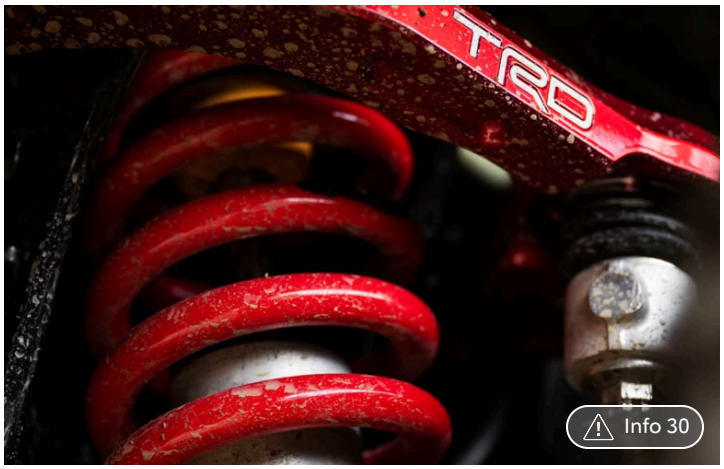
When it comes to off-road heritage, there's only one name you need to know: Toyota Racing Development (TRD).

TRD Family

The Tacoma TRD Family doesn't just bring your toys to the sandbox; they're what you bring to play in the sandbox. From the capable TRD Off-Road to the badass TRD Pro, there's a TRD for whatever sandbox you play in.

IsoDynamic Performance Front Seats

Designed to help keep you stable over unstable terrain, TRD Pro's segment-first IsoDynamic Performance front seats use an air-over-oil shock absorber system to dampen body movement and stabilize your field of vision—helping provide a smooth, confidence-inspiring ride. So go ahead and let it rip.



TRD-Tuned FOX® Suspension

Experience superior performance with TRD-tuned FOX® [23] QS3® [24] Internal Bypass shocks, with 2.5-in. aluminum housings and rear piggyback reservoirs. These cutting-edge shocks ensure fade-free, high-speed performance, and with QS3® [24] technology, you can adjust the level of damping to match whatever terrain you're tackling.

33-In. Rugged-Terrain Tires and 18-In. Wheels

Formed to function. TRD Pro's unique 18-in. black alloy wheels are constructed with flow-formed aluminum alloy to provide an ideal balance of strength and light weight. Plus, the standard 33-in. Goodyear® [25] Territory® tires feature a wraparound shoulder design for added off-road traction, and a sequenced pitch pattern for reduced on-road noise.

TRD Off-Road Suspension

Tacoma TRD Off-Road comes equipped with the most extreme suspension setup in its history. Co-engineered with Bilstein®, [26] the monotube shock absorbers feature rear piggyback reservoirs for extended travel and efficient heat dissipation, as well as End Stop Control Valve (ESCV) technology.

TRD Sport Exterior Styling

A perfect blend of enhanced styling and confident handling both on and off the road, TRD Sport lives up to its name with unique touches like 18-in. TRD wheels, an aggressive hood scoop and color-keyed overfenders.

TRD PreRunner

Designed for those who dare to be different, Tacoma TRD PreRunner is available exclusively in XtraCab with Rear-Wheel Drive. It features a lifted front suspension, 32-in. BFGoodrich® all-terrain tires, [27] 17-in. TRD wheels and an electronically locking rear differential.

From off-road to off-grid.

Toyota has long been the choice of those who forge their own paths to adventure. Now, the choice is even clearer. Conceived, designed and engineered to take on the toughest trails, Tacoma Trailhunter can also carry your gear and supplies for extended time off the grid. It is a ready-made overlanding beast.

Old Man Emu® Suspension

Trailhunter's standard Old Man Emu® [35] 2.5-in. forged monotube position-sensitive shocks with rear piggyback reservoirs combine rugged capability with outstanding load-carrying stability, to get you through the obstacles and into the middle of nowhere.

33-In. Rugged-Terrain Tires and 18-In. Wheels

As the old saying goes, "Go big or go home." So of course, Trailhunter goes big, with 33-in. Goodyear® [25] Territory® R/T tires wrapped around 18-in. bronze-finished wheels. These rugged-terrain tires boost ground clearance while delivering superior off-road traction. Where you're going, you'll need it.

Rigid Industries® Fog Lights and Integrated Scene Lighting

Conditions won't always be ideal, but that's half the fun anyway. Trailhunter features Rigid Industries® [36] LED fog lights that can switch between amber and white light to suit the conditions on the trail ahead. When you get to camp, additional LED lighting integrated inside the bed and on the bed cap can illuminate your gear as well as provide ambient light outside the vehicle.

ARB® Steel Rear Bumper

Co-developed with ARB®, Trailhunter's standard high-clearance steel rear bumper provides additional protection for when the going gets tough. Plus, with integrated front and rear recovery hooks mounted to the frame, you'll have peace of mind that you won't be stranded when the going gets tough.

Onboard Air Compressor

Whether you're spending days or even weeks on the trail, Trailhunter's bed-mounted air compressor makes airing the tires either up or down a breeze. Simply set the desired pressure level and let Trailhunter do the rest.

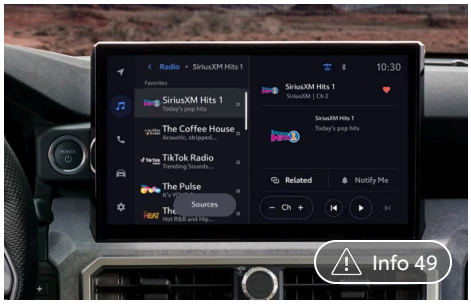
High-Clearance Trail Exhaust

Trailhunter's standard high-clearance trail exhaust exits before the rear axle, providing enhanced ground clearance and departure angles—allowing you to take on tougher terrain than you thought possible.

