

ALL-NEW 2008 MALIBU

2008 MALIBU

CHEVROLET

ALL-NEW 2008 MALIBU

REDESIGNED. RE-ENGINEERED. REINVENTED.

Go ahead and demand even more from your next car. We already did. Introducing a more expressive Chevrolet mid-size sedan that achieves a new level of quality and technological sophistication: the all-new 2008 Malibu. Its strong stance and bold proportions set the tone, while the signature dual cockpit design heightens the driving experience. Advanced technology brings it all to life, with a family of engines that includes a lively, yet fuel-efficient 2.4L VVT ECOTEC engine and a 3.6L VVT V6 that's mated with a six-speed automatic transmission. The new Malibu will also stimulate your imagination – with the first hybrid car in the Chevrolet lineup. As for the coverage – it's no less than the best in Canada with a \$0 deductible 5-year/160,000 km Powertrain Limited Warranty,* in addition to 5-year/160,000 km Courtesy Transportation* and 24/7 Roadside Assistance.* Let's Go in a new direction. The all-new 2008 Chevrolet Malibu.

*Whichever comes first. Conditions and limitations apply. See dealer for details.

Malibu LTZ, shown in Dark Gray Metallic.

“With its handsome Audi-esque design and good engine choices, it’s the next big thing in midsize cars.” – Motor Trend

For more information about Malibu, visit malibu.gm.ca

LET'S GO 
CHEVROLET

MORE GREEN. FOR LESS GREEN.

It's the most affordable mid-size hybrid in Canada,* helping to deliver enhanced fuel efficiency and reduced greenhouse emissions. Powered by the GM Hybrid Propulsion Electric System combined with the gasoline-powered 2.4L VVT ECOTEC engine. That means you get the dependability, efficiency and output of the ECOTEC engine. Then when decelerating or stopping in traffic, the engine shuts off and the 36-volt, six-module battery kicks in with 10,000 watts of peak power, charged principally by regenerative braking. The system operates seamlessly – the transition between gasoline and electric power is so smooth, you may not even notice it. And Malibu Hybrid is covered by its own 8-year/160,000** km Limited Warranty. Let's Go green. With Malibu Hybrid.

*Based on 2008 MY Manufacturer's Suggested Retail Price and competitive information available at the time of printing. Does not include any government rebate programs that may be in effect.
** Whichever comes first.

Malibu Hybrid's charge-assist gauge indicates whether the system is charging or providing power. The ECO (economy) gauge informs you when you are exceeding fuel efficiency estimates.

Malibu Hybrid, shown in Silverstone Metallic.

EXTERIOR

PUSHING THE ENVELOPE. LITERALLY.

Pushing the wheels out to the corners emphasizes the pure lines of the new Malibu. This creates an aggressive stance and extended wheelbase that contributes to the sharp, authoritative handling. For an even more potent presence, take note of the 18-inch ultra-bright aluminum wheels on the LTZ. And with the new Malibu, the quality stands out as much as the design. The craftsmanship is revealed by the minimized gaps between body panels and a tight wheel-to-body relationship. That's only a precursor for a more important relationship – that between the driver, car and road that can only be experienced when you get behind the wheel of the new Malibu.

The new dual-port silver-mesh grille features chrome surrounds and a body-coloured bar. The fog lights on LTZ add a dynamic finishing touch.

“The improved design gives you a reason to look and the improved quality gives you no reason to turn away.” – CNN.com

The rear LED tail lights on Malibu LTZ take their cue from Corvette, keeping the exterior lines clean by positioning the lights exclusively on the rear body panel.

Malibu LTZ, shown in Dark Gray Metallic.

INTERIOR

Malibu LTZ interior, shown with Ebony/Brick two-tone tipped leather-appointed seating surfaces and accent piping.

THINK OF IT AS AN ENTITLEMENT, NOT A LUXURY.

