

2026 BUYER'S GUIDE

Our latest spin on mobility. With automotive innovations that span over a century, FIAT® is best known around the globe for the FIAT 500. Introduced in 1957, this original city car has retained its unmistakable charisma in every version of itself, including the latest all-electric 500e. Slightly larger, highly efficient and technologically savvy, the FIAT 500e confidently glides into the model's main role: exquisitely bringing mobility to the masses.

The FIAT® 500e generates confidence with extensive range and charging features. Its 42-kWh battery will take you up to 227 km¹* on a single charge. A versatile, Smart Charging Port enables AC home charging,² as well as public AC and DC fast charging, the latter delivering a 0 – 80 percent charge in as little as 35 minutes.³ Three-colour LED feedback lights give you the charging status at a glance.

* All disclosures can be found on the last page.

Outside influence. Imbued with all the hallmarks of the original FIAT® 500, the latest 500e pays tribute to Italy's design tradition with clean lines and delightful hues.

Inner truth. True to its extraordinary exterior style, FIAT® 500e delivers accommodations steeped with Italian elegance and polish. Sophistication extends to the 500e technology features, including the Uconnect® 5 NAV with 10.25-inch touchscreen display, putting essential driving information, entertainment options and Electric Vehicle (EV) stats right at your fingertips.

FIAT

(1) Driving range based on estimated figures using Government of Canada approved test methods and full battery charge. Actual range may vary based on several factors, including temperature, terrain, battery age, vehicle model, loading, HVAC, use and maintenance. (2) Requires purchase and professional installation. Contact retailer for details. (3) Charging time is with a Level 3 DC Fast Charge station. Actual charging times may vary. (4) Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. (5) Certain features and/or content may not be available unless an active data connection is enabled in the vehicle. Content varies by SiriusXM subscription plan. Features and display may vary by vehicle. All SiriusXM services require a subscription, sold separately by SiriusXM, after the trial period. Your SiriusXM service will automatically stop at the end of your trial unless you decide to subscribe. **If you decide to continue service after your trial, the subscription plan you choose will continue for an indeterminate term and you will be charged according to your chosen payment method at the then-current rates unless and until you cancel.** Taxes apply. Please see the SiriusXM Customer Agreement at siriusxm.ca/terms for complete terms and how to cancel, which includes calling SiriusXM at 1-888-539-7474. All rates, content and programming are subject to change. SiriusXM uses personal information in accordance with SiriusXM Privacy Policy, available at siriusxm.ca/privacy. ©2026 SiriusXM Canada Inc., “SiriusXM”, the SiriusXM logo, channel names and logos of SiriusXM Radio Inc. are trademarks of SiriusXM Radio Inc. and are used under licence. All rights reserved. (6) Vehicle must be enrolled in an active subscription with FIAT Connect. (7) Three-month/3GB trial included with the purchase or lease of a new vehicle. Upon the earlier of either the expiration of the trial period or usage of included 3GBs, the trial ends. Purchase of a subscription is required to continue service. Wi-Fi Hotspot available through third-party provider subscription and subject to provider terms and conditions. Requires eligible vehicle with Internet-enabled mobile device. Contact your retailer for details. Wi-Fi Hotspot functionality available in U.S. and Canada only. Coverage and service not available everywhere. This feature is not intended for use by the driver while the vehicle is in motion. Always drive carefully. (8) Vehicle must be properly equipped with a Uconnect 5 NAV system. Requires a Wi-Fi Hotspot data plan and linked Amazon account to run Alexa in the vehicle. (9) Requires compatible iPhone. See retailer for phone compatibility. Data plan rates apply. Vehicle user interface is a product of Apple. Apple CarPlay is a trademark of Apple Inc. iPhone is a trademark of Apple Inc., registered in the U.S. and other countries. Apple terms of use and privacy statements apply. (10) To wirelessly use Android Auto on your display, you need a compatible Android smartphone with an active data plan. You can check which smartphones are compatible at g.co/androidauto/requirements. Android Auto is a trademark of Google LLC. (11) For supported file formats, refer to the USB Port section of the Owner’s Manual or DVD. (12) The Advanced Front Air Bags in this vehicle are certified to the Federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a front-passenger air bag. All occupants should always wear their lap and shoulder belts properly. (13) This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of their surroundings and be prepared to take corrective action to avoid collisions. (14) This system is an alert system for the front of the vehicle. It is not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use the brakes to avoid collisions. (15) Traffic Sign Recognition is not a substitute for safe and attentive driving. Factors including weather and condition of the traffic sign can impact the recognition and display of the sign. Always check traffic signs visually while driving. (16) No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions.