ARB® Sport Bar

Designed for both utility and style, Trailhunter's standard modular sport bar was co-engineered with ARB® and provides a sturdy anchor point for securing cargo. The integrated MOLLE panels can be removed to effortlessly adapt to your specific needs or upgraded to the available full bed rack.

Audio Multimedia



SiriusXM® 3-Month Trial Subscription

SiriusXM® [19] has premium entertainment that you won't hear anyplace else. With a 3-month trial, you get 425+ channels, including 165+ channels in your vehicle, to enjoy ad-free music, plus sports, news, comedy and more. Experience even more on the SiriusXM® App, featuring expertly curated podcasts, Xtra channels of music, Artist Stations, SiriusXM® video and more.

10-Speaker JBL® Premium Audio With Removable Speaker

Keep the good vibes going from the trail to the campsite and beyond with the available 10-speaker JBL® [42] Premium Audio system. The available integrated JBL® FLEX [43] portable, self-powered Bluetooth® speaker is waterproof and dust-proof, so it can be carted just about anywhere.

Wireless Apple CarPlay®

Bring along a familiar interface. With Tacoma's wireless Apple CarPlay® compatibility, [20] you can use your compatible iPhone® [44] with the multimedia system to get directions, make calls, send and receive messages, and listen to music, all while staying focused behind the wheel.

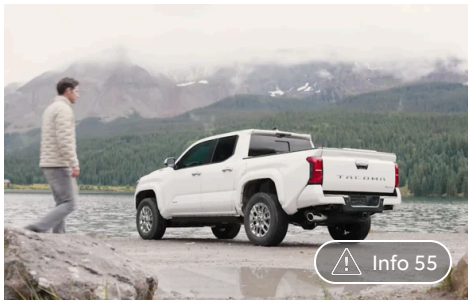
Wireless Android Auto™

Stay connected on the road. By pairing your compatible Android™ phone [45] with the audio multimedia system, Android Auto™ [46] lets you get real-time traffic alerts, make and receive phone calls, listen to your favorite soundtrack and more. [47]

Dual USB-C With Fast Charge

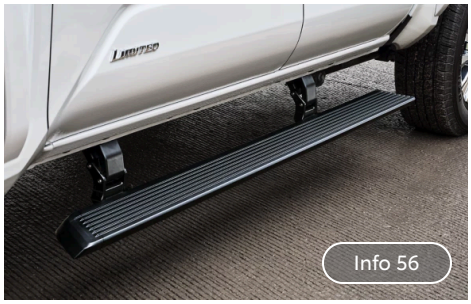
No more worrying about your devices running out of power when you're far from civilization. With Tacoma's fast-charging USB-C ports [48] at your disposal, you can focus on the thrill of adventure while staying equipped with the tools and tech you rely on.

Safety & Convenience



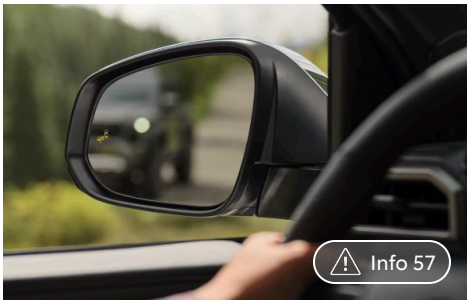
Power Open-and-Close Tailgate

Tacoma's available segment-first power open-and-close tailgate with jam protection makes loading and unloading your gear a breeze. If your hands are full, just press a button on the key fob or push the taillight switch to open and close, or simply let the knee-lift assist close the tailgate for you.



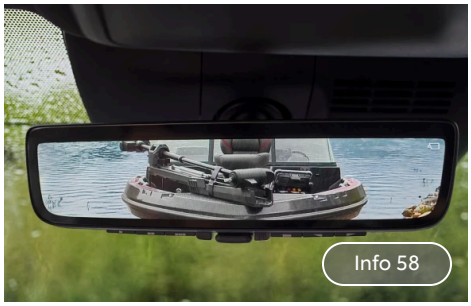
Power-Extending Running Boards

Step into your comfort zone. Standard power running boards on Limited trim are concealed when the door is closed, then extend outward when the door is opened to allow for easier entry and exit of your Tacoma, as well as access to hard-to-reach cargo in the bed.



Blind Spot Monitor With Rear Cross-Traffic Alert

Tacoma's available Blind Spot Monitor (BSM) is designed to warn you when a vehicle in the next lane enters your blind spot on either side of the vehicle. And when you're reversing out of a tight spot, available Rear Cross-Traffic Alert (RCTA) helps detect vehicles approaching from either side.



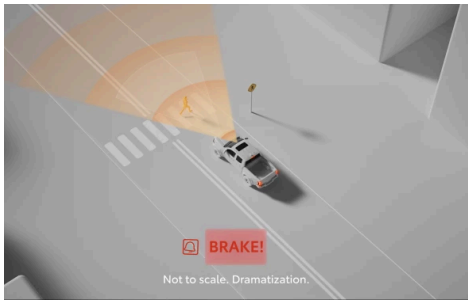
Digital Rearview Mirror

Connected to a camera in the rear, Tacoma's available digital rearview mirror with integrated HomeLink® [53] universal transceiver buttons casts a clear, wide and obstruction-free view of what's behind you. You can zoom in, zoom out and adjust the mirror to give you a better perspective.

