

2007 Acura

RDX

STEP OUT ON THE LEADING EDGE.

You don't sit around, waiting for things to happen. Neither does Acura. So the all-new RDX uses turbocharged acceleration, remarkable handling and the latest technology to elevate you to the next generation of advanced driving.

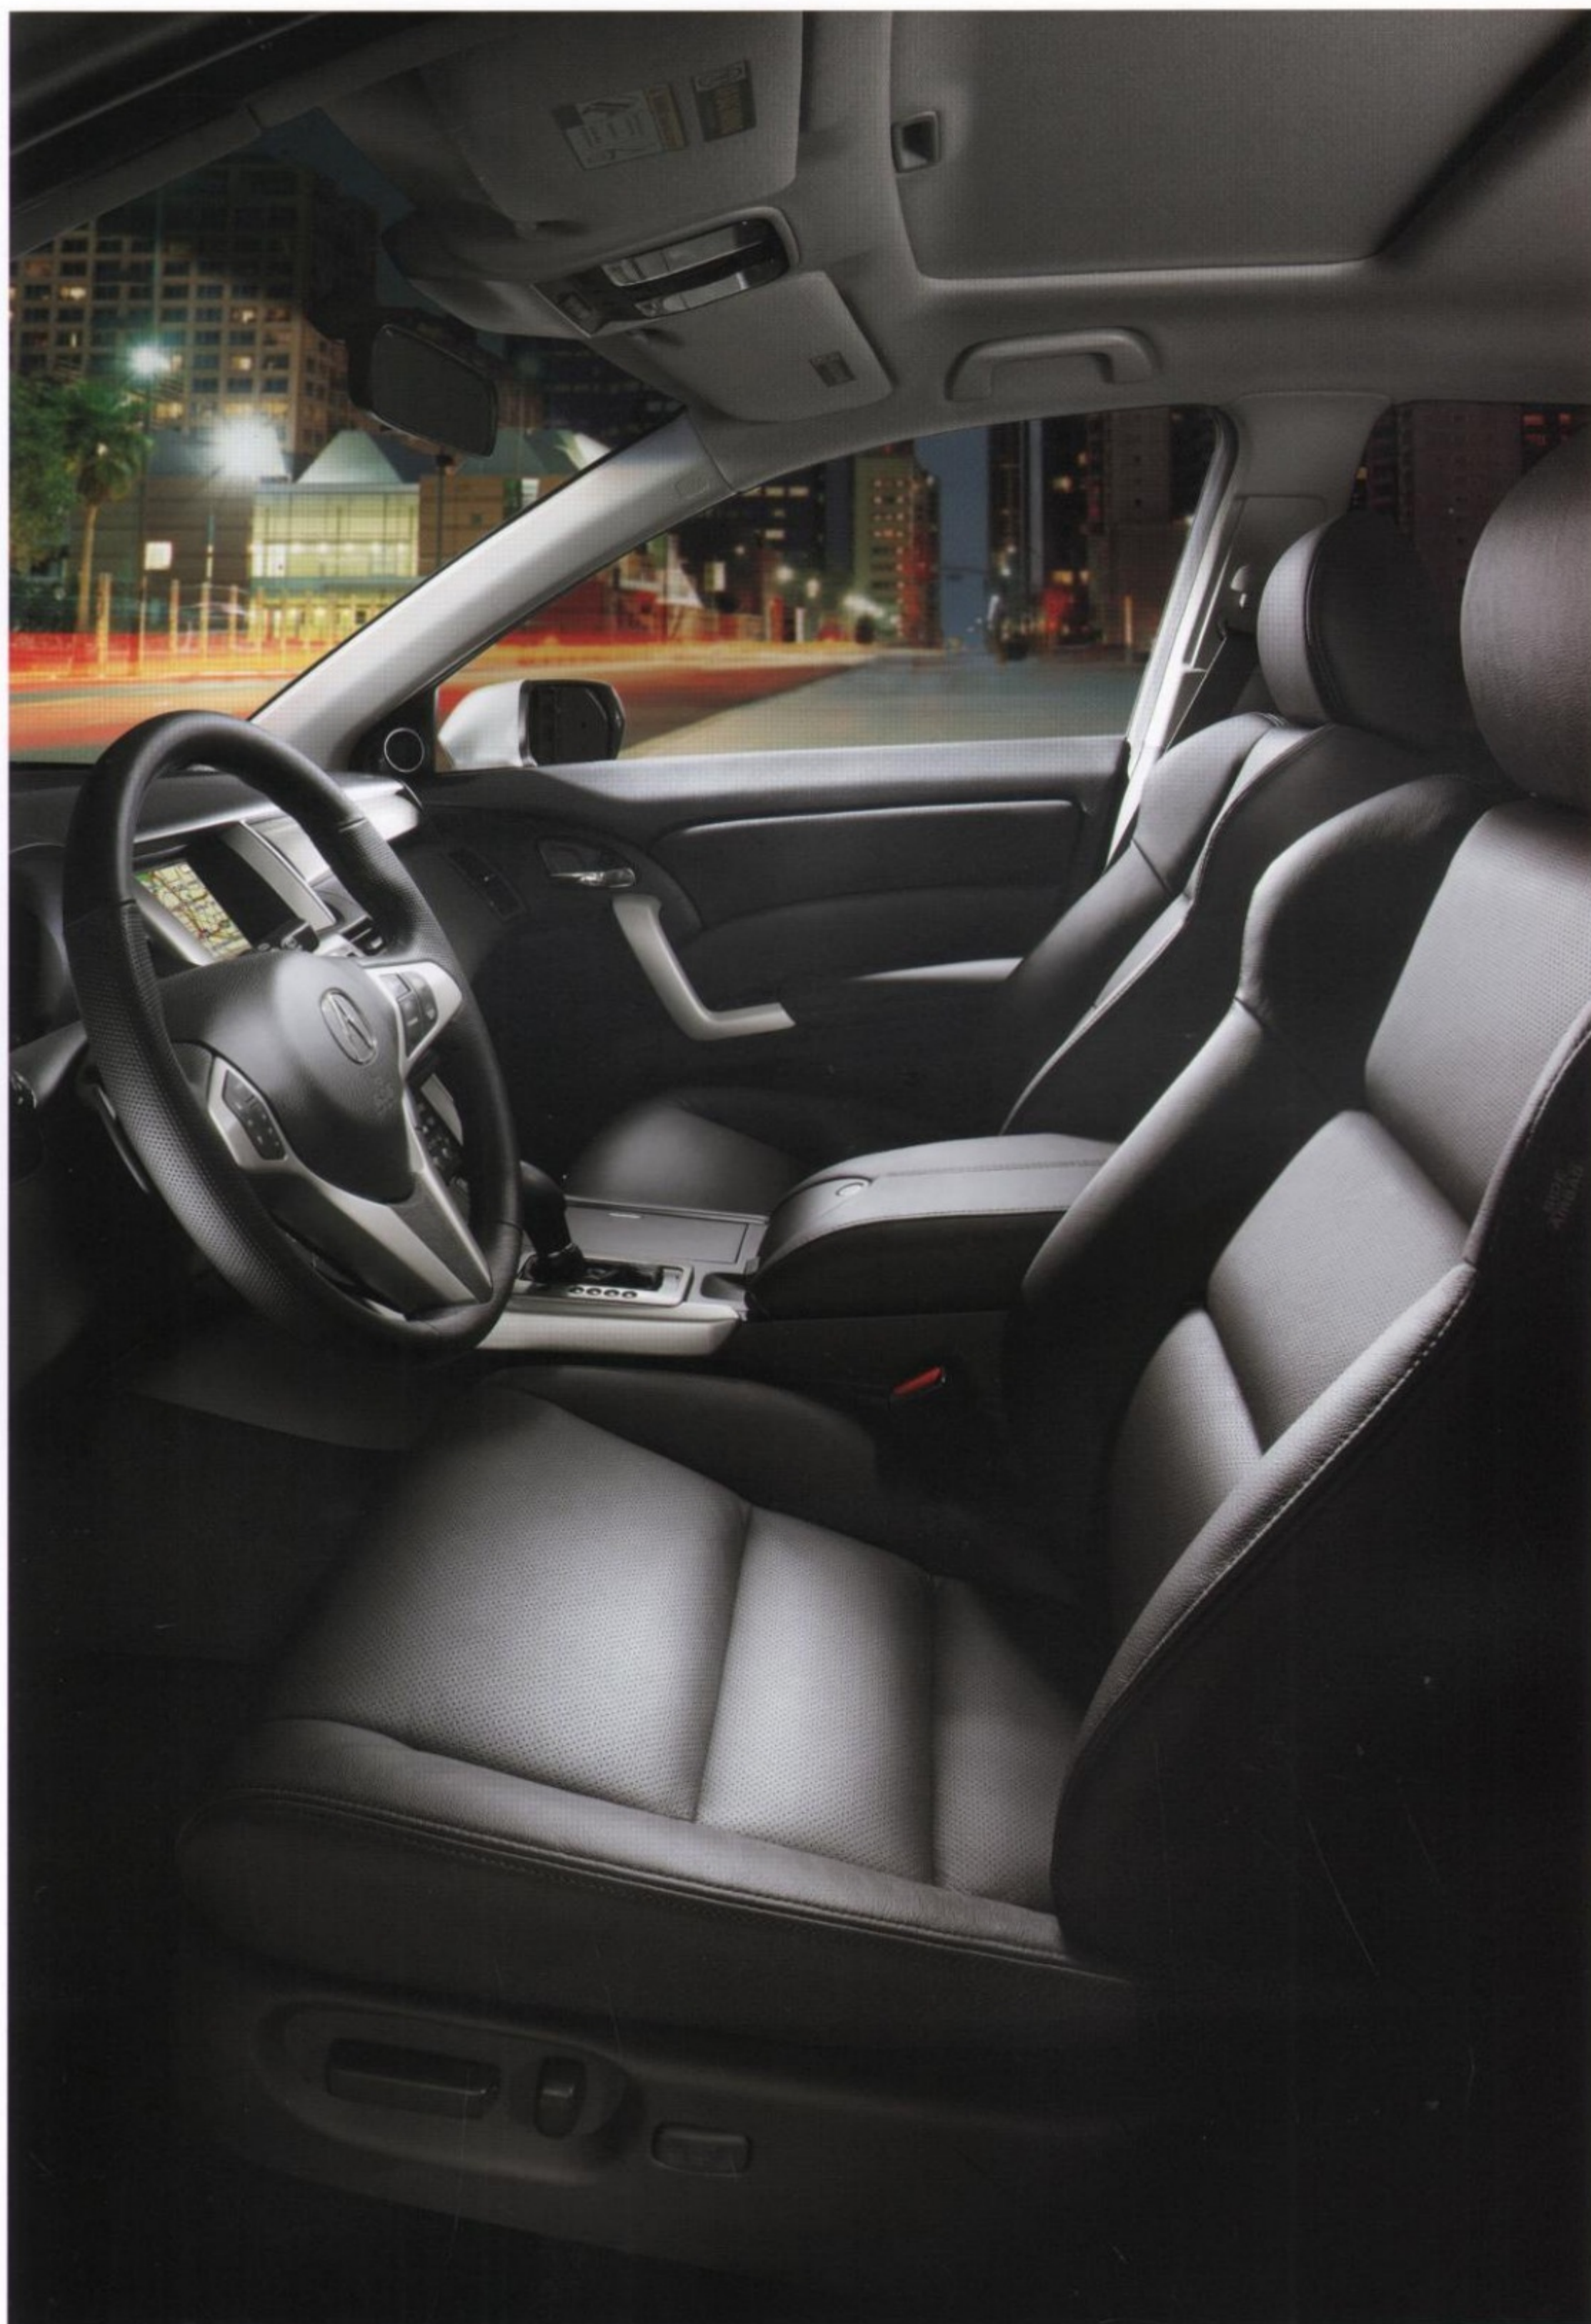

Shown in Ebony Leather with available Technology Package.

SHAKE IT UP.

If your world's feeling a little too been-here-drove-that,
the RDX is ready to spread some energy around.