If you think an upscale interior with premium amenities is out of reach, you owe it to yourself to take a detailed look at the new Malibu interior. Where thoughtful design is married with impeccable execution. Bringing it all into sharp focus is the top-of-the-line LTZ. It features the enhanced styling of two-tone tipped leather-appointed seating surfaces and accent piping. They are complemented by up-level features, including automatic electronic climate control, a remote vehicle starter and heated, power adjustable front seats. Everyone is entitled to experience a new kind of luxury. Inside Malibu.

INSTRUMENT PANEL

Malibu LTZ driver's environment, shown with Ebony/Brick two-tone tipped leather-appointed seating surfaces and accent piping.

A DUAL COCKPIT MALIBU? YES, TIMES HAVE CHANGED.

It isn't simply a look, it's an attitude. The design of the upper instrument panel not only creates flowing contours that integrate with the door panels, it also produces a tighter, more precise fit. The dual cockpit layout adds an authentic sports car feel – which can be enjoyed in a remarkably quiet environment thanks to extensive sound absorbing materials. It's quiet –

until you tune in your favourite XM Satellite Radio™* channel and turn up the volume of the 210-watt, eight-speaker enhanced audio system on Malibu LTZ. The practicality is also noteworthy, with features like an available rear power centre that includes a three-prong, 110-volt household outlet. A more dynamic and more functional Malibu interior.

“Curving dashboard sections for the driver and passenger... similar to the Corvettes of old.”
– ROAD & TRACK March 2007

The blue ambient lighting on the instrument panel gauges and overhead LED lights above the centre stack create an upscale atmosphere in Malibu LTZ.

1. The two-tone leather-appointed seating surfaces in LTZ are tipped – an additional step in the production process that enhances the depth, texture and comfort of the seats.
2. Malibu's centre stack not only offers a distinctive look, it also houses such available premium features as the automatic electronic climate control and XM Satellite Radio.*
3. A standard auxiliary storage bin located on the top of the centre stack provides an ideal location for items like CDs, cellphones and sunglasses.

*Includes three trial months beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous United States.

MALIBU LT

THE EXPERIENCE IS ENHANCED, JUST LIKE THE EQUIPMENT LIST.

The new Malibu includes such desirable standard features as a robust Driver Information Centre, OnStar®, an auxiliary iPod® input jack and a 12-volt outlet on the centre stack. Move up to the 2LT model and the content is further enhanced. The exterior styling is bolstered by 17-inch ultra-bright aluminum wheels. The interior is appointed with such luxurious touches as UltraLux™ Sheer Suede heated front bucket seats and a power six-way driver's seat adjuster. Comfort and convenience upgrades include power adjustable pedals, an auto-dimming interior rear-view mirror with compass, and remote vehicle starter. An enhanced Malibu driving experience – taken to an even higher level in Malibu 2LT.

Malibu 2LT, shown in available Red Jewel Tintcoat.

“Camry beware.”