No Cost Maintenance Plan and Roadside Assistance

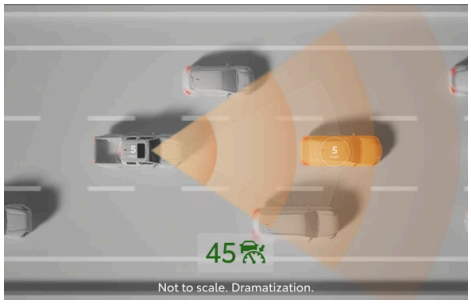
Every new Toyota comes with ToyotaCare, [54] a maintenance plan that covers initial normal factory scheduled service and 24-hour Roadside Assistance.

Toyota Safety Sense™ 3.0 [59]



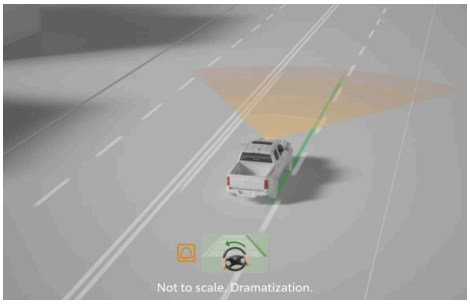
Pre-Collision System With Pedestrian Detection

PCS w/PD [60] can alert you to potential collisions and may automatically brake.



Full-Speed Range Dynamic Radar Cruise Control

DRCC [61] helps maintain a preset distance from the vehicle ahead of you, from highway speeds down to a full stop.



Lane Departure Alert With Steering Assist

LDA w/SA [62] may alert you to inadvertent lane departures and make minor steering corrections to help keep you in your lane.

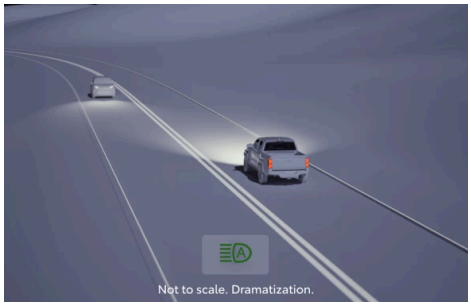
Lane Tracing Assist

LTA [63] helps you center the vehicle within its lane while DRCC [64] is active.

MORE FEATURES

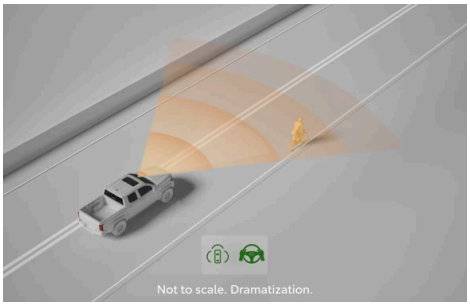
Road Sign Assist

RSA [65] can recognize certain road signs and display them to you inside the vehicle.



Automatic High Beams

AHB [66] can automatically toggle between high and low beams based on the vehicle's surroundings.

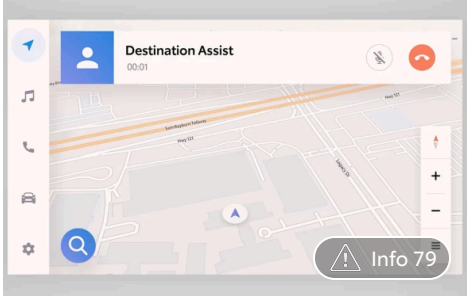


Proactive Driving Assist

PDA [67] may provide gentle braking and/or steering to help control distance between your vehicle and a vehicle, pedestrian or bicyclist ahead of you.

See numbered disclaimer footnotes in Info and Disclosures section.

Connected Services



Drive Connect

With an active Drive Connect trial or subscription, [68] Cloud Navigation [69] and Intelligent Assistant [70] features help you find where you need to be, while Destination Assist [71] allows you to talk to a live agent as they help you find your destination's coordinates and offer directions on how to get there. 1-year trial included on select trims. 4G network dependent.

Remote Connect

Tacoma is up to speed with the latest tech. With an active Remote Connect trial or subscription, [72] you can start the engine, lock/unlock doors, and locate your vehicle using the Toyota app [73] through your compatible smartphone or smartwatch. 1-year trial included. (Remote Start not available on Manual Transmission.) 4G network dependent.

Wi-Fi Connect

Turn Tacoma into a hotspot. With an active Wi-Fi Connect trial or subscription, [74] you can easily connect up to five devices. And, depending on your existing mobile provider, you can add the Wi-Fi Connect subscription to your current mobile plan. We'll even include an up-to-30-day or 3-GB trial to get you started. 4G network dependent.

Safety Connect®

Connect to our 24/7 response center in case of an accident or emergency with the press of a button. [75] You also get 24/7 Roadside Assistance [76] and Stolen Vehicle Locator [77] to give you peace of mind that help is on the way. Activation required. 5-year-minimum trial. 4G network dependent.

Service Connect

Stay up to date with your Tacoma's information, such as status and alerts, maintenance reminders and more. [78] It's a convenient way to help make sure your Tacoma is running at its best. 5-year-minimum trial. 4G network dependent.

Powerfully dynamic.

i-FORCE Gas Powertrain

i-FORCE turbocharged vehicles use a gasoline engine with a turbocharger that boosts power, giving you quick acceleration and strong performance.

i-FORCE MAX Hybrid Powertrain

i-FORCE MAX turbocharged hybrid vehicles combine a turbocharged gasoline engine with an electric motor, for added power.

