
CTS

FULLY GROUNDED YET SOMEHOW SET APART.

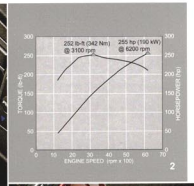

WITH INTELLIGENT DESIGN, EVEN THE WORLD FITS INTO PLACE.

THE WILL TO POWER FINDS INSTANT GRATIFICATION.

1 Hands-on: The standard transmission in both the 3.6L CTS and the 2.8L CTS is a 6-speed manual with mechanical shift linkage.

2 Variable Valve Timing (VVT) in action: The 3.6L VVT engine produces 255 horsepower at 6200 rpm and 252 lb-ft of torque at 3100 rpm. The 2.8L V6 VVT comes in at 210 horsepower and 194 lb-ft.

3 An available performance-oriented 5-speed automatic transmission provides much of the "feel" of a stick, including electronic engine braking in all gears.

CTS offers a choice of high-tech V6 powerplants and performance-oriented transmissions. The 3.6L V6 VVT carries the bragging rights that go with 255 horsepower and 252 lb-ft of torque. Among its array of state-of-the-art features, most notable is the application of Variable Valve Timing (VVT) to both intake and exhaust valves. The system's continuously variable timing provides outstanding flexibility: with the 3.6L, 90 percent of peak torque is available across a remarkably broad operating range, from 2000 to 5600 rpm. In other words, from stoplights to freeway merges.

Also worthy of note, the 3.6L V6 VVT produces impressive fuel economy,* as well as smooth, polished performance. Features such as specially isolated cam covers and polymer-coated piston skirts were developed to reduce noise, vibration and harshness. And the sound that does reach the vehicle occupants—through the dual-outlet performance exhaust—has been carefully tuned to strike a rich and rewarding note.

Both engines can be paired with an available 5-speed automatic transmission whose sport-shift algorithm optimizes shift points and torque application. With engine braking in all five gears, it provides performance and feel normally found only in a manual. And for those times when you're more fully involved, just slip the transmission into Driver Shift Control for clutchless manual operation.

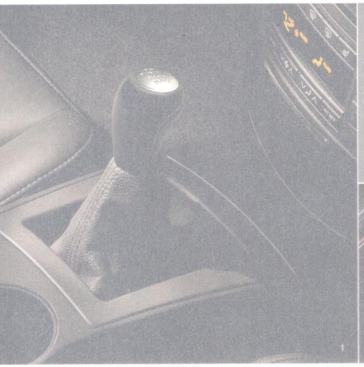

*With automatic transmission, estimated mpg of 18 city/27 highway based on GM Testing. Official EPA estimates not yet available.

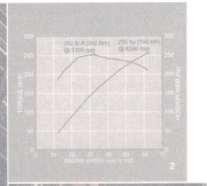

Both CTS V6 engines feature Dual OverHead Camshafts (DOHC), four valves per cylinder and a roller-finger follower valvetrain.

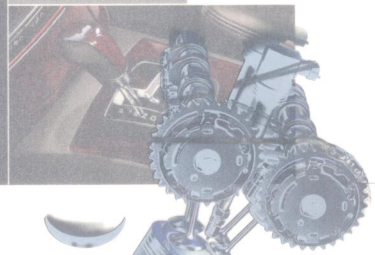

With Variable Valve Timing (VVT), phasers continuously adjust the timing of both intake and exhaust cams, allowing smoother idle, better low-end torque and better top-end horsepower.

Drive-by-wire electronic throttle control produces a smooth, gentle throttle response at low speeds such as in city driving maneuvers; at highway speeds, it responds rapidly to pressure on the pedal.

1 Hands-on: The standard transmission in both the 3.6L CTS and the 2.8L CTS is a 6-speed manual with mechanical shift linkage.

2 Variable Valve Timing (VVT) in action: The 3.6L VVT engine produces 255 horsepower at 6200 rpm and 252 lb-ft of torque at 3100 rpm. The 2.8L V6 VVT comes in at 210 horsepower and 194 lb-ft.

3

1 CTS achieves an almost perfect 50/50 front-to-rear weight distribution. The resulting neutral handling attitude provides precise cornering and agility.

2 Large vented disc brakes with aluminum calipers, four-wheel ABS and electronic rear brake proportioning produce smooth and even stopping.

3 The four-channel StabiliTrak stability enhancement system in CTS helps you stay on your intended course. StabiliTrak senses the beginning of a skid or slide by comparing the car's response to steering input. If required, it applies a quick and precise force to the appropriate brake. Available as part of packages on both CTS models, the system helps enhance the performance potential of the vehicle's rear-wheel-drive configuration. See a demonstration at **cadillac.com**.