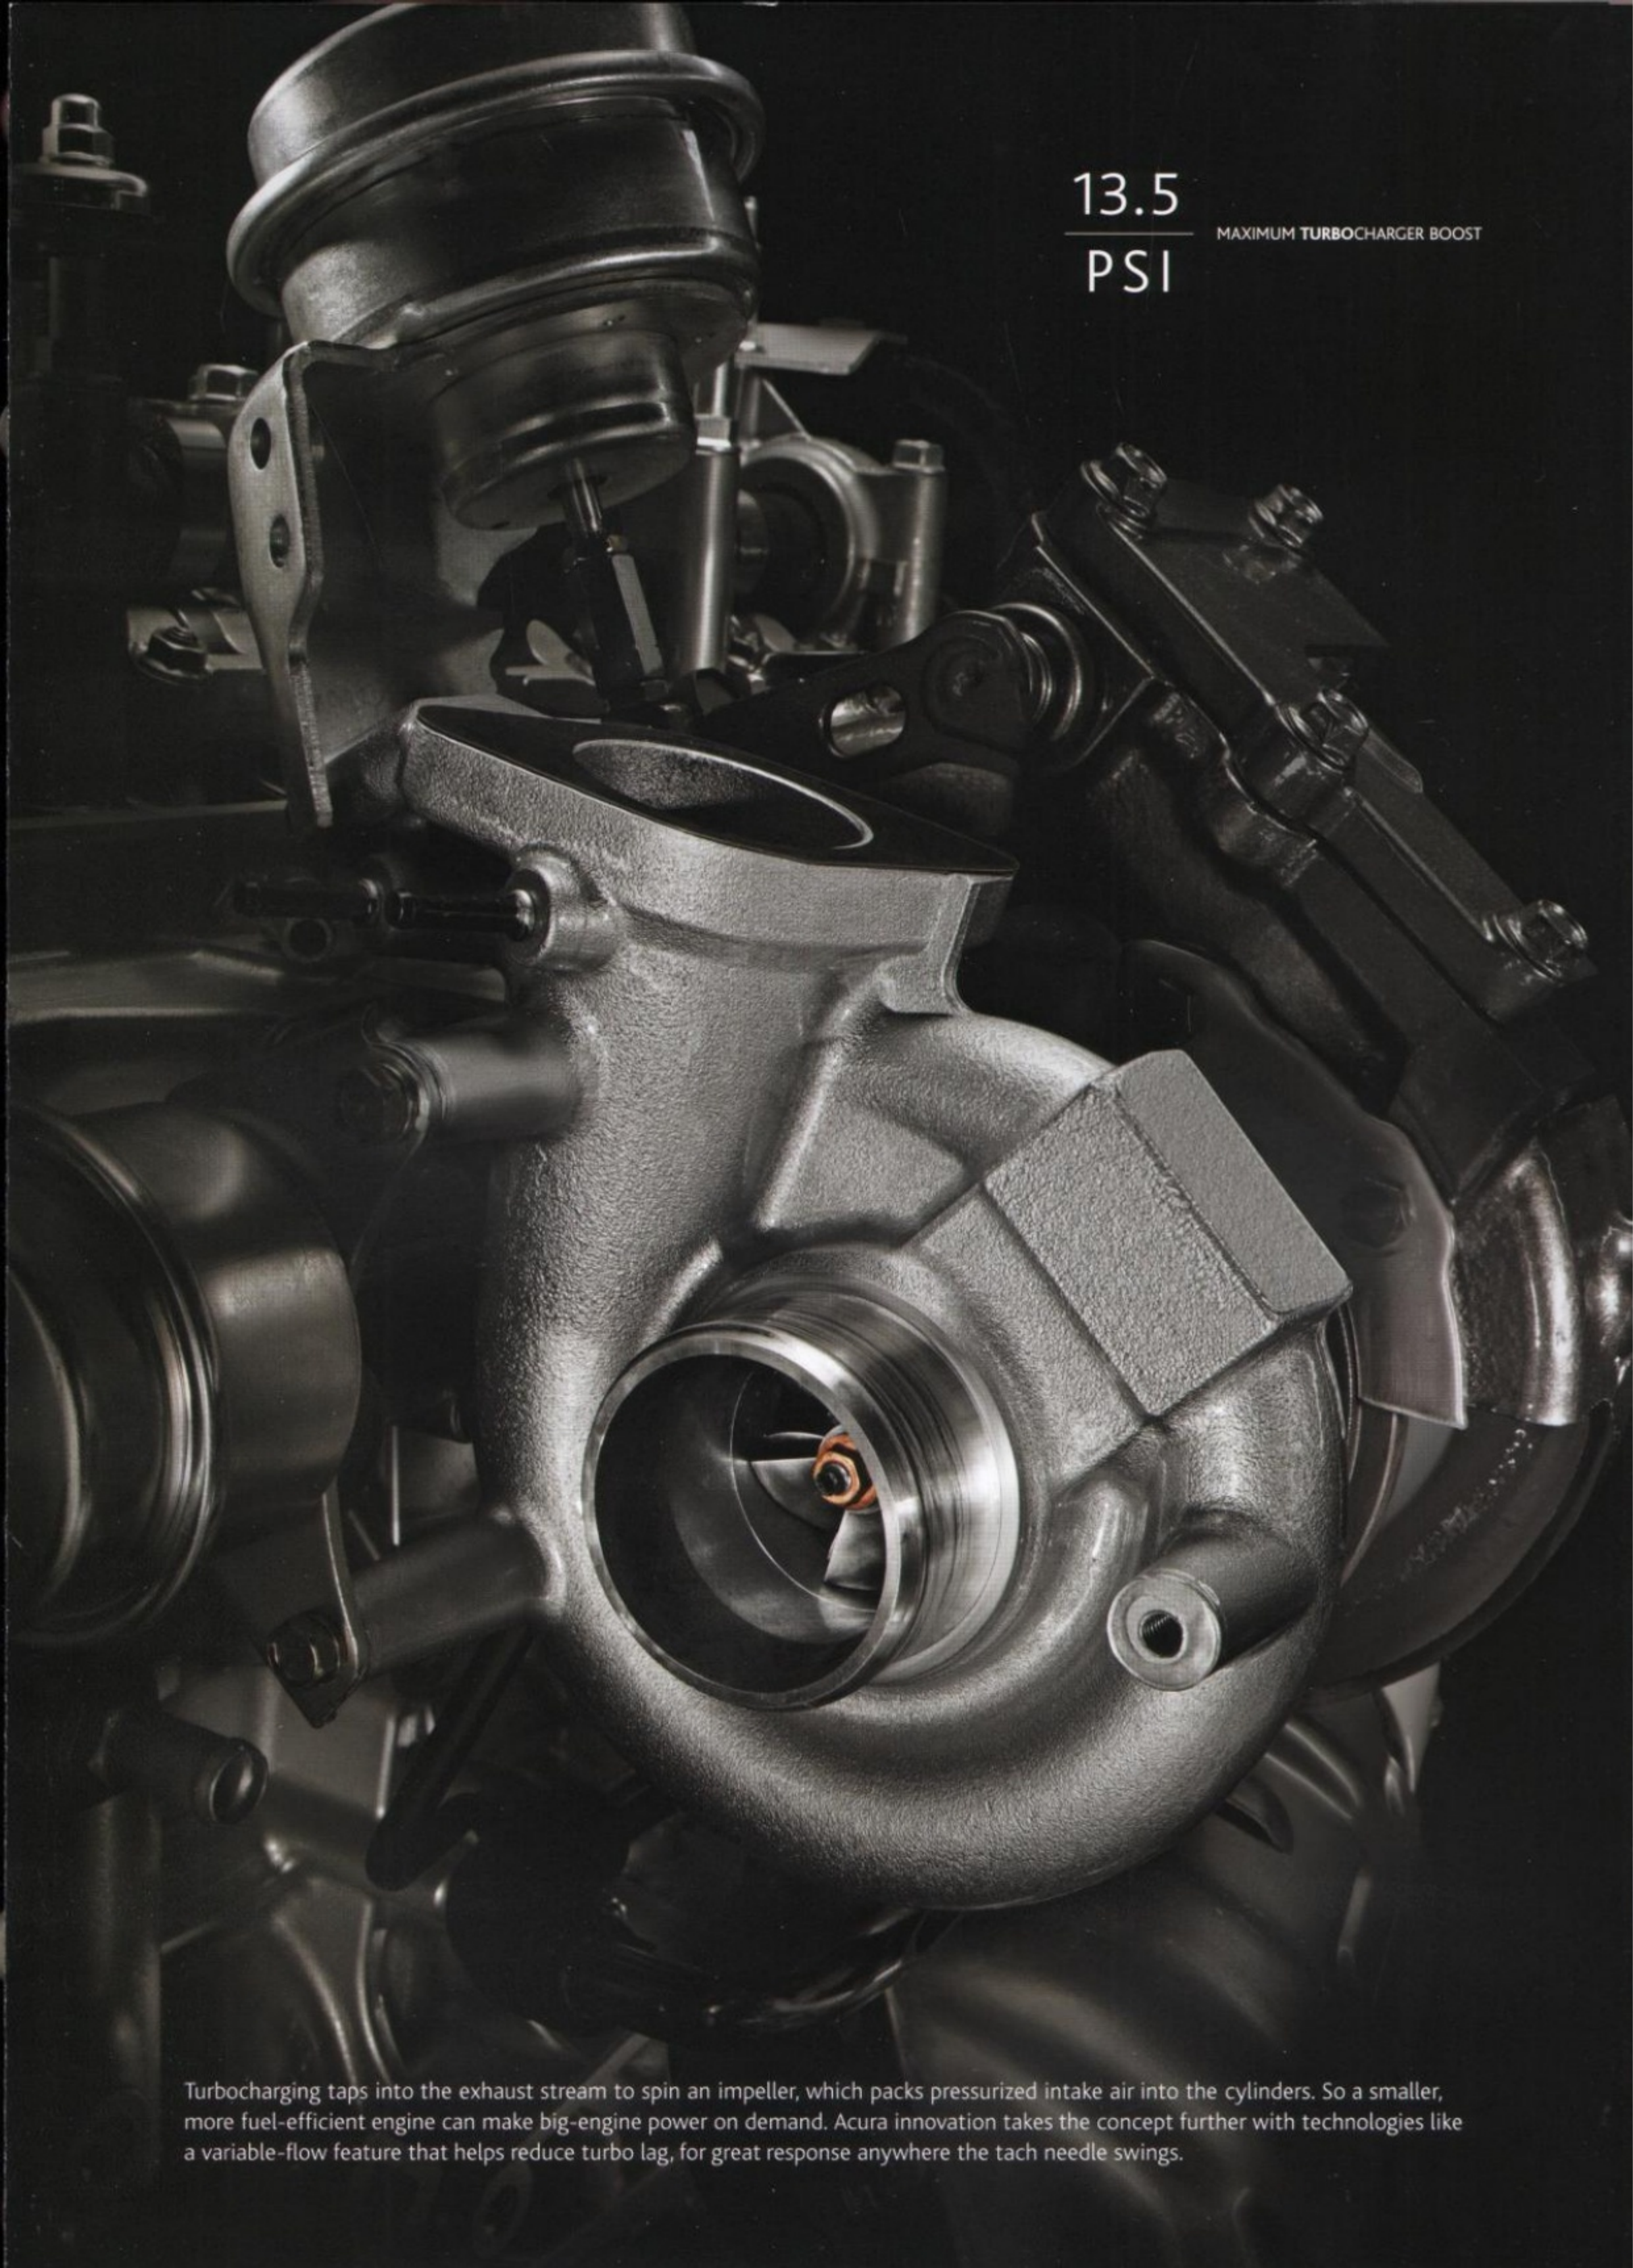

INSIDE, THE FEELING OF CONNECTEDNESS IS AT ONCE SHOCKINGLY NEW AND ENTIRELY COMFORTABLE – AND FROM NOW ON, TOTALLY INDISPENSABLE.

In developing RDX performance, Acura made a direct link
between left brain and right foot.

GENIUS ON THE FLY.

Shown in Alabaster Silver Metallic.

13.5
PSI

MAXIMUM TURBOCHARGER BOOST

Turbocharging taps into the exhaust stream to spin an impeller, which packs pressurized intake air into the cylinders. So a smaller, more fuel-efficient engine can make big-engine power on demand. Acura innovation takes the concept further with technologies like a variable-flow feature that helps reduce turbo lag, for great response anywhere the tach needle swings.

performance

handling

interior

technology

safety

specs

The i-VTEC® turbo, Acura's first production turbocharged engine, delivers powerful acceleration when you want it. A sophisticated Drive-by-Wire™ throttle system refines power delivery in all driving conditions. And the Maintenance Minder™ system calls for service exactly when it's needed.

The engine's prodigious torque flows through a reinforced 5-speed automatic transmission to a highly advanced drive system. The Super Handling All-Wheel Drive™ system (SH-AWD™) in the RDX not only helps enhance traction, but also enables the RDX to provide extraordinary handling.

TURBO

5-speed Sequential SportShift automatic

- 1 This smart gearbox has an automatic mode that holds lower gears longer in spirited driving. Or you can make the shifts yourself, manual-style, but without the clutch.

F1-style paddle shifters

- 2 Inspired by the shift mechanisms on F1® racecars, the RDX lets you command quick upshifts and downshifts with the paddle shifters mounted on the steering wheel.

1-2

Shown in Carbon Bronze Pearl.

interior

technology

safety

specs

Intercooling

- 1 Compressing the intake air makes it hotter. So it's sent through an intercooler to reduce its temperature and pack in more oxygen molecules for the combustion process.

