

2026

IONIQ 5 N

One letter says it all.

Conceived in Namyang, our global R&D facility – and tested at the legendary Nürburgring circuit, where the bar is set for world-class performance – a Hyundai bearing the ‘N’ designation delivers our highest level of thrill. So much so, our 2025 IONIQ 5 N was honored as a 2024 World Performance Car and named a Kelley Blue Book KBB.com Best Buy.¹

Today, the 2026 IONIQ 5 N does more than just deliver N-level performance. It redefines the performance EV as our most powerful – and playful – Hyundai ever. How powerful? The IONIQ 5 N dishes up to 641 hp² that can propel you

from 0-60 mph in just under 3.3 seconds.³ How playful? Flick on features like N Grin Boost² and N Drift Optimizer Pro, and the electronic wonders turn your IONIQ 5 N from an everyday sports car into a slide-happy track hero.⁴

The IONIQ 5 N looks the part, too, sitting low and aggressive on 21-inch N design wheels with muscular wheel arches. It's grounded by sharp lower body cladding in gloss black with Luminous Orange accents. And as you leave others behind, they'll take note of the rear diffuser down low and rear spoiler up high – features that catch the eye and channel the wind to your whim.

Performance that screams with a whisper.

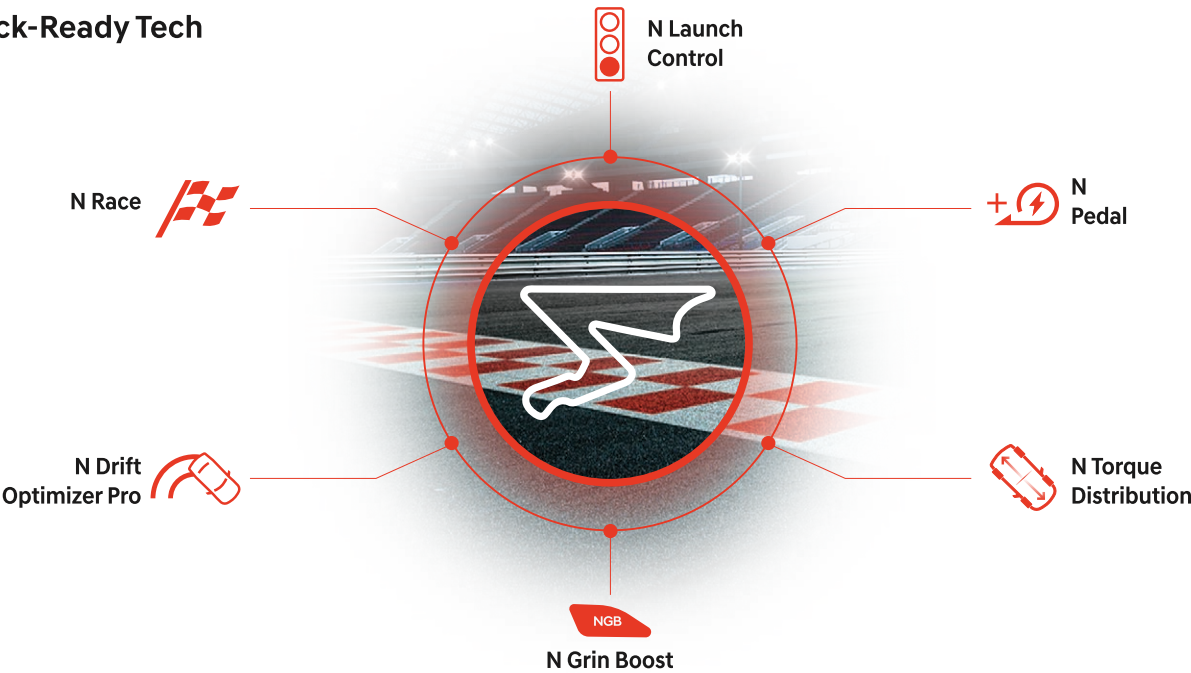

An elite corps of Hyundai engineers has applied technology developed for our global rally and road racing programs to street-legal machines like IONIQ 5 N. Then they went even further, inventing technologies to unleash the instant torque, slingshot-like acceleration and computer-controlled dynamics of an EV.

Ready to let it rip? When N Grin Boost is engaged, the IONIQ 5 N launches with up to 641 hp, giving you 10 seconds of boosted acceleration – and adrenaline.² All of that power is controlled with the rear electronic Limited Slip Differential⁵ and N Torque Distribution to dial in the amount of power you want going to the rear wheels or fronts. Then, to help you harness it for optimal fun on track, switch on N Race mode⁶ to enhance energy management and battery cooling. Engage N Drift Optimizer Pro,⁴ and your IONIQ 5 N easily instigates a sideways slide by replicating clutch kick.

Of course, anything this fast needs to stop just as quickly. The N-tuned braking system packs 4-piston calipers in a single-piece monobloc design for more bite when you brake.

