UNAPOLOGETIC DESIGN

Reward Yourself With Distinction

BACK TO SECTION

UNAPOLOGETIC DESIGN

Your next chapter deserves a vehicle as bold as your vision. Every curve channels energy, every angle declares confidence. This is a vehicle engineered for those who refuse to blend in, and whose next chapter demands a machine as distinguished as they are. **Inspired by the iconic INFINITI FX**, a vehicle that gave definition to the crossover, is the **First-Ever 2027 INFINITI QX65**. **All-new, bold and rewarding**, we introduce this **sporty crossover**, ready to redefine the next generation of mobility.

Powerful, sleek silhouette

All-New sporty Crossover design

UNAPOLOGETIC DESIGN

Before you even reach the door, the QX65 graciously welcomes you. A striking available **INFINITI Light Path** casts an illuminating glow upon the ground, while the **Welcome Lighting** blinks to greet you. Every sparkling, precision engineered LED serves a purpose – to enhance visibility in low light and announce your presence with grace.

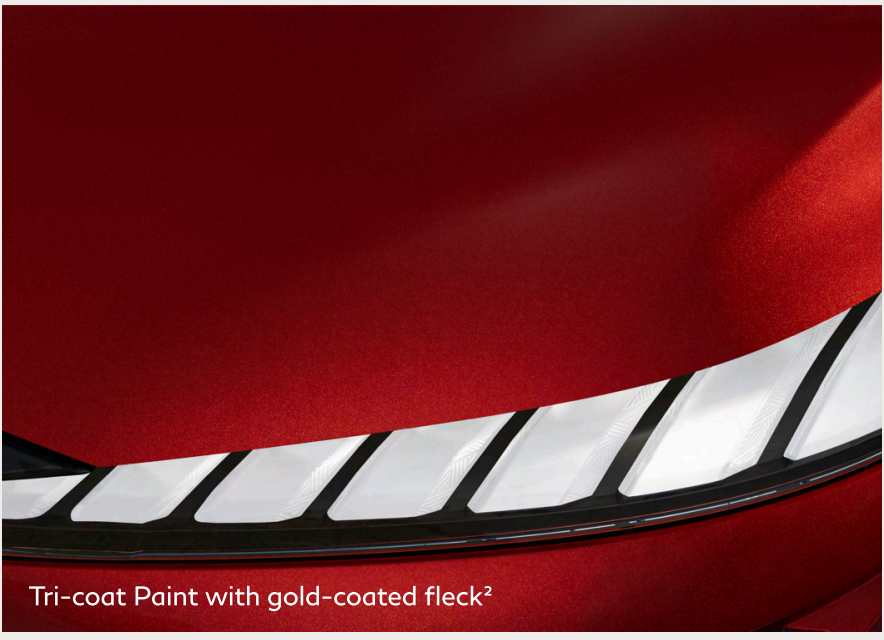

INFINITI Light Path[1]

UNAPOLOGETIC DESIGN

The QX65 commands presence in an exclusive **supercar-inspired Sunfire Red** exterior paint. What truly distinguishes it is the **TriCoat with gold-coated flecks**,[2] a luxury finish that shifts and gleams with movement. Real gold-coated flecks catch light and attention like a personal statement, transforming the look of the paint color under the morning sun or during sunset drives.

UNAPOLOGETIC DESIGN

Grip the road with tactical confidence and dynamic control with **Large 21-inch wheels**.[1] Expect superior grip and responsive steering thanks to their size. Heightened stability helps deliver a smoother ride over bumps, cracks and everyday surfaces. It's another way intentional design ensures a commanding presence.