This is a serious sport sedan that is exhilarating to pilot. Its rigid rear-wheel-drive chassis, advanced engineering and premium components were developed, validated and tested at the Nürburgring race circuit in Germany, the ultimate proving ground for vehicle dynamics. CTS transforms lessons learned there into precise handling, flat cornering and right-now acceleration and braking.

CTS also conveys the benefit of supreme driving confidence, wherever the road may take you. In low-traction situations, for instance, the all-speed traction control system moderates engine output and engages the large vented disc brakes, seamlessly applying braking effort at one or both rear wheels to control wheel spin for improved traction on slippery surfaces.

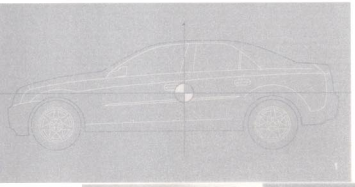

For those who are most serious in their pursuit of driving pleasure, the available 3.6L V6 18-inch Wheel Performance Package includes the StabiliTrak stability enhancement system, performance-tuned suspension with automatic rear load leveling, Performance Braking System, speed-sensitive variable-assist steering, 18-inch polished alloy wheels with W-rated tires, tire pressure monitor, limited slip differential and Xenon HID headlamps with integrated lens washers.

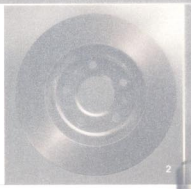

A fully independent multi-link suspension system reduces body roll—for flat, controlled cornering—without sacrificing ride quality.

The short-arm/long-arm front suspension (1) minimizes the effect of road disturbances.

The five-link rear suspension unit's long travel and precise geometry responsively translate engine power into dynamic handling.

1 CTS achieves an almost perfect 50/50 front-to-rear weight distribution. The resulting neutral handling attitude provides precise cornering and agility.

2 Large vented disc brakes with aluminum calipers, four-wheel ABS and electronic rear brake proportioning produce smooth and even stopping.

A MARVEL OF HAND-EYE COORDINATION.

1

2

1 Two-way power adjustable lumbar support is included with the 10-way power seat option.

2 A unique "thumb wheel" mounted on the steering wheel provides intuitive audio source selection and volume control.

Available entertainment choices include a premium Bose® digital sound system with RDS capability. XM Satellite Radio*—standard on all CTS entertainment systems—features 100% commercial-free music. XM brings you over 150 channels of the best in music, news, sports, talk, comedy and XM Instant Traffic & Weather. XM Nav Traffic—available with the optional DVD navigation system—integrates current traffic conditions into the CTS navigation display. XM Nav Traffic available in select markets only. Basic monthly subscription required and sold separately.

BOSE

SATELLITE RADIO

In keeping with CTS performance priorities, the interior is gracefully but purposefully driver-oriented. The center dashboard control stack is subtly canted toward the driver, and its integrated Driver Information Center (DIC) screen is mounted high to be within your line of sight. The DIC collects vehicle status and entertainment displays into one easily accessed reference point.

The front sport seats with articulating head restraints combine excellent support for cornering maneuvers with outstanding comfort for long-distance travel. And they are artfully designed to accommodate a wide variety of body types and sizes. The driver's seat includes eight-way power adjustment, and a center armrest adjusts to allow the driver to find the most comfortable position.

With OnStar Hands-Free Calling, you can obtain important information through a Virtual Advisor—including updates on local weather and traffic—all through voice commands that eliminate unnecessary fumbling for the cell phone, straining to see the numbers you dialed or keeping only one hand on the wheel. (Virtual Advisor is complimentary for 12 months along with the standard one-year OnStar subscription included on all Cadillac models.) For further information about OnStar, see the Important Words page in the back of this catalog and visit **onstar.com**.

*Service fees extra. XM is available only in the 48 contiguous United States. Visit gm.xmradio.com for more details.

CTS-*V*, THE 400-HORSEPOWER CTS.

CTS-*V* is the founding member of the *V*-Series, three limited-production ultra-high-performance vehicles from Cadillac. Highlights include an aluminum 6.0L LS2 V8 engine producing 400 horsepower and 395 lb-ft of torque,* a TREMEC T56 6-speed manual, a limited-slip rear axle and a 3.73:1 final drive ratio to optimize acceleration—delivering a 4.6-second 0–60. Large four-piston Brembo disc brakes with vented rotors produce impressive brake performance. High-performance suspension tuning makes for precise handling and responsive turn-in. The StabiliTrak stability enhancement system delivers impressive vehicle control. CTS-*V* also includes a special highly functional interior and distinctive exterior design cues such as a wire mesh grille, six-lug 18" wheels and side rocker moldings. See cadillac.com for additional information.

*Estimated.