You'll experience IONIQ 5 N's speed and flexibility in how you charge as well. Thanks to a newly available adapter, you can plug into a US 400V conventional charger, the growing NACS (North American Charging Standard) Network or a 350 kW DC Fast Charger, which can help boost you from 10% to 80% charge in as little as 18 minutes.⁷ About the same amount of time it takes to order and enjoy your cup of espresso.

Track-Ready Tech

IONIQ 5 N: 2024 Pikes Peak Hill Climb Unmodified Production SUV/Crossover record holder

N Grin Boost

In here, it's your heart that races.

Opening the door to your IONIQ 5 N is like opening the door to what's next. As you approach, the door handles automatically extend outward to greet you. As you strap into the N lightweight sport bucket seats – which keep you comfortably in control during high-G cornering – you set your eyes on the big, bright 12.3" digital instrument cluster directly before you. It seamlessly extends to another infotainment screen to your right, forming one panoramic display with all of the information you need.

Look around the interior, and you'll see IONIQ 5 N's distinction in a plethora of performance details. Bright N aluminum pedals and door sill plates. An N-specific steering wheel. And N-exclusive blue accents to announce its sporting intention.

Engage even more of your senses by turning up your driver seat's heating or cooling functions. Tuning into the Bose® 8-speaker premium audio system. And turning on N Active Sound+, which pumps out distinct, customizable performance sound from eight internal and two external speakers.

Thanks to its intelligent use of space, IONIQ 5 N's interior also encourages you to invite your friends and your gear along for the ride. The cabin floor is completely flat to feel as roomy as a modern lounge. The 2nd-row seating features reclining seatbacks and slides to extend legroom or cargo room. Fold it down, and you'll quickly convert your IONIQ 5 N into a spacious hauler that tackles your to-do list or a weekend road trip. The future looks exciting.

Experience Bluelink+: No fees. No trial. No worries.

When we introduced Bluelink+, Hyundai became the first automotive brand to offer its suite of connected car features to new car purchasers at no extra cost. Today, Bluelink+ remains complimentary with the purchase of your new 2026 IONIQ 5 N.⁸

Bluelink+ technologies are designed to help keep you safe – ranging from automatic collision notifications to enhanced roadside assistance that knows your location.⁹ And much more. Bluelink+ also includes helpful maintenance features like remote diagnostics and monthly vehicle health reports. All complimentary with a 2026 IONIQ 5 N new-vehicle purchase.

Our MyHyundai with Bluelink app turns your compatible smartphone, smartwatch or home assistant device into a Bluelink remote control that can unlock your IONIQ 5 N's doors and start the vehicle and climate controls before you leave the house, office or restaurant.

Enter your IONIQ 5 N using the Digital Key 2 Premium on your compatible device, and your Bluelink personal profile remembers your radio and navigation system presets.¹⁰ Apple Wallet,[®] Google Wallet[™] and Samsung Pass[®] let you share your digital key with trusted friends and family members¹¹ – as the primary driver, you control when a shared key can be used, paused or canceled.

Automatic Emergency Assistance

Bluelink offers you 24/7 SOS Emergency Assistance as well as Automatic Collision Notification that calls for help if you're in an accident where your vehicle's airbags deploy.⁹

Remote Vehicle Status

Wondering how much charge your IONIQ 5 N's battery has? If the doors are locked or your liftgate is closed? Your MyHyundai with Bluelink app knows the answers to these questions and more.

Remote Charge Access

Now, you can control your Hyundai's charging remotely while it is plugged into an external power source, and schedule charging at specific times to take advantage of low-demand hours and rates.

Remote Climate Controls

Preheating your Hyundai when it's connected to a power source saves battery power needed to heat your vehicle on the road. On warm days, Remote Climate Control can cool your cabin before you drive.

Surround View Monitor

You can keep a close eye on your parked vehicle from your smartphone using Hyundai's Surround View Monitor. It's easy to access four exterior cameras or an overhead view with a few taps in the app.

Hyundai Pay

Paying for charging or parking is easy with the Hyundai Pay feature. It lets you find and complete payments for charging or reserve parking directly from your vehicle touchscreen.¹²

Hyundai SmartSense Technologies

An integrated system that senses your surroundings from nearly every angle to help protect you and your passengers.¹³

Owner
Assurance

Our commitment to Hyundai owners does not end with the transfer of keys. Wherever the road may take you, we’ve got your back with Hyundai Owner Assurance, an umbrella of services and benefits that includes America’s Best Warranty, 24/7 Roadside Assistance, innovative safety and car care features... and more.

America’s Best Warranty claim based on total package of warranty programs. See your Hyundai dealer for LIMITED WARRANTY details and HyundaiUSA.com/Assurance for Owner Assurance details and limitations. While the information contained in this brochure is based on the latest information available at the time of publication, specifications and equipment can change. Feature comparisons based on competitor information available at the time of publication. Although the information in this brochure is believed to be correct, accuracy cannot be guaranteed. No warranty or guarantee is being extended in this brochure, and Hyundai reserves the right to change product specifications and equipment at any time, without notice, without incurring obligations. Some vehicles are shown with optional equipment. Specifications apply to U.S. vehicles only. Please contact your Hyundai dealer or visit HyundaiUSA.com for current vehicle specifications or details on any of the programs or services listed here.