i-VTEC

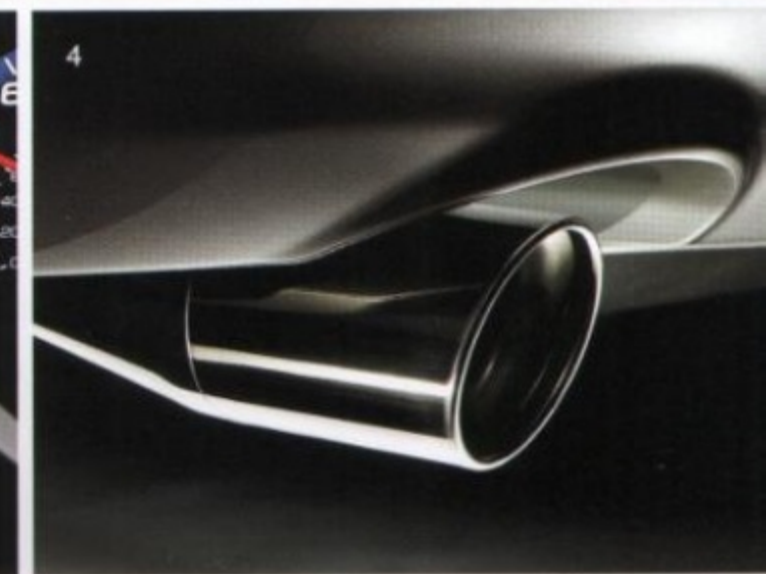

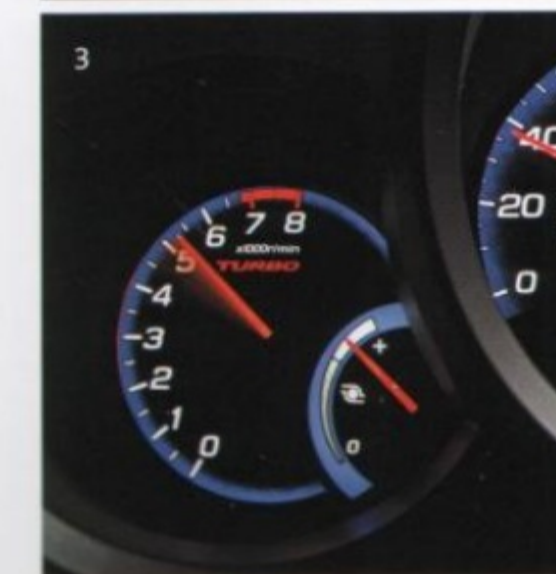

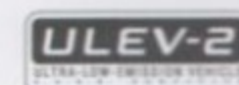

- 2 The fuel-economy benefits of Variable Valve Timing and Lift Electronic Control (VTEC*) are further refined with Variable Timing Control™ (VTC™) on the intake camshaft.

Turbo-tuned transmission

- 3 The torque converter's hookup characteristics have been carefully matched to the turbo engine's power curve to provide impressive off-the-line acceleration.

Clean and smart

- 4 The RDX's exhilarating thrust is good for you. Its economy with fuel¹ is good for your wallet. And its certification as an Ultra-Low-Emission Vehicle (ULEV-2)² is good for everyone.

Throughout Acura history, our engineers have kicked down the doors of compromise. The ingenious results include powerplants that won't sacrifice air quality for performance, or trade low-end torque for high-rpm power. So when we chose to create a light and efficient turbo engine for the RDX, turbo lag was a challenge.

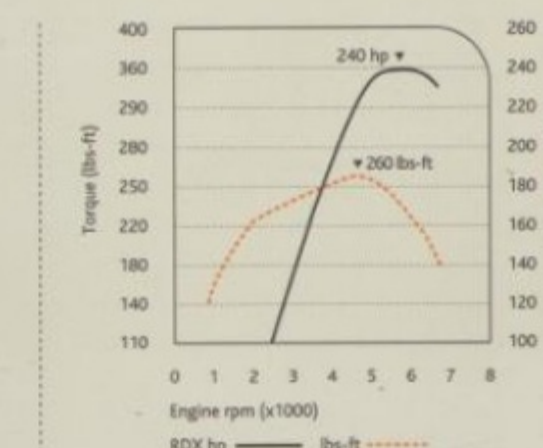

VFT

Turbo lag occurs at low engine speeds, when there isn't enough exhaust volume coming through the turbo unit to adequately spin the impeller that pressurizes the intake air. So when you floor it, serious power output is delayed until the impeller can "spool up" to operating speed. The RDX helps minimize the problem with its Variable Flow Turbo (VFT). It uses a valve that narrows the exhaust passage, speeding up the gas flow across the impeller even at low rpms. And when rpms increase, the valve opens to enable full high-rpm volume to flow through the turbo.

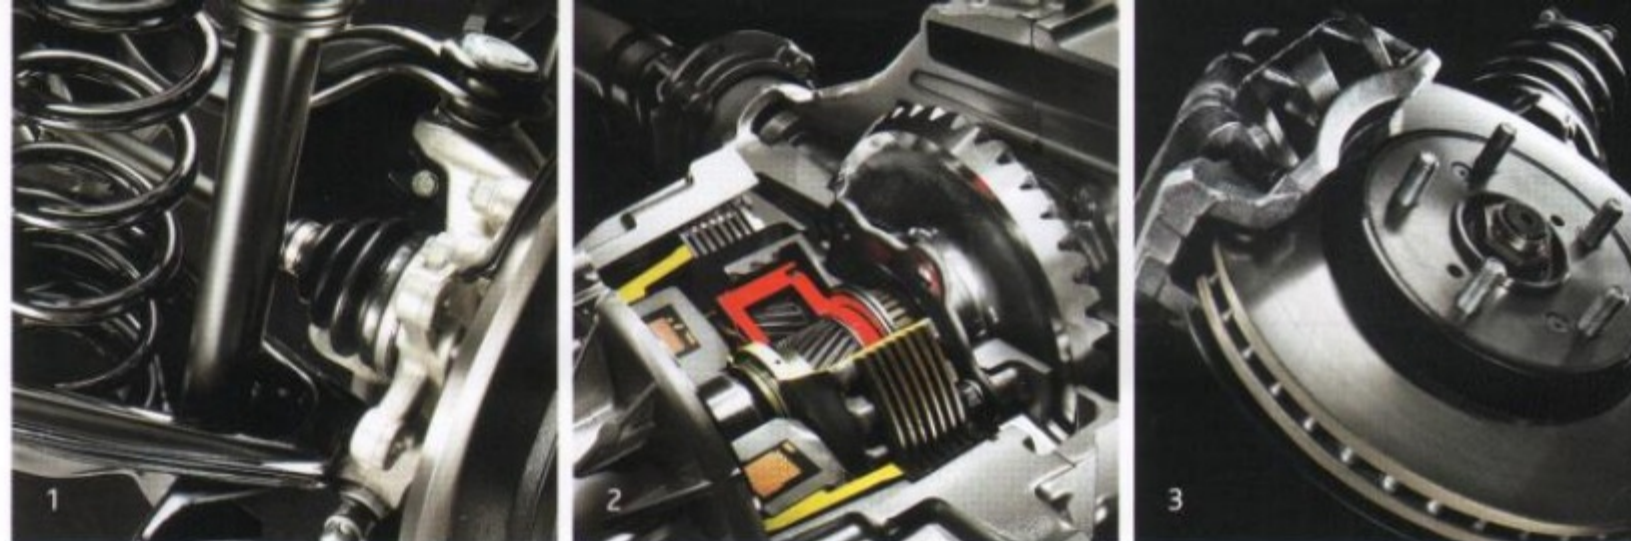

Power without penalty

The VFT valve pivot point is located out of the hot exhaust stream to ensure turbo-unit durability.

Unlike most turbos, the i-VTEC turbo summons plenty of torque output at low engine speeds.

SH-AWD

Give the road a spin.