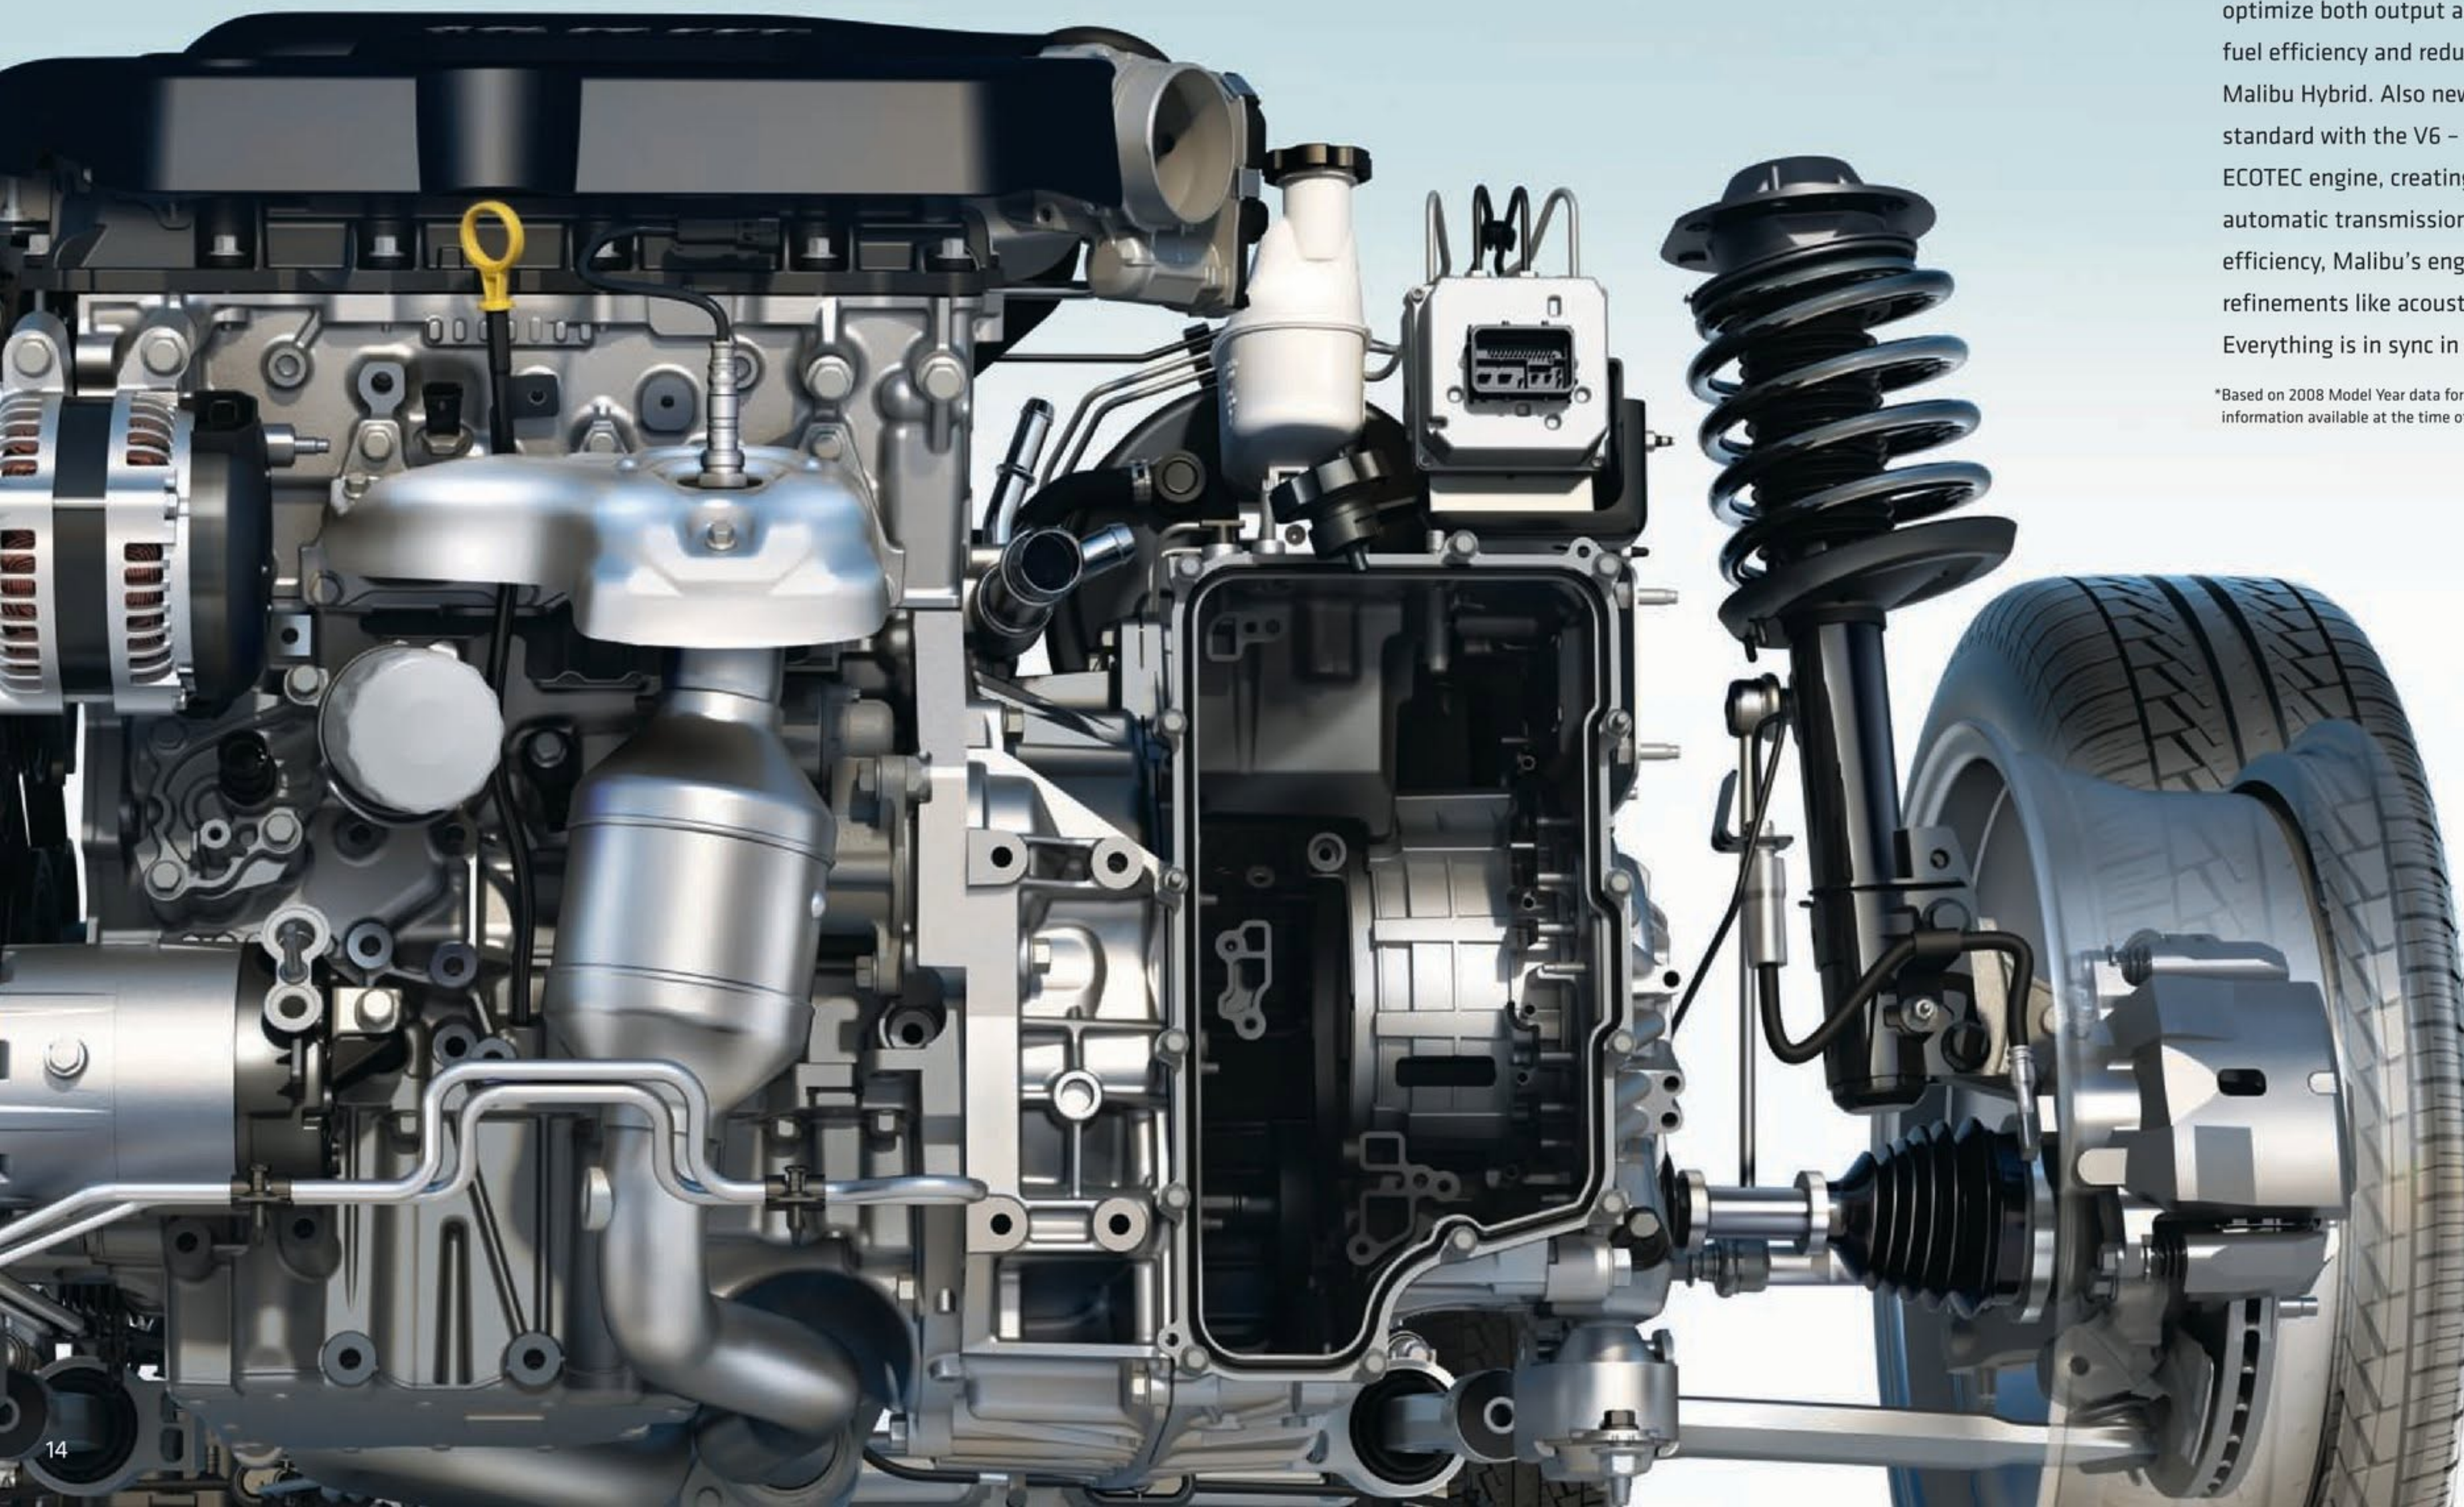

– CAR AND DRIVER, December 2006

The Driver Information Centre is standard in all Malibu models. It displays up to 34 different vehicle function messages, including 10 driver personalization settings.

UltraLux Sheer Suede seats contribute to the premium interior environment of Malibu 2LT.

TECHNOLOGY

STAYS IN SYNC WITH YOUR PRIORITIES.

The new Malibu incorporates advanced technology to match up with your performance and fuel efficiency expectations. The 169 horsepower 2.4L ECOTEC engine is standard on LS and LT, while the 252 horsepower 3.6L V6 is standard on LTZ. Both engines feature variable valve timing to optimize both output and efficiency. If you're eager to further enhance fuel efficiency and reduce emissions, nothing compares to the new Malibu Hybrid. Also new is a six-speed automatic transmission that's standard with the V6 – and will be available later in the year with the ECOTEC engine, creating the only four-cylinder engine and six-speed automatic transmission combination in its class.* Beyond power and efficiency, Malibu's engines are also impressively quiet, thanks to refinements like acoustic engine covers and hydraulic ride bushings. Everything is in sync in the new Malibu.