1 In an emergency, press the OnStar emergency button and a trained OnStar Advisor will contact local nearby emergency service providers; or if your air bags deploy, OnStar will attempt to contact you in your vehicle and can contact emergency help. See the Important Words page at the back of this catalog for additional OnStar information.

2 Key safety measures include front and rear crush zones and the extensive use of high-strength steel to surround occupants with a safety cage.

A NOTE ON CHILD SAFETY: Always use safety belts and proper child restraints, even in vehicles with air bags. Even with the Passenger Sensing System, children are safer when properly secured in the rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See your vehicle Owner's Manual and child safety seat instructions for more information.

The first in a line of vehicles built on the Cadillac high-performance Sigma vehicle platform, CTS capabilities run well beyond providing world-class chassis dynamics. The vehicle was designed with front and rear crush zones to help absorb impact forces.

The CTS safety system also includes six air bags: driver and front passenger, dual-stage frontal air bags, side-impact air bags and two head curtain side air bags mounted at the top of the roof rail to protect both front and outboard rear passengers in the event of a side impact.*

Taking advantage of the CTS body-frame integral construction, engineers added noise-damping seals and lightweight foam virtually all around the cabin, resulting in acoustics that shut out the world. This sealed environment sets the stage for an electronic climate control system that manages ventilation and temperature as well as CTS handles the corners.

*Head curtain air bags are designed to help reduce the risk of head and neck injuries to front and outboard rear-seat occupants during certain side-impact collisions. Always use safety belts and proper child restraints, even with air bags. Children are safer when properly secured in a rear seat. See the Owner's Manual for more safety information.

Air bag inflation can cause severe injury or death to anyone too close to the bag when it deploys. Be sure every occupant is properly restrained.

CTS MODELS

2.8L CTS Featuring the 2.8L V6 VVT engine with 210 horsepower at 6500 rpm and 194 lb-ft of torque at 3300 rpm

3.6L CTS Featuring the 3.6L V6 VVT engine with 255 horsepower at 6200 rpm and 252 lb-ft of torque at 3100 rpm

POWERTRAIN

Rear-wheel drive

Manual 6-speed transmission with mechanical shift linkage

CHASSIS & SUSPENSION

All-speed traction control with brake and engine intervention

4-wheel disc brakes with anti-lock system

SUSPENSION Front: Independent short/long arm, coil-over-monotube dampers with anti-sway bar

Rear: Independent, modified multi-link with coil-over-monotube dampers and anti-sway bar

STEERING Power rack-and-pinion

CTS INTERIOR FEATURES

AIR BAGS* Driver and front passenger front-impact

Passenger Sensing System**

Driver and front passenger seat-mounted side-impact

Front-to-rear head curtain air bags†

AUDIO SYSTEM AM/FM stereo, single-slot CD player, Radio Data System, and 7 speakers (U2R)

XM Satellite Radio is over 150 channels of digital-quality sound, coast-to-coast; displays song title, artist and genre. Basic monthly subscription required and sold separately.†† The XM name is a registered trademark of XM Satellite Radio, Inc.

CLIMATE CONTROL Dual-zone automatic electronic climate control with individual settings for driver and front passenger; outboard outlets adjustable for additional side-window defogging

CONSOLE Front center floor console with shifter, storage and cupholders

CRUISE CONTROL Electronic, with set and resume speed

DOOR LOCKS Power programmable automatic locks with central locking and rear-door child safety locks

DRIVER INFORMATION CENTER Driver information and vehicle status readout

INSTRUMENT PANEL Analog, backlit

MIRRORS Automatic dimming rearview mirror with OnStar controls

ONSTAR SYSTEM One-year OnStar Safe & Sound℠ Plan includes: safety services such as automatic notification of air bag deployment, remote door unlock, Stolen Vehicle Location Assistance and GM Goodwrench Remote Diagnostics; Hands-Free Calling, a built-in feature of OnStar that lets you make and receive voice-activated phone calls. (Prepaid calling charges apply.) Virtual Advisor: This service, accessed by OnStar subscribers through the Hands-Free Calling feature, is complimentary for 12 months along with the standard one-year OnStar subscription included on all Cadillac models. You can connect with Virtual Advisor to hear location-based weather and traffic reports. (See Important Words page at the back of this catalog and visit onstar.com for more information.)