The RDX features a sophisticated drive system that puts the emphasis on exceptional handling performance. Sure, Super Handling All-Wheel Drive helps it gain more traction on wet or snowy surfaces. But on dry roads, it also helps it go through turns with exhilarating confidence.

SH-AWD actively and seamlessly distributes varying amounts of engine torque between the front and rear wheels, depending upon the driving situation. Power into a corner, and SH-AWD sends up to 100% of available rear-wheel power to the outside wheel to help the RDX handle the curve.

performance

handling

interior

technology

safety

specs

4-wheel independent suspension

- 1 The RDX delivers exceptional handling, optimum power delivery and a smooth, comfortable ride quality thanks to its fully independent suspension design.

Electromagnetic clutches

- 2 These ingenious devices—located in the rear differential housing—have the unique capability to transmit variable amounts of engine torque to the wheels.

4-wheel disc brakes

- 3 Strong, fade-resistant stopping power is readily available on the RDX. It uses discs all around, and the front units feature ventilated rotors and 2-piston calipers.

During straight-line acceleration

When the driving situation calls for wide-open throttle in a straight line, SH-AWD directs up to 45% of the engine torque to the rear wheels for stable acceleration.

While cruising through a moderate corner

The SH-AWD computer takes into account the speed and tightness of the turn, and sends an increased amount of rear-wheel torque to the outside wheel.

While accelerating through a tight corner

Here, up to 100% of rear-directed torque is sent to the outside wheel. This increases the turning force on the vehicle and helps make the steering feel more neutral.

During straight-line cruising

For optimum stability and efficiency in steady-state cruising, the system will direct up to 90% of the engine's torque to the front drive wheels.

Choose the RDX Technology Package, and you get to enjoy a stunning audio experience—the Acura/ELS Surround™ Premium 10-speaker Sound System. Tuned by the Grammy®-winning producer and engineer Elliot Scheiner, this system puts you right in the middle of the music. It's the first production system featuring a Digital Signal Processing (DSP) amplifier, and it fills the cabin with 410 watts of power. Plus, you can hear your music in true discrete 5.1 surround format.

Drive a sound studio.

DVD-A

The 6-disc in-dash changer can accommodate DVD-Audio discs as well as DTS® 5.1 Music Discs. Plus, your CD collection will sound better than ever, thanks to Dolby® Pro Logic® II. This technology expands 2-channel stereo into simulated 5.1 surround sound.

Acura Premium Audio System

- 1 Standard RDX audio comes with seven speakers, a 6-disc in-dash CD changer and a big sound, thanks to its beefy 360-watt amp that channels 90 watts to the subwoofer.

XM Satellite Radio

- 2 Hear over 170 channels of digital-quality sound, including news, sports, 69 commercial-free music channels and live instant traffic and weather updates in major U.S. cities.¹

MP3 / auxiliary input jack

- 3 Plug your portable player directly into the audio system and crank it—your RDX is ready for just about anything.

Shown in Taupe Leather with available Technology Package.

Personalized settings (Technology Package)

- 1 A variety of convenience features can be tailored to the driver's personal tastes. They include whether and when the doors automatically lock, how long the headlights stay on after you depart the vehicle, and much more.

Steering wheel-mounted controls

- 2 Designed to help you maintain your concentration on the skills of driving, these controls let you adjust the audio system, cruise control and more with ease.

Dual-zone automatic climate control

- 3 Both RDX front-row occupants can select the ambient temperature they find most comfortable.

HandsFreeLink (Technology Package)

- 4 Link your compatible Bluetooth®-enabled mobile phone to HandsFreeLink®, and you can make and answer calls with your eyes on the road and your hands on the wheel.

THE RDX IS A BLEND OF EXCEPTIONALLY ADVANCED TECHNOLOGIES

The inside of the RDX gives you a performance-vehicle cockpit and highly functional cabin—all with leading-edge interior design. The driver's seat will conform to you with 8-way power adjustment and power lumbar support. The wheel tilts and telescopes to your preferred position. A model of great versatility, the lockable center console has a folding shelf inside to create multiple levels. It can even be configured to hold a briefcase or laptop. Plus, the console lid has holders for coins, pens and business cards.

Remote controls for garage doors or security gates make for ugly clutter, so the RDX features the built-in HomeLink® system to take their places. And the standard moonroof opens and shuts with one-touch ease.

AND EXTREME VERSATILITY.

60.6

CUBIC FEET
CARGOSPACE

Its maximum cargo capacity makes the RDX an exceptionally accommodating vehicle. And its rear seat is split 60/40 to make it even more versatile for carrying people and things. Plus, there are lots of pockets, bins and hidden storage spaces to provide a home for all the important items you just can't leave behind.

Shown in Taupe Leather with available Technology Package.