*Based on 2008 Model Year data for the GM Mid-Car segment and the latest published competitive information available at the time of printing.

The six-speed automatic transmission features TAPshift manual shift control that combines the benefits of manual and automatic transmissions. Using the shift paddles mounted on the steering wheel, you can select a gear, tailored to your driving preferences or road conditions.

The six-speed automatic transmission offers a wide spread in gear ratios. A steep first gear enhances launch capabilities, while the tall overdrive sixth gear reduces noise, vibration and fuel consumption.

SAFETY

CONTROL. PROTECT. ASSIST.

Malibu is built and equipped to enhance driver control, protect its occupants and provide assistance in an emergency. The comprehensive list of standard safety equipment includes full-function traction control, four-wheel disc brakes with a four-wheel anti-lock braking system (ABS) and OnStar. For enhanced control, the StabiliTrak™ electronic stability control system is standard on all but LS models. It automatically intervenes to address the causes of understeer or oversteer. It also responds within thousandths of a second when a lateral skid is detected, helping you maintain control and remain headed in your intended direction. There are also six standard air bags:* dual-stage frontal air bags with a Passenger Sensing System, head curtain side-impact air bags and front seat-mounted thorax side-impact air bags. Safety before, during and after a collision – in the all-new 2008 Chevrolet Malibu.

*A NOTE ON CHILD SAFETY: Always use safety belts and proper child restraints, even in vehicles equipped with air bags. Even with the Passenger Sensing System, children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. Refer to the vehicle Owner's Manual and child safety seat instructions for more information.

TURN-BY-TURN NAVIGATION**

OnStar and one year of the Directions & Connections Plan are standard on all Malibus. The plan includes Turn-by-Turn Navigation – perhaps the smartest and simplest navigation system out there. All you do is press the OnStar button and tell your destination to an Advisor. You then receive automated voice instructions that lead you right to your next destination – turn by turn. It's enough to make maps a thing of the past.

**Turn-by-Turn availability is subject to geographic/cellular limitations, advisor-assisted routing available.

ONSTAR

OnStar[†] uses advanced communications technology to enhance your safety, security and convenience. OnStar Advisors can provide a wealth of information and perform a variety of diagnostic services. They can also provide assistance in an emergency. No wonder more than 5 million people have become OnStar subscribers and over 15 million calls are made each month on the built-in voice-activated, hands-free system. OnStar and one year of the Directions & Connections Plan are standard on all Malibu models. See your dealer for more information on plans and services.

[†]OnStar services require vehicle electrical system (including battery), wireless service, and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. OnStar Hands-Free Calling requires a Hands-Free enabled vehicle, prepaid minutes or enrollment in a shared minutes plan and existing OnStar service contract. Subscription Service Agreement required.

1. SAFETY CAGE

The safety cage helps reduce deformation of the frame in the event of a collision. The cage surrounds the passenger compartment from the windshield pillar to the backglass pillar, and from the roof rail to the rocker.

2. LOWER DOOR-TO-DOOR INTERLOCK

It helps prevent the rear door from intruding into the passenger compartment during an impact.

3. SIDE INTRUSION BEAM

The tubular shaped diagonal side intrusion beam helps protect passengers during side impacts. It is positioned on the front doors and is fabricated from high-strength boron steel.

4. FRONT FRAME

It helps absorb crash energy in a controlled manner, reducing the force of an impact before it reaches the passenger compartment.

XM SATELLITE RADIO

What's convinced more than seven million people to subscribe to XM Satellite Radio? How about the largest playlist on the planet, with musical genres that span everything from decades to dance, rock to rap and country to classical – broadcasting the most commercial-free music in digital quality sound? Or is it the news, talk, comedy and sports channels – including more than 1,000 NHL games – and all available from coast to coast?^{††} Now with 120 channels to enjoy, XM has revolutionized radio as we know it. And you can listen to XM Satellite Radio in your new Malibu – it's standard on LTZ and available on other models. Ask your dealer for more information.