FRONT DESIGN CUES

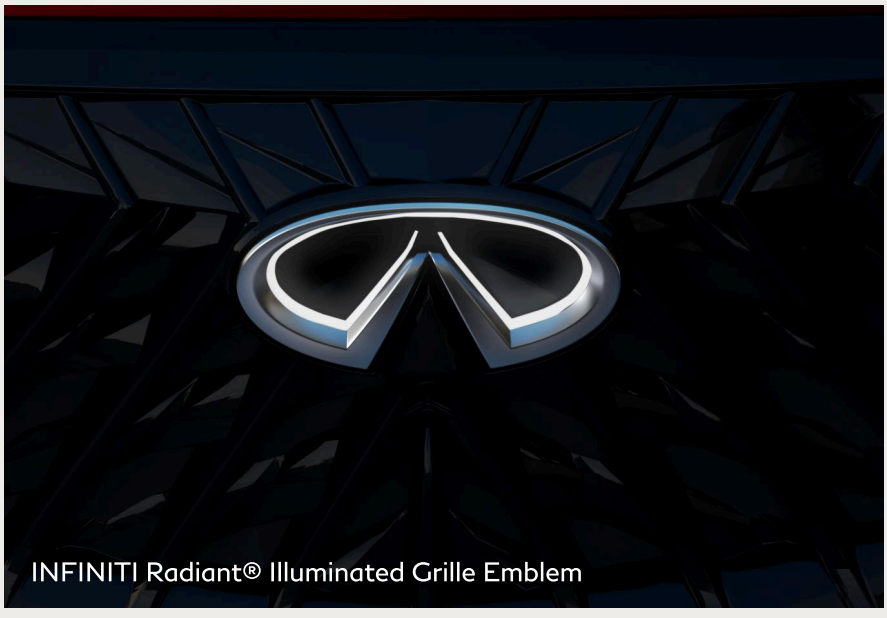

Lead With a Powerful Presence

FRONT DESIGN CUES

The QX65 announces itself through a striking **Sport grille mesh insert**[1] that resembles a bamboo forest in a storm. It is strong, sculptural, and unapologetically bold. This design channels raw energy down the shoulder line, making the vehicle feel alive before the engine even awakens. At the center of the grille, an **Illuminated three-dimensional emblem** pulls you in, symbolizing new experiences on the horizon.

FRONT DESIGN CUES

From every angle, the QX65 communicates power. The lines of the muscular **sculpted hood** rise with purpose, catching light and revealing shadow. Below, a uniquely designed **front bumper** frames sporty and aggressive air intakes. These aren't decorative flourishes; they're intentional design choices that transform the front view into a portrait of refined power.

FRONT DESIGN CUES

Flanking the centerpiece are **LED Daytime Running Lights** with **signature Digital Piano Keys.** These lights have automatic on/off functionality, and they feature an intricate kimono-fold pattern, marrying advanced illumination technology with cultural artistry.

REAR DESIGN CUES

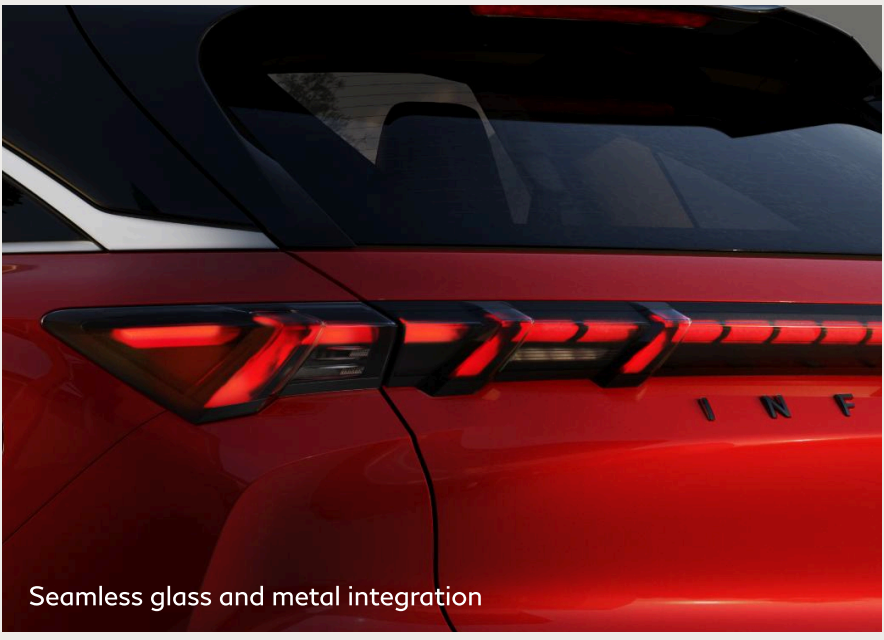

Designed To Cut Through Convention

REAR DESIGN CUES

The QX65 writes a new chapter in the INFINITI playbook by drawing inspiration from the iconic FX that defined the crossover segment. The **shooting brake roofline** tapers elegantly, **pinching at the D-pillar** to create a fastback silhouette. **Seamless glass and metal integration** flow without interruption. The result is a vehicle that looks like it's cutting through air even when standing still.

REAR DESIGN CUES

The long, straight hood carries through from the vehicle's **shoulder line** to create a striking visual statement. The profile further projects a sleek sense of motion. **Sculpted quarter panels** broaden the stance into a confident, wide-body silhouette and create an athletic posture.

REAR DESIGN CUES

A **protruding rear end** announces authority with uncompromising boldness. The **three-dimensional LED taillights** mimic the tail fin of a jet aircraft, translating performance into art. Above sits an **aerodynamic rear spoiler and hidden wiper**. Form and function merge into one fluid gesture.

Every Line Is a Statement

INDULGENT INTERIOR DESIGN

The **ultra-comfort cabin** welcomes you with refined proportions designed for presence. **Integrated air vents** disappear into the architecture. **Blacked-out haptic controls** respond to your touch with precision.
A **seamless floating long console** anchors the cabin, crowned by an elegant **leather-accented shifter** that transforms gear selection into a gesture of control. Every detail has been considered, and every surface crafted to satisfy.