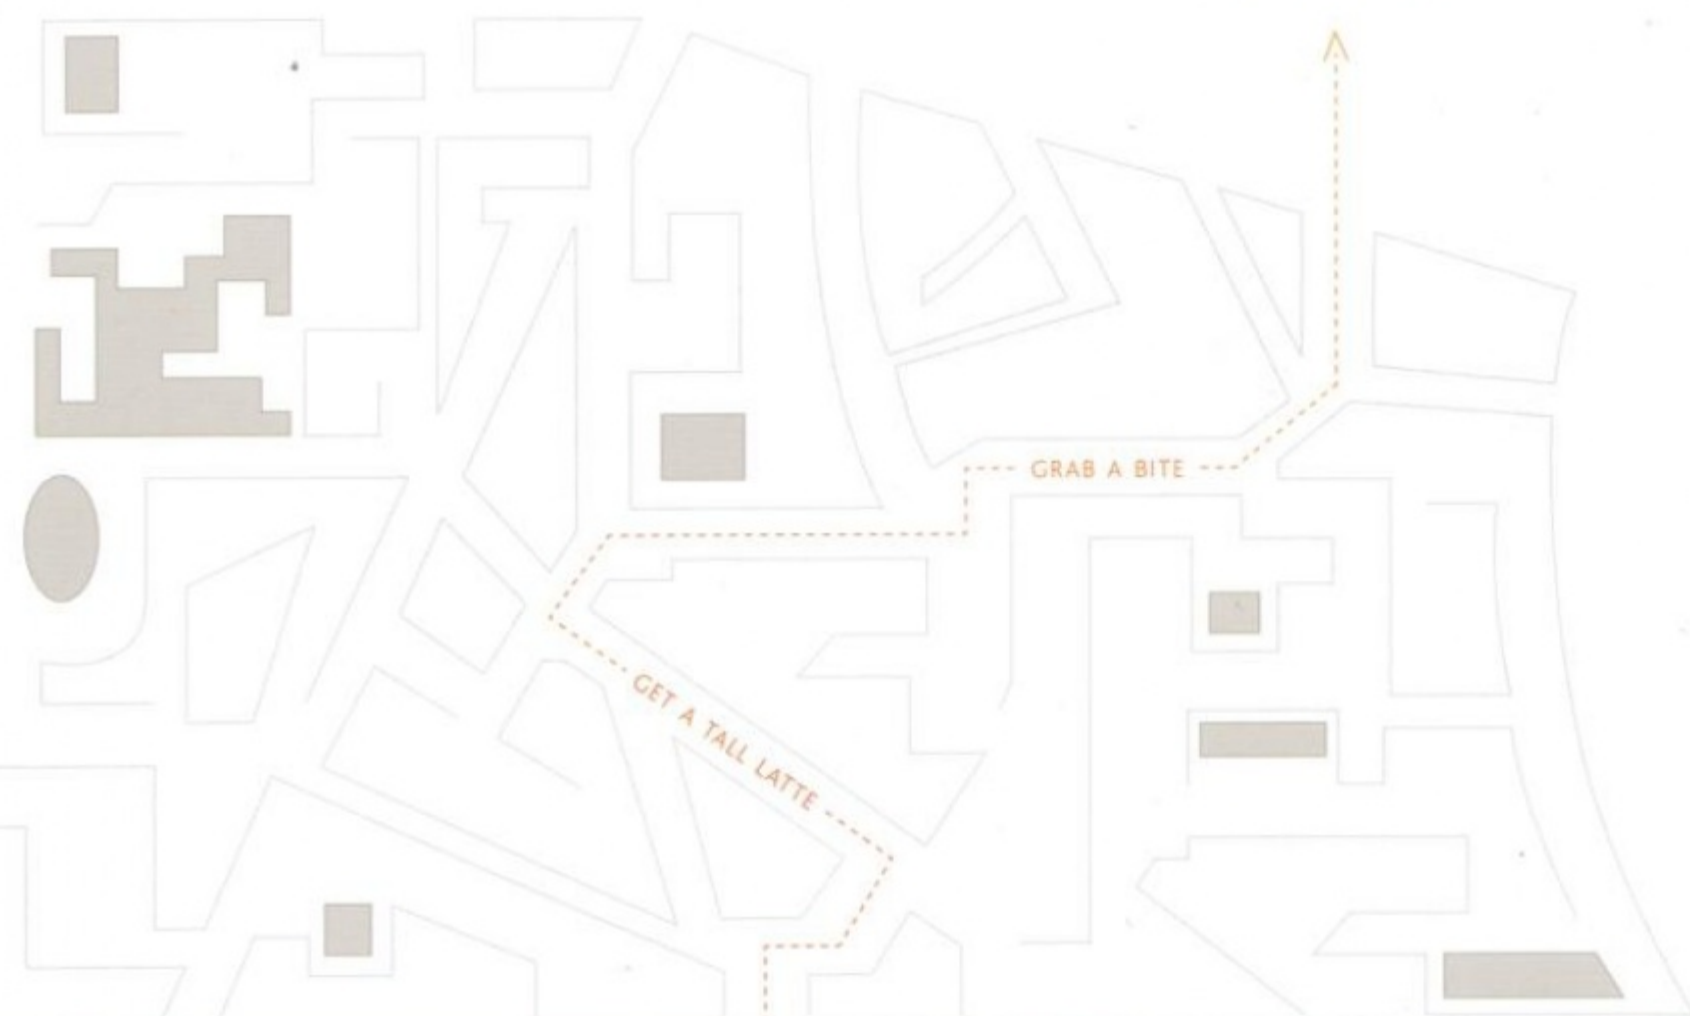

The Acura Navigation System with Voice Recognition™—part of the RDX Technology Package—lets you pinpoint your location and get where you want to go anywhere in the contiguous U.S.* It's voice-activated, and you can track your route on the moving map display or just follow the voice prompts. And it has a huge DVD database with info on over 7,000,000 points of interest.

See all, know all.

NAV

Sophisticated yet easy to use, the system lets you program in a number of stops along your route. And if you get hungry, you can find the nearest restaurant by cuisine—and even check out its Zagat Survey® ratings—so you can **[travel in style]** and arrive at your destination refreshed.

performance

interior

technology

safety

specs

AcuraLink™ satellite communication system with real-time traffic

The navigation system actually displays real-time traffic data for 44 cities on its moving map display, so you can avoid traffic jams and get where you're going on time.

Delivered to your RDX by the XM NavTraffic™ service, the traffic information includes flow rates, accidents, road construction delays and adverse weather conditions.

Shown in Alabaster Silver Metallic.

Vehicle Stability Assist™ (VSA)

- 1 If the RDX begins to understeer or oversteer, VSA® can brake individual wheels and/or reduce engine power to help restore the intended path.

Advanced airbags

- 2 The RDX is equipped with six airbags designed to help minimize injury to its occupants if a sufficient frontal or side impact is encountered.*

Rearview camera

- 3 Part of the RDX Technology Package, the navigation-system screen shows an image of the area right behind the vehicle when reverse is selected.

*Always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in the rear seat. Front airbags inflate and deflate in a fraction of a second.

- a Dual-stage, dual-threshold front airbags are designed to deploy at one of two rates and thresholds, depending upon impact severity and seat-belt use.
- b The passenger's front side airbag Occupant Position Detection System (OPDS) helps to prevent deployment injury to small, out-of-position passengers.
- c In a sufficient side impact or rollover, the side curtain airbags are designed to cover the windows and help protect outboard passengers against injury.
- d Rear-impact protection includes front-seat active head restraints. In a sufficient crash, they move upward and forward to help prevent whiplash injuries.

performance handling interior technology **safety** specs

The Acura philosophy of Safety Through Innovation is our affirmation of the ideal that no area of engineering advancement or expertise is more important than safety. The result is a comprehensive package of features designed to provide an exceptional level of protection—and confidence—wherever you choose to drive.

ACE

A signature feature of the RDX is the Advanced Compatibility Engineering™ (ACE™) body structure. This leading-edge design helps absorb the energy of a frontal impact and direct it around the occupant space, while also helping to minimize misalignment with vehicles of differing size.

- e Along with ABS, the RDX features Electronic Brake Distribution for varying dynamic loads, and Brake Assist to help apply maximum emergency braking.
- f With its Xenon High-Intensity Discharge (HID) low-beam headlights, the RDX banishes the darkness with a bright, tightly focused light.
- g The Tire Pressure Monitoring System (TPMS) keeps tabs on each tire. If one becomes critically low, an alert on the instrument panel tells which needs attention.^g
- h The RDX is equipped with Daytime Running Lights (DRL). They're designed to make the vehicle more conspicuous to pedestrians and oncoming traffic.