See numbered disclaimer footnotes in Info and Disclosures section.

TACOMA GRADES

GAS (6)

SR

Available in: Double Cab XtraCab (Shown)

Mechanical Features

- 8-speed Electronically Controlled automatic Transmission with intelligence (ECT-i), sequential shift mode, and uphill/downhill shift logic
- i-FORCE 2.4L turbocharged inline-4 engine
- Rear-Wheel Drive (RWD) with Automatic Limited-Slip Differential (Auto LSD) [85]
- Front stabilizer

Exterior Features

- LED headlights with Daytime Running Lights (DRL), auto on/off feature and manual leveling adjustment
- Lightweight "TACOMA" stamped tailgate [86]
- 17-in. steel wheels
- LED bed lighting
- Deck rail system with four adjustable tie-down cleats and fixed cargo bed tie-down points
- 6-ft. bed

Interior Features

- Smart Key System on driver door with Push Button Start
- Fabric-trimmed seats
- Polyurethane manual tilt/telescopic steering wheel with phone, audio, display/infotainment, and Driver Assist controls
- Fold-flat passenger seat, lockable rear storage panel with integrated pegboard, and lockable deep storage compartment
- Manual day/night rearview mirror

Audio Multimedia

- 8-in. Toyota Audio Multimedia display with 4-speaker audio system, wireless Apple CarPlay® [20] & Android Auto™ [46] compatibility, SiriusXM® 3-month trial subscription. [19] See toyota.com/connected-services for details.

TACOMA GRADES

ELECTRIFIED (5)

Trailhunter

Available in: Double Cab (Shown)

Mechanical Features

- ✓ i-FORCE MAX 2.4L turbocharged inline-4 hybrid powertrain
- ✓ Stabilizer Disconnect Mechanism (SDM)
- ✓ Electronically controlled locking rear differential
- ✓ 8-speed Electronically Controlled automatic Transmission with intelligence (ECT-i), sequential shift mode, and uphill/downhill shift logic
- ✓ 4WDemand part-time 4-Wheel Drive with electronically controlled 2-speed transfer case (high/low ranges)

Exterior Features

- ✓ "TACOMA" stamped power open-and-close tailgate with hands-free knee-lift assist and jam protection [91] [86]
- ✓ High-clearance trail exhaust tip
- ✓ Frame-mounted steel rock rails
- ✓ High-clearance front bumper with red-painted recovery points

Interior Features

- ✓ 2400W/120V [14] bed-mounted AC power supply
- ✓ Prewired DC power auxiliary switches
- ✓ Digital rearview mirror with HomeLink® [53] universal transceiver
- ✓ Digital Key [93] capability

Audio Multimedia

- ✓ 14-in. Toyota Audio Multimedia display with 10-speaker JBL® [42] audio system including JBL® FLEX [43] portable Bluetooth ® [94] speaker, subwoofer and amplifier, wireless Apple CarPlay® [20] & Android Auto™ [46] compatibility, SiriusXM® 3-month trial subscription. [19] See toyota.com/connected-services for details.
- ✓ 12.3-in. digital gauge cluster with selectable gauges, Driver Assist, vehicle/trip information, and warning messages
- ✓ Qi-compatible wireless smartphone charging [95] with charge indicator light

Connected Services

- ✓ Remote Connect [72]
- ✓ Safety Connect® [75]