^{††}Includes three trial months beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous United States.

MALIBU MODEL OVERVIEW

MALIBU LS

- 169 hp 2.4L ECOTEC 4-cylinder dual overhead cam engine with variable valve timing
- 4-speed automatic transmission
- 4-wheel disc brakes with 4-wheel anti-lock braking system (ABS)
- Full-function traction control
- 16-in. fascia-spoke silver-painted finished wheels
- Bright chrome window surround moulding
- Remote keyless entry system
- Dual-stage frontal air bags with Passenger Sensing System, head curtain side-impact air bags and front seat-mounted thorax side-impact air bags
- OnStar with 1 year of the Directions & Connections Plan
- Air conditioning
- Power windows, programmable door locks and exterior mirrors
- Cruise control
- Premium 6-speaker sound system with CD player and auxiliary iPod input jack
- Driver Information Centre
- Auxiliary 12-volt outlet in the centre stack
- Front bucket seats with driver power height adjuster and manual lumbar adjuster
- Ambient lighting

MALIBU 1LT

Malibu 1LT includes the LS features, plus:

- StabiliTrak electronic stability control system with Panic Brake Assist
- 17-in. fascia-spoke chrome-finished wheels
- Chrome exhaust tip
- Body-coloured exterior mirrors
- MP3 playback, auto tone control and speed-compensated volume
- Steering wheel-mounted sound system controls

MALIBU 2LT

Malibu 2LT includes the LS and 1LT features, plus:

- 17-in. ultra-bright aluminum wheels
- Remote vehicle starter system
- UltraLux Sheer Suede front and rear seating areas
- Heated front bucket seats
- Power 6-way driver's seat
- Leather-wrapped steering wheel and shifter
- Power adjustable pedals
- Auto-dimming interior rear-view mirror with compass
- Universal home remote

MALIBU LTZ

Malibu LTZ includes or replaces LS, 1LT and 2LT features with:

- 252 hp 3.6L V6 with variable valve timing
- 6-speed automatic transmission with TAPshift manual shift control
- Dual chrome-tipped exhaust
- Fog lights
- Heated exterior driver's mirror
- LED tail lights
- 18-in. Ultrabright aluminum wheels
- Heated front bucket seats with 2-tone tipped leather-appointed seating areas
- Power 8-way driver's seat adjuster
- Power 6-way front-passenger seat adjuster
- Automatic electronic climate control
- Up-level instrument cluster
- 210-watt 8-speaker enhanced sound system with in-dash 6-disc CD changer
- XM Satellite Radio

MALIBU HYBRID

Highlights of the Malibu Hybrid include:

- Gasoline-powered 2.4L ECOTEC 4-cylinder engine with variable valve timing
- GM Hybrid Propulsion Electric System
- StabiliTrak electronic stability control system with Panic Brake Assist
- 16-in. aluminum styled wheels
- Automatic electronic climate control
- XM Satellite Radio

ACCESSORIES

GO YOUR OWN WAY.

You can personalize your Malibu by first choosing the model that best reflects who you are. Then you can go even further with the added style and functionality of GM Accessories. They are the only accessories that are integrated into the process of designing your vehicle, ensuring that they look right and work right on your Malibu. Only GM Accessories are backed by the 3-year/60,000 km New Vehicle Limited Warranty.* They can also be included in your new-vehicle lease or finance agreement through GMAC. Ask your dealer for a complete list of the GM Accessories available for Malibu, or visit gm.ca

*Whichever comes first, when permanently installed by the dealer at the time you purchase or lease your new vehicle.

GM Accessories available for Malibu include:

- Head restraint DVD player
- 18-in. 7-spoke cast-chrome wheel
- 17-in. forged polished wheel
- 2-way advance remote start.