KEYLESS ENTRY Remote keyless entry with illuminated entry system

SAFETY BELTS Lap and shoulder belts for all positions with belt-to-seat mounting and pretensioners for driver and front passenger

SEATING, 5-PASSENGER Leatherette seating surfaces standard on 2.8L; full leather seating standard on 3.6L, available on 2.8L

8-way power adjuster/recliner, driver's seat

Fixed-back rear seat with armrest pass-through to trunk, includes cupholders

STEERING WHEEL Leather-trimmed, Tilt-Wheel adjustable with fingertip controls for sound system, climate control system, traction control, phone call end and available navigation repeat

BURL ACCENTS On steering wheel, door pull grips, shift knob, shifter trim plate and center stack (standard on 3.6L CTS and available as part of the Luxury Package on 2.8L CTS)

THEFT-DETERRENT SYSTEM PASS-Key III immobilizer with audible content theft-deterrent system

TRUNK Power lid release and convenience net

WINDOWS Power with express-up and express-down on driver and front-passenger side windows; rear windows express-down; all passenger windows with child lockout system

IMPORTANT WORDS ABOUT THE CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing (6/05), please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process.

Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or start and end model years at different times.

Note: Some photographs in this catalog show vehicles with optional equipment.

ONSTAR SYSTEM OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1 888 4ONSTAR (1 888 466 7827) or visit onstar.com for OnStar's Terms and Conditions, Privacy Policy and system limitations and details. The U.S. Federal Communications Commission (FCC) ruled that wireless carriers will no longer be required to support the analog wireless network beginning in 2008. As of January 1, 2008, OnStar plans to offer service only through equipment that operates on the digital network, which may require the purchase of a system upgrade for eligible vehicles.

ENGINES Cadillac products are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

ASSEMBLY Cadillac vehicles and their components are assembled and produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

UPDATED SERVICE INFORMATION Cadillac dealers receive useful service bulletins about Cadillac products. You may purchase them from Helm Incorporated by calling 1 800 551 4123 or by visiting www.helminc.com.

NEW-VEHICLE LIMITED WARRANTY This warranty is for GM vehicles registered in the U.S.A. See your Cadillac dealer for terms and conditions.

Covered for 4 years/50,000 miles (whichever comes first):
- The complete vehicle
- Tires
- Towing to your nearest Cadillac dealership
- Cosmetic corrosion resulting from defects
- Repairs made to correct any vehicle defect
- No charge for most warranty repairs

Covered for 6 years:
- Rust-through corrosion

CORROSION PROTECTION Cadillac vehicles are designed and built to resist corrosion. All body and sheet metal components are warranted against rust-through corrosion for six years. Application of additional rust-inhibiting materials is not required under the corrosion coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

SAFETY AND SECURITY The following are just some of the standard features on all 2006 CTS models, unless otherwise noted:

OCCUPANT PROTECTION
- Air bag, dual-level, driver and front passenger
- Air bag, side-impact, driver and front passenger
- Air bag, head curtain, side
- Adjustable rear shoulder belt guides (outboard)
- Dynamic passenger sensing system
- Center rear lap and shoulder belt
- Safety belt energy management (force limiter/tear web)
- Safety belt pretensioners (front outboard)
- LATCH system for child restraints
- Automatic door locks
- Child security rear door locks
- Power window lockout
- Emergency trunk release handle

SECURITY
- Anti-lockout feature
- Battery rundown protection
- Laser-etched VIN plate
- PASS-Key theft deterrent
- Remote deck release
- Remote hood release
- Remote keyless entry
- Stolen Vehicle Location Assistance/emergency communications (requires OnStar activation)

CRASH AVOIDANCE
- Anti-lock brakes, front and rear
- Brake/transmission shift interlock
- Disc brakes, front and rear with audible wear indicator
- Battery, maintenance-free
- Traction control
- Tires with built-in tread wear indicators
- Tire pressure monitor (3.6L CTS)
- Automatic daytime running lamps
- Automatic exterior lamp control
- Automatic windshield wipers
- Door warning lamps or reflectors
- Fog lamps
- Halogen headlamps
- Inside electrochromic rearview mirror
- Outside power rearview mirrors, heated
- Rear window defogger
- Side window defogger, front
- Tinted-glass windshield
- Wiper-activated exterior lamps
- Steering wheel controls

CADILLAC OWNER PRIVILEGES

By driving a CTS, you're part of a select group that deserves special privileges. These include 24-hour roadside service (1 800 882 1112) and trip interruption protection. Free roadside services include: jump-starts, towing, lockouts, fuel delivery (fuel charges extra) and flat tire changes. Trip interruption protection can reimburse you for expenses incurred as a result of a warranted repair that interrupts your travel. Alternate transportation is also available whenever your vehicle is in for warranted repairs. You can also rely on the GM bumper-to-bumper limited warranty. All this coverage is in effect for the first 48 months or 50,000 miles of ownership, whichever comes first. See your dealer for complete details, terms and conditions of these programs and the GM limited warranty. Another complimentary service for Cadillac owners is the Cadillac Center, a one-stop resource to enhance your Cadillac ownership experience. Exclusive member benefits include online service reminders, vehicle maintenance tips, online Owner's Manual, special privileges and more. Sign up today at cadillac.com/owners.