INFO AND DISCLOSURES

1. TRD Sport shown in Heritage Blue with available side step accessory. Options shown. **2.** Trailhunter interior shown in Mineral SofTex® trim. **3.** Available JBL® FLEX portable, self-powered Bluetooth® center speaker. A compatible Bluetooth®-enabled phone must be paired. Phone performance depends on software, coverage and carrier. JBL® is a registered trademark of Harman International Industries, Inc. Options shown. **4.** Crawl Control is designed for driving on difficult terrain at low speeds and assists the driver by controlling acceleration and braking, allowing the driver to focus on steering. See Owner's Manual for additional limitations. **5.** The Toyota Tacoma is designed to meet most off-road driving requirements, but off-roading is inherently dangerous and may result in vehicle damage. Toyota encourages responsible operation to help protect you, your vehicle and the environment. Seatbelts should be worn at all times. Do not allow passengers to ride in cargo area. Professional driver on closed course. Do Not Attempt. TRD Pro shown in Ice Cap with Black roof. **6.** Payload includes the weight of occupants, cargo and options and is limited by weight distribution. TRD Sport shown in Heritage Blue. **7.** TRD Sport interior shown in Boulder/Black fabric. Options shown. **8.** The Toyota Tacoma is designed to meet most off-road driving requirements, but off-roading is inherently dangerous and may result in vehicle damage. Toyota encourages responsible operation to help protect you, your vehicle and the environment. Seatbelts should be worn at all times. Do not allow passengers to ride in cargo area. TRD Off-Road shown in Bronze Oxide. **9.** The Toyota Tacoma is designed to meet most off-road driving requirements, but off-roading is inherently dangerous and may result in vehicle damage. Toyota encourages responsible operation to help protect you, your vehicle and the environment. Seatbelts should be worn at all times. Do not allow passengers to ride in cargo area. Trailhunter shown in Bronze Oxide with available ARB® bed rack accessory. ARB is a registered trademark of ARB Corporation. **10.** The Toyota Tacoma is designed to meet most off-road driving requirements, but off-roading is inherently dangerous and may result in vehicle damage. Toyota encourages responsible operation to help protect you, your vehicle and the environment. Seatbelts should be worn at all times. Do not allow passengers to ride in cargo area. Tacoma's available Drive Control Mode switch with Multi-Terrain Select and Crawl Control (CRAWL). Crawl Control is designed for driving on difficult terrain at low speeds and assists the driver by controlling acceleration and braking, allowing the driver to focus on steering. See Owner's Manual for additional limitations. **11.** TRD Off-Road standard electronically controlled locking rear differential. **12.** The Toyota Tacoma is designed to meet most off-road driving requirements, but off-roading is inherently dangerous and may result in vehicle damage. Toyota encourages responsible operation to help protect you, your vehicle and the environment. Seatbelts should be worn at all times. Do not allow passengers to ride in cargo area. Trailhunter shown in Bronze Oxide. **13.** TRD Pro shown in Ice Cap with Black roof. Options shown. **14.** Rated for 2400 watts for a single three-prong outlet. See Owner's Manual for limitations. **15.** Disclaimer of warranty and liability: This product is not a Genuine Toyota Part or Accessory and was not designed or manufactured by Toyota. Toyota has not fully evaluated this product to determine its overall impact on the performance or safety of any Toyota vehicle onto which it is installed or to determine whether installation would render the vehicle illegal for operation on public roadways in any states. Installation of this product may impact your vehicle's warranty. Google, Android, Android Auto, Google Maps, and other marks are trademarks of Google LLC. Compatible Android phone and compatible active data plan required. **47.** Concentrating on the road should always be your first priority while driving. **48.** May not be compatible with all mobile phones, smart devices, tablets, e-readers, MP3/WMA players and like models. **49.** Available 14-in. multimedia display with SiriusXM®. Service will automatically stop at the end of your trial subscription period unless you decide to continue service. Trial is non-transferable. If you do not wish to enjoy your trial, you can cancel by calling the number below. All SiriusXM services require a subscription, each sold separately by SiriusXM after the trial period. Service subject to the SiriusXM Customer Agreement and Privacy Policy, visit siriusxm.com for complete terms and how to cancel which includes online methods or calling 1-866-635-2349. Some services and features are subject to device capabilities and location availability. Satellite service not available in AK & HI. Content varies by SiriusXM subscription plan. All fees, content and features are subject to change. SiriusXM and related logos are trademarks of Sirius XM Radio Inc. and its respective subsidiaries. Screen depiction accurate at time of posting. **50.** Available 14-in. multimedia touchscreen shown with Apple CarPlay® compatibility. Apple CarPlay® requires a compatible iPhone® with an active data plan. Check compatibility at https://www.apple.com/ios/carplay/. Operability depends on network availability, a cellular connection and GPS signal. Services vary by vehicle and are subject to change at any time without notice. Data charges may apply. To learn more, go to https://www.toyota.com/audio-multimedia/. To learn more about Toyota Connected Services data collection, use, sharing and retention practices, please visit https://www.toyota.com/support/privacy-notice/. Apple CarPlay® is a registered trademark of Apple Inc. Screen depiction accurate at time of posting. **51.** Concentrating on the road should always be your first priority while driving. Trailhunter interior shown with 14-in. multimedia touchscreen display. Wireless use of Android Auto requires a compatible Android 11.0+ phone and compatible active data plan. Check https://g.co/androidauto/requirements for compatibility. Operability depends on network availability, a cellular connection, and GPS signal. Services vary by vehicle and are subject to change at any time without notice. Data charges may apply. To learn more, go to https://www.toyota.com/audio-multimedia/. To learn more about Toyota's Connected Services data collection, use, sharing, and retention practices, please visit https://www.toyota.com/support/privacy-notice/. Google, Android, Android Auto, Google Maps, and other marks are trademarks of Google LLC. Compatible Android phone and compatible active data plan required. Screen depiction accurate at time of posting. **52.** TRD Pro interior shown in Cockpit Red SofTex® trim with one standard 120V and two standard USB-C outlets. Do not exceed 120V. See Owner's Manual for additional limitations and details. May not be compatible with all mobile phones, smart devices, tablets, e-readers, MP3/WMA players and like models. **53.** HomeLink® and the HomeLink® house icon are registered trademarks of Gentex Corporation. **54.** ToyotaCare covers normal factory scheduled maintenance for 1 year or 10,000 miles, whichever comes first, and 24/7 Roadside Assistance is for 2 years/unlimited mileage, with the following exceptions: (1) ToyotaCare for Mirai is 3 years/35,000 miles and ToyotaCare for vehicle model years 2026 and earlier is 2 years/25,000 miles; and (2) Roadside Assistance for Mirai, Prius, Toyota BEVs and PHEVs is 3 years/unlimited mileage. Roadside Assistance does not include parts and fluids, except limited emergency gas delivery. Towing distance up to 25 miles. Restrictions apply. ToyotaCare valid only in the continental U.S.; Roadside Assistance valid in continental U.S., Hawaii and Canada. See Toyota dealer for details and exclusions. **55.** Tailgate requires key fob present. Limited shown in Wind Chill Pearl with standard power open-and-close tailgate with jam protection. **56.** Limited standard power-extending running boards. **57.** Standard Blind Spot Monitor (BSM) also features Rear Cross-Traffic Alert (RCTA). Do not rely exclusively on Blind Spot Monitor. Look over shoulder and use turn signal. See Owner's Manual for limitations. Do not rely exclusively on the Rear Cross-Traffic Alert. Visually confirm clearance during use. See Owner's Manual for limitations. **58.** Available digital rearview mirror. **59.** Toyota Safety Sense™ effectiveness is dependent on many factors including road, weather and vehicle conditions. Drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. See Owner's Manual for limitations. **60.** The Pre-Collision System (PCS) with Pedestrian Detection (PD) is designed to determine if impact is imminent and help reduce impact speed and damage in certain frontal collisions involving a vehicle, a pedestrian, a bicycle, or a motorcyclist. PCS w/PD is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian or bicyclist and weather, light and road conditions. See Owner's Manual for limitations. **61.** Full-Speed Range Dynamic Radar Cruise Control is not a substitute for safe and attentive driving. See Owner's Manual for instructions and limitations. **62.** Lane Departure Alert with Steering Assist is designed to read visible lane markers under certain conditions. It provides a visual/audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness depends on many factors including road, weather and vehicle conditions. See Owner's Manual for limitations. **63.** The Lane Tracing Assist (LTA) lane centering function is designed to read visible lane markers and detect other vehicles under certain conditions. It is only operational when DRCC is engaged. See Owner's Manual for limitations. **64.** Dynamic Radar Cruise Control is not a substitute for safe and attentive driving. See Owner's Manual for limitations. **65.** Road Sign Assist only recognizes certain road signs. See Owner's Manual for limitations. **66.** Automatic High Beams operate at speeds above 21 mph. See Owner's Manual for instructions and limitations. **67.** Proactive Driving Assist (PDA) is designed to detect certain objects or curves in the road and provide gentle braking and/or steering support. PDA is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of detected objects and weather, light and road conditions. See Owner's Manual for additional limitations and details. **68.** Drive Connect services may vary and are subject to change at any time without notice. Availability and accuracy depend on 4G network availability, a cellular connection and GPS signal. Without any one or more of these things, operability may be limited or precluded. Further, if and when 4G network changes or is discontinued, or the underlying technology required to support service becomes obsolete, then services will not work, and will need to be discontinued. Services require account registration through Toyota app and acceptance of Connected Services Terms of Use at www.toyota.com/content/dam/toyota/privacyvts/pdf/connected-services-terms-use.pdf and Master Data Consent. Data charges may apply. For Toyota's Connected Services' vehicle-generated data collection, use, sharing, and retention practices and agreements, see www.toyota.com/support/privacy-notice/. Trial period begins on original purchase or lease date of new vehicle. Services may vary and are subject to change without notice. Requires app download/registration, acceptance of Terms of Use and subscription after trial (if applicable). Data charges may apply. **69.** Cloud Navigation requires a trial or subscription to Drive Connect. Drive Connect availability and accuracy depend on certain factors outside of Toyota's control in order to operate, including