A NEW LEVEL OF CONFIDENCE.

It isn't only the performance, value and safety of the 2008 Malibu that will fill you with confidence. Malibu is also backed by the best coverage in Canada:

- 3-year/60,000 km New Vehicle Limited Warranty*
- 5-year/160,000 km Powertrain Limited Warranty, with \$0 deductible on repairs and the warranty is fully transferable at no charge*
- 5-year/160,000 km Courtesy Transportation*
- 5-year/160,000 km 24/7 Roadside Assistance*
- 6-year/160,000 km rust-through perforation coverage*
- 8-year/130,000 km coverage on catalytic converters and powertrain control modules (PCMs)*
- 8-year/160,000 km coverage on specific hybrid components on the Malibu Hybrid model.*

*Whichever comes first. Conditions and limitations apply, see dealer for details.

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:[†]

- **GM Protection Plan (GMPP)** – the only extended service plan backed by the resources and commitment of General Motors. GMPP may be purchased at the time of your sale or lease, or subsequently during the New Vehicle Limited Warranty period
- **GM Goodwrench Service** – with GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better.

[†]Conditions and limitations apply.

TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE:

- **GMAC Express Credit Application** – a convenient way to get pre-approved credit towards the purchase or lease of your next GM vehicle
- **GMAC Purchase Financing** – on the spot financing at your GM dealership^{††}
- **GMAC SMARTLEASE®** – a smart alternative to traditional financing^{††}
- **GMAC SMARTWEAR™** – worry-free leasing protecting you against unexpected excess wear costs. Must be purchased when signing a GMAC SMARTLEASE agreement
- **GM Student Bonus Program** – GM will cover the first two purchase finance or lease payments and the lease security deposit on eligible new GM vehicles for students and recent graduates of high school, college or university[†]
- **The GM Card** – eligible cardholders may be able to redeem up to \$3500 on GM Card® Earnings toward the total purchase price or lease down payment on selected vehicles. For more information on The GM Card please call 1-800-461-3279.[†]

[†]Conditions and limitations apply. ^{††}Subject to eligibility.

INFORMATION RESOURCES:

You can find more information about these programs from your GM dealer, or at these information centres:

- The GM website at gm.ca
- The GM Customer Communication Marketing Centre at 1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830 for TDD users)
- For information about GMAC visit gmac.ca or call 1-800-616-4622.

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of the printing, please check with your GM dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

GM vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

TRADEMARKS

The marks appearing in this brochure including, but not limited to: General Motors, GM, the GM emblem, the GM Canada website address, the GM Accessories logo, Chevrolet, the Chevrolet emblem, Malibu and their respective logos, emblems, slogans and vehicle model names and body designs; and other marks such as ECOTEC, Solar-Ray and StabiliTrak are trademarks of General Motors Corporation and/or General Motors of Canada Limited, its subsidiaries, affiliates or licensors.

Canada

TAKING ACTION TODAY. FOR TOMORROW.

At General Motors, our commitment to environmentally friendly transportation starts right at the top:

"What we do at General Motors profoundly affects the lives of many people. As the world's largest maker of cars and trucks, we realize our impact extends beyond those who drive our vehicles, who work here and who live in our communities. We also know that our actions today can positively affect the lives of future generations. It's a huge responsibility, but also a great opportunity. And that's why corporate responsibility is an integral part of everything we do at GM.

We're determined to be part of the solution to the environmental issues that we as a global community are facing. To that end, GM is investing billions of dollars in a broad-based advanced technology strategy to help reduce the world's dependency on oil. This includes everything from biofuels like E85 ethanol, to plug-in hybrids, to electrically driven vehicles powered by advanced batteries and hydrogen fuel cells. We've also made steady and significant progress over the past five years to reduce our own energy use, conserve natural resources and decrease greenhouse gas emissions from GM products and facilities."

Rick Wagoner

Chairman and Chief Executive Officer, General Motors