ENGINE

Engine Type Aluminum-alloy in-line 4-cylinder i-VTEC* turbo
Displacement (liters) 2.3

EXTERIOR FEATURES

- Power moonroof with tilt, auto-open/close, auto-reverse and key-off operation
- Heated outside mirrors with passenger reverse gear tilt-down and integrated directional signals
- 18-inch aluminum-alloy wheels
- Auto-off headlights
- Body-colored tailgate spoiler
- Chrome door handles
- Rear privacy glass
- Speed-sensing, variable intermittent windshield wipers
- Intermittent rear-window wiper
- Dual-outlet exhaust

COMFORT + CONVENIENCE

- Dual-zone automatic climate control system with air filtration
- Cruise control
- Power windows with driver and front passenger's auto-up/down, auto-reverse and key-off operation
- Remote entry system
- Steering wheel-mounted controls (cruise control, audio and available phone, voice recognition and multi-information display)
- HomeLink⁹
- Tilt and telescoping steering column
- Overhead map lights
- Ambient cabin lighting
- Cargo area lighting
- Leather-wrapped steering wheel
- Beverage holders (front and rear)
- Front-door storage compartments
- Front-door utility boxes
- Seatback pockets
- Aluminum threshold garnish
- Hard cargo cover lid
- Carpeted floor mats
- Driver's and front passenger's illuminated vanity mirrors
- 12-volt power outlets (front and center console)

SEATING + INTERIOR

- Sport seats with perforated leather-trimmed interior
- Driver's 8-way power seat with power-adjustable lumbar support
- Heated front seats
- Lockable front center console with dual-level storage, coin, card and pen holders
- 60/40 split folding rear seat
- Rear-seat center armrest

ACCESSORIES

When it comes to personalizing, choose genuine Acura accessories that are crafted to the same strict levels of quality as the rest of your RDX. See your Acura dealer for a complete list of accessories.

- Acura MusicLink™
- Roof rack (see dealer for attachments)
- Sport running boards
- Towing Package (hitch, receiver ball, wiring harness)
- Body-colored side molding
- Hood protector
- Moonroof visor
- Front console cooler bag
- Automatic day/night rearview mirror with compass
- Rear back-up sensors
- 19-inch aluminum-alloy wheels
- Front under-body spoiler
- Rear diffuser
- Acura Protection Package (includes all-season floor mats, cargo tray and wheel locks)

AUDIO

- Acura Premium Sound System with AM/FM tuner, 6-disc in-dash CD, MP3, WMA changer and 7 speakers
- XM[®] Satellite Radio¹
- Speed-sensitive volume control (SVC)
- MP3/auxiliary input jack

INSTRUMENTATION

- LED backlit gauges with progressive illumination
- Multi-information display
- Maintenance Minder™ system
- Center information display screen (RDX)
- Trip computer
- Exterior temperature indicator
- Illuminated ignition, power-window and door-lock switches, steering wheel controls and overhead controls
- i-VTEC[®] turbo boost meter

SAFETY FEATURES

- Dual-stage, dual-threshold front airbags (SRS)
- Front side airbags with passenger-side Occupant Position Detection System (OPDS)
- Side curtain airbags with rollover sensor
- 3-point height-adjustable seat belts with load limiters and pretensioners (front)
- 3-point seat belts (rear)
- 4-wheel anti-lock braking system (ABS) with Electronic Brake Distribution (EBD) and Brake Assist
- Vehicle Stability Assist™ (VSA™) with traction control
- Xenon High-Intensity Discharge (HID) headlights
- Fog lights
- Daytime Running Lights (DRL)
- Tire Pressure Monitoring System (TPMS) with location indicator⁴
- Active front head restraints
- LATCH (Lower Anchors and Tethers for Children) child-seat mounting system
- Advanced Compatibility Engineering™ (ACE™) body structure
- Impact-absorbing crumple zones (front and rear)
- Theft-deterrent system with electronic immobilizer
- Rear-window defroster with timer
- Side-impact door beams
- Mirror-integrated LED directional signals
- Center High Mount Stop Light
- Day/night rearview mirror
- All-around visibility (276.0 degrees)

TECHNOLOGY PACKAGE

- Acura Navigation System with Voice Recognition™, rearview camera and Zagat Survey™ reviews and ratings
- Acura/ELS Surround™ Premium 10-speaker Sound System with 6-disc in-dash CD, DVD-Audio, MP3, WMA and DTS[®] changer, Dolby[®] Pro Logic[®] II and AM/FM tuner
- AcuraLink™ satellite communication system with real-time traffic⁵
- HandsFreeLink[®] wireless telephone interface
- Tire Pressure Monitoring System (TPMS) with location and pressure indicators⁶
- GPS-linked, solar-sensing, dual-zone automatic climate control system
- Interface dial
- Auxiliary information display
- Acura personalized settings

Shown with accessory front under-body spoiler, rear diffuser and 19-inch aluminum-alloy wheels.⁸

OWNER BENEFITS

Shown in Carbon Gray Pearl.

[Warranty] All Acura vehicles and the accessories installed by the dealer at the time of vehicle purchase have a 4-year/50,000-mile limited warranty. Acura vehicles are also covered by a 6-year/70,000-mile limited powertrain warranty. In addition, outer body rust-through is covered on all Acura vehicles by a 5-year/unlimited-mile limited warranty.¹⁰

[Acura-Trained Service Personnel] Your local Acura dealer is an excellent source for genuine Acura parts and factory-trained technicians. They have the experience, training and specialized tools needed to keep your Acura up to factory standards of performance and reliability.

[Acura Care] Additional peace of mind can be had with the Acura Care[®] program—comprehensive vehicle and travel protection beyond the initial warranty period. See your Acura dealer for all the features and benefits available with this program.

[1-800-to-Acura] Operators are available 24 hours a day to help get answers to your Acura questions.

[Honda Financial Services[™]] Whether you're buying or leasing, Honda Financial Services can assist you with the process. See your dealer for details.

[Total Luxury Care[®]—Owner Benefits] Acura's total commitment to your satisfaction doesn't end with delivery of a world-class vehicle. It only begins there. Every Acura comes with Total Luxury Care[®] (TLC[®]), an array of services designed to help you enjoy your automobile for years to come.

[24-Hour Roadside Assistance] As part of your TLC benefits, 24-hour roadside assistance is available to you everywhere in the continental U.S. and Canada, day or night, every day of the year. Just call the toll-free number and rest assured that assistance is promptly on the way.

[Trip-Interruption Benefits] If a problem that is covered by your warranty interrupts your trip more than 100 miles from home, Acura will provide you with reimbursement for meals, lodging or car-rental expenses. Please see your Acura dealer for all the program details.

[Acura Concierge—Travel Service] In an emergency or just to help you plan a trip, Acura Concierge service can help you with many logistical details. It will even relay up to three urgent messages on your behalf if you cannot do so.

[acura.com] Visit the official Acura Web site for the latest specifications, MSRPs, photographs, special offers and more. You can "design" your own Acura and personalize it with genuine accessories. You can also apply for financing, check on specific dealer inventories and even request a price quote from an Internet-certified Acura dealer.