4G network availability, a cellular connection and GPS signal. Without any one or more of these things, operability may be limited or precluded. Services subject to change at any time without notice. Requires app download/registration and subscription after trial (if applicable). Terms of Use apply. Data charges may apply. See Owner's Manual and https://www.toyota.com/connected-services/ for limitations. To learn about Toyota's Connected Services data collection, use, sharing and retention practices, visit https://www.toyota.com/support/privacy-notice/. **70.** Intelligent Assistant requires an active Drive Connect trial or subscription. Drive Connect availability and accuracy depend on certain factors outside of Toyota's control in order to operate, including 4G network availability, a cellular connection and GPS signal. Without any one or more of these things, operability may be limited or precluded. Services subject to change at any time without notice. Requires app download/registration and subscription after trial (if applicable). Terms of Use apply. Data charges may apply. See Owner's Manual and https://www.toyota.com/connected-services/ for limitations. To learn about Toyota's Connected Services data collection, use, sharing and retention practices, visit https://www.toyota.com/support/privacy-notice/. **71.** On select models, Destination Assist will require a trial or subscription to Drive Connect. Drive Connect services may vary and are subject to change at any time without notice. Availability and accuracy depend on 4G network availability, a cellular connection and GPS signal. Without any one or more of these things, operability may be limited or precluded. Further, if and when 4G network changes or is discontinued, or the underlying technology required to support service becomes obsolete, then services will not work, and will need to be discontinued. Services require account registration through Toyota app and acceptance of Connected Services Terms of Use at www.toyota.com/content/dam/toyota/privacyvts/pdf/connected-services-terms-use.pdf and Master Data Consent. Data charges may apply. For Toyota's Connected Services' vehicle-generated data collection, use, sharing, and retention practices and agreements, see www.toyota.com/support/privacy-notice/. Trial period begins on original purchase or lease date of new vehicle. Services may vary and are subject to change without notice. Requires app download/registration, acceptance of Terms of Use and subscription after trial (if applicable). Data charges may apply. The Destination Assist trial period begins on original purchase or lease date of new vehicle. Paid subscription required after trial (if applicable). Terms of Use apply. **72.** Use only if aware of circumstances surrounding vehicle it is legal safe to do so (e.g., do not remotely start a gas engine vehicle in an enclosed space or if vehicle is occupied by a child). Remote Connect services vary by vehicle and are subject to change at any time without notice. Services depend on 4G network availability, a cellular connection and GPS signal. Without any one or more of these things, operability may be limited or precluded. Further, if and when 4G network changes or is discontinued, or the underlying technology required to support service becomes obsolete, then the services will not work and will need to be discontinued. Digital Key also requires Bluetooth® connectivity. Not available on manual transmissions. Services require account registration through Toyota app and acceptance of Connected Services Terms of Use at www.toyota.com/content/dam/toyota/privacyvts/pdf/connected-services-terms-use.pdf and Master Data Consent. Data charges may apply. For Toyota's Connected Services' vehicle-generated data collection, use, sharing, and retention practices and agreements, see toyota.com/support/privacy-notice/. Trial period begins on original purchase or lease date of new vehicle. Paid subscription required after trial (if applicable). Terms of Use apply. **73.** An active Remote Connect trial or subscription is required to use the features mentioned in the Toyota app. **74.** Service not available everywhere or in every vehicle. Depends on 4G cellular network availability, a cellular connection and GPS signal. Without any one or more of these things, operability may be limited or precluded. Up to 5 devices can be supported using in-vehicle connectivity. Services may vary and are subject to change without notice. Data charges may apply. Requires separate subscriptions to third-party provider services. Valid in the contiguous U.S. and Alaska. Go to https://myvehicle.att.com/#/toyota/learn?language=en=US for terms and conditions. The Wi-Fi Connect trial begins at the time of enrollment and expires the earlier of 3GB data use or the 1-month trial period ends. Trial begins at activation and expires the earlier of 3 GB data use or 1 mo. Valid in contiguous U.S. and Alaska. See https://myvehicle.att.com/#/toyota/learn?language=en=US for terms and conditions. **75.** Safety Connect® services vary by vehicle and are subject to change at any time without notice. Services depend on 4G network availability, a cellular connection, and GPS signal. Without any one or more of these things, operability may be limited or precluded, including access to response center and emergency support. Further, if and when 4G network changes or is discontinued, or the underlying technology required to support service becomes obsolete, then the services will not work and will need to be discontinued. Stolen vehicle police report required to use Stolen Vehicle Locator. Services require account registration through Toyota app and acceptance of Connected Services Terms of Use at https://www.toyota.com/content/dam/toyota/privacyvts/pdf/connected-services-terms-use.pdf and Master Data Consent. Data charges may apply. For Toyota's Connected Services' vehicle-generated data collection, use, sharing, and retention practices and agreements, see https://www.toyota.com/support/privacy-notice/. The Safety Connect® trial is included for a minimum of 5 years. 4G network dependent. **76.** Enhanced 24/7 Roadside Assistance allows use of in-vehicle SOS button to assist response agent to identify vehicle location. Unlimited mileage coverage effective with an active Safety Connect® trial or subscription that depends on certain factors, including network availability. Services require account registration through the Toyota app and acceptance of Connected Services Terms of Use at www.toyota.com/content/dam/toyota/privacyvts/pdf/connected-services-terms-use.pdf and Master Data Consent. Data charges may apply. For Toyota's Connected Services' vehicle-generated data collection, use, sharing, and retention practices and agreements, see www.toyota.com/support/privacy-notice/. Enhanced Roadside Assistance does not include parts and fluids, except limited emergency gas delivery. Towing distance up to 25 miles. Restrictions apply. Service subject to change at any time. Available in the continental U.S. and Canada. See Toyota dealer for details and exclusions. **77.** Building and/or parking structures may limit system effectiveness. Stolen vehicle police report required to use Stolen Vehicle Locator. For additional assistance contact the Toyota Brand Engagement Center at 1-800-331-4331. **78.** Service Connect services vary by vehicle and are subject to change at any time without notice. Services depend on 4G network availability, a cellular connection, and GPS signal. Without any one or more of these things, operability may be limited or precluded. Further, if and when 4G network changes or is discontinued, or the underlying technology required to support service becomes obsolete, then the services will not work and will need to be discontinued. Information provided is based on the last time data was collected from the vehicle and is not real-time data. Services require account registration through Toyota app and acceptance of Connected Services Terms of Use at https://www.toyota.com/content/dam/toyota/privacyvts/pdf/connected-services-terms-use.pdf and Master Data Consent. Data charges may apply. For Toyota's Connected Services' vehicle-generated data collection, use, sharing, and retention practices and agreements, see https://www.toyota.com/support/privacy-notice/. The Service Connect trial is included for a minimum of 5 years. 4G network dependent. **79.** Available Destination Assist, part of Drive Connect, shown. 1-year Drive Connect trial included on select trims. On select models, Destination Assist will require a trial or subscription to Drive Connect. Drive Connect services may vary and are subject to change at any time without notice. Availability and accuracy depend on 4G network availability, a cellular connection and GPS signal. Without any one or more of these things, operability may be limited or precluded. Further, if and when 4G network changes or is discontinued, or the underlying technology required to support service becomes obsolete, then services will not work, and will need to be discontinued. Services require account registration through Toyota app and acceptance of Connected Services Terms of Use at www.toyota.com/content/dam/toyota/privacyvts/pdf/connected-services-terms-use.pdf and Master Data Consent. Data charges may apply. For Toyota's