Footnotes

¹ For more information, visit Kelley Blue Book’s KBB.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc. ² Up to 601 hp (448 kW) standard. When N Grin Boost is engaged, IONIQ 5 N provides 10 seconds of boosted acceleration up to 641 hp (478 kW). Actual horsepower will vary with options, driving conditions, driving habits and vehicle’s condition. Always use extreme caution when using the N Grin Boost feature. The driver is responsible for being attentive and maintaining control of the vehicle at all times. See Owner’s Manual for further details and limitations. ³ 2026 IONIQ 5 N can accelerate from 0-60 mph in approximately 3.25 seconds when N Launch Control and N Grin Boost are engaged. Actual results may vary depending on options, driving conditions, driving habits and vehicle’s condition. ⁴ Only use the N Drift Optimizer Pro feature on a closed racetrack and with extreme caution. Never use N Drift Optimizer Pro on public roads. See Owner’s Manual for further details and limitations. ⁵ Always use extreme caution when using the N Corner Carving Differential (e-LSD) feature. This feature is intended for track use only. See Owner’s Manual for further details and limitations. ⁶ Only use the N Race feature on a closed racetrack and with extreme caution. Never use N Race on public roads. Frequent use of N Race can weaken battery durability. See Owner’s Manual for further details and limitations. ⁷ Approximately 18 minutes to charge from 10% to 80% on a 350-kW, 800V DC ultra-fast charger using the included Hyundai CCS Adapter. Actual charging time varies based on a number of factors including current battery charge level, output of the charging unit, vehicle and battery settings, battery temperature and outside temperature. DC fast charging stations are provided by independent companies and availability is not guaranteed. ⁸ Bluelink+ is available to original purchasers and lessees of new 2024 or newer Bluelink-equipped Hyundai models. Not available on all models and trims. Bluelink+ requires an active Bluelink account subject to the Connected Services Terms and Conditions. Bluelink features vary by model and trim. Only use Bluelink features and corresponding devices when safe to do so. Cellular and GPS coverage is required. Fees apply for map and multimedia Over-the-Air (OTA) updates after an initial three-year period of complimentary updates. Three-year term starts from the new vehicle date of first use. Features, specifications, and fees are subject to change. Bluelink services rely on digital wireless telecommunications technology outside of Hyundai’s control. Bluelink is dependent on 4G LTE cellular networks controlled and maintained by third-party wireless carriers. If and when these networks change and/or discontinue service, or the underlying technology required to support Bluelink becomes obsolete, then the connected services will not work and Hyundai will be forced to cancel impacted subscription services. ⁹ Bluelink agents will contact existing emergency service responders. ¹⁰ Digital smartphone key requires a compatible smartphone and an appropriately equipped Hyundai vehicle. Not all smartphones are compatible. Hyundai vehicle must be equipped with smart key with push button start, wireless device charging, and Audio Video Navigation System 5.0 (or newer) or Display Audio 2.0. Tap to lock/unlock function works on front doors only. Requires MyHyundai with Bluelink app and active Bluelink account. Please visit www.MyHyundai.com for information on compatible devices. Features and specifications subject to change. See your Owner’s Manual for additional details and limitations. ¹¹ Apple Wallet® is a registered trademark of Apple Inc. Samsung Pass® is a registered trademark of Samsung Electronics Inc. Google Wallet™ is a trademark of Google LLC. ¹² Hyundai Pay is available on select 2021-2026 model year Hyundai vehicles equipped with Bluelink and touchscreen navigation. Requires an active Hyundai Bluelink mobile app account, subject to the Connected Services and Hyundai Pay Terms and Conditions. Cellular and GPS coverage is required. Only use Bluelink features and corresponding devices when safe to do so. Valid Visa, MasterCard or American Express credit card must be linked to Hyundai Pay. Credit card eligibility and terms are determined by the card-issuing bank. Hyundai Pay is currently accepted at select gas stations, charging stations and parking facilities (collectively, “Merchants”) in the U.S. Participating Merchants may not operate in all states or locations. Additional Merchant terms and fees may apply. Features, specifications, fees and availability are subject to change. Visit Owners.HyundaiUSA.com for more information. ¹³ Safety features vary by model and trim level. For details, refer to the Features chart in this brochure or visit HyundaiUSA.com.

Hope comes standard on every Hyundai.

Each time we sell a Hyundai, a portion goes to Hyundai Hope On Wheels® to help find a cure for childhood cancer. Over the last 27 years, Hyundai Hope On Wheels has donated \$277 million to pediatric cancer research. Hope is our greatest feature. And it comes standard on every Hyundai.