Connected Services' vehicle-generated data collection, use, sharing, and retention practices and agreements, see www.toyota.com/support/privacy-notice/. Trial period begins on original purchase or lease date of new vehicle. Services may vary and are subject to change without notice. Requires app download/registration, acceptance of Terms of Use and subscription after trial (if applicable). Data charges may apply. The Destination Assist trial period begins on original purchase or lease date of new vehicle. Paid subscription required after trial (if applicable). Terms of Use apply. Drive Connect services may vary and are subject to change at any time without notice. Availability and accuracy depend on 4G network availability, a cellular connection and GPS signal. Without any one or more of these things, operability may be limited or precluded. The Service Connect trial is included for a minimum of 5 years. 4G network dependent. 4G network dependent. **84.** SR5 Double Cab shown in Heritage Blue with available bed sport bar by ARB®. ARB is a registered trademark of ARB Corporation. Options shown. **85.** Auto LSD is an electronic, brake-actuated limited-slip differential that automatically activates when VSC is disengaged at low speeds. See Owner's Manual for limitations. **86.** Do not exceed the recommended weight limit when placing items on the tailgate. See your Owner's Manual for details. **87.** The backup camera does not provide a comprehensive view. Always look over shoulder and use outside mirrors. See Owner's Manual for limitations. **88.** Never tow beyond a vehicle's published towing capacities. **89.** Do not rely exclusively on Blind Spot Monitor. Look over shoulder and use turn signal. See Owner's Manual for limitations. **90.** Do not rely exclusively on the Rear Cross-Traffic Alert. Visually confirm clearance during use. See Owner's Manual for limitations. **91.** Tailgate requires key fob present. **92.** Do not exceed 120V. See Owner's Manual for additional limitations and details. **93.** Digital Key requires active Remote Connect subscription. Remote start/stop and/or lock/unlock and other features of Remote Connect are only available on select models. Use only if aware of circumstances surrounding the vehicle it is legal and safe to do so (e.g., do not remotely start a gas engine vehicle in an enclosed space or if the vehicle is occupied by a child). Remote Connect depends on certain factors outside of Toyota's control in order to operate, including 4G network availability, a cellular connection, and GPS signal. Without any one or more of these things, operability may be limited or precluded. Digital Key also requires Bluetooth® connectivity. Remote Connect is included with select paid Connected Services packages. See your Toyota dealer for details. Services may vary and are subject to change without notice. Services require account registration through the Toyota app and acceptance of the Connected Services Terms of Use at https://www.toyota.com/content/dam/toyota/privacyvts/pdf/connected-services-terms-use.pdf and Master Data Consent. Data charges may apply. For Toyota Connected Services' vehicle-generated data collection, use, sharing, and retention practices and agreements, see https://www.toyota.com/support/privacy-notice/. **94.** A compatible Bluetooth®-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. The Bluetooth® word mark and logos are registered trademarks of Bluetooth SIG, Inc. Use of such marks by Toyota is under

license. **95.** Wireless charging may not be compatible with all mobile phones, smart devices, tablets, e-readers, MP3/WMA players and like products. **96.** The Panoramic View Monitor does not provide a comprehensive view of the area surrounding your vehicle. Look around to confirm clearance. See Owner's Manual for limitations. **97.** Downhill Assist Control is designed to help driver maintain vehicle control and speed on steep, downhill descents and is not a substitute for safe driving judgment and practices. Factors including speed, grade, surface conditions and driver input can affect the DAC's ability to prevent loss of control. See Owner's Manual for additional limitations and details. **98.** Extra-cost color. **99.** The backup camera does not provide a comprehensive view of the rear area of the vehicle/trailer. When using straight path assist, driver should confirm clearance and is still responsible for safe operation. See Owner's Manual for limitations. 100. Integrated Trailer Brake Controller is an electronic system that operates in tandem with a trailer equipped with an electric braking system. It is designed to help the driver maintain trailer control by increasing or reducing trailer braking based on trailer weight. It is not a substitute for safe towing practices. Factors including speed, weather, road conditions and driver input can all affect trailer braking control. See Owner's Manual for additional limitations and details. 101. Front and rear parking assist sonar is designed to warn drivers of potential front and rear collisions with certain objects at low speeds. Drivers should visually confirm clearance during use. See Owner's Manual for instructions and limitations. 102. Front and Rear Parking Assist with Automatic Braking (PA w/AB) may warn drivers of, and potentially brake for front and rear collisions with certain objects when traveling at low speeds. Drivers should visually confirm clearance during use. See Owner's Manual for instructions and limitations. 103. The Pedestrian Detection system is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrian, and weather, light and road conditions. See Owner's Manual for additional limitations and details. 104. When the system is on, Electric Parking Brake is designed to engage the Parking Brake under limited conditions. It may not hold the vehicle under all conditions. See Owner's Manual for additional limitations and details.

INFO AND DISCLOSURES

Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order.

Color(s) depicted may vary based on multiple factors, including ambient lighting and the format in which it is being viewed (e.g., computer, mobile device or print).

Some vehicles are shown with available equipment. Seatbelts should be worn at all times. For details on vehicle specifications, standard features and available equipment in your area, contact your Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

All information presented herein is based on data available at the time of posting, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only. Vehicles shown may be prototypes, shown using visual effects and/or shown with options. Actual models may vary.

WARRANTIES

Date and mileage limitations refer to whichever occurs first from the date of purchase. Warranty coverage is subject to other terms and conditions. Refer to applicable Warranty and Maintenance Guide for full details.

Date and mileage limitations refer to whichever comes first from the date of first purchase. Warranty coverage is subject to other terms and conditions. Refer to applicable Warranty and Maintenance Guide for full details and for information regarding the Federal and California Emission Control Warranties, and Tire Limited Warranties. Emission coverages vary under Federal and California regulations.

For Toyota hybrid, plug-in hybrid, fuel cell and battery electric vehicles beginning model year 2020, the hybrid (HV) battery is covered for 10 years from date of first use or 150,000 miles, whichever comes first. Coverage is subject to the terms and conditions of your New Vehicle Limited Warranty. See the Toyota Owner's Warranty and Maintenance Guide for details.
